

PhDs With Impact

DOCTORAL DESTINATIONS: Other Public Sector

Over a 20-year period (1999-2019), approximately 4,000 students graduated from the Ontario Agricultural College's (OAC) graduate programs. The [OAC Doctoral Destinations Project](#) documents their career status as of 2019. The other public sector includes corporations and companies that are controlled by the government, including publicly funded research institutes and hospitals.
