Health Care

Ways to feel better!

Visit a Doctor [1]
Make an appointment to speak with a doctor or psychiatrist regarding your health.

Visit a Nurse [2]
Nurses are available to answer health related questions without an appointment.

Physiotherapy [3]
Physiotherapists are available to assess and treat orthopedic, sports and activity related injuries.

Massage Therapy [4]
Registered massage therapists are available to assess and treat any conditions involving your muscles.

Osteopathy [5]
If you are experiencing soft tissue or joint related dysfunctions, you may benefit from osteopathy.

Pedorthics [6]
Pedorthists are available to assess and treat conditions of the feet and legs with custom made orthotics and footwear.

Sports Medicine [7]
Sports medicine physicians are available to diagnose and treat both acute and chronic injuries.

Athletic Therapy [8]
Athletic therapy is available to varsity athletes.

Health and Dental Plan [9]
Explore your health and dental benefits provided through your tuition or learn more about opting out. Covers dental, physiotherapy, chiropractic and more!
