Project Title: ____________________________________________

Animal Utilization Protocol # (if applicable): ________________  
Project Status: ( ) new project ( )ongoing

Indicate funding agency: ______________________________________

Trust Fund #: ______________________________________________

Date of Commencement: ___________________________  
Date of Conclusion: ________________________________

Organism Usage: ____________________________________________

Research organism: _________________________________________

Common Name: _____________________________________________

☐ Wild  ☐ Commercial Supplier  ☐ Own Stock  ☐ Donated  ☐ Other

Source / Supplier: __________________________________________

Please indicate the disposal of your research animals at the end of the project: Euthanised  Yes ☐  No ☐

If no, indicate disposal: _____________________________________
Please give a brief description of the research you intend to conduct in the Hagen Aqualab.

Why is this research important or relevant? (We need this information to prepare the Annual Report)

What features of the facility make it important to conduct this research in the Hagen Aqualab? (We need this information to prepare the Annual Report)
Tank rental charges are effective 2004/2005 fiscal year

PLEASE INDICATE NUMBER AND SIZE OF TANKS REQUIRED

Cost: See Hagen Aqualab Fee Structure

Please indicate what other portions of this facility that you would require access to:

☐ Dry Lab ☐ Freezer

**Biohazard:** (please indicate possible hazards used in your experiments)

☐ None ☐ Radioisotope ☐ Carcinogen ☐ Chemical ☐ Pathogen ☐ Exotic species ☐ Other

**Chemical Usage:**

(Please list all chemicals that you plan to bring into and use in this facility. Certain chemicals will only be allowed with proper permits. Chemical inventories must be maintained by the user.)

What chemicals, if any, do you plan to add to the system water?

What steps will be taken to ensure that future users will not be affected by the chemicals you plan to add to the system water.

**Parasite Usage:** Species:____________________________________________________________

Are there any portions of life cycle of this parasite that could affect facility contamination or the future room usage by others (eg disinfectant-resistant spores)?

Are there any portions of life cycle of this parasite that could affect facility contamination or are resistant to UV sterilization?
Declaration
Use of vertebrate animals in this facility will be in accordance with approved animal care standards as outlined in the CCAC Guide to the Care and Use of Experimental Animals Volumes 1 and 2, Animals for Research Act and Facility Standard Operating Procedures. All vertebrate animals must be covered under a valid AUP. The AUP# must be submitted prior to animals entry into this facility. Use of other organisms will be in accordance with approved Facility Operating Procedures. Use of the Hagen Aqualab facilities for research or teaching will be in accordance with Aqualab Policy and Procedures as outlined in the Aqualab Standard Operating Procedures. Use of this facility will also be in accordance with procedures outlined by the Facility Manager.

Principal Investigator __________________________ Date ________
Chair Aqualab Management Committee __________________________ Date ________
Hagen Aqualab Manager __________________________ Date ________

Contract:
The Principal investigator agrees to pay the Aqualab trust fund, at the commencement of use in the current fiscal year.
