I don’t have a pre-requisite for a Psychology course that I want to take. How can I request permission to be signed in?

Space permitting, students who lack a prerequisite may request a waiver beginning on the date indicated here. Due to the popularity of our courses, it may not be possible to admit an ineligible students.

Prerequisites requirements may include: successful completion of a specific course(s) or number of credits, registration within a specific major or minor, a minimum GPA or PSYC GPA etc.
