

The Roy C Anderson Memorial Lecture In Parasitology

College of Biological Science
University of Guelph, Guelph, Canada

Professor Gerhard A. Schad

Professor of Parasitology
Department of Pathobiology, School of Veterinary Medicine
University of Pennsylvania, Philadelphia, USA

**“Neurobiology of Infection in Parasitic
Nematodes”**

**Friday, November 21st 2003
1:00 – 2:00 pm**

**Room 1714, OVC Learning Centre
University of Guelph**

An informal reception for Dr. Schad will be held at 12.30 pm on November 21st just outside Room 1714. He will be on campus on November 19th, 20th and 21st to meet with students, faculty, staff and interested members of the public. Dr. Schad is a world authority on intestinal nematodes especially on hookworm disease in man. Arrangements for small group meetings with Dr. Schad can be made, and more information on his visit can be obtained from Professor Patrick TK Woo [824-4120 ext. 53581 or pwoo@uoguelph.ca].

This annual lecture is open to students, faculty, staff and the general public. It is co-sponsored by the College of Biological Science, and Roy's family, former students and friends. Contributions to the endowment fund for the lecture series are most welcome, and please contact PTK Woo for details or visit <http://www.uoguelph.ca/CBS/develop/rca.htm>.
