

2011-2012 Graduate Calendar

The information published in this Graduate Calendar outlines the rules, regulations, curricula, programs and fees for the 2011-2012 academic years, including the Fall Semester 2011, the Winter Semester 2012 and the Summer Semester 2012.

For your convenience the Graduate Calendar is available in PDF format.

If you wish to link to the Graduate Calendar please refer to the Linking Guidelines.

November 21, 2011	Revision
February 1, 2012	Revision
May 13, 2014	Updates for AODA Compliance

Disclaimer

The Office of Graduate Studies has attempted to ensure the accuracy of this on-line Graduate Calendar. However, the publication of information in this document does not bind the university to the provision of courses, programs, schedules of studies, fees, or facilities as listed herein.

Limitations

The University of Guelph reserves the right to change without notice any information contained in this calendar, including any rule or regulation pertaining to the standards for admission to, the requirements for the continuation of study in, and the requirements for the granting of degrees or diplomas in any or all of its programs.

The university will not be liable for any interruption in, or cancellation of, any academic activities as set forth in this calendar and related information where such interruption is caused by fire, strike, lock-out, inability to procure materials or trades, restrictive laws or governmental regulations, actions taken by the faculty, staff or students of the university or by others, civil unrest or disobedience, Public Health Emergencies, or any other cause of any kind beyond the reasonable control of the university.

The University of Guelph reaffirms section 1 of the Ontario Human Rights Code, 1981, which prohibits discrimination on the grounds of race, ancestry, place of origin, colour, ethnic origin, citizenship, creed, sex, sexual orientation, handicap, age, marital status or family status.

The university encourages applications from women, aboriginal peoples, visible minorities, persons with disabilities, and members of other under-represented groups.

Introduction

Collection, Use and Disclosure of Personal Information

Personal information is collected under the authority of the University of Guelph Act (1964), and in accordance with Ontario's Freedom of Information and Protection of Privacy Act (FIPPA) http://www.e-laws.gov.on.ca/DBLaws/Statutes/English/90f31_e.htm. This information is used by University officials in order to carry out their authorized academic and administrative responsibilities and also to establish a relationship for alumni and development purposes. Certain personal information is disclosed to external agencies, including the Ontario Universities Application Centre, the Ministry of Training, Colleges and Universities, and Statistics Canada, for statistical and planning purposes, and is disclosed to other individuals or organizations in accordance with the Office of Registrarial Services Departmental Policy on the Release of Student Information. For details on the use and disclosure of this information call the Office of Registrarial Services at the University at (519) 824-4120 or see <http://www.uoguelph.ca/registrar/registrar/index.cfm?index>.

Statistics Canada - Notification of Disclosure

For further information, please see Statistics Canada's web site at <http://www.statcan.gc.ca> and Section XIV Statistics Canada.

Address for University Communication

Depending on the nature and timing of the communication, the University may use one of these addresses to communicate with students. Students are, therefore, responsible for checking all of the following on a regular basis:

Email Address

The University issued email address is considered an official means of communication with the student and will be used for correspondence from the University. Students are responsible for monitoring their University-issued email account regularly.

Home Address

Students are responsible for maintaining a current mailing address with the University. Address changes can be made, in writing, through the Office of Graduate Studies.

Name Changes

The University of Guelph is committed to the integrity of its student records, therefore, each student is required to provide either on application for admission or on personal data forms required for registration, his/her complete, legal name. Any requests to change a name, by means of alteration, deletion, substitution or addition, must be accompanied by appropriate supporting documentation.

Student Confidentiality and Release of Student Information Policy Excerpt

The University undertakes to protect the privacy of each student and the confidentiality of his or her record. To this end the University shall refuse to disclose personal information to any person other than the individual to whom the information relates where disclosure would constitute an unjustified invasion of the personal privacy of that person or of any other individual. All members of the University community must respect the confidential nature of the student information which they acquire in the course of their work.

Graduate Faculty

Lorne P. Bennett

BA, MSc Guelph, PhD Ottawa - Associate Professor

Aaron Berg

BSc, MSc Lethbridge, MSc Texas -Austin, PhD California -Irvine - Associate Professor

Benjamin E. Bradshaw

BA Trent, PhD Guelph - Associate Professor and Graduate Coordinator

Jaclyn Cockburn

BSc, MSc, PhD Queen's - Assistant Professor

Evan Fraser

BA, MSc Toronto, PhD UBC - Associate Professor

Ze'ev Gedalof

BA, MSc Victoria, PhD Washington - Associate Professor

Noella Gray

BSc McGill, MA Western, PhD Duke - Assistant Professor

Roberta Hawkins

BSc Queen's, MES, MA York, PhD Clark - Assistant Professor

Alice Hovorka

BA Queen's, MA Carleton, PhD Clark - Associate Professor, Associate Chair and Graduate Coordinator

Alun E. Joseph

BA Liverpool, MA Queen's, PhD McMaster - Professor

Richard G. Kuhn

BA Concordia, MA Victoria, PhD Alberta - Associate Professor

John B. Lindsay

BSc Nipissing, MS, PhD Western Ontario - Associate Professor

Janet E. Mersey

BA Mount Allison, MSc, PhD Wisconsin - Associate Professor and Associate Chair

Kate Parizeau

BASc McMaster, MSc, PhD Toronto - Assistant Professor

Jennifer Silver

BA Mount Allison, MA Western, PhD Simon Fraser - Assistant Professor

Barry Smit

BA, MA Auckland, PhD McMaster - Professor

John A. Smithers

BA Western Ontario, MA, PhD Guelph - Professor and Chair

Wanhong Yang

BSc Hubei, MSc Chinese Academy of Sciences, PhD Illinois - Associate Professor

MA and MSc Programs

The Department of Geography offers MA and MSc degrees in Geography, by thesis and by project. The Master's program offers opportunities for research in the areas of socio-economic spaces and change, environmental management and governance, and biophysical systems and processes. The program is distinctive in that it emphasizes interrelationships among biophysical and human systems. Scales of inquiry range from the local to the global, and students conduct research in both developed and developing countries.

Admission Requirements

To be considered for admission, applicants should meet the minimum requirements of a four-year honours degree with a 75% ('B') average during the final two years of study. Applicants must submit a statement of their research interests with their application. It is essential that applicants contact potential advisors in the department prior to submission of an application. Students are admitted in September and applications and supporting documentation should be submitted by January 10 for consideration in the first round for admission and funding. Applications received after this date shall be considered in the second round.

Degree Requirements

Students may undertake an MA or an MSc program in geography by thesis or by research project (the non thesis option). Students taking the thesis option are required to complete an acceptable thesis and the Research Methods courses (GEOG*6090 and GEOG*6091). In addition, students must take three courses (1.5 credits), from the Department of Geography.

For the MA degree, students must complete two courses identified as social science courses. For the MSc degree, students must complete two courses identified as natural science courses.

Students taking the non thesis option must complete the Research Methods courses (GEOG*6090 and GEOG*6091) and the Research Project course. In addition, five other courses (2.5 credits) are required, at least four of which must be from the Department of Geography. MA students must complete three courses identified as social science courses. MSc students must complete three courses identified as natural science courses.

PhD Program

The objective of the PhD program is to offer opportunities for advanced research within one or more of the three fields in the graduate program: socio-economic spaces and change, environmental management and governance, and biophysical systems and processes. Doctoral students conduct research relating to these areas at various geographic scales, from the local to the global.

Admission Requirements

Applicants for the PhD program should have a recognized master's degree with an 80% ('A-') average in their postgraduate studies. Applicants must submit a statement of their research interests including some evidence of experience in their chosen research area. It is essential that applicants contact potential advisors in the department prior to submission of an application. Students are admitted in September and applications and supporting documentation should be submitted by January 10 for consideration in the first round for admission and funding. Applications received after this date shall be considered in the second round.

Degree Requirements

All students in the PhD program are required to complete the Geographic Scholarship and Research course during the first two semesters of study. The advisory committee may prescribe additional courses to help the student prepare for the qualifying examination and thesis research. All students in the PhD program must complete a qualifying examination and submit a satisfactory research proposal by the end of the fourth semester of study.

The qualifying examination has written and oral components and evaluates the student's knowledge of the broader scholarly field as well as the specific theoretical and empirical content of the intended research area. Submission and defence of an acceptable thesis on an approved topic completes the requirements of the PhD.

Collaborative Programs

International Development Studies MA/MSc/PhD

The Department of Geography participates in the MA and MSc programs in the collaborative International Development Studies (CIDS) programs. Consult the International Development Studies listing for a detailed description of the requirements of the program.

Courses

Environmental Management and Governance

GEOG*6281 Environmental Management and Governance F [0.50]

Analysis, evaluation and management of environmental resources. Emphasis is on biophysical and socio-economic concepts and methods which offer a more comprehensive and integrative basis for environmental decisions.

GEOG*6340 Human-Environment Relations W [0.50]

A critical review of philosophies, concepts and analytical methods for analysis and management of systems involving the interaction of environmental processes and human spatial activity.

Biophysical Systems and Processes

GEOG*6330 Biotic Processes and Biophysical Systems U [0.50]

Investigation of biotic processes influencing the composition, structure and distribution of plant and animal communities and of approaches to biophysical systems analysis, focusing on environmental system interaction at the landscape scale.

GEOG*6550 Environmental Modelling W [0.50]

This course aims to provide students with an understanding of the processes and techniques involved in environmental modeling practice and will focus on the power and limitations of existing models.

GEOG*6610 Global Hydrology F [0.50]

An examination of global environmental hydrology including precipitation, evaporation, subsurface water and runoff. Physical processes, measurement, analytical techniques and modelling strategies will be considered in the context of global change.

Socio-Economic Spaces and Changes

GEOG*6400 Urbanization and Development U [0.50]

Analysis of the evolution of urban form and pattern in the developing world within the context of the global urban system. Examines national urban systems and implications for dispersed development and rural change. (alternate years)

GEOG*6450 Development Geography U [0.50]

Group identities at various scales in relation to concepts of territory and territoriality, and their changing impact on the world's political map. (alternate years)

General

GEOG*6060 Special Topics in Geography S,F,W [0.50]

A course on some specific topic not covered by the regular graduate courses for which there are both available faculty and sufficient interest among students.

Restriction(s): Instructor's signature required

GEOG*6090 Geographical Research Methods I F [0.50]

A review of philosophies and research methods in geography. The development and presentation of a context paper for the thesis or research project.

GEOG*6091 Geographical Research Methods II W [0.50]

A review of philosophies and research methods in geography. The development and presentation of a research proposal for the thesis or research project.

Prerequisite(s): GEOG*6090

GEOG*6100 Geographic Scholarship and Research F-W [0.50]

A review of geographic scholarship including conceptual, theoretical and methodological issues in resource assessment, biophysical resources and rural socio-economic resources. The course extends over two semesters (Fall and Winter).

GEOG*6180 Research Project in Geography S,F,W [1.00]

The preparation and presentation of a report on the research project approved in GEOG*6090.

Restriction(s): Instructor's signature required
