NEB Canada - Representing Two Exceptional Companies

New England Biolabs

For over 35 years, New England Biolabs has been known and trusted around the world for providing molecular biology reagents of the highest possible quality, at highly competitive prices.

From commonly used reagents, such as Restriction Enzymes, Modifying Enzymes, DNA/RNA Polymerases, and DNA/RNA Molecular Weight Ladders, to the fully validated NEBNext™ Sample Prep Reagents for Next-Gen sequencers, NEB sets the standards for quality and value.

Let NEB be your first choice for molecular biology reagents.

Cell Signaling Technology

Cell Signaling Technology is a world-leader in the production of phospo- and non-phosho antibodies, (and ancillary reagents) used in signal transduction research.

Each antibody that CST manufactures is extensively validated by CST scientists, across a variety of species, for applications in: Western Blotting, Flow Cytometry, Immunohistochemistry, Immunocytochemistry, Immunoprecipitation, and Immunofluorescence.

Since its inception, CST has become the world leader in the production of the highest quality activation-state antibodies utilized to expand knowledge of cell signaling pathways.

For more information on all of our products, please visit our website: www.neb.ca

Available in the NEB Freezer

Product Code	Description	Freezer Price
<u>DNA/RNA Modifying Enzymes</u>		
M0202S	r T4 DNA Ligase - 20,000 units	\$83.70
M0202T	r T4 DNA Ligase (2,000,000 units/ml) - 20,000 units	\$83.70
<u>DNA/RNA Molecular Weight Markers</u>		
N3233S	Low Molecular Weight DNA Ladder - 100 gel lanes	\$85.50
<u>High Fidelity Restriction Enzymes</u>		
R3136S	r BamHI-HF - 10,000 units	\$78.30
R3101S	r EcoRI-HF - 10,000 units	\$78.30
<u>Polymerases</u>		
M0481S	r OneTaq Hot Start DNA Polymerase - 200 units	\$113.40
M0530S	r Phusion High-Fidelity DNA Polymerase - 100 units	\$129.60
M0491S	r Q5 High-Fidelity DNA Polymerase - 100 units	\$128.70
M0267L	r Taq DNA Polymerase with ThermoPol Buffer - 2,000 units	\$309.60
M0267S	r Taq DNA Polymerase with ThermoPol Buffer - 400 units	\$77.40
<u>Restriction Enzymes</u>		
R0193S	r NcoI - 1,000 units	\$81.90
R0133S	r SpeI - 500 units	\$88.20
R0146S	r XhoI - 5,000 units	\$90.90

r - Indicates a Recombinant Enzyme
