Area-specific examination committee membership MA AS

Additional regulations specific to the Applied Social Psychology MA program:

Typically, the Oral Examination Committee will consist of at least four members: the defense chair, two members of the advisory committee, and one additional graduate faculty who is not a member of the student's advisory committee. Together, the two advisory committee members and the additional member provide the three voting members required for Oral Examination Committee (the chair is a non-voting member).

**All members of the Examination Committee must receive a copy of the final draft of the Master's Thesis (i.e., which include the corrections requested by the Advisory Committee) at least two weeks before the date of the Final Oral Examination. One month is preferred.
