Undergraduate Mentorship Program (iBUMP)

3 different versions of field courses

In all cases, these apply:

- Registered student at the university of Guelph to gain academic credit
- Total fees = Course fees + University fees + Transportation fees
- Registration always includes a non-refundable deposits of 350\$ (except for compassionate or medical reasons)
- International field courses (including US) require Depart Smart certification (Center for International Programs - UoG)
- Prerequisites: Ecology (BIOL*2060); Statistics course (or strongly recommended)
- Full research project always a key component

3 different versions of field courses

4000 level credit

Guelph - Integrative Biology Field Courses

Biol*4410 Field ecology
Zoo*4300 Marine biology
Biol*4610 Arctic ecology
0.75

OUPFB Field Courses @
other ON Universities
Biol*4700/4800/4900
0.50

Other Field Courses
Special Evaluation Criteria
(Field course decision tree)
0.25 - 0.50

Each type has its own application process! Not through Webadvisor! See Field Course Website for instructions.

UoG Courses

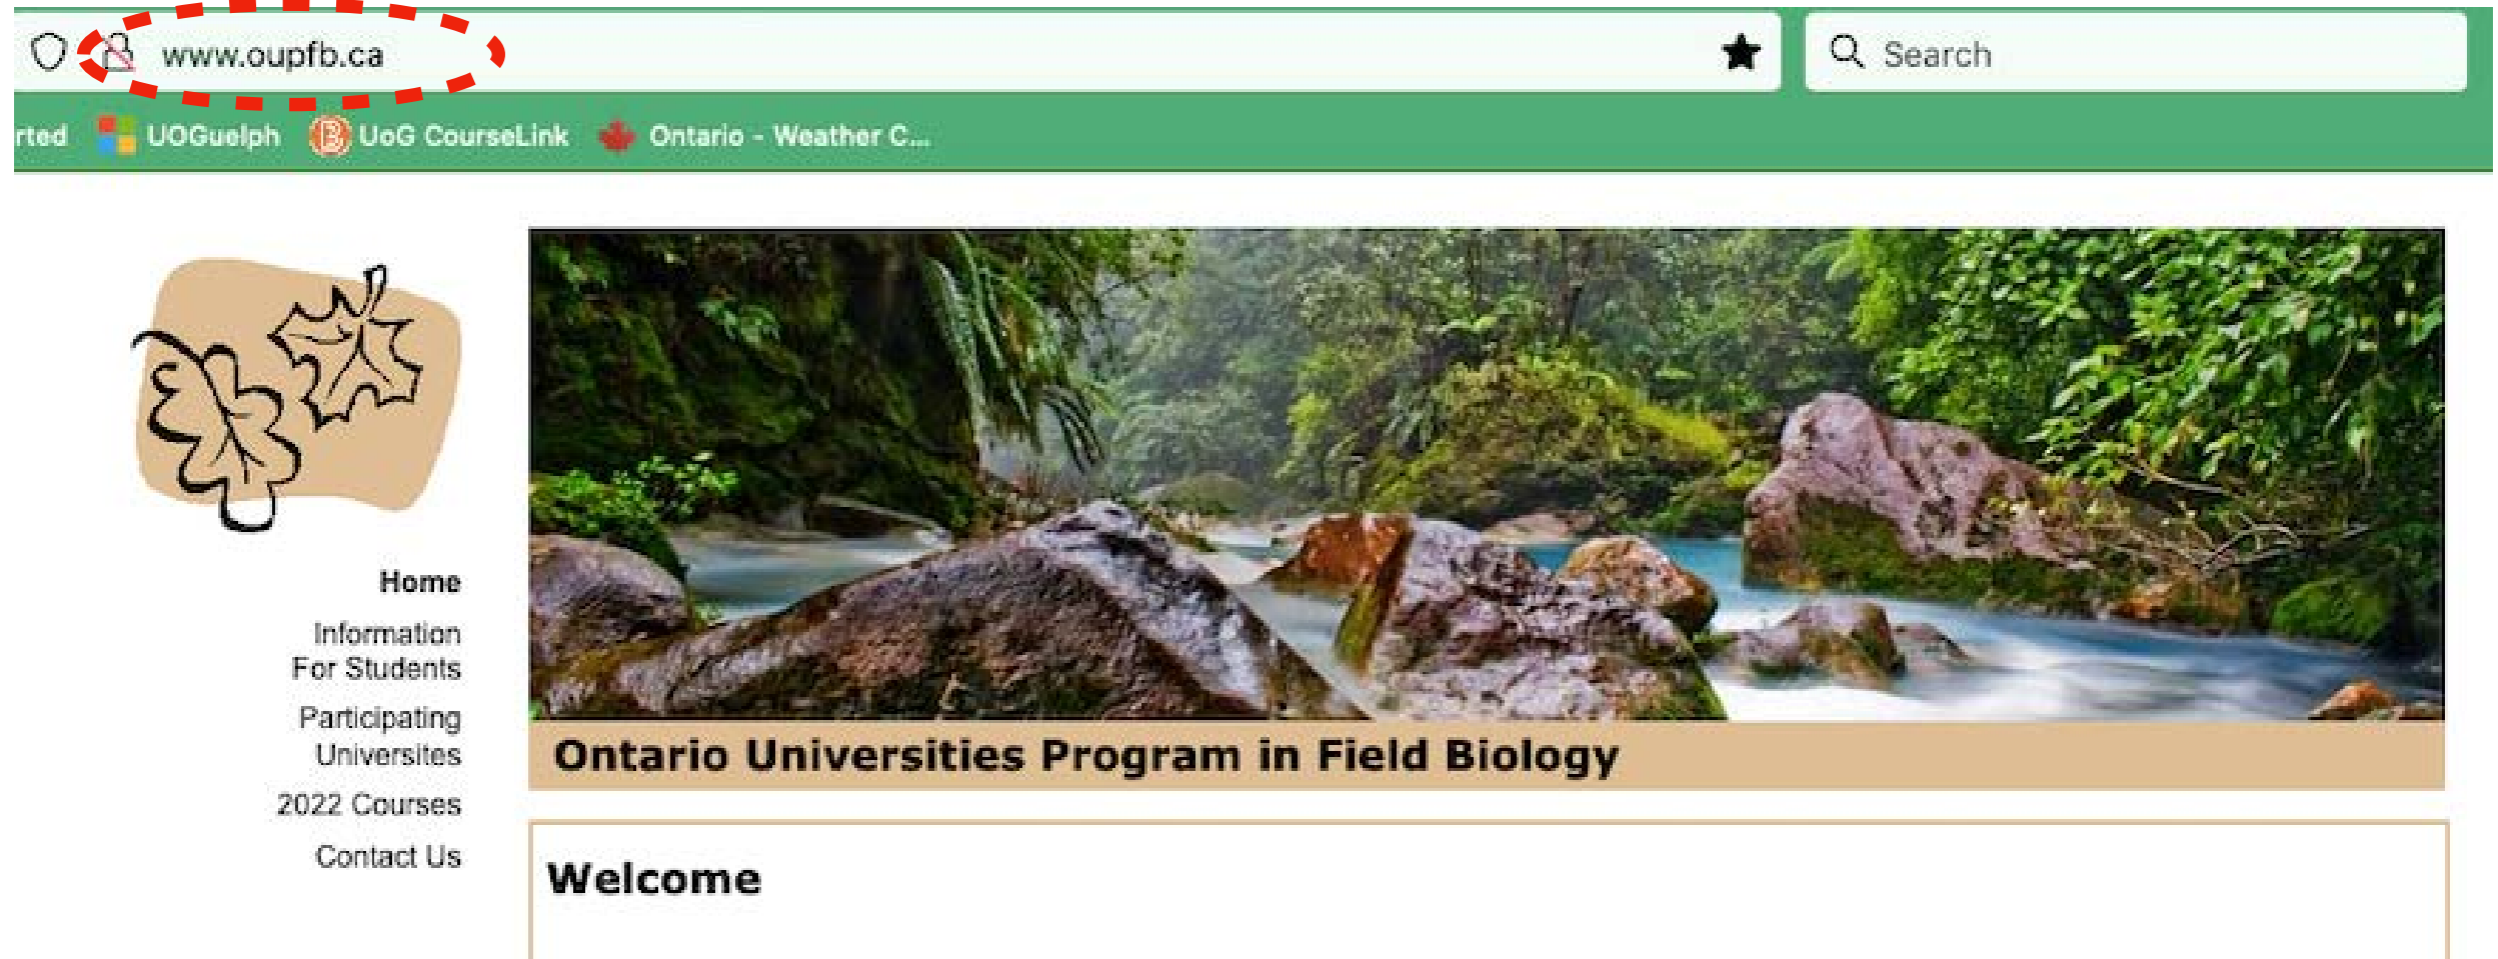

Integrative Biology

- 2 Weeks: Aug. 2023
- Biol*4410 Field ecology (Algonquin Park, ON) Info. session: Nov. 23, 5:30pm, [here!](#)
- Zoo*4300 Marine biology (St Andrews NB), Info. session: Nov. 21, 5:30pm, [here!](#)
-
- ~~Biol*4610 Arctic ecology (Churchill Mn.)~~
- Download course outlines and application forms from IB website

OUPFB courses

Other ON

The screenshot shows the homepage of the Ontario Universities Program in Field Biology (OUPFB). At the top, there is a navigation bar with a search box and a star icon. Below the navigation bar, there is a large banner image of a river flowing through a lush forest. The banner is titled "Ontario Universities Program in Field Biology". To the left of the banner, there is a logo consisting of three stylized leaves. Below the logo, there is a vertical menu with the following items: Home, Information For Students, Participating Universities, 2022 Courses, and Contact Us. Below the banner, there is a section titled "Welcome".

Welcome

- Ontario Universities Program in Field Biology
- Biol*4700/4800/4900
- 16+ Universities, 17+ courses per year

OUPFB courses

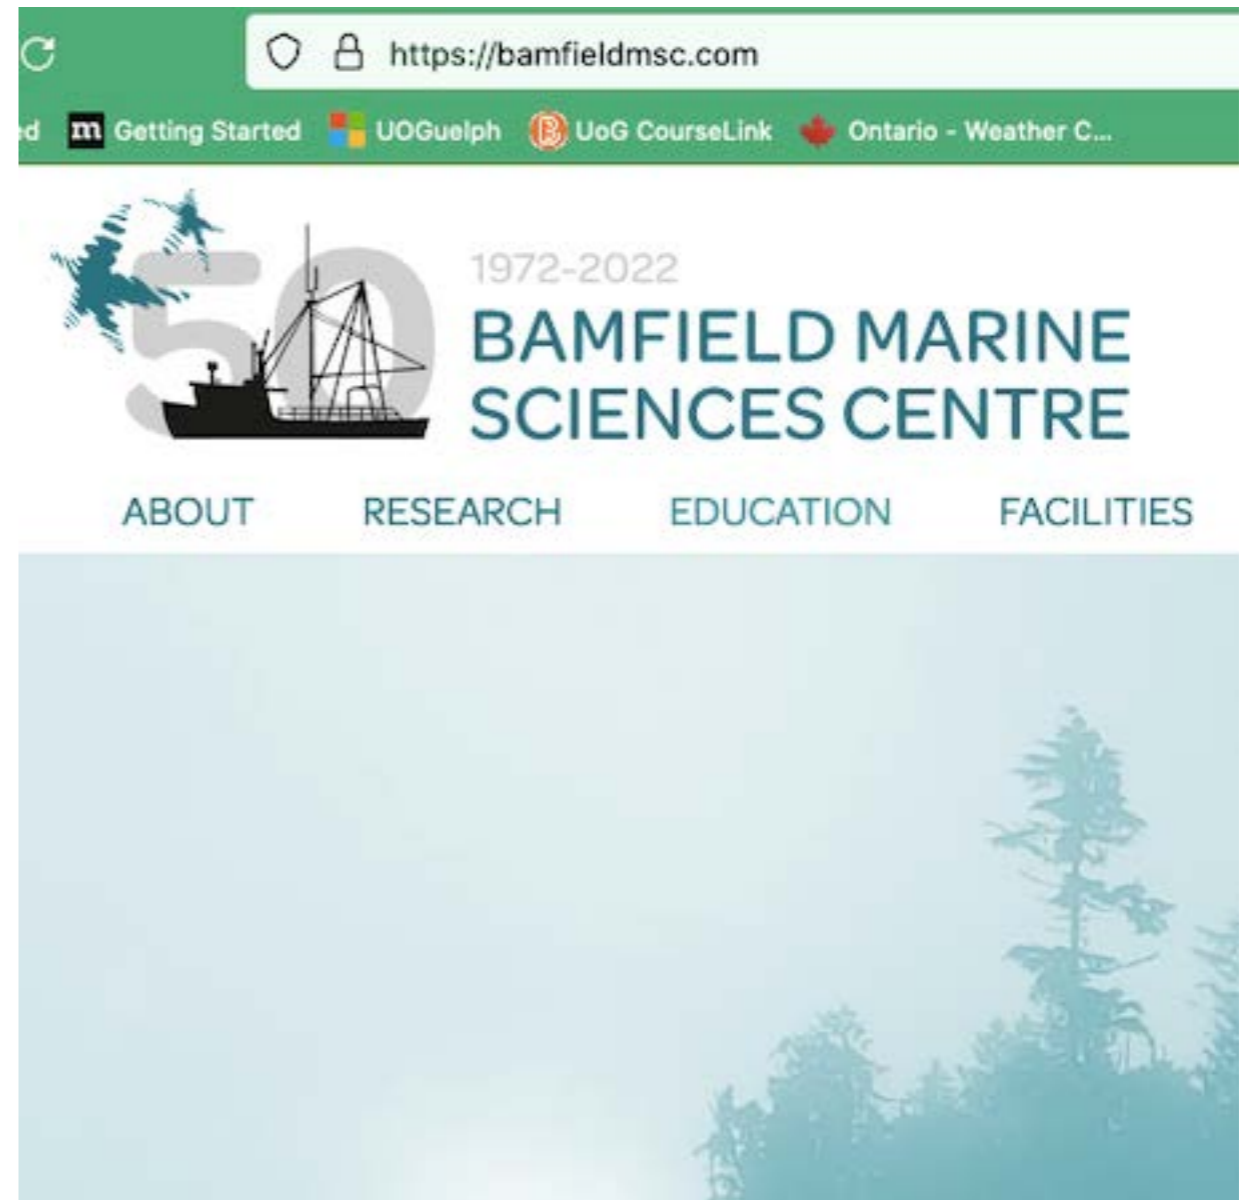

Other ON Universities

1. Start planning now. Visit the OUPFB website to view recent courses. Download from the IB website and read fully: the course outline for BIOL4700/4800, application forms and instructions.
2. From the OUPFB website (or the 2020 list posted on the IB field course website) choose your 3 preferred OUPFB field courses and rank them. Bring/email this with your name and student number to Ryan Kenwell in the Dept. of Integrative biology (Scie 2484; rkenwell@uoguelph.ca) **before Dec. 7**, so that we can try to reserve a seat in your preferred course at the other university. There is no guarantee that we can reserve seats in advance.
3. Download the [BIOL4700/4800/4900 Application form](#) from the Department of Integrative Biology > Undergraduate > Field courses website: https://www.uoguelph.ca/ib/field_courses. Follow ALL instructions, completing all related forms, and submitting in one package. A deposit check must follow by mail or personal delivery to the office to complete your application.
4. Submit completed registration forms and deposit to Ryan Kenwell. Registration begins Monday Jan. 9 and closes Friday February 10. Additional registration criterion is complete applications on a first come first served basis.

Other Field Courses

Special evaluation

- Taught by faculty with an academic appointment at an accredited post-secondary institution
- Course offered through a post-secondary institution and listed in their official calendar of courses
- Or sponsored by a research centre, station, and/or research-related institute whose primary function is scientific research.
- Ecotourism type organization experiences are NOT acceptable for field course credit at 4000 level
- Must apply for review before acceptance (Dr. Robinson)
- Field course pre-approval form
