Address for University Communication

Depending on the nature and timing of the communication, the University may use one of these addresses to communicate with students. Students are, therefore, responsible for checking all of the following on a regular basis:

Email Address

The University issued email address is considered an official means of communication with the student and will be used for correspondence from the University. Students are responsible for monitoring their University-issued email account regularly.

Home Address

Students are responsible for maintaining a current mailing address with the University. Address changes can be made, in writing, through Registrarial Services.

Name Changes

The University of Guelph is committed to the integrity of its student records, therefore, each student is required to provide either on application for admission or on personal data forms required for registration, their complete, legal name. Any requests to change a name, by means of alteration, deletion, substitution or addition, must be accompanied by appropriate supporting documentation.

Student Confidentiality and Release of Student Information Policy Excerpt

The University undertakes to protect the privacy of each student and the confidentiality of their record. To this end the University shall refuse to disclose personal information to any person other than the individual to whom the information relates where disclosure would constitute an unjustified invasion of the personal privacy of that person or of any other individual. All members of the University community must respect the confidential nature of the student information which they acquire in the course of their work.

Learning Outcomes

Graduate Degree Learning Outcomes

On May 27, 2013, the University of Guelph Senate approved the following five University-wide Learning Outcomes as the basis from which to guide the development of graduate degree programs, specializations and courses:

1. Critical and Creative Thinking
2. Literacy
3. Global Understanding
4. Communication
5. Professional and Ethical Behaviour

These learning outcomes are also intended to serve as a framework through which our educational expectations are clear to students and the broader public; and to inform the process of outcomes assessment through the quality assurance process (regular reviews) of programs and departments.

An on-line guide to the learning outcomes, links to the associated skills, and detailed rubrics designed to support the development and assessment of additional program and discipline-specific outcomes, are available for reference on the Learning Outcomes website.

Critical and Creative Thinking

Critical and creative thinking is a concept in which one applies logical principles, after much inquiry and analysis, to solve problems with a high degree of innovation, divergent thinking and risk taking. Those mastering this outcome show evidence of integrating knowledge and applying this knowledge across disciplinary boundaries. Depth and breadth of understanding of disciplines is essential to this outcome. At the graduate level, originality in the application of knowledge (master’s) and undertaking of research (doctoral) is expected.

In addition, Critical and Creative Thinking includes, but is not limited to, the following outcomes: Independent Inquiry and Analysis; Problem Solving; Creativity; and Depth and Breadth of Understanding.

Literacy

Literacy is the ability to extract information from a variety of resources, assess the quality and validity of the material, and use it to discover new knowledge. The comfort in using quantitative literacy also exists in this definition, as does using technology effectively and developing visual literacy.

In addition, Literacy includes, but is not limited to, the following outcomes: Information Literacy, Quantitative Literacy, Technological Literacy, and Visual Literacy.

Global Understanding

Global understanding encompasses the knowledge of cultural similarities and differences, the context (historical, geographical, political and environmental) from which these arise, and how they are manifest in modern society. Global understanding is exercised as civic engagement, intercultural competence and the ability to understand an academic discipline outside of the domestic context.

In addition, Global Understanding includes, but is not limited to, the following outcomes: Global Understanding, Sense of Historical Development, Civic Knowledge and Engagement, and Intercultural Competence.

Communication

Communication is the ability to interact effectively with a variety of individuals and groups, and convey information successfully in a variety of formats including oral and written communication. Communication also comprises attentiveness and listening, as well as reading comprehension. It includes the ability to communicate and synthesize information, arguments, and analyses accurately and reliably.

In addition, Communication includes, but is not limited to, the following outcomes: Oral Communication, Written Communication, Reading Comprehension, and Integrative Communication.

Professional and Ethical Behaviour

Professional and ethical behaviour requires the ability to accomplish the tasks at hand with proficient skills in teamwork and leadership, while remembering ethical reasoning behind all decisions. The ability for organizational and time management skills is essential in bringing together all aspects of managing self and others. Academic integrity is central to mastery in this outcome. At the graduate level, intellectual independence is needed for professional and academic development and engagement.

In addition, Professional and Ethical Behaviour includes, but is not limited to, the following outcomes: Teamwork, Ethical Reasoning, Leadership, Personal Organization and Time Management, and Intellectual Independence.

XII. Graduate Awards & Financial Assistance

Graduate students have a number of funding options. This section explains how employment, awards, grants, loans and bursaries may factor into your funding equation. It also includes a comprehensive listing of University of Guelph internal awards.

Notice of Disclosure: It is understood that merit award winners' names will be released to donors and may be published as a condition of the award.

The University reserves the right to amend awards subject to the availability of funds.

From the University of Guelph

Graduate students may expect to undertake teaching and research assistantships as an integral part of their academic programs. Before undertaking any kind of assistantship, however, graduate students must note that some fellowships, scholarships, and bursaries awarded by external agencies strictly limit the number of hours of service the holder may render to the university and/or limit the amount of money the holder may receive in some cases, from all sources. Students are responsible for abiding strictly by the terms of any such awards.

Financial assistance may be available to graduate students in several forms and combinations. These may include employment, research awards, scholarships and bursaries. Each of these is described briefly in the Employment and Awards sections that follow. Students have the responsibility to ascertain precisely what remuneration will be received, if any, from the department or school in which they propose to register. The department or school has the responsibility to inform students about the duties they associate with that form of assistance.

When departments and schools make admission recommendations to the Office of Graduate and Postdoctoral Studies, they also decide what funding (if any) will be provided to each person selected. These funding decisions may include one or more of the employments and award programs described in the Employment and Awards sections that follow.

Employment

Graduate Teaching Assistant (GTA)

Students appointed as graduate teaching assistants will be asked to perform only teaching-related duties. These may include preparing and conducting tutorials, laboratories and seminars; grading assignments, reports and examinations, and performing other related duties. Students may hold a GTA in a department in which they are not registered.

A copy of the collective agreement between the university and CUPE local 3913 unit 1, covering GTA employment, is available for students appointed as GTAs. Students are expected to familiarize themselves with these regulations. The GTA rate of pay is established annually.

The university provides T4 and T4A tax information slips each year to students with GTAs. These forms document the appropriate taxable portions of GTA funding. These slips are mailed to students in late February each year, for the previous tax year.

Graduate Service Assistant (GSA)

The university provides a T4 tax information slip each year to students with GSAs. For income tax purposes, these forms document the money received through any GSA appointment(s). These slips are mailed to students in late February each year, for the previous tax year.

Typically, the services provided by GSAs fall into two categories: Work that is directly related to the academic enterprise but not properly a GTA or GRA. Examples of these services include the preparation of academic or administrative reports and the compilation of statistics for departmental use. This work may not contribute to the student's thesis research. A copy of the collective agreement between the university and CUPE local 3913 unit 1, covering GSA(i) employment, is available for students appointed as GSA(i)s. Students are expected to familiarize themselves with these regulations. The GSA(i) rate of pay is established annually.

Notice of Disclosure: It is understood that merit award winners' names will be released to donors and may be published as a condition of the award.

The University reserves the right to amend awards subject to the availability of funds.

The University provides a T4A tax information slip each year to students with GRAs. For income tax purposes, the T4A documents the funds received through any graduate research assistantships. These slips are mailed to students in late February each year, for the previous tax year.

Scholarships

Note

Students must be registered full-time to be eligible for all internal awards, including travel grants, unless otherwise stated in the eligibility clause.

There is a complete list of internal awards grouped by student eligibility, i.e., by college or department affiliation and/or as awards for which students are eligible from across campus. The university reserves the right to amend these awards subject to the availability of funds.

Students are eligible for internal award consideration from the time they have accepted an offer of admission to a graduate program until they have graduated from that program; students must be registered in order to receive these awards. Students granted a leave of absence (see section 3.4) may defer acceptance of internal awards or interrupt acceptance of continuing awards until after the approved leave with the permission of the appropriate awards committee.

The university provides a T4A tax information slip to students each year. For income tax purposes, these forms document the money received by students in the form of awards, including department, school, college and university awards. These slips are mailed to students in late February each year, for the previous tax year.

Please note that Student Financial Services will apply all internal awards against outstanding balances on student's accounts unless prior arrangements have been made.

Travel Research Grants

Note

Students must be registered full-time to be eligible for all internal awards, including travel grants, unless otherwise stated in the eligibility clause.

Graduate students may receive travel research grants to assist them in their research. Travel research grants are given to cover your travelling expenses, including all reasonable amounts for meals and lodging, while away from home in the course of your research work.

The University provides a T4A tax information slip to students each year. Although it should be reported as income as provided in the Income Tax Act, you are able to deduct the full amount of the described expenses up to the amount of the grant. You should attach to your income tax return a list of the expenses you are deducting from the research grant. These expenses should only include those listed above. You do not have to attach receipts but should keep them in case you are later asked for them.

Entrance awards

Entry-level (semester-one) students in all departments are considered without award application for most internal awards prior to arrival and registration (see also college/school and university award descriptions). Students will normally be included in entrance-award competitions held after the date on which they accepted an offer of admission. It is strongly recommended that a completed application for graduate study be received at least six months prior to the date when the student hopes to begin graduate study. This will ensure consideration for all possible entrance awards for which the student is eligible. Students who apply less than six months in advance may miss some internal award competitions but will still be considered for appropriate awards not yet distributed.

ACCESS Awards

Terms and Conditions

The University established an endowment fund through generous donor contributions and has been matched by the provincial government's Ontario Student Opportunity Trust Fund (OSOTF) program and the Ontario Trust for Student Support (OTSS). The income generated from these endowments will be used to support financial aid programs. The awards created will be used to assist Canadian citizens or permanent residents who meet the Ontario residency requirements as mandated by the OSOTF/OTSS program. Students must complete a Financial Need Assessment Form in order to be considered. Please contact Student Financial Services.

Graduate Research Assistantships (GRAs)

Graduate Research Assistantships (GRAs) are paid to graduate students in support of their scholarly activity/research and in the preparation of their thesis/major paper.

Funds to pay the GRA may be from research grants or contracts received by faculty members from external agencies or governments. In these cases, the student's research would contribute to the research of the faculty member under whose direction it is conducted and the dollar value of GRA stipends may depend on the external granting agencies' guidelines on support of graduate students through research operating grants. Alternatively, funding for the GRAs may be from the University. Regardless, in either situation the GRAs must be approved by the department chair or school director on the recommendation of the advisor.
3. demonstrate financial need as determined by the University of Guelph Needs Assessment procedures.

In-course awards

Students continuing in a graduate program of study are automatically considered for some awards and must make application for others. A list and description of all internal awards is available at About In-Course Scholarships.

Bursaries

A limited number of emergency bursaries and/or student loans are available for students who unexpectedly find themselves in difficult circumstances. Students should discuss these unexpected difficulties/costs with their advisor and Graduate Program Coordinator. If unresolved financial difficulties remain, they should then proceed to Student Financial Services. These funds are specifically designed to cover emergency/acute/unexpected/one-time-only situations requiring compassion and are not designed to cover registration and living costs associated with the normal continuation of study.

From Other Sources

Awards

A listing and description of external scholarships/fellowships/awards that students may hold while registered at Guelph are maintained on the Office of Graduate and Postdoctoral Studies website: http://www.uoguelph.ca/graduatestudies/finance/exawards.

Internal deadline dates for the University of Guelph will be posted to the Office of Graduate and Postdoctoral Studies website in late August each year. Students interested in any of the external awards listed are urged to visit the appropriate agency website for the complete award information. Eligible students must apply in fall of the current year for scholarships which can begin in May, September or January of the following academic year.

Eligibility for, terms, conditions and availability of the scholarships listed below are subject to change.

National - Master's

Tri-Council (CIHR, NSERC & SSHRC)

The CGS M Program supports 2,500 students annually in all disciplines and is administered jointly by Canada’s three federal granting agencies: the Canadian Institutes for Health Research (CIHR), the Natural Sciences and Engineering Research Council of Canada (NSERC), and the Social Sciences and Humanities Research Council of Canada (SSHRC). The selection process and post-award administration are carried out at the university level, under the guidance of the three agencies.

The annual competition is held in the fall. Eligible applicants must be Canadians or permanent residents and have at least an ‘A-’ average (first-class standing) in each of the last two years of full-time study or equivalent part-time study, as of August 31 of the year of application.

National - Doctoral

Canadian Institutes of Health Research (CIHR)

Frederick Banting & Charles Best Doctoral Research Award

There is an annual competition for outstanding eligible candidates for the CIHR Doctoral fellowships. The Doctoral Research Award competition is in early fall and students apply directly to CIHR. Details on the application process can be found on the CIHR website in late August.

Natural Sciences and Engineering Research Council of Canada (NSERC)

Alexander Graham Bell Canada Graduate Doctoral Scholarships

There is an annual competition in September for outstanding eligible students pursuing masters or doctoral level studies. NSERC eligibility regulations are subject to change and may be found on their website at http://www.nserc-crsng.gc.ca/Students-Etudiants/PG-CS/BellPostgrad-BelletSuperieurs_eng.asp. Eligible applicants must be Canadians or permanent residents and have at least an ‘A’ average (first-class standing) in each of the last two years of full-time study or equivalent part-time study, as of August 31 of the year of application.

Students currently registered at a Canadian university must apply for NSERC Postgraduate Scholarships (PGSD/CGSD) through the appropriate office at the university of registration and follow its procedures and deadline dates for submission. At Guelph, applications for postgraduate scholarships are processed by the Office of Graduate and Postdoctoral Studies.

Students who are not currently registered (more than 12 months since the last month of registration) in a Canadian University must apply directly to NSERC and follow NSERC application procedures and submission deadlines. Applications are available on-line at http://www.nserc-crsng.gc.ca/Students-Etudiants/PG-CS/BellPostgrad-BelletSuperieurs_eng.asp just prior to the September application period.

Social Science and Humanities Research Council of Canada (SSHRC)

Joseph-Armand Bombardier Canada Graduate Doctoral Scholarships and SSHRC Doctoral Fellowships

There are annual competitions for eligible students each fall. SSHRC eligibility regulations are subject to change. Eligible applicants must be Canadians or permanent residents and have at least an ‘A-’ average (first-class standing) in each of the last two years of full-time study or equivalent part-time study, as of the end of August of the year of application.

Students registered at a Canadian university must apply for SSHRC scholarships through the appropriate office at the university in which they are registered and follow its application procedures and deadlines. At Guelph, applications for these scholarships are made through the Office of Graduate and Postdoctoral Studies.

Students who are not currently registered at a Canadian university must apply directly to SSHRC and follow SSHRC application procedures and submission deadlines. Applications are available on the SSHRC website at: http://www.sshrc-crsh.gc.ca/funding-financement/index-eng.aspx

Vanier Canada Graduate Scholarships (CIHR, NSERC, SSHRC)

The Vanier Canada Graduate Scholarships (Vanier CGS) program is designed to attract and retain world-class doctoral students by offering them a significant financial award to assist them during their studies at Canadian universities. Vanier Scholars demonstrate leadership skills and a high standard of scholarly achievement in the social sciences and humanities, natural sciences and engineering, and health-related fields. Applicants to the Vanier Scholarships should also apply to the doctoral competition for the appropriate Tri-Council Agency. There is an annual competition for eligible students in September.

National - PostDoctoral

Banting Postdoctoral Fellowships:

There are 70 fellowships awarded annually and they are distributed equally among the Canadian Institutes of Health Research (CIHR), Natural Sciences & Engineering Research Council (NSERC) and the Social Sciences & Humanities Research Council (SSHRC). Application forms and information on the process for all 3 agencies are available for Canadians, and permanent residents of Canada and foreign citizens on the Banting Postdoctoral Fellowship website. There are various application deadline dates and postdoctoral award programs; doctoral students should note that some awards require application up to one year before doctoral degree completion. At the University of Guelph, application packages which have been endorsed by the academic department and college are forwarded to the Office of Graduate and Postdoctoral Studies well in advance of the annual deadline. Check the Office of Graduate and Postdoctoral Studies website in late August for upcoming due dates.

NSERC AND SSHRC POSTDOCTORAL FELLOWSHIPS:

Application forms are available for Canadians and permanent residents on the NSERC and SSHRC websites. There are various application deadline dates and postdoctoral award programs; doctoral students should note that some awards require application up to one year before doctoral degree completion.

Provincial

Ontario Graduate Scholarships (OGS)

These are awarded through an annual competition for students. OGS eligibility regulations are subject to change.

There are two competitions: (i) for applicants who are Canadians or permanent residents, and (ii) for international students who are in a graduate program in Ontario and on a student visa. Eligible applicants must have at least an ‘A-’ average (first-class standing) in the last two years of full-time study or equivalent part-time study, as of the end of August of the year of application.

Eligible undergraduate students must apply in fall of the current year for scholarships which can begin in May, September or January of the following academic year.

Continuing graduate students must apply in the fall before receiving an award for the second year of a master's program or any of the first five years of a doctoral program.

Students must apply for an OGS through the appropriate awards office at the institution where they plan to be registered and follow its procedures and deadline dates for application submission. The OGS is not transferable; it must be held at the institution that awards it. At Guelph, applications for OGS are made through the Office of Graduate and Postdoctoral Studies; students should investigate this opportunity early in September. Information can be found on the Office of Graduate and Postdoctoral Studies website at: http://www.uoguelph.ca/graduatestudies/finance/exawards.
Queen Elizabeth II Graduate Scholarships in Science and Technology (QEII-GSST)
The Ontario government, in partnership with the private sector, rewards excellence in graduate studies in science and technology through Queen Elizabeth II Graduate Scholarships in Science and Technology which are valued at $15,000 per year. Full-time Canadian citizens or permanent residents who have a first class standing in each of their last two years of study are eligible for consideration. Students do not apply directly for these awards but are selected from the Ontario Graduate Scholarship applicant pool. The QEII-GSST is tenable with all other awards up to a total of $10,000 per fiscal year and cannot be held at the same time as an Ontario Graduate Scholarship. It can be held for two years as master’s student and for four years as a doctoral student to a lifetime maximum of four years.

Ontario Graduate Scholarship and QEII-GSST Funding
Donors to the University of Guelph provide up to $5,000/yr. and the Province of Ontario provides up to $10,000/yr. for students awarded these annual scholarships and studying at Guelph. To date, the following named endowments and annual commitments have been generously created by private donors in support of this 2:1 government matching program, University-wide and within Colleges:

- Kenneth G. Murray OGS Fund
- Syngenta Graduate OGS Fund
- William Campbell OGS Fund
- Brian Ellsworth OGS Fund
- OAC1958 OGS Fund
- Bank of Nova Scotia OGS Fund
- BMO OGS Fund
- TD Financial Group OGS Fund
- Ilona Diener Memorial OGS Fund
- Dr. F. Michael Walsh OGS Fund
- OAC 1964 OGS Fund
- Gilbert’s LLP OGS Fund
- History OGS Fund
- Imperial Tobacco Ltd OGS Fund
- Edward Y. Morwick OGS Fund
- Dr. and Mrs. K.F. Gregory OGS Fund
- Dr. Kiyoko Miyashishi OGS Fund
- George and Lois Whetham OGS Fund

Ontario Trillium Scholarships
The Ontario Trillium Scholarships (OTS) program is a significant initiative to attract more of the best qualified international students to Ontario for PhD studies. Academic merit is the defining criterion for the selection of OTS recipients by institutions. OTS recipients must have achieved a first-class average, as determined by each university, in each of the two years of full-time study prior to awarding of the OTS.

University of Guelph has 4 scholarships of $40,000 annually that are renewable for up to 4 years. Students do not apply. All international students who meet the eligibility criteria will be considered.

Grant
Some governments/agencies provide research support for students to enter and complete graduate degrees. Common examples would be (i) international government agencies funding students from their home country to study abroad, including in Canada (students should review what is available through their home country) and (ii) Canadian agencies funding study in specific areas of research (students should review opportunities through the office of research and/or appropriate office at the university in which they are registered).

Student Loans
Each provincial government and the Canadian government provide loans for undergraduate and graduate education to Canadians and permanent residents (subject to minimum residency requirements). These funds are not available to international students. Students should review the student loan policies of their home province; student loan information is normally available through universities but students should note that provincial loan forms and initial application procedures may only be available through a student’s home province.

Bursaries
Some agencies, clubs and private organizations provide student bursaries for members and their immediate families; students should review what is available through any of these organizations.

University-Wide Internal Awards
The University reserves the right to amend awards subject to the availability of funds.

Aboriginal Graduate Scholarship (AGS) [E5958]
The Aboriginal Graduate Scholarships were established to encourage Aboriginal (First Nations, Inuit, Métis) students to pursue graduate studies in any discipline. Students apply by February 1st by submitting a one page cover letter that includes the applicant’s full name, student ID # (if applicable), email address (if not a U of Guelph student yet), proposed/current graduate program, proposed/current department and provides a declaration of Aboriginal identity or affiliation, a Resume/CV and 2 letters of support from academic and/or community-based referees to the Awards Officers in the Office of Graduate Studies at gschol@uoguelph.ca. Students must maintain satisfactory progress for the duration of the scholarship.

Donor(s): University of Guelph

Qualification(s): Students entering or registered in any program who self-identify as Aboriginal (First Nations, Inuit, Métis) with at least a first-class (A-) average in the most recently completed two years of academic study. In-course students beyond semester level 3 as of the scholarship application deadline are ineligible to apply.

Amount: up to 5 awards of $30,000 (payable over 6 semesters) for Master’s and $120,000 (payable over 12 semesters) for Doctoral

Alastair Summerlee Scholarship [I5320]
Established by students, alumni, faculty, staff, retirees, volunteers and friends of Alastair Summerlee who made contributions to an endowment to honour and recognize his terms as President of the University of Guelph. This scholarship will be awarded to a graduate student contributing to civil society through international field work that is part of a course of study and preference is given to students working in Africa. This scholarship will provide opportunities for international travel, hands-on experiential learning, and help develop leaders to excel in international development priorities. Apply to the Office of Graduate and Postdoctoral Studies Awards Committee by May 1 with a CV, a one page summary of research proposal, a letter of reference and a one page outline extracurricular and volunteer involvement in international field work.

Donor(s): Various donors

Qualification(s): Students registered full-time with a minimum 80% average

Amount: 1 award of $15,000 (payable over 2 semesters)

Arrell Scholarships [E5966]
The Arrell Scholarships of $50,000 per year available to doctoral and masters level students to support research focused on agriculture and food. Selection will be based on outstanding academic achievement, relevance of proposed research and personal motivation to the goals of the Arrell Food Institute, and demonstration of commitment to public engagement, as evidenced in the CV. Award recipients will be expected to participate in collaborative projects with the Arrell Food Institute and other scholarship winners, and will be known as Arrell Scholars. Apply by December 15th by completing an application for admission to an eligible University of Guelph Graduate Program by the application deadline and submit: 1) a statement of research and personal motivation, 2) a letter of support from a prospective Guelph supervisor and 3) a CV, to the Office of Graduate and Postdoctoral Studies by emailing gschol@uoguelph.ca. Short-listed candidates will be asked to an interview with the scholarship selection committee. Award recipients must maintain satisfactory progress in their graduate program. This award cannot be held with the Ontario Graduate Scholarships/QEII- Graduate Scholarships in Science & Technology, Trillium Scholarships, the Brock Doctoral Scholarship, Dairy Farmers of Ontario Doctoral Research Assistantship or Tri-Council Scholarships, including the Vanier.

Donor(s): The Arrell Family Foundation

Qualification(s): Students entering a graduate program in the Summer, Fall or Winter semester following the application deadline with a minimum first-class (A-) admissions average, whose research aligns with the goals of the Arrell Food Institute

Amount: up to 3 Master’s student awards of $100,000 (payable over 6 semesters), up to 3 Doctoral awards of $200,000 (payable over 12 semesters)

Arthur D. Latornell Graduate Scholarships [I5605]
Established to honour Arthur D. Latornell, OAC ‘50, who had a life-long special interest in resource management and conservation and in helping young people. One of the ten awards is available to a student whose research interest relates to resource remediation/reclamation. The recipient will be selected on the basis of academic achievement and/or quality of their graduate research. Apply to department/school by October 1 using the Latornell Graduate Scholarship Program Nomination Form.

Donor(s): Estate of Arthur D. Latornell

Qualification(s): Registered students with at least an “A-” average in the last 2 years whose research interest relates to resource management and/or resource conservation are eligible for at least nine of the awards. Students beyond semester 3 at the master’s level, semester 6 at the doctoral level and semester 9 for a transfer from master’s to doctoral level are ineligible.

Amount: 10 awards of $5,000
XII. Graduate Awards & Financial Assistance, University-Wide Internal Awards

Arthur D. Latornell Graduate Travel Grants [T5606]
Established to honour Arthur D. Latornell, OAC ’50, who had a life-long special interest in resource management and conservation and in helping young people. One of the ten awards is available to a student whose research interest relates to resource remediation/restoration. Apply to department/school by October 1 for the fall competition and March 1 for the winter competition using the Latornell Graduate Travel Grant Program Nomination form.

**Donor(s):** Estate of Arthur D. Latornell

**Qualification(s):** Students registered in any program with at least an “A-” average in the last 2 years whose research interests relate to resource management and/or resource conservation are eligible. Students beyond semester 6 at the master’s level, semester 9 at the doctoral level, and semester 12 in the case of transfer from master’s to doctoral level are ineligible. These travel grants are offered to assist students in attending conferences, courses, Co-op student exchanges or study abroad programs in these areas.

**Amount:** up to 40 awards varying amounts up to a total of $27,000 annually

Board of Graduate Studies: Research Scholarships [A5644]

Brock Doctoral Scholarship [E5906]
The Brock Doctoral Scholarship is one of the most prestigious doctoral awards available at the University. We seek to attract scholars with potential to attain a high level of academic achievement and to make significant teaching and research contributions. Winners represent the very best in their College and at the University. It is hoped that award holders will be mentors for future Brock Doctoral Scholarship winners. Equally weighted selection criteria include: (i) sustained, outstanding academic performance; (ii) history of leadership and/or service in schools and the community; (iii) evidence of strong teaching and research skills (including publication record if appropriate for the discipline); (iv) demonstrated outstanding communication skills, and (v) excellent potential for research and teaching as assessed by the College Dean. One additional criterion may be considered with lesser weighting: provincial, national, international or otherwise significant awards related to the discipline of study. The number of semesters of funding (to a maximum of nine) awarded will be determined at the time of candidate selection and is subject to satisfactory semesterly program performance reviews. In the last semester of the initial award, the recipients may apply for up to three more semesters of support. Students entering or transferring to a doctoral program in May, September or January following the deadline date should apply to their College Dean by February 15th with a curriculum vitae; a one page personal statement; transcripts; 3 letters of reference; documentation of teaching, research, volunteer activities and leadership; which must then be forwarded to the Office of Graduate and Postdoctoral Studies by March 1st, with the Dean’s written assessment of the candidate’s research and teaching potential attached. Applicants should use this checklist, found under the ‘Graduate Awards Forms’ heading, to ensure they have fully completed the application requirements.
