

IBIO*4500/10 Approval to Register - Fall 2020 or Winter 2021

IBIO*4500/4510 is a single semester 1.0-credit undergraduate research course in which students conduct independent research under the supervision of a faculty member. To be enrolled in this course, students must have a minimum cumulative average of **70%**.

To obtain approval to register for IBIO 4500/4510:

- [1] complete all sections of this form, with project advisor's signature
- [2] include a Course Waiver form for IBIO*4500/4510 from registrar
- [3] include an unofficial transcript

Note: The advisor must be a faculty member in IBIO. ***See attached list.**
Faculty who will be on leave may not act as advisors or second readers.

Submit documents to the course coordinator, Dr. Cortland Griswold (cgriswol@uoguelph.ca), during the course selection period.

Student Name: _____ ID#: _____

Cumulative average (%): _____

** I acknowledge that this course requires a commitment of **at least 20 hours** per week.

Student's Signature: _____

I have discussed my expectations with the student regarding the research project and the level of commitment required to be successful in this course. I am aware of the student's academic performance and background preparation in the proposed area of research. Based on this discussion, I agree to serve as the Advisor for the student's independent research project in Integrative Biology.

*** We have discussed how to satisfy the Learning Objectives of IBIO*4500/10 should restrictions related to COVID-19 interrupt the student's primary research plan, including a start date of research on or before the beginning of term (if possible).

Advisor Name (please print): _____

Advisor Signature: _____
