

Fall 2025 and Winter 2026: Important information and dates for enrolling in PSYC courses

NEW for 25/26: students can register for Fall AND Winter this summer!

Psychology students: It is CRITICAL that you select your courses as soon as possible! Psychology majors and minors have priority access to most PSYC courses, but once priority access is removed (July 23), the majority of PSYC courses will become full, and you will no longer be able to enroll.

Course size is NOT expected to increase over time. Once a course is full, it is full! *

Non-psychology students: Students in some non-psychology majors/minors also have priority access to some PSYC courses. If your program requires a PSYC course, or has a PSYC restricted elective, you will have priority access to that course when your selection window opens.

Be sure that you know when your [course selection window](#) opens.
