Learning Outcomes

Graduate Degree Learning Outcomes

On May 27, 2013, the University of Guelph Senate approved the following five University-wide Learning Outcomes as the basis from which to guide the development of graduate degree programs, specializations and courses:

1. Critical and Creative Thinking
2. Literacy
3. Global Understanding
4. Communication
5. Professional and Ethical Behaviour

These learning outcomes are also intended to serve as a framework through which our educational expectations are clear to students and the broader public; and to inform the process of outcomes assessment through the quality assurance process (regular reviews) of programs and departments.

An on-line guide to the learning outcomes, links to the associated skills, and detailed rubrics designed to support the development and assessment of additional program and discipline-specific outcomes, are available for reference on the Learning Outcomes website.

Critical and Creative Thinking

Critical and creative thinking is a concept in which one applies logical principles, after much inquiry and analysis, to solve problems with a high degree of innovation, divergent thinking and risk taking. Those mastering this outcome show evidence of integrating knowledge and applying this knowledge across disciplinary boundaries. Depth and breadth of understanding of disciplines is essential to this outcome. At the graduate level, originality in the application of knowledge (master’s) and undertaking of research (doctoral) is expected.

In addition, Critical and Creative Thinking includes, but is not limited to, the following outcomes: Independent Inquiry and Analysis; Problem Solving; Creativity; and Depth and Breadth of Understanding.

Literacy

Literacy is the ability to extract information from a variety of resources, assess the quality and validity of the material, and use it to discover new knowledge. The comfort in using quantitative literacy also exists in this definition, as does using technology effectively and developing visual literacy.

In addition, Literacy includes, but is not limited to, the following outcomes: Information Literacy, Quantitative Literacy, Technological Literacy, and Visual Literacy.

Global Understanding

Global understanding encompasses the knowledge of cultural similarities and differences, the context (historical, geographical, political and environmental) from which these arise, and how they are manifest in modern society. Global understanding is exercised as civic engagement, intercultural competence and the ability to understand an academic discipline outside of the domestic context.

In addition, Global Understanding includes, but is not limited to, the following outcomes: Global Understanding, Sense of Historical Development, Civic Knowledge and Engagement, and Intercultural Competence.

Communication

Communication is the ability to interact effectively with a variety of individuals and groups, and convey information successfully in a variety of formats including oral and written communication. Communication also comprises attentiveness and listening, as well as reading comprehension. It includes the ability to communicate and synthesize information, arguments, and analyses accurately and reliably.

In addition, Communication includes, but is not limited to, the following outcomes: Oral Communication, Written Communication, Reading Comprehension, and Integrative Communication.

Professional and Ethical Behaviour

Professional and ethical behaviour requires the ability to accomplish the tasks at hand with proficient skills in teamwork and leadership, while remembering ethical reasoning behind all decisions. The ability for organizational and time management skills is essential in bringing together all aspects of managing self and others. Academic integrity is central to mastery in this outcome. At the graduate level, intellectual independence is needed for professional and academic development and engagement.

In addition, Professional and Ethical Behaviour includes, but is not limited to, the following outcomes: Teamwork, Ethical Reasoning, Leadership, Personal Organization and Time Management, and Intellectual Independence.

European Studies

The European Studies MA program is designed to provide students with a flexible, inter- 
and transdisciplinary approach to European Studies that combines humanities and social 
science perspectives on the study of European cultures and the concept of European 
identities. The program has three key objectives: 1) to promote studies crossing 
boundary-lines of all types and explore European culture in its relations with other 
continents; 2) to introduce students to a variety of methodological approaches in preparation 
for advanced doctoral research in the field of the Humanities; 3) to prepare students for 
careers in the arts, teaching and communication, and management, and to equip them with 
the skills needed to play leading roles in international institutions, national administrations, 
cultural organizations or media groups.

MA Program

The European Studies program offers two streams:

1. Exploring European Identities: 3 to 4 consecutive semesters in length, program 
   requirements to be completed mainly at Guelph, with the option of a semester abroad 
   (in France, Germany, Italy or Spain).

2. Crossways in Cultural Narratives, is offered through the University of Guelph’s 
   participation in the Erasmus Mundus Consortium. This stream is 2 years in length (2 
   Fall and 2 Winter semesters) and involves a compulsory mobility component, whereby 
   the student attends 3 different universities in 3 different member-states of the 
   Consortium.

Admission Requirements

Admission requirements and procedure as well as program requirements for the two 
streams differ, and are listed separately below.

Exploring European Identities

Candidates for admission must hold a BA in an honours program or equivalent from a 
recognized university or college. The applicant must have achieved a grade average of at 
least B+ in the work of their last four semesters or last two undergraduate years (full-time 
equivalent). A reading competence in a European language in addition to English is 
recommended.

Crossways in Cultural Narratives

Candidates for admission must have a Bachelor’s Degree in an honours program or 
equivalent in the field of Arts, Languages or Social Sciences; particularly a Modern 
Languages Degree (e.g. language, literature, thought and cultural studies programs of a 
recognized university or college). The applicant must have achieved a grade average of at 
least B+ (or equivalent), or be among the top 5-10 students of their year.

Applications should be made through the Mundus Masters consortium

Program Requirements

Exploring European Identities

A minimum of 4.00 credits is required for completion of the M.A., to consist of the following:

1. A minimum of six semester courses, each worth 0.5 credits, including: a) Core courses: 
   Team-taught courses on European Identities (EURO*6010) and Research Methods 
   (EURO*6000), b) Electives: 2.0 credits to be chosen from a list of restricted electives 
   in European Studies and other programs such as Art History and Visual Culture, 
   English, French, History, Political Science and Philosophy. Visit the EuropeanStudies 
   website for an updated list.

2. Students will also write a research project (EURO*6100), worth 1.0 credit of 
   approximately 12,000 words under the supervision of a faculty member.

Study Abroad

It is strongly recommended that students study or conduct research abroad. Typically, 
this would be taken over one semester.
Crossways in Cultural Narratives
A total of 6.00 credits (120 ECTS minimum) must be obtained: 4.00 for coursework, 1.75 for a thesis of 20,000 words (0.25 or 0.50 credits for the thesis proposal depending on whether students opt for an internship or not, 1.50 for the thesis). Students may opt for an internship worth 0.25 credits.
In compliance with the compulsory mobility component, students are required to obtain 2.00 credits (40 ECTS) from each of 3 universities chosen from the 8 member institutions:
- University of Perpignan Via Domitia, France
- University of Bergamo, Italy
- University of Guelph, Canada
- New University of Lisbon, Portugal
- Adam Mickiewicz University, Poland
- University of Santiago de Compostela, Spain
- University of Saint Andrews, United Kingdom
- University of Sheffield, United Kingdom
The required mobility pattern is as follows: Semester 1 – University A, Semesters 2 & 3 – University B (known as the home university), Semester 4 – University C.
