Where do I find a list of courses that I am supposed to take?

Important reminder! For all B.Comm majors, the order in which you take your courses is critical, so you need to use both Student Planning AND your Schedule of Studies (described below) to plan your courses. While Student Planning gives you a list of the required courses, it does not always indicate the order to take them; for that you also need to use your Schedule of Studies.

The list and order of courses you must take is called your Schedule of Studies. Your Schedule is based upon your Calendar Year, so it is important to confirm your Calendar Year first. Note: If you follow the incorrect Calendar Year, you could be taking the wrong courses and delaying your graduation.

Follow the steps below to find your calendar year--do not use Google to find your Schedule of Studies as it will take you to the wrong calendar. You will be using Student Planning to find this information.

1. Login to WebAdvisor and select the Student Planning Overview.
2. Select ‘Go to My Progress’. On the top left of ‘At a Glance’ you will see ‘Calendar’. The year listed indicates your Calendar Year, e.g., 2020 means that you will follow the 2020-2021 Undergraduate Calendar. Once you know your Calendar Year, select it from the following list (this link will take you to the Undergraduate Calendar):

   - 2022
   - 2021
   - 2020
   - 2019
   - 2018

XII. Course Descriptions

Course Labelling and Levels

Each course is identified by a two-part code. The first part of the code refers to the subject area, the second to the level of the course. Thus, the course PSYC*3570 is a course in the subject area of Psychology (PSYC*XXX), and is of a level that places it among courses in the 3000 series. The series 1000, 2000, 3000 and 4000 numbers are intended to indicate progressively more demanding content, and correspondingly increasing competence on the part of the students enrolled in the course. Courses in the 1000 series are mainly for first year students, those in the 2000 series are mainly for second year students, and those in the 3000 series are for third year students. Similarly, courses in the 4000 series are mainly intended to be taken by students in the fourth year of honours programs. It is important that students planning their courses have clearly in mind the significance of these numbers so that they may guard against undertaking course work at levels for which they are insufficiently prepared. A two-semester course (e.g. HK*4441/2) is taken over 2 continuous semesters and counts as 1 course attempt per semester for classification, continuation of study and calculation of fees. Two-semester courses cannot be split.

Course Information

Following the title of the course, the University's intention to offer the course in specific semesters during the academic year is displayed. For example, "Fall and Winter" or "Fall Only". Although courses normally will be offered in the semester indicated, students preparing their course programs are advised to consult the Undergraduate Course Timetable. The University cannot guarantee that all courses will be offered in the exact semester indicated. The letter U indicates that an intended offering has not been assigned to the course. Students should consult the Undergraduate Course Timetable posted on WebAdvisor or contact the departments offering those courses to determine the semester offerings.

Following the semester designation, a general guide to the lecture and laboratory contact hours per week are indicated in parentheses. For example, (LEC: 3, LAB: 2) indicates 3 hours of lecture per week and 2 hours of lab per week. If only one of LEC or LAB is displayed, this indicates there is only lecture or lab. For example, (LAB: 3) indicates there is a 3 hour lab and no other scheduled contact hours. If no LEC or LAB is displayed, this indicates there are no scheduled contact hours. Lecture may also refer to a tutorial or seminar component.

The credit weight for each course appears in brackets [ ]. A credit weight of [0.50] indicates 10-12 student effort hours, including class time, on academic tasks associated with the course. Offering(s) indicates where a course is either offered through distance education format only or has an additional offering in distance education format. Department indicates the academic department or school responsible for the course delivery. Location refers to the campus where the course is delivered.

Detailed course descriptions are maintained at the office of the department offering the course. Some courses, designated "Experiential Learning" courses in the Calendar description, are deliberately designed to accommodate the need to grant academic credit for experiential learning external to regular courses, in such contexts as co-operative education, field observation/job shadowing, internship/externships, practical, service learning, or work study (and other approved experience). Prior approval for admission to these courses must be obtained from the department and instructor concerned.
Accounting (ACCT)

ACCT*1220 Introductory Financial Accounting  Summer, Fall, and Winter  (LEC: 3)  [0.50]

Don’t delay!
Helpful Hints to Academic Success
High School to University: The Differences

• More time spent on independent study; reading, completing assignments--less ‘classroom’ time. The 1 to 3 rule (more for double-weight courses)
• Deadline dates are enforced--there are no “do-overs” or extra assignments
• Unsuccessful courses can be repeated, however both grades will count. Successfully completed courses cannot be repeated
Helpful Hints cont’d…

- Last class day—ability to ‘test drive’ a course; once exams begin, you are committed
- Do your readings, review your notes and complete all quizzes—start early!
- Attend classes and tutorials—do all on-line assignments
- Take advantage of resources (e.g. the Library)
- The University will only communicate with you
Helpful Hints cont’d…

• Get to know your Professors/TAs
• Get involved in extra-curricular activities (clubs, athletics, recreation, etc.)
• Schedule your time – and commit to it
• Always maintain the balance, School + Extra-curricular/Work/Family/Health
• Proactive vs Reactive
What’s Next?

• “We Mean Business” -- 1:00 PM, Today, Lang Plaza
• Meetings for Majors – Tomorrow
  Refer to O-Week Guide
• Classes start Thursday Sept 8!
Good Luck!

Best wishes for a great first year!
