Address for University Communication

Depending on the nature and timing of the communication, the University may use one of these addresses to communicate with students. Students are, therefore, responsible for checking all of the following on a regular basis:

Email Address

The University issued email address is considered an official means of communication with the student and will be used for correspondence from the University. Students are responsible for monitoring their University-issued email account regularly. See Section I--Statement of Students' Academic Responsibilities for more information.

Home Address

Students are responsible for maintaining a current mailing address with the University. Address changes can be made, in writing, through the Registrar's office.

Name Changes

The University of Guelph is committed to the integrity of its student records, therefore, each student is required to provide either on application for admission or on personal data forms required for registration, his/her complete, legal name. Any requests to change a name, by means of alteration, deletion, substitution or addition, must be accompanied by appropriate supporting documentation.

Student Confidentiality and Release of Student Information Policy Excerpt

The University undertakes to protect the privacy of each student and the confidentiality of his or her record. To this end the University shall refuse to disclose personal information to any person other than the individual to whom the information relates where disclosure would constitute an unjustified invasion of the personal privacy of that person or of any other individual. All members of the University community must respect the confidential nature of the student information which they acquire in the course of their work.

Bachelor of Applied Science - Major Psychology - Diploma in General Arts and Science

Understanding why people do the things they do is a goal that has been at the core of the science of psychology for at least the last 125 years. In the Psychology program, students examine theories and research based on the biological and social approaches to human behaviour and cognition.

The primary goal of this program is to prepare students to enter the workforce with the depth of understanding and experience employers are looking for in a wide variety of service, administrative, and industrial fields. Students will have the opportunity to identify an area of emphasis in the upper three years of study. Upon completion of the program, students will receive a university honors degree which will prepare them for a professional career or advanced study at the postgraduate level in a variety of academic disciplines.

Students complete 20.00 credits which includes 9.00 required core psychology credits, 6.00 required credits in liberal arts and sciences. Students must complete these requirements to be eligible to graduate with both a university honours degree (awarded by the University of Guelph) and the college diploma (awarded by Humber). No option exists to graduate with only one of the above listed credentials as the program is fully integrated.

Conditions for Graduation

In addition to meeting all program specific course and credit requirements, students must have a minimum 60% cumulative average in order to be eligible for graduation. Students will not normally be eligible to graduate while on Probationary status or Required to Withdraw status. A student denied graduation while on Probationary status or Required to Withdraw status may submit a request for Academic Consideration to the Academic Review Sub-Committee.
