Belgium Exchange

An agreement with the Haute Ecole Provinciale du Hainaut Occidental allows students to complete their second year of the Associate Diploma in Agriculture in Belgium. Candidates must successfully complete their first year at Campus d'Alfred. Canadian students are integrated in the second and third year courses with Belgian students. Courses are offered exclusively in French; therefore candidates must be fluent in French. Interested students should contact the Associate Director at Campus d'Alfred.

Kemptville Campus

In addition to Diploma programs, Kemptville Campus offers a number of innovative certificate programs, developed with direct industry input to satisfy their requirements for qualified workers. These programs are designed to offer graduating students life-long, rewarding career opportunities in diesel equipment, welding, and equestrian and arboriculture industries.

Established in 1917, Kemptville Campus is one of Ontario's oldest and most beautiful colleges. Kemptville Campus is committed to specialized quality education and academic excellence with many years of experience, heritage, and tradition. Our programs are recognized and supported by the Ontario Ministry of Training, Colleges and Universities (Apprenticeship Branch); the Canadian Welding Bureau (CWB); the Ontario Farm Equipment Dealers Association (ORFEDA); the Upper Canada District School Board; and many other institutions and associations in the Canadian agri-business sector.

The campus is a highly specialized school offering unique programs comparable to no other community college. All programs are integrated with technologically equipped facilities, computerized machinery and laboratory equipment. The campus has built a strong foundation with a network of solid support from the industries of Canada. Preparation for exciting, challenging careers and employment begin at Kemptville Campus.

The campus faculty and staff combine their extensive career experience with a strong desire to improve their respective industries in passing on this experience during the development and delivery of "In-Demand" training to all students.

This full commitment to students continues in supplying assistance and counsel as students move from college to the work environment.

The Power and Equipment Centre at Kemptville Campus is approved by the Ministry of Training, College, and Education to deliver the in-school apprenticeship training requirements in farm equipment, heavy duty equipment and fork lift equipment apprentice mechanic training programs.

Campus tours are the best way for you to learn more about Kemptville Campus. Explore education possibilities or sample the lifestyle at our campus. Equestrian Program

Equine Management Program

OCAS Program Code K108 - Two Semesters

The Equine Management Certificate Program is designed for the individual who wants a job working with horses on a day-to-day basis in the equine industry. This program starts in September. Students often combine this certificate with one of our other Equestrian Certificates (Riding, Coaching & Horsemanship or Standardbred).

Semester 1 - Fall

DAGR*1800	[0.50]	Horse Structure and Function
DAGR*2810	[0.50]	Practical horse Care I
DAGR*3810	[0.50]	Horse Conformation and Lameness
DAGR*4810	[0.50]	Horse Health
DAGR*3930	[0.50]	Equine Complementary Therapies
CEM*0060		Stable Duty I

Semester 2 - Winter

DAGR*2820	[0.50]	Practical Horse Care
DAGR*3820	[0.50]	Horse Feeds and Feeding
DAGR*4820	[0.50]	Horse Reproduction
DAGR*4800	[0.50]	Sport Horse Conditioning
CER*0120		Stable Duty II

During Semester 2 students may also choose to take the following 2 courses:

DAGR*1750	[0.50]	Coaching Techniques
DAGR*4830	[0.50]	Horse Facility Management and Design

The following equestrian certificates are primarily designed for students enrolled in either our Diploma in Agriculture - Equine Option or our Equine Management Certificate Program. Depending upon space availability students enrolled in one of these two full time programs may choose one of the following certificates. From time to time, space may be available in these programs as separate stand alone certificates.

Riding Certificate

OCAS Program Code K203

This equestrian program offers students enrolled in either our Diploma in Agriculture - Equine Option or our Equine Management Certificate Program the opportunity to develop their riding skills utilizing one of the school horses. It also develops the knowledge and experience required to care for horses. This program is very skills oriented, and students learn "by doing". The Kemptville Campus environment is challenging and encourages team work. Training is provided to assist the student to progress to the next level of rider certification as approved by the Equine Canada. Students are placed in groups for semester long training according to their current recognized riding level. Highlights of the program include:

- Two hours of riding instruction weekly throughout the semester.
- One hour class of theory instruction on a weekly basis.
- Students may specialize in English or Western riding.

Staff members are qualified to perform rider level testing accredited by Equine Canada and its Provincial Equestrian Federations. Since the program is very skills oriented, enrolment is limited. The physical demands of this program include lifting, shovelling and riding. Therefore, it is essential that students applying be physically able to participate in these activities.

Coaching & Horsemanship Certificate

OCAS Program Code K293

This equestrian program offers students enrolled in our Diploma in Agriculture - Equine Option or our Equine Management Certificate Program the opportunity to develop both their riding and coaching skills while utilizing their own horse. It also develops the knowledge and experience required to care for horses. This course is very skills oriented, and students learn "by doing". The Kemptville Campus environment is challenging and encourages team work. Training is provided to assist the student to progress to the next level of rider certification as accredited by Equine Canada and the Provincial Equestrian Federations. Students are placed in groups for semester long training according to their current recognized riding level. Students also have the opportunity to acquire the knowledge and foundations required to pursue their Instructor and Coaching Levels. Highlights of the program include:

- Three group lessons in riding instruction weekly throughout the semester.
- One riding theory instruction on a weekly basis.
- One riding theory instruction on a weekly basis.
- Students have the opportunity to participate in riding clinics.
- Students will also receive training in Standard First Aid (St. John's or equivalent) as well as the "Learning to Teach" Course (provided by KC in cooperation with the Ontario Equestrian Federation) - where certification or re-certification needs exist.
- Students may specialize in English or Western riding.
- Rider level testing recognized by Equine Canada can be completed at an added fee for certification.

- Opportunities of completing Coaching Certification exist, where numbers permit, and Equine Canada pre-requisites are met.

Since the program is very skills oriented and requires that the student bring their own horse, enrolment is limited. The physical demands of this program include lifting, shovelling and riding. Therefore, it is essential that students applying be physically able to participate in these activities.

Diesel Equipment Mechanic

OCAS Program Code K102 - Two Semesters (28 wks., begins in September)

Designed to provide practical up-to-date training for careers in diagnosing and repairing of equipment in farm, construction and heavy duty equipment industries. You will have the opportunity to develop the skills involved in the diagnosis and repair of equipment found in farm, construction, or highway truck industries. The ever increasing sophistication of diesel equipment found in today's motive power market, coupled with a broad application in a number of industries, will continue to create a demand for skilled, well trained mechanics to maintain this equipment. This in-school program provides time allocation for trade theory, shop practice and industry related subjects.

Certification

The Diesel Equipment Mechanic program is based on the first levels of the Apprenticeship in-school curriculum for Farm Equipment, Heavy Duty Equipment, Truck/Coach, and Power Lift Truck Technician training. Graduate of this program should be prepared to successfully challenge the Ministry exemption exam for Level 1 in-school training in these apprenticeship trades.

Industrial Welding and Fabrication

OCAS Program Code K101 - Two Semesters (28 wks., begins in September)

Students will have the opportunity to develop welding, fabrication and work skills required for employment in a variety of positions in the welding industry. Employers need welders with the ability to perform a wide variety of tasks in the construction, fabrication, repair and maintenance fields. In addition to a sound knowledge of the safe and efficient use of welding processes and equipment, students will be exposed to a variety of Ontario employment business operation, health and safety issue. This program places a heavy emphasis (70% of training hours) on the hands-on mode of training. You learn to weld by welding.

Certification

Students meeting required standards during this program will have the opportunity to challenge (at additional cost) a variety of CWB and TSSA welding tickets and licences.
