Children’s Fear Scale (CFS; McMurtry et al., 2011)

**Instructions for Children:** “These faces are showing different amounts of being scared. This face [point to the left-most face] is not scared at all, this face is a little bit more scared [point to second face from left], a bit more scared [sweep finger along scale], right up to the most scared possible [point to the last face on the right]. Have a look at these faces and choose the one that shows how scared you were during [the needle].”

**Instructions for Parents:** “These faces are showing different levels of anxiety. This face [point to the left-most face] shows no anxiety at all, this faces shows a little bit more [point to second face from left], a bit more [sweep finger along scale], right up to extreme anxiety [point to the last face on the right]. Have a look at these faces and choose the one that shows how much anxiety you felt during [the needle].”

Score the chosen face from 0 to 4.
