Disclaimer
The Office of Graduate and Postdoctoral Studies has attempted to ensure the accuracy of this on-line Graduate Calendar. However, the publication of information in this document does not bind the university to the provision of courses, programs, schedules of studies, fees, or facilities as listed herein.

Limitations
The University of Guelph reserves the right to change without notice any information contained in this calendar, including any rule or regulation pertaining to the standards for admission to, the requirements for the continuation of study in, and the requirements for the granting of degrees or diplomas in any or all of its programs.
The university will not be liable for any interruption in, or cancellation of, any academic activities as set forth in this calendar and related information where such interruption is caused by fire, strike, lock-out, inability to procure materials or trades, restrictive laws or governmental regulations, actions taken by the faculty, staff or students of the university or by others, civil unrest or disobedience, Public Health Emergencies, or any other cause of any kind beyond the reasonable control of the university.
The University of Guelph reaffirms section 1 of the Ontario Human Rights Code, 1981, which prohibits discrimination on the grounds of race, ancestry, place of origin, colour, ethnic origin, citizenship, creed, sex, sexual orientation, handicap, age, marital status or family status.
The university encourages applications from women, aboriginal peoples, visible minorities, persons with disabilities, and members of other under-represented groups.
**Introduction**

**Collection, Use and Disclosure of Personal Information**

Personal information is collected under the authority of the University of Guelph Act (1964), and in accordance with Ontario's Freedom of Information and Protection of Privacy Act (FIPPA) [http://www.e-laws.gov.on.ca/DBLaws/Statutes/English/90f31_e.htm](http://www.e-laws.gov.on.ca/DBLaws/Statutes/English/90f31_e.htm). This information is used by University officials in order to carry out their authorized academic and administrative responsibilities and also to establish a relationship for alumni and development purposes. Certain personal information is disclosed to external agencies, including the Ontario Universities Application Centre, the Ministry of Advanced Education and Skills Development, and Statistics Canada, for statistical and planning purposes, and is disclosed to other individuals or organizations in accordance with the Office of Registrarial Services Departmental Policy on the Release of Student Information. For details on the use and disclosure of this information call the Office of Registrarial Services at the University at (519) 824-4120 or see [https://www.uoguelph.ca/registrar/](https://www.uoguelph.ca/registrar/).

**Statistics Canada - Notification of Disclosure**

For further information, please see Statistics Canada's web site at [http://www.statcan.gc.ca](http://www.statcan.gc.ca) and Section XIV Statistics Canada.

**Address for University Communication**

Depending on the nature and timing of the communication, the University may use one of these addresses to communicate with students. Students are, therefore, responsible for checking all of the following on a regular basis:

**Email Address**

The University issued email address is considered an official means of communication with the student and will be used for correspondence from the University. Students are responsible for monitoring their University-issued email account regularly.

**Home Address**

Students are responsible for maintaining a current mailing address with the University. Address changes can be made, in writing, through Registrarial Services.

**Name Changes**

The University of Guelph is committed to the integrity of its student records, therefore, each student is required to provide either on application for admission or on personal data forms required for registration, their complete, legal name. Any requests to change a name, by means of alteration, deletion, substitution or addition, must be accompanied by appropriate supporting documentation.

**Student Confidentiality and Release of Student Information Policy Excerpt**

The University undertakes to protect the privacy of each student and the confidentiality of their record. To this end the University shall refuse to disclose personal information to any person other than the individual to whom the information relates where disclosure would constitute an unjustified invasion of the personal privacy of that person or of any other individual. All members of the University community must respect the confidential nature of the student information which they acquire in the course of their work.

Complete policy at [https://www.uoguelph.ca/secretariat/office-services/university-secretariat/university-policies](https://www.uoguelph.ca/secretariat/office-services/university-secretariat/university-policies).
Learning Outcomes

Graduate Degree Learning Outcomes

On May 27, 2013, the University of Guelph Senate approved the following five University-wide Learning Outcomes as the basis from which to guide the development of graduate degree programs, specializations and courses:

1. Critical and Creative Thinking
2. Literacy
3. Global Understanding
4. Communication
5. Professional and Ethical Behaviour

These learning outcomes are also intended to serve as a framework through which our educational expectations are clear to students and the broader public; and to inform the process of outcomes assessment through the quality assurance process (regular reviews) of programs and departments.

An on-line guide to the learning outcomes, links to the associated skills, and detailed rubrics designed to support the development and assessment of additional program and discipline-specific outcomes, are available for reference on the Learning Outcomes website.

Critical and Creative Thinking

Critical and creative thinking is a concept in which one applies logical principles, after much inquiry and analysis, to solve problems with a high degree of innovation, divergent thinking and risk taking. Those mastering this outcome show evidence of integrating knowledge and applying this knowledge across disciplinary boundaries. Depth and breadth of understanding of disciplines is essential to this outcome. At the graduate level, originality in the application of knowledge (master’s) and undertaking of research (doctoral) is expected.

In addition, Critical and Creative Thinking includes, but is not limited to, the following outcomes: Independent Inquiry and Analysis; Problem Solving; Creativity; and Depth and Breadth of Understanding.

Literacy

Literacy is the ability to extract information from a variety of resources, assess the quality and validity of the material, and use it to discover new knowledge. The comfort in using quantitative literacy also exists in this definition, as does using technology effectively and developing visual literacy.

In addition, Literacy includes, but is not limited to, the following outcomes: Information Literacy, Quantitative Literacy, Technological Literacy, and Visual Literacy.

Global Understanding

Global understanding encompasses the knowledge of cultural similarities and differences, the context (historical, geographical, political and environmental) from which these arise, and how they are manifest in modern society. Global understanding is exercised as civic engagement, intercultural competence and the ability to understand an academic discipline outside of the domestic context.

In addition, Global Understanding includes, but is not limited to, the following outcomes: Global Understanding, Sense of Historical Development, Civic Knowledge and Engagement, and Intercultural Competence.

Communication

Communication is the ability to interact effectively with a variety of individuals and groups, and convey information successfully in a variety of formats including oral and written communication. Communication also comprises attentiveness and listening, as well as reading comprehension. It includes the ability to communicate and synthesize information, arguments, and analyses accurately and reliably.

In addition, Communication includes, but is not limited to, the following outcomes: Oral Communication, Written Communication, Reading Comprehension, and Integrative Communication.

Professional and Ethical Behaviour

Professional and ethical behaviour requires the ability to accomplish the tasks at hand with proficient skills in teamwork and leadership, while remembering ethical reasoning behind all decisions. The ability for organizational and time management skills is essential in bringing together all aspects of managing self and others. Academic integrity is central to mastery in this outcome. At the graduate level, intellectual independence is needed for professional and academic development and engagement.

In addition, Professional and Ethical Behaviour includes, but is not limited to, the following outcomes: Teamwork, Ethical Reasoning, Leadership, Personal Organization and Time Management, and Intellectual Independence.

Management

The MA in Management program provides an awareness to theories of management, research methods, data analysis and other core management topics. It also requires a Major Research Project (MRP) completion with the guidance and supervision of a member of the graduate faculty.

The MA in Management offers opportunities for study in the fields of:

- Management Research
- Accounting
- Marketing and Consumer Behaviour
- Organizational Leadership
- Services Management

January 28, 2020
The Master of Arts in Management focuses on the challenges that face leaders in the public, private and, not-for-profit sectors while emphasizing the importance of evidence-based decision-making. Successful completion of the MA degree involves a comprehensive program of theoretical study, backed by significant practical experience and analysis.

The MA in Management has two fields:

1. Management Research: with emphasis on evidence-based decision-making. Successful completion of the MA degree involves a comprehensive program of theoretical study, backed by significant practical experience and analysis.

2. Accounting: combines the conceptual and quantitative elements of accounting, while promoting the integration of theory and practice. It provides graduates with a systemic understanding of knowledge of financial accounting and managerial accounting while fulfilling the requirements of the professional accounting standards defined by CPA Canada Competency Map for the first four modules of the Professional Education Program. Students will develop the technical, analytical, evaluative, leadership and, communication skills needed for a successful career in accounting and the related management areas in the field/profession.

Admission Requirements
To be considered, applicants must have completed a four-year honours undergraduate degree with a minimum 2nd class (70%) (or its equivalent), from a recognized post-secondary institution. For the specialization in Accounting, subject area coverage should be equivalent to that required for entry into the CPA Professional Education Program.

For applicants who do not hold an honours degree with a major in or possess an undergraduate degree with a strong emphasis in either the accounting and/or management fields, additional prerequisites or academic upgrading may be required.

Applications will be assessed comprehensively, based on transcripts, referee assessment, statement of intent, and resume/CV. In cases where English is a second language, the applicant must also submit International English Language Testing System (Academic) test (IELTS) (minimum 6.5) or Test of English as a Foreign Language (TOEFL Internet-based test (iBT)) (minimum 80 overall with no component score lower than 21). Applicants may also be formally interviewed.

Program Requirements
Overall Requirements (5.0 credits)

1.0 credits – core courses
2.5 credits -field specific electives
0.5 credit – restricted electives
1.0 credit – Major Research Project (MRP)
0.0 credit – Seminar Series course (Fall and Winter Semester)

Core Courses:

MGM*6100 [0.50] Evidence Based Management Research
MGM*6200 [0.50] Leadership Assessment and Development

Fields
Management Research

MGM*6130 [0.50] Creative Process of Innovation
MGM*6300 [0.50] Business Consulting
MGM*6400 [0.50] Project Management
Overall, the proposed program consists of five semesters of coursework (five core courses, four required field courses, two electives and the teaching course), followed by the qualifying exam, presentation and defense of a research proposal, and finally, the completion and defense of a full doctoral dissertation.

Students are required to take a total of 6.0 credits (12 courses), the PhD Research Project Seminar course in the third (summer) semester (0.0 credit) and the Marketing & Consumer Studies Seminar course (0.0 credit) each fall and winter semester the student is registered.

### Year 1

#### Semester 1

- **MGMT*6950 [0.00]** Doctoral Research Seminar
- **MGMT*6820 [0.50]** Theory of Management
- **MGMT*6830 [0.50]** Applied Univariate Statistical Analysis for Management

Required field course

- Marketing and Consumer Behaviour: one of
  - **MCS*6600 [0.50]** Consumption Behaviour Theory I
  - **MCS*6100 [0.50]** Marketing Theory

Organizational Leadership

- **BUS*6830 [0.50]** Foundational Theories of Leadership

Services Management

- **HTM*6710 [0.50]** Services Management Theory I

#### Year 2

#### Semester 2

- **MGMT*6950 [0.00]** Doctoral Research Seminar
- **MGMT*6840 [0.50]** Quantitative Research Methods: Multivariate Techniques
- **MGMT*6850 [0.50]** Qualitative Research Methods

Required field course

- Marketing and Consumer Behaviour: one of
  - **MCS*6610 [0.50]** Consumption Behaviour Theory II
  - **MCS*6120 [0.50]** Marketing Management

Organizational Leadership

- **BUS*6840 [0.50]** Foundational Theories of Management

Services Management

- **HTM*6720 [0.50]** Services Management Theory II

#### Semester 3

- **MGMT*6800 [0.50]** Philosophy of Social Science Research
- **MGMT*6900 [0.00]** PhD Research Seminar Project

#### Year 3

#### Semester 4

- **MGMT*6950 [0.00]** Doctoral Research Seminar
- **UNIV*6800 [0.50]** University Teaching: Theory and Practice

Required field course

- Marketing and Consumer Behaviour: one of
  - **ECON*6600 [0.50]** Labour Economics
  - **MCS*6070 [0.50]** Introduction to Structural Equation Modeling
  - **MCS*6810 [0.50]** Experimental Design and Analysis for Behavioural Research in Management Studies

#### Major Research Project

- **MGMT*6500 [1.00]** Major Research Project

---

### Admissions Requirements

There are three means of entry:

1. An applicant who holds a recognized master’s degree in a management related discipline with an average standing of at least “B+” may be admitted to PhD studies as a regular or provisional student.

2. An applicant who holds a recognized master’s degree with high standing in a field other than management and who wishes to proceed to doctoral study in a management field should consult with the Graduate Program Coordinator about eligibility.

3. An applicant who has achieved excellent standing at the honours baccalaureate level in a management field and who wishes to proceed to doctoral study in a management field should consult with the Graduate Program Coordinator about eligibility.

All applicants are required to submit GRE (Graduate Records Exam) or GMAT (Graduate Management Admission Test) results when applying.

### Program Requirements

The goal of the PhD program in Management is to produce graduates with both a breadth of knowledge about management theories in general, and a depth of knowledge such that they will be competent researchers and/or teachers in their chosen field. Since most courses will be common to the current three fields in this program as well as to any future fields, the key indicator of the student’s area of specialization will be their thesis topic. Students should select all courses in consultation with the Graduate Program Coordinator and their supervisor. Students with an existing Master's degree awarded by the Gordon S. Lang School of Business and Economics, who have already taken some of the required courses as part of their graduate program, will be exempted from those course requirements.

Students in all fields of the program will take five core courses that will ensure that each student has a breadth of knowledge about management and research. Of the five core courses, one will cover the theories and practice of management, another provides an understanding of the philosophy of research and design, two courses cover qualitative research and the fifth covers qualitative research methodologies. In addition to the five core courses, there are two required field courses in the first year specific to each field. In the second year students select two additional required courses and two elective courses in their field in consultation with the program coordinator. All students must take the University teaching course in the fall of the second year, bringing the total number of 0.5 credit courses to twelve. In addition, all students must write a paper in a non-credit course the summer of the first year and attend every year a non-credit seminar series course that introduces students to the diversity of research projects undertaken by Guelph faculty, graduate students and by visitors to the University. Following their coursework, students will complete a comprehensive exam designed to test their knowledge in the general area of management and in their field of specialization. Students are to present and defend a doctoral research proposal in the semester after completion of the qualifying examination.

### Major Research Project

- **MGMT*6500 [1.00]** Major Research Project

---

### Note

The field course can be replaced by a course in Psychological Methods or Marketing Models upon agreement from program coordinator.
MA Courses

Core Courses

MGMT*6000 Management Seminar Series FW [0.00]
This seminar provides students with exposure to current and emerging research topics in the field of management. Academic speakers (faculty and students) present their work in weekly meetings. Students are encouraged to be engaged and participate actively during the presentations.
Restriction(s): Students in MA.MGMT
Department(s): Department of Management

MGMT*6100 Evidence Based Management Research U [0.50]
This course provides a conceptual overview of the management research and its functions for academic and practitioner audiences. Students will explore the purpose of research, its relationship to theory, the benefits of various epistemological approaches and the notion of research impact. Topics include research problem definition and objectives, hypothesis development, research design, ethics approval, measurement, sampling methods, analysis, interpretation of results, and report writing.
Restriction(s): Students in MA.MGMT
Department(s): Department of Management

MGMT*6120 Quantitative Methods for Evidence Based Management U [0.50]
This course provides a practical overview of statistical methods for evidence-based management applications. Students will work with quantitative data to conduct a variety of statistical analysis, including descriptive statistics, visualization of data, null hypothesis significance testing, univariate and multivariate analysis of variance and covariance, correlation, linear and logistic regression and exploratory factor analysis. The course puts an emphasis on the interpretation of results in terms of their practical managerial implications.
Prerequisite(s): MGMT*6100
Restriction(s): Students in MA.MGMT
Department(s): Department of Management

MGMT*6200 Leadership Assessment and Development U [0.50]
This course provides a conceptual overview of the leadership competencies that lead to leadership performance. Students will explore and learn a method for assessing their own leadership competencies. They will learn a process for developing in themselves those knowledge and skills relevant to effective leadership. Topics include managerial competencies models, assessment models, learning styles, intentional change process, and personal development plan. This course emphasizes those techniques most frequently used in personal development and coaching individuals and teams.
Offerings(s): Offered through Distance Education and on-campus.
Restriction(s): Students in the MA in Management and Master of Conservation Leadership programs only.
Department(s): Department of Management

MGMT*6500 Major Research Project U [1.00]
This course is available to individuals or groups of graduate students. Students will complete a set of readings and an associated paper as approved by designated faculty. Specific learning objectives consistent with the University's will be developed each time the course is offered.
Prerequisite(s): MGMT*6100 and MGMT*6200
Restriction(s): Students in the MA in Management program.
Department(s): Department of Management

Management Research

MGMT*6130 Creative Process of Innovation U [0.50]
This course is focused on the creative process of innovation required to effectively engage in problem solving and opportunity creation toward organizational and societal flourishing. Students will develop both a theoretical understanding and the practical skills to engage in creative experimentation for novel idea generation.
Department(s): Department of Management

MGMT*6300 Business Consulting U [0.50]
This course provides students with an understanding of the concepts, principles, and practices for management consulting. Students will be exposed to the various components of the consulting process, consulting approaches and styles, client-consultant relationships, issue and problem diagnosis, reporting of results, and professional codes of conduct and ethics. The emphasis is on techniques most frequently used in the context of both internal and external organizational roles and as a career choice.
Restriction(s): Students in the MA in Management program only.
Department(s): Department of Management

Graduate Diploma in Accounting

By combining the conceptual and quantitative elements of accounting while promoting the integration of theory and practice, the graduate diploma in accounting provides graduates with a systemic understanding of knowledge of financial accounting and managerial accounting, fulfilling the requirements of professional accounting standards defined by CPA Canada Competency Map for the first four modules of the Professional Education Program. Students will develop the technical, analytical, evaluative and leadership and communication skills needed for a successful career in accounting and related management areas.

Admission Requirements
Applicants for this admission to this program must have an overall average of at least 70% from an undergraduate degree program, plus subject area coverage equivalent to that required for entry into the CPA Professional Education Program.

Program Requirements
Students must complete four courses, two core and two electives for a total of 2.0 credits. Students pursuing a professional accounting designation should visit the Department of Management website for links to the requirements for each designation. The program is offered during the summer term.

Core Courses:
- ACCT*6100 [0.50] Integrated Cases I
- ACCT*6200 [0.50] Integrated Cases II

Electives
- ACCT*6300 [0.50] Taxation
- ACCT*6500 [0.50] Assurance

Collaborative Specializations

International Development Studies

The Department of Management participates in the International Development Studies (IDS) MA collaborative specialization. Please consult the International Development Studies listing for a detailed description of the collaborative specialization including the special additional requirements for each of the participating departments.
MGMT*6400 Project Management U [0.50]
This course provides students with an understanding of the concepts, principles, and practices for project management. It introduces an understanding and appreciation of the importance of managing projects, project teams, the project management systems and tools, the various components of the project management process, and professional codes of conduct and ethics. The emphasis is on the techniques most frequently used in the context of, both internal and external organizational roles of a project manager.
Restriction(s): Students in the MA in Management program only.
Department(s): Department of Management

BUS*6800 Readings in Leadership I U [0.50]
This course is available to individuals or groups of graduate students. Students will complete a set of readings and an associated paper as approved by designated faculty. Specific learning objectives consistent with the University's will be developed each time the course is offered.
Restriction(s): Lang Executive Programs students only
Department(s): Executive Programs

BUS*6810 Readings in Leadership II U [0.50]
This course is available to individuals or groups of graduate students. Students will complete a set of readings and an associated paper as approved by designated faculty. Specific learning objectives consistent with the University's will be developed each time the course is offered.
Prerequisite(s): BUS*6800 (or may be taken concurrently)
Department(s): Department of Management

BUS*6820 Readings in Management U [0.50]
This course is available to individuals or groups of graduate students. Students will complete a set of readings and an associated paper as approved by designated faculty. Specific learning objectives consistent with the University's will be developed each time the course is offered.
Department(s): Department of Management

BUS*6840 Foundational Theories of Management W [0.50]
This doctoral seminar provides a survey of classic and contemporary management thought. The objective of this course is to explore foundational and emerging areas of inquiry that are influential in the realm of management theory and practice.
Restriction(s): Instructor consent required.
Department(s): Department of Management

Accounting

ACCT*6100 Integrated Cases I S [0.50]
"Integrated Cases I" is a required course for students pursuing a Chartered Professional Accountant (CPA) designation and will provide students with an in-depth knowledge of financial reporting and auditing. The course will integrate topics from both the finance and taxation areas of the CPA competency map. The course will also assist students in developing their problem solving and decision making abilities and communication skills, which are part of the enabling competencies of the CPA competency map.
Restriction(s): Students in MA.MGMT and GDip.ACCT
Department(s): Department of Management

ACCT*6200 Integrated Cases II S [0.50]
"Integrated Cases II" is a required course for students pursuing a Chartered Professional Accountant (CPA) designation and will provide students with an in-depth knowledge of management accounting. The course will integrate topics from both the strategy and governance and the finance areas of the CPA competency map. The course will also assist students in developing their problem solving and decision-making abilities and communication skills, which are part of the enabling competencies of the CPA competency map.
Restriction(s): Students in MA.MGMT and GDip.ACCT
Department(s): Department of Management

ACCT*6300 Taxation S [0.50]
This course is intended to help students achieve the competencies related to Elective Module 4 (E4) – Taxation in the CPA Competency Map. It covers the competencies necessary to provide taxation services and guidance. Topics include: compliance and tax-planning issues for both individuals and corporate entities, as well as, partnerships and trusts, risk tolerance of all stakeholders involved, tax governance, controls, and risk management, and the importance of taking taxes into account when making business and investment decisions.
Prerequisite(s): ACCT* 6100 and ACCT*6200
Restriction(s): Students in MA.MGMT and GDip.ACCT
Department(s): Department of Management

ACCT*6400 Performance Management U [0.50]
Performance Management is an elective course for students pursuing a Chartered Professional Accountant (CPA) designation and will build on student’s management accounting knowledge from both their undergraduate courses as well as “Integrated Cases II”. The course will also assist students in further developing their problem solving and decision-making abilities and communication skills, which are part of the enabling competencies of the CPA competency map.
Prerequisite(s): ACCT*6200
Restriction(s): Students in MA.MGMT and GDip.ACCT
Department(s): Department of Management

ACCT*6500 Assurance S [0.50]
This course develops the competencies necessary to assess an entity’s assurance needs and perform both internal audit projects and external assurance engagements. The CPA Competency Map describes in detail the two types of competencies - technical and enabling - that employers in public practice, industry, and government require of accounting professionals. As such, the CPA Competency Map will be utilized in this course to help ensure that students meet the course learning objectives.
Restriction(s): Students in MA.MGMT and GDip.ACCT
Department(s): Department of Management

ACCT*6600 Financial Management U [0.50]
The course will build upon the conceptual foundation developed in undergraduate introductory finance courses. The focus of the course is on the development of competencies in identifying, analyzing, evaluating and making appropriate recommendations for investing and financing decisions in a variety of professional contexts, particularly in the areas of treasury management, valuation, and risk management. There will be a strong emphasis on applying the body of knowledge in integrated case problems.
Restriction(s): Students in MA.MGMT and GDip.ACCT
Department(s): Department of Management

PhD Core Courses

Required Courses

MGMT*6800 Philosophy of Social Science Research S [0.50]
This course introduces students to the underlying philosophical assumptions that support empirical research methods within social science disciplines. The aim of this course is to examine the philosophy of knowledge generation and claims, particularly in the context of management phenomena.
Department(s): Department of Marketing and Consumer Studies

MGMT*6820 Theory of Management F [0.50]
This course examines the evolution of management thought and the overarching theories that have been successfully applied to multiple functional areas of the organization. Examples of theories that apply to such disparate areas as operations, marketing, and organizational behaviour include agency theory, transaction cost analysis, and contingency theory.
Department(s): Department of Management

MGMT*6830 Applied Univariate Statistical Analysis for Management F [0.50]
This course focuses on the use of univariate statistics as applied to social and behavioural research within the fields of organizational, management, and consumer studies. Emphasis will be placed on providing a solid understanding of descriptive statistics, mean difference testing, analysis of variance and covariance, linear and logistic regression, and power and effect size. Laboratory sessions will focus on analysis application using statistical packages such as SPSS, R, SAS, Stata, and Mplus.
Department(s): Department of Management

MGMT*6840 Quantitative Research Methods: Multivariate Techniques W [0.50]
This course provides a review of selected multivariate analysis techniques with applications to management. Students will learn to determine which multivariate technique is appropriate for a specific research problem and how to apply multivariate quantitative techniques to research questions. Topics include regression analysis, ANOVA, principal components, factor and discriminant analysis, nonmetric scaling and trade-off analysis. The course uses a hands-on approach and requires computer-program analysis.
Department(s): Department of Management

MGMT*6850 Qualitative Research Methods W [0.50]
This doctoral seminar provides students with the historical roots, underlying theoretical frameworks, and methods of qualitative research for consumer and management studies. Students will develop their capacity to conduct qualitative research through the development of an original qualitative research project.
Department(s): Department of Management
MGMT*6900 PhD Research Seminar Project S [0.00]
The summer project seminar has the objective to start familiarizing students with the research process. Students will prepare and submit a research piece drawing on techniques acquired in the research methods courses.

Department(s): Department of Management

MGMT*6950 Doctoral Research Seminar F,W [0.00]
This is a seminar course attended by graduate students and faculty. Academic guest speakers present their work in weekly meetings. Students are encouraged to be engaged and participate actively during the presentations.

Restriction(s): Must be registered in the PhD Management program

Graduate Diploma Courses

ACCT*6100 Integrated Cases I S [0.50]
"Integrated Cases I" is a required course for students pursuing a Chartered Professional Accountant (CPA) designation and will provide students with an in-depth knowledge of financial reporting and auditing. The course will integrate topics from both the finance and taxation areas of the CPA competency map. The course will also assist students in developing their problem solving and decision making abilities and communication skills, which are part of the enabling competencies of the CPA competency map.

Restriction(s): Students in MA.MGMT and GDip.ACCT

Department(s): Department of Management

ACCT*6200 Integrated Cases II S [0.50]
"Integrated Cases II" is a required course for students pursuing a Chartered Professional Accountant (CPA) designation and will provide students with an in-depth knowledge of management accounting. The course will integrate topics from both the strategy and governance and the finance areas of the CPA competency map. The course will also assist students in developing their problem solving and decision-making abilities and communication skills, which are part of the enabling competencies of the CPA competency map.

Restriction(s): Students in MA.MGMT and GDip.ACCT

Department(s): Department of Management

ACCT*6300 Taxation S [0.50]
This course is intended to help students achieve the competencies related to Elective Module 4 (E4) – Taxation in the CPA Competency Map. It covers the competencies necessary to provide taxation services and guidance. Topics include: compliance and tax-planning issues for both individuals and corporate entities, as well as, partnerships and trusts, risk tolerance of all stakeholders involved, tax governance, controls, and risk management, and the importance of taking taxes into account when making business and investment decisions.

Prerequisite(s): ACCT* 6100 and ACCT*6200

Restriction(s): Students in MA.MGMT and GDip.ACCT

Department(s): Department of Management

ACCT*6400 Performance Management U [0.50]
Performance Management is an elective course for students pursuing a Chartered Professional Accountant (CPA) designation and will build on student’s management accounting knowledge from both their undergraduate courses as well as "Integrated Cases II". The course will also assist students in further developing their problem solving and decision-making abilities and communication skills, which are part of the enabling competencies of the CPA competency map.

Prerequisite(s): ACCT*6200

Restriction(s): Students in MA.MGMT and GDip.ACCT

Department(s): Department of Management

ACCT*6500 Assurance S [0.50]
This course develops the competencies necessary to assess an entity's assurance needs and perform both internal audit projects and external assurance engagements. The CPA Competency Map describes in detail the two types of competencies - technical and enabling - that employers in public practice, industry, and government require of accounting professionals. As such, the CPA Competency Map will be utilized in this course to help ensure that students meet the course learning objectives.

Restriction(s): Students in MA.MGMT and GDip.ACCT
