

Department of Integrative Biology
MONROE LANDON MEMORIAL PRIZE

*Preference will be given to students from the counties of Norfolk or Haldimand as evidenced in **letter of application**. Selection will be based on the student who has demonstrated the most active interest in field biology and conservation of native flora. Apply by May 15 to the College of Biological Science Awards Committee with a one-page letter of application, one letter of support and a resume that outlines volunteer and work experiences in field biology and conservation of native flora.*

Students registered in any program offered by the Department of Integrative Biology who have completed between 14.5 and 17.5 credits with a minimum 75% cumulative average and who have demonstrated an active interest in field biology and conservation of native flora. (revised January 31, 2013)
