

BIOC*3560 Structure and Function in Biochemistry

Fall 2021

Section(s): C01

Department of Molecular and Cellular Biology

Credit Weight: 0.50

Version 1.00 - September 04, 2021

1 Course Details

1.1 Calendar Description

This course develops the understanding of biochemical processes by examining the molecular mechanisms underlying the regulation of specific cellular and physiological systems. Examples may include: oxygen binding and transport; regulation of enzyme function; carbohydrate and lipid metabolic pathways and metabolic integration; structure of membranes and membrane proteins; and membrane transport and signaling.

Pre-Requisites: BIOC*2580

1.2 Course Description

This course develops the understanding of biochemical processes by examining the molecular mechanisms underlying the regulation of specific cellular and physiological systems. Examples may include: oxygen binding and transport; regulation of enzyme function; carbohydrate and lipid metabolic pathways and metabolic integration; structure of membranes and membrane proteins; and membrane transport and signalling.

These are difficult and unusual times for all students. Please contact the course instructor regarding any issues (technical, accessibility, personal/compassion) you are having with the course.

1.3 Timetable

Lectures will be delivered asynchronously. They will be available in CourseLink every Monday, Wednesday, and Friday during the semester. Class is "scheduled" for Mondays, Wednesdays, and Fridays from 10:30 am – 11:20 am. Lectures will be made available at, or before, that time.

1.4 Final Exam

Wednesday December 8th, 2:30-4:30

Exam will be delivered online.

2 Instructional Support

2.1 Instructional Support Team

Instructor: Shaun Sanders PhD
Email: ssande03@uoguelph.ca
Office Hours: Office hours will be hosted virtually via Zoom and will occur during scheduled class time (Monday, Wednesday, Friday @ 10:30 AM) and do not require an appointment.

If these times conflict with your academic schedule, office hours by an appointment can be made. Please contact the instructor by email.

2.2 Online Behaviour

Inappropriate online behaviour will not be tolerated. Examples of inappropriate online behaviour include:

- Posting inflammatory messages about your instructor or fellow students
- Using obscene or offensive language online
- Copying or presenting someone else's work as your own
- Adapting information from the Internet without using proper citations or references
- Buying or selling term papers or assignments
- Posting or selling course materials to course notes websites
- Having someone else complete your quiz or completing a quiz for/with another student
- Stating false claims about lost quiz answers or other assignment submissions
- Threatening or harassing a student or instructor online
- Discriminating against fellow students, instructors and/or TAs
- Using the course website to promote profit-driven products or services
- Attempting to compromise the security or functionality of the learning management system
- Sharing your user name and password
- Recording lectures without the permission of the instructor

2.3 Recording of Lecture Materials

By enrolling in a course, unless explicitly stated and brought forward to their instructor, it is assumed that students agree to the possibility of being recorded during lecture, seminar or other "live" course activities, whether delivery is in-class or online/remote.

If a student prefers not to be distinguishable during a recording, they may:

1. Turn off their camera
 2. Mute their microphone
 3. Edit their name (e.g., initials only) upon entry to each session
-

3 Learning Resources

3.1 Required Resources

Computer & Internet (Equipment)

Lectures will be delivered asynchronously (available for streaming after the lecture).

Office hours will require Zoom.

The four quizzes and final will not utilize the Respondus lockdown browser.

Students registered with the SAS, or students with constrained internet bandwidth or computer access, are requested to contact the instructor or through their SAS advisor for accommodations.

Courselink (Website)

There is a Courselink site for this course. Course-related information will be posted there.

3.2 Recommended Resources

Textbook (Textbook)

Lehninger Principles of Biochemistry By Nelson and Cox 7th or 8th Edition; Freeman Publishers

Available at the Bookstore and on reserve at the library.

4 Learning Outcomes

4.1 Course Learning Outcomes

By the end of this course, you should be able to:

1. Describe structure/function relationships of proteins at the amino acid level, and how this contributes to ligand-binding and enzyme activity.

2. Describe the regulation of proteins by post-translational modifications and allosteric effectors.
 3. Explain how regulatory enzymes are controlled in the regulation of pathways of carbohydrate and fatty acid metabolism in mammals. Explain the biochemical mechanisms that mediate signaling of these pathways at the tissue, organ and organism level.
 4. Describe how proteins and lipids define the structure and function of biological membranes. Explain the ways in which substances can be transported across membranes and the energy requirements for such transport.
 5. Describe the biochemical mechanisms by which signals are propagated across the membrane and within a cell.
-

5 Teaching and Learning Activities

5.1 Lecture

Topics: Part A - Regulation of Protein Function

The Oxygen-binding Proteins

Protein-ligand Interactions I

Myoglobin Structure/Function

Protein-ligand Interactions II - Hemoglobin

Cooperative Ligand Binding / Hill Equation

Hemoglobin and O₂/H⁺/CO₂ Transport

Topics: Part B - Regulation of Enzymes

Enzyme review

Allosteric Enzymes

Reversible Covalent Modification

Glycogen phosphorylase & synthase

Proteolytic Cleavage

Cyclin-dependent Kinases

Topics: Part C - Carbohydrate Metabolism

Glycolysis

Gluconeogenesis

Regulation of both

Topics: Part D - Lipid Metabolism

Fatty Acid Catabolism

Oxidation of Fatty Acids

Ketone bodies

Fatty Acid Biosynthesis

Triacylglycerol Metabolism

Topics: Part E - Membranes

Membrane lipids

Membrane organization

Membrane proteins

Membrane dynamics

Topics: Part F - Biological Signalling

Introduction to Biosignaling

Gated Ion Channels

Receptor Enzymes

G Protein-coupled Receptors

Steroid Hormone Receptors

5.2 Research Article

Stieglitz et al. Structure of the E. coli Aspartate Transcarbamoylase Trapped in the Middle of the Catalytic Cycle (2005) *Journal of Molecular Biology* 352, 478-486.

6 Assessments**6.1 Marking Schemes & Distributions**

Name	Scheme A (%)
Quiz #1	15
Quiz #2	15
Quiz #3	15
Quiz #4	15
Final exam	40
Total	100

6.2 Assessment Details**Quiz #1 (15%)**

Date: Fri, Oct 1, 10:30 AM - 11:30 AM, Online

Quiz #1 will cover the material presented in the first 3 weeks of the semester.

Quiz #2 (15%)

Date: Fri, Oct 22, 10:30 AM - 11:30 AM, Online

Quiz #2 will cover the material presented in weeks 4 through 6 of the semester.

Quiz #3 (15%)

Date: Fri, Nov 12, 10:30 AM - 11:30 AM, Online

Quiz #3 will cover the material presented in weeks 7 through 9 of the semester.

Quiz #4 (15%)

Date: Fri, Dec 3, 10:30 AM - 11:30 AM, Online

Quiz #4 will cover the material presented in weeks 10 through 12 of the semester.

Final exam (40%)

Date: Wed, Dec 8, 2:30 PM - 4:30 PM, Online

The final exam will cover all of the course material.

7 Department of Molecular and Cellular Biology

Statements

7.1 Course Offering Information Disclaimer

Please note that course delivery format (face-to-face vs online) is subject to change up to the first-class day depending on requirements placed on the University and its employees by public health bodies, and local, provincial and federal governments. Any changes to course format prior to the first class will be posted on WebAdvisor/Student Planning as they become available.

7.2 Academic Advisors

If you are concerned about any aspect of your academic program:

- Make an appointment with a program counsellor in your degree program. [B.Sc. Academic Advising](#) or [Program Counsellors](#)

7.3 Academic Support

If you are struggling to succeed academically:

- Learning Commons: There are numerous academic resources offered by the Learning Commons including, Supported Learning Groups for a variety of courses, workshops related to time management, taking multiple choice exams, and general study skills. You can also set up individualized appointments with a learning specialist. <http://www.learningcommons.uoguelph.ca/>
- Science Commons: Located in the library, the Science Commons provides support for physics, mathematic/statistics, and chemistry. Details on their hours of operations can be found at: <http://www.lib.uoguelph.ca/get-assistance/studying/chemistry-physics-help> and <http://www.lib.uoguelph.ca/get-assistance/studying/math-stats-help>

7.4 Wellness

If you are struggling with personal or health issues:

- Counselling services offers individualized appointments to help students work through personal struggles that may be impacting their academic performance. <https://www.uoguelph.ca/counselling/>
- Student Health Services is located on campus and is available to provide medical

attention. <https://www.uoguelph.ca/studenthealthservices/clinic>

- For support related to stress and anxiety, besides Health Services and Counselling Services, Kathy Somers runs training workshops and one-on-one sessions related to stress management and high performance situations. <http://www.selfregulationskills.ca/>

7.5 Personal information

Personal information is collected under the authority of the University of Guelph Act (1964), and in accordance with Ontario's Freedom of Information and Protection of Privacy Act (FIPPA) <http://www.e-laws.gov.on.ca/index.html>. This information is used by University officials in order to carry out their authorized academic and administrative responsibilities and also to establish a relationship for alumni and development purposes.

For more information regarding the Collection, Use and Disclosure of Personal Information policies please see the Undergraduate Calendar. (<https://www.uoguelph.ca/registrar/calendars/undergraduate/current/intro/index.shtml>)

8 University Statements

8.1 Email Communication

As per university regulations, all students are required to check their e-mail account regularly: e-mail is the official route of communication between the University and its students.

8.2 When You Cannot Meet a Course Requirement

When you find yourself unable to meet an in-course requirement because of illness or compassionate reasons please advise the course instructor (or designated person, such as a teaching assistant) in writing, with your name, id#, and e-mail contact. The grounds for Academic Consideration are detailed in the Undergraduate and Graduate Calendars.

Undergraduate Calendar - Academic Consideration and Appeals
<https://www.uoguelph.ca/registrar/calendars/undergraduate/current/c08/c08-ac.shtml>

Graduate Calendar - Grounds for Academic Consideration
<https://www.uoguelph.ca/registrar/calendars/graduate/current/genreg/index.shtml>

Associate Diploma Calendar - Academic Consideration, Appeals and Petitions
<https://www.uoguelph.ca/registrar/calendars/diploma/current/index.shtml>

8.3 Drop Date

Students will have until the last day of classes to drop courses without academic penalty. The deadline to drop two-semester courses will be the last day of classes in the second semester. This applies to all students (undergraduate, graduate and diploma) except for Doctor of

Veterinary Medicine and Associate Diploma in Veterinary Technology (conventional and alternative delivery) students. The regulations and procedures for course registration are available in their respective Academic Calendars.

Undergraduate Calendar - Dropping Courses

<https://www.uoguelph.ca/registrar/calendars/undergraduate/current/c08/c08-drop.shtml>

Graduate Calendar - Registration Changes

<https://www.uoguelph.ca/registrar/calendars/graduate/current/genreg/genreg-reg-regchg.shtml>

Associate Diploma Calendar - Dropping Courses

<https://www.uoguelph.ca/registrar/calendars/diploma/current/c08/c08-drop.shtml>

8.4 Copies of Out-of-class Assignments

Keep paper and/or other reliable back-up copies of all out-of-class assignments: you may be asked to resubmit work at any time.

8.5 Accessibility

The University promotes the full participation of students who experience disabilities in their academic programs. To that end, the provision of academic accommodation is a shared responsibility between the University and the student.

When accommodations are needed, the student is required to first register with Student Accessibility Services (SAS). Documentation to substantiate the existence of a disability is required; however, interim accommodations may be possible while that process is underway.

Accommodations are available for both permanent and temporary disabilities. It should be noted that common illnesses such as a cold or the flu do not constitute a disability.

Use of the SAS Exam Centre requires students to book their exams at least 7 days in advance and not later than the 40th Class Day.

For Guelph students, information can be found on the SAS website

<https://www.uoguelph.ca/sas>

For Ridgetown students, information can be found on the Ridgetown SAS website

<https://www.ridgetownc.com/services/accessibilityservices.cfm>

8.6 Academic Integrity

The University of Guelph is committed to upholding the highest standards of academic integrity, and it is the responsibility of all members of the University community—faculty, staff, and students—to be aware of what constitutes academic misconduct and to do as much as possible to prevent academic offences from occurring. University of Guelph students have the responsibility of abiding by the University's policy on academic misconduct regardless of their location of study; faculty, staff, and students have the responsibility of supporting an

environment that encourages academic integrity. Students need to remain aware that instructors have access to and the right to use electronic and other means of detection.

Please note: Whether or not a student intended to commit academic misconduct is not relevant for a finding of guilt. Hurried or careless submission of assignments does not excuse students from responsibility for verifying the academic integrity of their work before submitting it. Students who are in any doubt as to whether an action on their part could be construed as an academic offence should consult with a faculty member or faculty advisor.

Undergraduate Calendar - Academic Misconduct

<https://www.uoguelph.ca/registrar/calendars/undergraduate/current/c08/c08-amisconduct.shtml>

Graduate Calendar - Academic Misconduct

<https://www.uoguelph.ca/registrar/calendars/graduate/current/genreg/index.shtml>

8.7 Recording of Materials

Presentations that are made in relation to course work - including lectures - cannot be recorded or copied without the permission of the presenter, whether the instructor, a student, or guest lecturer. Material recorded with permission is restricted to use for that course unless further permission is granted.

8.8 Resources

The Academic Calendars are the source of information about the University of Guelph's procedures, policies, and regulations that apply to undergraduate, graduate, and diploma programs.

Academic Calendars

<https://www.uoguelph.ca/academics/calendars>

8.9 Disclaimer

Please note that the ongoing COVID-19 pandemic may necessitate a revision of the format of course offerings, changes in classroom protocols, and academic schedules. Any such changes will be announced via CourseLink and/or class email.

This includes on-campus scheduling during the semester, mid-terms and final examination schedules. All University-wide decisions will be posted on the COVID-19 website (<https://news.uoguelph.ca/2019-novel-coronavirus-information/>) and circulated by email.

8.10 Illness

Medical notes will not normally be required for singular instances of academic consideration, although students may be required to provide supporting documentation for multiple missed assessments or when involving a large part of a course (e.g.. final exam or major assignment).

8.11 Covid-19 Safety Protocols

For information on current safety protocols, follow these links:

- <https://news.uoguelph.ca/return-to-campus/how-u-of-g-is-preparing-for-your-safe-return/>
- <https://news.uoguelph.ca/return-to-campus/spaces/#ClassroomSpaces>

Please note, these guidelines may be updated as required in response to evolving University, Public Health or government directives.
