- 3.02 Nothing herein contained shall be deemed to give any Employee the right to be retained in the service of the University or to interfere with the rights of the University to discharge or lay-off any Employee at any time and to treat the Employee without regard to the effect which such treatment might have upon him or her as a Member.
- 3.03 Upon joining the Plan, the Employee shall complete and sign the enrolment form provided by the University, thereby authorizing the deduction of contributions from his or her Earnings and designating a Beneficiary.
- 3.04 While a Member remains in employment with the University the Member may not discontinue the Member's active membership in the Plan nor withdraw any contributions from the Plan, except if so permitted upon discontinuance of the Plan; provided, however, that effective July 1, 1981 and at three (3) year intervals thereafter, a Member who most recently joined the Plan on or before July 1, 1981 may elect to become a member of the Retirement Plan.

4.02 **Transfer of Employment**

The transfer of a Member within the University to a category of employment such that the Member ceases to be an Employee for the purposes of this Plan, shall not constitute a termination of employment for the purposes of Article 13. In the event of such transfer, the Member's:

- (a) Continuous Service (for vesting purposes) shall include all periods of uninterrupted employment of the Member while he or she remains in the employment of the University; and
- (b) Credited Service (for benefit computation purposes) shall exclude those periods of the Member's employment with the University while the Member is not an Employee.

Notwithstanding the above, where benefits become payable in respect of periods of Credited Service accrued before and after such transfer of employment, such benefits shall be payable in accordance with Appendix A.

4.03 **Re-Employment**

Except as provided under paragraph 4.01(a)(vi), in the event that an Employee terminates employment other than by retirement, and is subsequently re-employed with the University, his or her periods of Continuous Service shall be treated separately, and the second period shall be considered to start from the date of said subsequent re-employment for the purposes of the Plan, unless otherwise agreed in writing by the University under specified applicable conditions.

In the event that the Employee retires on his or her Retirement Date and is subsequently re-employed by the University, the Employee shall have the following options:

- (a) the Employee's retirement income shall cease and such Employee shall accrue additional Continuous Service and Credited Service; or
- (b) the Employee shall continue to receive his or her retirement income and shall not accrue further Continuous Service or Credited Service.

For greater certainty, if the Employee elects the option set out in paragraph (a), the Employee's election under Article 11 in respect of his or her Retirement Date prior to such period of re-employment shall apply.

4.04 **Credited Service**

Credited Service with respect to a Member means the sum of a Member's Continuous Service subsequent to the Effective Date in respect of which the Member has made Required Contributions pursuant to Sections 5.01, 5.03, 5.04, 5.06, or has not been required to contribute pursuant to paragraphs 5.01(c) or Section 5.02 or the service, if any, credited to a Member under Section 14.01.

Credited Service in respect of a part-time Member shall be determined in proportion to the Member's workload as determined by the University for the period of time during which the Member is so employed.

4.05 **Exclusion from Credited Service**

Notwithstanding the provisions of Section 4.04, Credited Service shall not include:

- (a) any period of active membership in any other registered pension plan of the University for which a benefit is credited under such other registered pension plan, except as provided in this Plan; or

- (c) any period of Continuous Service in excess of the greater of a Member's Credited Service as of September 30, 1986 and thirty five (35) years.

4.06 **Special Limit on Credited Service**

Notwithstanding the provisions of Section 4.04, in no event, shall the total periods of Credited Service included under Sections 5.03, 5.04 and 5.06 in respect of a Member for calendar years after 1990, excluding those throughout which the Member suffers a physical or mental impairment, as certified in writing by a qualified medical doctor, that prevents the Member from performing the duties of employment in which the Member was engaged before the commencement of the impairment, exceed the sum of:

- (a) five (5) years; and
- (b) the periods of parenting, as defined in Revenue Rules, subject to a maximum of thirty-six (36) months of such periods of parenting and a maximum of twelve (12) months for any one period of parenting.

Article 5 – Required Contributions

5.01 (a) Subject to Section 5.02, in each calendar year or portion thereof from the later of the Contribution Rate Change Date and the date of the Member’s initial membership until the earliest of the Member’s transfer to a category of employment in which the Member is not eligible for the Plan, the Member’s termination of employment, the Member’s Retirement Date, the Member’s death, the Member’s completion of 35 years of Credited Service and the discontinuance of the Plan, each Member shall contribute monthly, by regular payroll deduction, based on the union, association or group which represents the Member, as applicable, as follows:

OSSTF	May 1, 2019	8.05	9.39
UGFSEA Unit 1	May 1, 2019	7.57	9.27
UGFSEA Unit 2	August 1, 2019	7.52	9.22
USW	April 30, 2012	4.10	5.25

- (b) Notwithstanding paragraph (a), in no event shall the contributions made by a Member during any calendar year exceed the maximum amount permitted under Revenue Rules.
- (c) Notwithstanding paragraph (a), the Board may, in its sole discretion, in circumstances of illness, disability or special compensation arrangements, waive the contributions otherwise required under this Section.
- 5.02 In the event that a Member becomes Totally and Permanently Disabled, the Member shall not be required to contribute to the Plan.
- 5.03 A Member who is on a period of leave during which the Member does not have Earnings and where legislation applicable to the Member requires that the Member be permitted to

make Required Contributions to the Plan during such period, may elect to make the Required Contributions that the Member would have been required to make had he or she been in active employment during such period. The rate of Earnings upon which the Member's contributions are based shall be used in the determination of the Member's Best Average Earnings.

- 5.04 If a Member is absent from work without pay (excluding any period of Total and Permanent Disability and any period described in Section 5.03), then subsequent to such period a Member may, upon his or her return to active employment with the University and subject to Section 5.05, elect to make up a full record of Credited Service for the period of such absence during which no contributions were made by the Member. Alternatively, such Member may elect to continue to contribute to the Plan during such period of absence.
- 5.05 The election to make additional contributions under Section 5.04 shall be made in writing by the Member on a form provided by the University, within one (1) month of the end of the period of absence from work except that in the case of a Member who elects to continue to contribute to the Plan during his or her period of absence, in accordance with Section 5.04, such election shall be made within one (1) month of the commencement of the period of absence from work.

The total amount of such additional contributions shall equal two (2) times the amount of contributions which the Member would have paid on the Earnings which the Member would have received if he or she had been regularly employed on a full-time basis during such period of absence. Such amount shall be paid as follows:

- (a) If the Member returns to work immediately following such period of absence, by a lump sum contribution within one (1) month of return or by regular payroll deductions at the rate required to repay such additional contributions over the same length of time as his or her period of absence; or

- (b) If the Member retires following such period of absence, by a lump sum contribution within one (1) month after Retirement Date.

The rate of Earnings upon which the Member's contributions are based shall be used in the determination of the Member's Best Average Earnings.

- 5.06 In the event of a leave of absence granted for professional improvement at less than full salary, a Member may elect to contribute during such period at a rate which is based on the Earnings the Member would have received had he or she worked during such leave of absence. In this case, the Member's Continuous Service and Credited Service shall accrue in full during such leave of absence and the rate of Earnings upon which the Member's contributions are based shall be used in the determination of the Member's Best Average Earnings.
- 5.07 An election by a Member under Section 14.01 which creates additional benefits in respect of a period of employment after 1989 and before the calendar year in which such election is made, and which must be certified by the Minister of National Revenue in accordance with Revenue Rules, shall not be operative until such certification has been received for that Member, and such additional benefits will not be paid as a result of the election prior to certification. The University shall apply for certification before any contributions are made to the Plan in respect of such election.
- 5.08 Contributions made under this Article 5 shall be paid into the Fund within the time limits specified in Applicable Pension Laws.

Article 6 – Interest Credits

- 6.01 (a) Interest shall be credited on Required Contributions from the first day of the month following the month in which such contributions were made to the Plan. 10.02 **Maximum Benefit on Early Retirement Date**

Any amount of retirement income computed in accordance with Section 9.02 shall not exceed the maximum pension specified in Section 10.01, using the Member's Early Retirement Date instead of the Member's Normal or Postponed Retirement Date, multiplied by one hundred percent (100%) less one quarter of one percent (0.25%) for each month, if any, that the Member's Early Retirement Date precedes the earliest of the day on which:

- (a) the Member attains age sixty (60);
- (b) the Member has completed or would have completed had the Member continued in employment, thirty (30) years of Continuous Service; and

Article 11 – Payment of Retirement Benefits

11.01 Normal Form

- (a) The normal form of retirement income payable shall be determined as of the Member's Retirement Date and, except as provided below, payment thereof shall be in the form of monthly instalments beginning on the last day of the month in which the Member's Retirement Date occurs and continuing thereafter during the Member's lifetime.
- (b) Upon the death of a retired Member without a Spouse or a Successor Spouse prior to receiving sixty (60) monthly payments, the balance of such payments shall be paid to the Member's Beneficiary.
- (c) Upon the death of a retired Member with a Spouse or a Successor Spouse, such Spouse or Successor Spouse shall receive a monthly pension for life equal to sixty percent (60%) of the pension in payment to the Member immediately preceding the Member's death; provided, however, that if the payments are made to a Successor Spouse and the Successor Spouse is more than five (5) years younger than the deceased Member, the pension payable to the Successor Spouse shall be Actuarially Equivalent to the pension which would be payable to a Successor Spouse who is exactly five (5) years younger than the deceased Member.

11.02 Election of Optional Form

A Member may elect, in lieu of the normal form of retirement income described in Section 11.01, any optional form of retirement income acceptable under Applicable Pension Laws and Revenue Rules as may be available and as may be approved by the University from time to time, including but not limited to the forms described below.

If, at the Member's Retirement Date, a Member has a Spouse and the optional form of pension elected by the Member does not include a survivor pension that is at least equal to the pension determined under Section 11.01(c), the Member's election must include a

spousal waiver in the written form prescribed by the University and as required under Applicable Pension Laws.

A Member who, at the Member's Retirement Date, has a Spouse and/or Children, may elect, in lieu of both the normal form of retirement income as described in Section 11.01 and the Children's death benefit described in Section 12.03, an optional form of retirement income payable to him or her during the Member's lifetime with the provision that upon the Member's death after retirement a percentage of such income shall continue to be paid to the Joint Annuitant for his or her lifetime equal to one hundred percent (100%) or seventy-five percent (75%), whichever the Member shall elect, and further provided that the Joint Annuitant under such election shall be the Member's Spouse or Successor Spouse, or in the absence of a Spouse or Successor Spouse, the Member's Children. However, the proportionate share of retirement income payable to each such Child shall not exceed sixty-six and two-thirds percent (66 2/3%) of the retirement income that the member was receiving before the Member's death. If the Joint Annuitant is the Member's Spouse or Successor Spouse, the retirement income payable to each such Spouse or Successor Spouse shall be paid during his or her lifetime. If the Joint Annuitant is the Member's Children, the proportionate share of retirement income payable to each such Child shall be paid until the surviving Child ceases to be so designated.

A Member may elect, in lieu of both the normal form of retirement income as described in Section 11.01 and the Children's death benefit described in Section 12.03, to receive retirement income payable to him or her during the Member's lifetime, with the provision that should the Member die before he or she has received payments for a period of ten (10) or fifteen (15) years, whichever the Member shall elect, then either the remainder of the payments shall be paid to the Member's Beneficiary or the commuted value of the remaining payments shall be paid to the Member's Beneficiary or the Member's estate.

Such written election in prescribed form must be filed with the University prior to the Member's Retirement Date.

The retirement income payable under the elected option shall be the Actuarial Equivalent of the retirement income payable under the normal form as described in Section 11.01 and, in the case of a Member with Children at the Member's Retirement Date, the death benefit as described in Section 12.03. Any such option shall involve life contingencies, and any certain period shall not exceed fifteen (15) years. Further, no guarantee shall be permitted on the pension to a Joint Annuitant except for the outstanding portion of any guaranteed term relating to the Member.

11.03 **Small Benefits**

If the annual retirement income payable to the Member at Normal Retirement Date under this Plan is not more than four percent (4%) of the YMPE as at the Date of Determination, or the lump sum Actuarial Equivalent of such retirement income is less than twenty percent (20%) of the YMPE as at the Date of Determination (or such other larger amount as may be commuted in accordance with Applicable Pension Laws), the University may direct the payment of an Actuarially Equivalent lump sum to the recipient.

On and after July 1, 2012, if a Spouse or Successor Spouse becomes entitled to a survivor pension pursuant to Article 11 and if the Spouse's or Successor Spouse's retirement income is not more than four percent (4%) of the YMPE in the year of the Member's death, or the lump sum Actuarial Equivalent of such retirement income is less than twenty percent (20%) of the YMPE in the year of the Member's death, the University may direct the payment of an Actuarially Equivalent lump sum to the Spouse, or Successor Spouse, as applicable.

11.04 **Shortened Life Expectancy**

The Actuarial Equivalent of retirement income currently being paid or required to be paid under the Plan may be paid in a lump sum at the discretion of the Member if the Member:

- (a) Establishes that the Member has an illness or physical disability that is likely to shorten his or her life expectancy to less than two years, as certified in writing by a physician who is licensed to practise medicine in a jurisdiction in Canada;
- (b) Provides an application in the prescribed form; and
- (c) Satisfies any other conditions prescribed by Applicable Pension Laws.

11.05 Commutation of Death Benefits

12.01 Death Benefits Prior to Retirement Date

- (a) Subject to Section 12.05, if a Member dies prior to the Member's Retirement Date, there shall be paid to the Member's Spouse a lump sum payment equal to the retirement income that would have been payable in accordance with the amount determined under Article 13 had the Member terminated employment on the date of the Member's death.
- (b) If the Member has no Spouse at date of death, or if the Spouse has waived the right to the above benefit in accordance with Applicable Pension Laws, the above benefit shall be payable to the Member's Beneficiary.

12.02 Death Benefits for Terminated Employees

If a Member has ceased to accrue Continuous Service and has an entitlement to retirement income benefits as determined in accordance with Section 13.01, and if the death of such Member occurs prior to the commencement of such retirement income, there shall be paid to the Member's Spouse the benefit determined under Section 13.01, to the extent that such benefit has not previously been paid. The payment of such amount shall serve as a full discharge of the obligations of the Plan. If the Member has no Spouse at date of death, or if the Spouse has waived the right to the above benefit in accordance with Applicable Pension Laws, the above benefit shall be payable to the Member's Beneficiary.

12.03 Children's Death Benefits After Retirement Date

A Children's death benefit shall be payable under the following circumstances:

- (a) on the death of a Spouse or a Successor Spouse who, at the date of death, was receiving a death benefit in accordance with Section 11.01; or

The Children's death benefit shall be payable in monthly instalments in respect of surviving Children commencing on the last day of the month in which the death of the Member, the Spouse or the Successor Spouse, whichever is applicable, occurs and shall be paid in respect of each such Child until the youngest surviving Child ceases to be so designated.

The Children's death benefit shall be in the form of a pension payable in respect of each Child where such pension shall be an equal proportionate share of (i) and (ii), whichever is applicable, where:

- (i) equals the pension payable to the Spouse or Successor Spouse pursuant to Section 11.01 or 11.02 immediately preceding the death of the Spouse or Successor Spouse; or
- (ii) equals the pension which would be payable to the natural parent of such Children pursuant to Section 11.01 if such parent were the Spouse of the deceased Member at the Member's date of death.

12.04 **Minimum Death Benefit**

A minimum death benefit shall be payable in the event of the death of a Member subsequent to the Member's Retirement Date.

The minimum death benefit shall be the excess of (a) over (b) where:

- (a) equals the deceased Member's accumulated Required Contributions with Interest to the Member's Retirement Date; and
- (b) is the sum of the payments made in respect of the Member and shall include the payments made to the Member while he or she was alive, the payments made to

the Member's surviving Spouse, Successor Spouse, Joint Annuitant or Beneficiary after the death of the Member and the payments made in respect of the Child(ren) after the death of the Member.

The minimum death benefit computed in accordance with this Section shall be payable to the last recipient of income from the Plan or, if such recipient is deceased, to the Member's estate.

12.05 **Alternative Forms of Payment**

A Member's Spouse may elect that the Actuarial Equivalent of any lump sum amounts payable under paragraph 12.01(a) or Section 12.02 to such Spouse be paid to:

- (a) provide for an immediate or deferred life annuity to the Spouse, without a guarantee period or with a guarantee period of complete years not exceeding fifteen (15) years;
- (b) another registered pension plan, if that plan so permits;
- (c) a registered retirement savings plan of the Spouse; or
- (d) any other registered arrangement allowed under Applicable Pension Laws and Revenue Rules;

as designated by the Spouse or if the Spouse fails to make a designation within the time required or permitted under Applicable Pension Laws, the death benefit shall be payable as an immediate life annuity.

12.06 **Beneficiary Designation**

A Member shall designate in writing a Beneficiary to receive any benefits payable under the Plan upon the death of such Member and may change such designation from time to time. Such designation or change must be in accordance with any law applicable to the Member and shall be in such form and executed in such manner as the University may,

from time to time, determine. Any designation or change must be filed with the University. In the absence of an effective designation of a Beneficiary, the University shall instruct the Funding Agency to make payment of any death benefits under this Plan to the estate of the Member and any such payment shall completely discharge all liability with respect to the amount paid.

Article 15 – Contributions and Funding

15.01 University Contributions

Based upon the amounts estimated by the Actuary and subject to Section 15.02, the University will contribute to the Fund such amounts as are necessary to provide an appropriate level of funding for the benefits payable under the terms of the Plan in accordance with Applicable Pension Laws and the Revenue Rules. - (c) Subject to Applicable Pension Laws, the retirement income and other benefits provided under this Plan, payable hereunder shall be paid only to the extent that they are provided for by the assets held under the Fund, and no liability or obligation to make any contributions thereto or otherwise shall be imposed upon the Funding Agency or the University other than in accordance with Section 15.01.
- (d) The investment of the Fund shall be made in accordance with Applicable Pension Laws and Revenue Rules.

- (e) Fees of the Funding Agency, fees of an investment manager, investment brokerage, transfer taxes and similar costs arising as a result of the making of investments, sale of assets or realization of investment yield, and the expenses reasonably incurred or compensation properly paid in the course of the administration of the Plan, shall be paid from the Fund or by the University in cash as determined by the University.

15.05 **Claims on the Fund**

No Member or any person claiming through the Member, by virtue of any provision of this Plan, shall have any right to, or any interest in, any part of the Fund except to the extent provided from time to time under the Plan and the Funding Agreement, and any Member or other person having any claim through him or her shall have recourse solely to the Fund for payment of any benefits hereunder. - (a) capable of anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, charge, seizure, attachment or other legal or equitable process; and
- (b) capable of being given as security or surrendered;

and, for the purposes of this Section:

- (c) assignment does not include assignment by the legal representative of a deceased individual on the distribution of the individual's estate; and
- (d) surrender does not include a reduction in benefits to avoid the revocation of the registration of the Plan under Revenue Rules.

16.02 Notwithstanding Section 16.01, when the legal marriage or spousal relationship of a Member and such person's Spouse is terminated, the pension earned during the term of the marriage or spousal relationship may be split as provided under Applicable Pension Laws, and in accordance with any written judicial decision which may take precedence, provided that the total value of benefits with respect to such Member shall not exceed the Actuarial Equivalent value of the benefits prior to such splitting.

Subject to Applicable Pension Laws, a Spouse of a Member whose spousal relationship with the Member has broken down after retirement may elect to waive entitlement to the survivor benefit in Article 11 by delivering to the University a written waiver after the commencement of the Member's pension, in the form and manner prescribed by Applicable Pension Laws. Notwithstanding the receipt of such a waiver, there shall be no adjustment to the Member's monthly pension.

16.03 If the University shall receive evidence which in its absolute discretion is satisfactory to it that:

- (a) a person entitled to receive any payment provided for in the Plan is physically or mentally incompetent to receive such payment and to give a valid release therefor,
- (b) another person or an institution is then maintaining or has custody of such payee, and
- (c) no guardian, committee or other representative of the estate of such payee shall have been duly appointed,

then the University may direct the payment to such other person or institution, and such payment shall be a valid and complete discharge to the Plan for the payment.

In the absence of the appointment of a legal guardian, any benefit payable to a minor may be paid to such adult or adults as have, in the absolute discretion of the University, assumed the custody and principal financial support of such minor.

Article 17 – Amendment or Discontinuance

17.01 Amendment

The University expects to continue the Plan indefinitely, but nevertheless reserves the right to:

- (a) amend the Plan,
- (b) modify the Plan,
- (c) terminate the Plan, or
- (d) merge or consolidate the Plan with any other registered pension plan adopted by the Board,

provided that no such action shall adversely affect any right with respect to benefits which have accrued immediately prior to the time such action is taken, except as provided in Sections 17.02 and 17.04. The accrued benefits will be computed using as the applicable Date of Determination, the earlier of the date the Member ceases to accrue Continuous Service and the date of the amendment, modification, termination, merger or consolidation of the Plan.

Any amendment of the Plan shall be made by the adoption of a resolution by the Board.

All such amendments shall be binding on the University and on each Member.

17.02 Amendment Required to Maintain Registration

Notwithstanding any other provisions of the Plan, the University may amend the Plan as is necessary to maintain the registration of the Plan under Applicable Pension Laws and Revenue Rules. Section 17.01 shall not restrict the University's ability to make an amendment to the Plan, including, but without limiting the generality of the foregoing, an amendment providing for benefits to be reduced, when the purpose of the amendment is

to maintain such registration of the Plan. Any such benefit reduction shall be subject to conditions or approval procedures under Applicable Pension Laws.

17.03 **Certification of Post-1989 Additional Benefits**

An amendment to the Plan which creates additional benefits in respect of a period of employment after 1989 and which must be certified by the Minister of National Revenue in accordance with Revenue Rules shall not be effective in respect of a Member until such certification has been received for that Member, and such additional benefits will not be paid as a result of the amendment prior to certification. The University shall apply for such certification before it makes any contributions to the Plan in respect of such amendment.

17.04 **Discontinuance**

In the event the Plan shall be discontinued at any time, the assets of the Fund shall be allocated to provide, to the extent of said assets subject to Applicable Pension Laws, the retirement income and other benefits then accrued under this Plan. The accrued benefits will be computed using the date the Member ceases to accrue Continuous Service as the applicable Date of Determination. Such allocation shall be made in accordance with an allocation schedule then established by the University in consultation with the Actuary and filed with and approved by the appropriate authorities in accordance with Applicable Pension Laws.

17.05 The provisions for the accrued retirement income and other benefits described in Section 17.04 may be in the form of cash, annuity contracts, the transfer of monies to other registered pension plans or to approved registered vehicles or the continuation of the Fund, or a combination thereof, at the discretion of the University and as permitted under Applicable Pension Laws and Revenue Rules.

17.06 Upon discontinuance of the whole Plan, any assets of the Fund remaining after full provision has been made for the accrued retirement income and other benefits as described in Section 17.04 may be returned to the University or, at the option of the

University, used to increase such benefits, subject to Article 10, in such manner as the University in its discretion shall determine, subject to Revenue Rules.

No part of the Fund shall be used for indemnification payments.

In the absence of actual notice to the contrary, the University shall make payment in accordance with information provided by the Member. If there is a dispute as to whether a person is a Spouse, Beneficiary or other person entitled to payments hereunder, or where two or more persons make adverse claims in respect of a benefit, or where a person makes a claim that is inconsistent with information provided by the Member, the University may obtain court directions or seek an interpleader order and the costs in respect thereof may to the extent permitted by law, be charged against the benefit to be paid.
