Learning Outcomes

Graduate Degree Learning Outcomes

On May 27, 2013, the University of Guelph Senate approved the following five University-wide Learning Outcomes as the basis from which to guide the development of graduate degree programs, specializations and courses:

1. Critical and Creative Thinking
2. Literacy
3. Global Understanding
4. Communication
5. Professional and Ethical Behaviour

These learning outcomes are also intended to serve as a framework through which our educational expectations are clear to students and the broader public; and to inform the process of outcomes assessment through the quality assurance process (regular reviews) of programs and departments.

An on-line guide to the learning outcomes, links to the associated skills, and detailed rubrics designed to support the development and assessment of additional program and discipline-specific outcomes, are available for reference on the Learning Outcomes website.

Critical and Creative Thinking

Critical and creative thinking is a concept in which one applies logical principles, after much inquiry and analysis, to solve problems with a high degree of innovation, divergent thinking and risk taking. Those mastering this outcome show evidence of integrating knowledge and applying this knowledge across disciplinary boundaries. Depth and breadth of understanding of disciplines is essential to this outcome. At the graduate level, originality in the application of knowledge (master’s) and undertaking of research (doctoral) is expected.

In addition, Critical and Creative Thinking includes, but is not limited to, the following outcomes: Independent Inquiry and Analysis; Problem Solving; Creativity; and Depth and Breadth of Understanding.

Literacy

Literacy is the ability to extract information from a variety of resources, assess the quality and validity of the material, and use it to discover new knowledge. The comfort in using quantitative literacy also exists in this definition, as does using technology effectively and developing visual literacy.

In addition, Literacy includes, but is not limited to, the following outcomes: Information Literacy, Quantitative Literacy, Technological Literacy, and Visual Literacy.

Global Understanding

Global understanding encompasses the knowledge of cultural similarities and differences, the context (historical, geographical, political and environmental) from which these arise, and how they are manifest in modern society. Global understanding is exercised as civic engagement, intercultural competence and the ability to understand an academic discipline outside of the domestic context.

In addition, Global Understanding includes, but is not limited to, the following outcomes: Global Understanding, Sense of Historical Development, Civic Knowledge and Engagement, and Intercultural Competence.

Communication

Communication is the ability to interact effectively with a variety of individuals and groups, and convey information successfully in a variety of formats including oral and written communication. Communication also comprises attentiveness and listening, as well as reading comprehension. It includes the ability to communicate and synthesize information, arguments, and analyses accurately and reliably.

In addition, Communication includes, but is not limited to, the following outcomes: Oral Communication, Written Communication, Reading Comprehension, and Integrative Communication.

Professional and Ethical Behaviour

Professional and ethical behaviour requires the ability to accomplish the tasks at hand with proficient skills in teamwork and leadership, while remembering ethical reasoning behind all decisions. The ability for organizational and time management skills is essential in bringing together all aspects of managing self and others. Academic integrity is central to mastery in this outcome. At the graduate level, intellectual independence is needed for professional and academic development and engagement.

In addition, Professional and Ethical Behaviour includes, but is not limited to, the following outcomes: Teamwork, Ethical Reasoning, Leadership, Personal Organization and Time Management, and Intellectual Independence.

University Academic Fees

Tuition Fees

Tuition fees for full-time, part-time or special (non-degree) students may be found at the Student Financial Services website at https://www.uoguelph.ca/registrar/studentfinance/fees/index

Changes to Fee Assessment

International students who are studying on study permits and whose immigration status changes, or those who may be eligible for the regular tuition fees but are charged the international student tuition rates, must present acceptable official documentation to the Office of Graduate and Postdoctoral Studies. To effect a change of fees in a particular semester, the documentation must be presented not later than the last working day prior to June 30 (Summer semester), November 1 (Fall semester), or February 1 (Winter semester).

Senior Citizens

Senior citizens, who are Canadian Citizens or Permanent Residents, are aged 65 years and over as of the first day of the month in which a semester commences, and who are admitted for registration, will be exempt from paying domestic tuition, student organization and other fees. Course material fees may apply for some courses.

Other Academic Fees

A complete listing of these fees may be found under Miscellaneous Fees at the Student Financial Services website at https://www.uoguelph.ca/registrar/studentfinance/fees/index

University Non-Academic Fees

Required only of full-time graduate students, unless otherwise indicated. Full-time students living more than 200 km. from Guelph who apply for “full-time distant” status may be exempted from some of these fees. See the Office of Graduate and Postdoctoral Studies for details. A complete listing of university non-academic fees may be found at the Student Financial Services website at https://www.uoguelph.ca/registrar/studentfinance/fees/index

Student Organization Fees

The Constitution of the University of Guelph Graduate Students' Association provides (Art. III, Sec. 1.) for all graduate students of the University of Guelph to be Members of the Association. These fees are collected as a service to the Association and may be found at the Student Financial Services website at https://www.uoguelph.ca/registrar/studentfinance/fees/index

Payment of Fees

The fees for a semester are due and payable as indicated on the financial statement issued/posted by Student Financial Services for that semester.

Tentative registration may be granted to students who make arrangements with Student Financial Services for the deferred payment of their university accounts. Students who are expecting to use OSAP funds to pay their semester account are advised to apply for this assistance at least eight weeks in advance of the first day of semester so that the funds will be here by the beginning of the semester. Students wishing a deferral of fees based on anticipated OSAP/government funds must receive approval from Student Financial Services.

Refunds of University Non-Academic fees and Student Organization fees (except Bus Pass, medical insurance premium and dental insurance premium) will be made in full up to and including the 15th class day of a semester. No refund of University Non-Academic fees and Student Organization fees will be made after the 15th class day. Room charges will be refunded on a pro rata basis for the period in residence, but cancellation of the residence contract will also result in forfeiture of all or part of the residence deposit. Refer to the Residence Contract Terms and Conditions for further information.

Early Completion Rebate

In certain circumstances, those students who complete the requirements for their degree programs early in a given semester may apply for a partial rebate of tuition fees paid for that semester. The rebate is prorated according to the date of final completion (see refund schedule in the Refund of Fees). For more information regarding this option, contact the Office of Graduate and Postdoctoral Studies. In order to qualify for the rebate, the student must have been registered in the immediate preceding semester.

Refund of Fees

Upon the authorization of the Assistant Vice-President (Graduate Studies) a graduate student who withdraws from the university may be eligible for a refund of part of the fees, to be effective as of the date upon which the withdrawal notice is received in the Office of Graduate and Postdoctoral Studies. Outstanding Library fines and charges are deducted from the calculated refund.

If the withdrawal results in a credit balance in your fees account, i.e. payments are greater than charges, a refund is produced. Allow approximately four weeks before refunds are issued from Student Financial Services. The University has been directed by the Ministry of Advanced Education and Skills Development to return refunds to the National Student Loans Service Centre in instances where assistance was received through a Government Student Loan.
