Course Policies

Course Policy regarding use of electronic devices and recording of lectures
Electronic recording of classes is expressly forbidden without consent of the instructor. When recordings are permitted, they are solely for the use of the authorized student and may not be reproduced, or transmitted to others, without the express written consent of the instructor.

Submission of Online Discussion Posts and Reflection Papers
All written assignments are to be uploaded using MS Word 'docx' format ONLY – do not submit assignments in PDF format.

The Culminating Reflection Paper must be submitted through the Course Drop Box on CourseLink by the respective due date and time. All discussion posts must be made by the closing date of the respective posting period.

Students are responsible for ensuring their submissions and posts are complete. Incomplete submissions, unreadable attachments or posts will receive the late penalty according to the late assignment policy (below). Students should check the technical requirements and make sure they have a supported browser, and reliable Internet access. In the event of experiencing technical difficulty when submitting an assignment or making a discussion post electronically, please contact CourseLink Support. (in advance of the due date and time). Note - Technical difficulty is not a valid reason for late assignment submissions or posts.

Students are encouraged to keep a back-up copy of discussion posts and assignment submission in the event that they are lost in transition. In order to avoid any last-minute problems, it is strongly recommended that students save their discussion posts and assignments to a cloud-based file storage (e.g., Google Docs), or send to their U of Guelph email account, so that posts or assignments can be accessed if needed.

Communication
As per university regulations, all students are required to check their <uoguelph.ca> e-mail account regularly: e-mail is the official route of communication between the University and its students.

All email directed to the professor must come from an official University of Guelph email address. Students may not receive a response if an email is sent from a non-university account.

Emails will be answered between Monday and Saturday, and students will receive a response within 24-48 hours if their email is sent from a uoguelph.ca address.
Please do not email with questions regarding course content, those must be posted in the Course Discussion Forums on CourseLink.
GTAs are not able to answer any emails regarding course material.
Referencing
All assignments submitted must follow APA 7th Edition for style, formatting and referencing. Material regarding APA 7th Edition formatting will be posting in the Content section of the CourseLink site.

Grading Policies
NOTE: It is very important that students carefully read the ‘Grading Policies’ section below.

Late Assignments – Online Discussion Posts and Reflection Paper
The course follows a strict grading policy. It is students’ responsibility to meet course deadlines. A degree of academic independence, as well as personal organization and time management are explicit goals/learning outcomes of this course. The manner of submission for all assignments and due dates are clearly outlined in the CourseLink site.

Note: Late Penalty - A reduction of 10% per day (from the specified date/time the assignment is due) will be in effect for late submissions, to a limit of six days, at which time the assignment will not be accepted.

Academic Consideration
If a student finds that he/she/they is/are unable to meet course requirements due to illness or compassionate reasons, the student must notify the Professor via email at least one calendar day before the original due date (day and time) of the assignment. Extensions may be granted for exceptional reasons deemed acceptable by the Professor. Extension requests will not be granted beyond one week, except in compelling circumstances. See further information regarding Academic Consideration in the section on University Policies.

Receipt of Grades
Grades posted online, 2 weeks after the submission deadline, if the assignment was submitted on time. After grades are released on CourseLink, students are encouraged to review the grade and feedback received. Any inquiry about the grade must be made within one week from the date the grades are posted. If students fail to inquire about any grade during this time limit, changes to the grade will not be considered.

Re-Grading of Assignments Policy
Where a student is of the belief that an assignment has not been accurately graded, they are to pursue a 2-step course policy:

1. Contact Dr. Pitt via email as soon as possible after receiving the grade and feedback through CourseLink to identify concerns regarding the grading of the assignment.
2. Students can request that Dr. Pitt re-grade the assignment. However, it is important to note that students will be required to accept the new grade received through the re-grade, whether it is higher or lower.

University Policies

Disclaimer:
Please note that the ongoing COVID-19 pandemic may necessitate a revision of the format of course offerings, changes in classroom protocols, and academic schedules. Any such changes
will be announced via CourseLink and/or class email. This includes on-campus scheduling during the semester, mid-terms, and final examination schedules. All University-wide decisions will be posted on the COVID-19 website (https://news.uoguelph.ca/2019-novel-coronavirus-information/) and circulated by email.

**Academic Consideration**

When you find yourself unable to meet an in-course requirement because of illness or compassionate reasons, please advise the course instructor in writing, with your name, id#, and e-mail contact. See the academic calendar for information on regulations and procedures for Academic Consideration:

**Academic Misconduct**

The University of Guelph is committed to upholding the highest standards of academic integrity and it is the responsibility of all members of the University community, faculty, staff, and students to be aware of what constitutes academic misconduct and to do as much as possible to prevent academic offences from occurring.

University of Guelph students have the responsibility of abiding by the University's policy on academic misconduct regardless of their location of study; faculty, staff and students have the responsibility of supporting an environment that discourages misconduct. Students need to remain aware that instructors have access to and the right to use electronic and other means of detection. Please note: Whether or not a student intended to commit academic misconduct is not relevant for a finding of guilt. Hurried or careless submission of assignments does not excuse students from responsibility for verifying the academic integrity of their work before submitting it. Students who are in any doubt as to whether an action on their part could be construed as an academic offence should consult with a faculty member or faculty advisor.

The Academic Misconduct Policy is detailed in the Undergraduate Calendar:

**Illness**

Medical notes will not normally be required for singular instances of academic consideration, although students may be required to provide supporting documentation for multiple missed assessments or when involving a large part of a course (e.g., final exam or major assignment).

**Accessibility**

The University of Guelph is committed to creating a barrier-free environment. Providing services for students is a shared responsibility among students, faculty, and administrators. This relationship is based on respect of individual rights, the dignity of the individual and the University community's shared commitment to an open and supportive learning environment.
Students requiring service or accommodation, whether due to an identified, ongoing disability or a short-term disability should contact Student Accessibility Services as soon as possible.

For more information, contact SAS at 519-824-4120 ext. 54335 or email accessibility@uoguelph.ca or the Student Accessibility Services Website

**Student Feedback Questionnaire**

These questionnaires (formerly course evaluations) will be available to students during the last 2 weeks of the semester: March 28th – April 08th. Students will receive an email directly from the Student Feedback Administration system which will include a direct link to the questionnaire for this course. During this time, when a student goes to login to Courselink, a reminder will pop-up when a task is available to complete.

**Drop date**

The last date to drop one-semester courses, without academic penalty, is December 2, 2022. For regulations and procedures for Dropping Courses, see the [Schedule of Dates in the Academic Calendar](#).

Instructors must provide meaningful and constructive feedback, at minimum 20% of the final course grade, prior to the 40th class day. For courses which are of shorter duration, 20% of the final grade must be provided two-thirds of the way through the course.
