The Student Recruitment Administrator is a member of the Employment Services & Systems (ES&S) unit within the Experiential Learning Hub. ES&S is responsible for employment services for students, as well as the maintenance and use of the Experience Guelph system, an experiential learning management platform. The ES&S team works with thousands of employers who post and hire U of G students annually for 5,000+ co-op students from over 60 co-op programs, as well as all regular U of G students and new graduates.

This role is one of three positions that co-ordinate pre-interview components of the Co-operative Education recruitment process, including the approval of all employer accounts in Experience Guelph, posting and approval of all co-op job postings, and the scheduling of all co-op interviews. During peak periods, the incumbent could be responsible for posting over 300 co-op job postings and arranging over 130 interviews in a single week.

The Student Recruitment Administrator:

- Interacts daily with members of our employer stakeholder base, communicating co-op information regarding programs and the employment process, and provides one-on-one guidance and support for use of the Experience Guelph system.
- Administers the posting of over 5,500 co-op job opportunities annually, assessing each posting against the EL Hub’s recruitment standards, and adding additional pertinent information to assist students in searching and applying for opportunities.
- Creates interview schedules based on employer directions and connects one-on-one with interviewers to confirm any missing or unclear information.
- Troubleshoots student conflicts, working collaboratively with the employer to accommodate where possible, and updates the interview schedules accordingly (more than 25% of interview schedules experience conflicts).
- Reviews accepted job offers daily, removing students who have accepted other positions so that interview schedules are current.
- Works to ensure that all co-op students have signed up for upcoming interviews prior to the deadline.
- Closes interview schedules and sends interview packages (interview schedule, application bundle, etc.) to employers no later than one day in advance of the scheduled interview.
- Records all posting and interview related communications with employers and students in the system.
- Contributes to data integrity standards; creates and edits content and accounts in the Experience Guelph platform.

* This is a multi-incumbent role meant to serve all co-op programs and be cross trained to provide back-up and relief to other members of the ES&S team.
Requirements of the position include:

- One (1) year Community College Diploma in Human Resources or Business Administration or a related field along with at least one (1) year of related administrative experience, preferably in roles focusing on Human Resources or post-secondary education. A relevant combination of education and experience may be considered.
- Experience working with systems and databases; previous use of an Orbis-based software is considered an asset.
- Advanced knowledge of Microsoft Office programs (Word, Excel, Office 365) and web conferencing tools (MS Teams, Skype, WebEX, etc.).
- A high degree of accuracy and attention to detail, along with outstanding written and oral communication skills is required.
- Ability to work with a variety of stakeholders (employers, students, faculty/staff, and alumni) using tact and diplomacy during interactions.
- Capable of working both independently and collaboratively in an extremely high-paced and often stressful environment with the ability to maintain efficiency while multi-tasking competing demands.
