Bachelor of Applied Science - Major Justice Studies - Diploma in Police Foundations or Diploma in Law and Security Administration

Our comprehensive program offers a variety of courses including: Criminology, Forensic Techniques, Law, Criminal Offences and Community Service. Following a common first year curriculum, students in Justice Studies will choose to specialize in either Police Foundations or Law and Security depending on their career and educational goals. Students in both specializations will gain practical experience in a variety of segments within the Ontario justice system through community service placements. The combination of academic rigor, strong links to the field and our location in Toronto, provide our students with a competitive advantage in the quickly growing field of Justice Studies.

Students are required to complete 20.00 credits including 18.00 core justice studies credits, and 2.00 general elective credits in order to be eligible for graduation. Students must complete these requirements in order to be eligible to graduate with both the university honours degree (awarded by the University of Guelph) and the college diploma (awarded by Humber). No option exists to graduate with only one of the above listed credentials as the program is fully integrated.

Conditions for Graduation

In addition to meeting all program specific course and credit requirements, students must have a minimum 60% cumulative average in order to be eligible for graduation. Students will not normally be eligible to graduate while on Probationary status or Required to Withdraw status. A student denied graduation while on Probationary status or Required to Withdraw status may submit a request for Academic Consideration to the Academic Review Sub-Committee.

Police Foundations

In Police Foundations, students take courses that prepare you for employment in the various levels of Canadian policing including municipal (e.g. Toronto Police Service), provincial (e.g. Ontario Provincial Police), and federal (e.g. Royal Canadian Mounted Police) police services. Courses include Community Policing, Police Governance and Accountability, Investigative Techniques, and Physical Fitness.

Law and Security Administration

This area of study provides students with a balanced breadth of learning in core areas of justice studies along with an emphasis in the functional areas of corrections, customs and immigration, and private policing. Courses include Perspectives on Immigration, Customs Practice, Correctional Institutions, and Community Corrections and Private Policing.
