I need a course outline from a course I took previously. Where can I get it?

You can find some course outlines on the Psychology website:

If the outline you need is not available please contact: psycugas@uoguelph.ca or psychdep@uoguelph.ca.

Note: If the course you took was a Distance Education course (all summer offerings), then you must contact the Open Learning Department directly or by phone 519-824-4120, X53956
