Rethinking Extinction  
November 2<sup>nd</sup> and 9<sup>th</sup>

Hello IB,

Here is the link to an interesting article I want to discuss on November 2 and 9:

<https://aeon.co/essays/we-are-not-edging-up-to-a-mass-extinction>

Do not print it of, but bring your laptop to the meeting, because I will try to mix it up a little bit, hopefully in a fun, exciting, and maybe unexpected (?) way. Also, bring your lab or office mate with you, the more the merrier.

Karl Cottenie
