Position covered by the Collective Agreement with UNIFOR, Local 2003E

Third Class Operating Engineer

Central Utilities Plant, Physical Resources

Hiring #: 2021-0193

Please read the Application Instructions [1] before applying

Reporting to the Chief Engineer, the Third Class Operating Engineer is responsible for performing the duties of a licensed Third Class Operating Engineer in a 3800 therm hour steam plant and 152 therm hour chilling plant. The incumbent is also the Assistant Shift Engineer, and as such must have thorough, in-depth knowledge of the entire plant’s operation. The Assistant Shift Engineer is responsible for ensuring safe and efficient delivery of all services to the campus.

Requirements of the position include: A third class Operating Engineer certificate combined with operating experience in a large utilities plant with gas/oil operation; operating experience in a centrifugal chiller plant; and experience with diesel engines and air compressors. Basic computer skills are also required.

Position Number 826-021
Start rate $32.97 per hour
Job Rate $33.80 per hour

At the University of Guelph, fostering a culture of inclusion [2] is an institutional imperative. The University invites and encourages applications from all qualified individuals, including from groups that are traditionally underrepresented in employment, who may contribute to further diversification of our Institution.
