Look for "Area-specific advisory committee membership" below CONTENTS for area-specific guidance if it exists.

Area-specific advisory committee membership MA CCAP

Typically for the MA the committee will comprise of the primary advisor and 1 faculty member, selected based on the goodness of fit to the proposed project, and typically (but not necessarily) from the CCAP area. The creation of the advisory committee is the responsibility of the student's primary advisor. This committee should be formed no later than the 20th class day of the student's 2nd semester. After the committee is formed, it is recommended that the student, their Advisor, and the committee member(s) meet to discuss the expectations for that particular committee (e.g., does committee plan to have regular meetings, when does the student expect to have a proposal meeting, when does the student expect to have a finalized proposal)
