IX. Degree Programs

Bachelor of Applied Arts (General) (BAA)

Specialization in Justice Studies (JS)

Schedule of Study

This program leads to a Bachelor of Applied Arts (General) in Justice Studies. Prospective students are encouraged to contact Registrarial Services to discuss program suitability before making a formal application for admission.

The Justice Studies specialization is offered in a hybrid format, which includes periods of intense, in-class learning, supplemented by online study. The study format allows students to complete 1.00 credits (equivalent to two half credit courses) in a 14-week semester and as many as 3.00 credits per year.

Condition for Graduation

In addition to meeting all program specific course and credit requirements, students must have a minimum 60% cumulative average in order to be eligible for graduation. Students will not normally be eligible to graduate while on Probationary status or Required to Withdraw status. A student denied graduation while on Probationary status or Required to Withdraw status may submit a request for Academic Consideration to the Academic Review Sub-Committee.

Descholor of Applied Arts in Media Studies (DAMS) - Semester 2

Bachelor of Applied Arts in Media Studies (BAMS) -Diploma in Media Communications with specializations in Image Arts and Digital Communications, Journalism or Public Relations

Media outlets continue to grow and diversify at a tremendous rate across Canada, North America and throughout the world. Information is delivered and shared in ways today that would not have been imagined ten years ago. The public appetite for information fuels this growth, with hundreds of television and radio stations, unlimited internet availability and expanding (and specializing) magazine and newspaper options.

At the University of Guelph-Humber, the Media Studies program allows students to explore these and other emerging trends and to study the historical, social, cultural and ethical dimensions of the field through exposure to courses that challenge them to think, read and write critically. Other courses aim to teach students how to work in a team environment to achieve a goal related to their specialization, such as: producing a newspaper or television broadcast, or promoting and managing a large event, producing a body of photographic work or creating of multi-platform communication vehicles through digital technology.

Specializations are offered in Journalism, Public Relations, Image Arts (Photography) and Digital Communication. Students in all specializations are required to complete 20.00 credits in order to be eligible for graduation: 11.00 core media studies credits, 7.00 specialization credits and 2.00 elective credits. Students must complete these requirements in order to be eligible to graduate with both the university honours degree (awarded by the University of Guelph) and the college diploma (awarded by Humber). No option exists to graduate with only one of the above listed credentials as the program is fully integrated.

Digital Communications (DC)

The pivotal role of the World Wide Web in communication has created a demand for cross-disciplinary specialists who can execute multi-platform communication strategies on behalf of corporations, consulting agencies, government and non-profit organizations. Students in the Digital Communication profile will develop their research, photographic, web design and project management skills as they create content using current software applications such as Photoshop, InDesign, Flash and Fireworks.

Image Arts (IA)

Students in the Image Arts stream are exposed to all aspects of digital and print photography leading to a diploma in Creative Photography. Students study the world of media with a particular focus on visual communication, photographic techniques, and photo-based art practices. An innovative photography lab is available for projects and experiential learning.

Journalism (J)

In Journalism, students have the opportunity to report on local and world events for various types of media. The program features training in writing for newspapers, magazines, and the Internet; it also offers experience in radio and television broadcasting. Students have access to a state-of-the-art broadcast studio and will produce a newspaper and newscast as part of the program.

Public Relations (PR)

The Public Relations stream aims to teach students to become adept at using the media to communicate for business, government, and other organizations. Courses such as Media Relations, Event Management, and Writing for Public Relations offer skills for writing and producing timely and accurate information. Students take part in off-campus ventures for real-world experience in fundraising and event management.

Conditions for Graduation

In addition to meeting all program specific course and credit requirements, students must have a minimum 60% cumulative average in order to be eligible for graduation. Students will not normally be eligible to graduate while on Probationary status or Required to Withdraw status. A student denied graduation while on Probationary status or Required to Withdraw status may submit a request for Academic Consideration to the Academic Review Sub-Committee.

Bachelor of Applied Science, Major Early Childhood (BASc.)- Diploma in Early Childhood Education

Our innovative program focuses on the physical, social, emotional and cognitive development of young children within the context of the family and community. The program curriculum has been designed to ensure that students are provided the breadth and depth of knowledge necessary to be able to work confidently with and create programs for children and families and to be eligible to pursue further studies, such as teacher's college, graduate programs or specific therapeutic approaches. The program offers students the opportunity to develop a strong skill-set through participation in a variety of field placements and the knowledge required for a professional career in a leadership position in any area of early childhood services in the private or public sector.

Students are required to complete 20.00 credits in order to be eligible for graduation. This includes 17.00 core credits, 3.00 general elective options. Students must complete these requirements in order to be eligible to graduate with both the university honours degree (awarded by the University of Guelph) and the college diploma (awarded by Humber). No option exists to graduate with only one of the above listed credentials as the program is fully integrated.

Conditions for Graduation

In addition to meeting all program specific course and credit requirements, students must have a minimum 60% cumulative average in order to be eligible for graduation. Students will not normally be eligible to graduate while on Probationary status or Required to Withdraw status. A student denied graduation while on Probationary status or Required to Withdraw status may submit a request for Academic Consideration to the Academic Review Sub-Committee.

Placements

Placement 1

Students first field placement is a job shadowing experience that highlights various careers in the field of early childhood.

Placements 2 to 4

Students next three field placements will enable you to experience programs for young children and their families in a variety of agencies and organizations and across different developmental stages.

Placement 5 and 6

For students final two field placements, you will be encouraged to select a setting or program that meets your particular career goals.

Throughout your placements, you will participate in weekly seminars with your professor and classmates to critically analyze your experiences, and develop the skills required for professional work.

Bachelor of Applied Science (BASc.) - Major Family and Community Social Services - Social Service Workers' Diploma

The Family and Community Social Services program is designed for students who want to help individuals, families and communities to overcome the issues and concerns in their lives. The students who have chosen this program indicate a desire for careers (and graduate level study) in the areas of social work, family therapy, community development, counselling, family law, mediation and agency administration. Our program offers an ideal combination of theory and experiential learning to provide students the necessary background to enter the workforce in the social services sector or for admission to graduate and professional programs of study.

All graduates will be prepared for membership in the Ontario College of Social Workers & Social Service Workers.

Students are required to complete 18.25 core family and community social service credits, and 2.50 general elective credits in order to be eligible for graduation. Students must complete these requirements in order to be eligible to graduate with both the university honours degree (awarded by the University of Guelph) and the college diploma (awarded by Humber). No option exists to graduate with only one of the above listed credentials as the program is fully integrated.

Conditions for Graduation

In addition to meeting all program specific course and credit requirements, students must have a minimum 60% cumulative average in order to be eligible for graduation. Students will not normally be eligible to graduate while on Probationary status or Required to Withdraw status. A student denied graduation while on Probationary status or Required to Withdraw status may submit a request for Academic Consideration to the Academic Review Sub-Committee.

Practicum Placement

Foundation Practicum - 200 hours

Seminar and supervised field placement where students will have the opportunity to take part in the day-to-day operations of a social services agency. Students will work under the direct supervision of a professional staff person, have the opportunity to observe social services procedures and practices, and take part in serving clients with direction from agency staff.

Intermediate Practicum - 400 hours

Seminar and supervised field placement in a community of social service agency providing students with an in-depth experience of front-line work in a human services agency under direct supervision. Students will develop work habits such as serving clients effectively, and how to navigate moral, ethical, clinical, and political issues as they emerge in placements.

Advanced Practicum - 400 hours

Seminar and supervised field placement in a community or social service agency providing students with an in-depth experience of front line work in a human services agency under direct supervision. Agency field supervisors and course instructors may raise professional, ethical, attitudinal, and practical issues which are important for students to address. The advanced practicum includes the writing of a major thesis relating to a critical aspect of the students' practicum.

Total Practicum Hours - 1000 hours

Bachelor of Applied Science (BASc.) - Major Justice Studies - Diploma in Police Foundations or Diploma in Community and Justice Services

Our comprehensive program offers a variety of courses including: Criminology, Forensic Techniques, Law, Criminal Offences and Community Service. Following a common first year curriculum, students in Justice Studies will choose to specialize in either Police Foundations or Community and Justice Services depending on their career and educational goals. Students in both specializations will gain practical experience in a variety of segments within the Ontario justice system through community service placements. The combination of academic rigor, strong links to the field and our location in Toronto, provide our students with a competitive advantage in the quickly growing field of Justice Studies.

Students are required to complete 20.00 credits including 18.00 core justice studies credits, and 2.00 general elective credits in order to be eligible for graduation. Students must complete these requirements in order to be eligible to graduate with both the university honours degree (awarded by the University of Guelph) and the college diploma (awarded by Humber). No option exists to graduate with only one of the above listed credentials as the program is fully integrated.

Conditions for Graduation

In addition to meeting all program specific course and credit requirements, students must have a minimum 60% cumulative average in order to be eligible for graduation. Students will not normally be eligible to graduate while on Probationary status or Required to Withdraw status. A student denied graduation while on Probationary status or Required to Withdraw status may submit a request for Academic Consideration to the Academic Review Sub-Committee.

Police Foundations

Compostor 1

In Police Foundations, students take courses that prepare you for employment in the various levels of Canadian policing including municipal (e.g. Toronto Police Service), provincial (e.g. Ontario Provincial Police), and federal (e.g. Royal Canadian Mounted Police) police services. Courses include Community Policing, Police Governance and Accountability, Investigative Techniques, and Physical Fitness.

Community and Justice Services

This area of study focuses on both the community and the institutional sectors of the criminal justice system. The curriculum combines both theory and applied skills, providing students with the breadth of knowledge and experience for working with offenders and other high-risk client groups. The development of community programs, restorative justice initiatives and preventative measures will be covered. In addition, there is a strong emphasis on the practice of interpersonal, problem-solving and assessment skills.

Justice Program – Schedule of Studies

Students are required to complete 20.00 credits, including 18.00 core credits and 2.00 general electives.

Note: All courses are weighted 0.50 credits unless noted otherwise.

Courses marked with POL are required in the Police Foundations stream.

Courses marked with CJS are required in the Law and Security Administration stream.

Bachelor of Applied Science (BASc.) - Major Kinesiology - Diploma in Fitness and Health Promotion

Kinesiology is an academic discipline focused on understanding the science of human movement. A thorough examination of human movement entails both the study of how individuals move, as well as the factors which limit and enhance individual movement. Thus, the sub-disciplines of kinesiology include: functional anatomy, physiology, biophysics and biomechanics, motor learning and neural control, biochemistry and nutrition, and fitness and lifestyle assessment. The application of this knowledge base permits improvements in one's ability to move, as well as the development and implementation of strategies aimed at encouraging individuals to be physically active and to adopt healthier lifestyles. Course offerings in exercise prescription, health promotion and health counselling address this application of knowledge. Professionally focused physical and clinical activity practicum courses are also offered in the program curriculum.

The objective of this program is to provide graduates with the knowledge, skills and practical experience necessary for employment in a variety of fitness and health fields, as well as clinical settings. Additionally, upon completion of the program students will be eligible to pursue national certification as a Personal Trainer or Exercise Physiologist, from the Canadian Society of Exercise Physiology (CESP).

In the third and fourth years of the program, students will complete two workplace internships designed to foster the development of transferable skills and familiarize themselves with the structure and function of fitness and health facilities. These placements will provide them with valuable experience and networking opportunities. Throughout their internships, students will participate in weekly seminars that will serve to critically analyze their work experiences.

Students are required to complete 20.00 credits in order to be eligible for graduation: 18.50 core credits, 1.50 general elective options and two non-credit activity practicum courses. Students must complete all requirements in order to be eligible to graduate with both the university honours degree (awarded by the University of Guelph) and the college diploma (awarded by Humber College Institute of Technology & Advanced Learning).

Transfer and Bridge Semester

Holders of the CAAT Fitness and Health Promotion who successfully complete the requirements of the BASc Kinesiology Bridge Semester, including 3.0 specific science, math, kinesiology and elective credits, will be eligible to transfer into semester five of the regular program. A maximum of 5.0 credits may be transferred from the CAAT Fitness and Health Promotion diploma to the BASc degree program. For more information on application to the Bridge Semester, contact Admission Services. For information regarding specific courses in the Bridge Semester, please see www.guelphhumber.ca

Conditions for Graduation

In addition to meeting all program specific course and credit requirements, students must have a minimum 60% cumulative average in order to be eligible for graduation. Students will not normally be eligible to graduate while on Probationary status or Required to Withdraw status. A student denied graduation while on Probationary status or Required to Withdraw status may submit a request for Academic Consideration to the Academic Review Sub-Committee.

Bachelor of Applied Science - Major Psychology (BASc.) - Diploma in General Arts and Science

Understanding why people do the things they do is a goal that has been at the core of the science of psychology for at least the last 125 years. In the Psychology program, students examine theories and research based on the biological and social approaches to human behaviour and cognition.

The primary goal of this program is to prepare students to enter the workforce with the depth of understanding and experience employers are looking for in a wide variety of service, administrative, and industrial fields. Students will have the opportunity to identify an area of emphasis in the upper three years of study. Upon completion of the program, students will receive a university honors degree which will prepare them for a professional career or advanced study at the postgraduate level in a variety of academic disciplines.

Students complete 20.00 credits which includes 9.00 required core psychology credits, 6.00 required credits in liberal arts and sciences, and 5.00 credits in general electives. Out of the 5.00 credits in general electives, although not required, students have the option of taking 2.50 credits in one of three areas of emphasis. Only one area of emphasis can be declared. Students must complete these requirements to be eligible to graduate with both a university honours degree (awarded by the University of Guelph) and the college diploma (awarded by Humber). No option exists to graduate with only one of the above listed credentials as the program is fully integrated.

Areas of Emphasis

Business

This area of emphasis provides students with a deeper understanding of the world of business. Students will be better prepared for careers in Customer Service, Marketing, Advertising and Human Resources. In order to obtain recognition for an area of emphasis, students must take at least 2.50 credits from the listing in that area. Only one area of emphasis can be declared.

Human Services

This area of emphasis provides students with a range of courses in the social services sector. Courses which include Working with High Risk Populations and Family Theory and Therapy, will allow students to build their counselling skills. This Area of Emphasis will also attract students wishing to pursue graduate studies in social work or counselling. In order to obtain recognition for an area of emphasis, students must take at least 2.50 credits from the listing in that area. Only one area of emphasis can be declared.

Justice Studies

This area of emphasis will allow students to explore topics and issues related to security, policing, customs, and immigration. In order to obtain recognition for an area of emphasis, students must take at least 2.50 credits from the listing in that area. Only one area of emphasis can be declared.

Conditions for Graduation

In addition to meeting all program specific course and credit requirements, students must have a minimum 60% cumulative average in order to be eligible for graduation. Students will not normally be eligible to graduate while on Probationary status or Required to Withdraw status. A student denied graduation while on Probationary status or Required to Withdraw status may submit a request for Academic Consideration to the Academic Review Sub-Committee

Bachelor of Business Administration - Diploma in Business Administration

The Business Administration program is of an interdisciplinary nature drawing, on appropriate courses in the humanities and social sciences. The program is designed to give students a broad exposure to the basic business disciplines (e.g. economics, accounting, finance, marketing etc) and a sound professional management education while allowing students to focus on specific industry sectors by selecting an "area of emphasis" in the upper two years of study. The early semesters are devoted to instruction in the basic disciplines while the later semesters are devoted to more professional studies.

Students are required to complete 13.50 core business credits, 4.50 "restricted electives" and 2.00 general elective credits in order to be eligible for graduation. Students must complete these requirements in order to be eligible to graduate with both the university honours degree (awarded by the University of Guelph) and the college diploma (awarded by Humber). No option exists to graduate with only one of the above listed credentials as the program is fully integrated.

Conditions for Graduation

In addition to meeting all program specific course and credit requirements, students must have a minimum 60% cumulative average in order to be eligible for graduation. Students will not normally be eligible to graduate while on Probationary status or Required to Withdraw status. A student denied graduation while on Probationary status or Required to Withdraw status may submit a request for Academic Consideration to the Academic Review Sub-Committee.

Areas of Emphasis

International Business

Studies in this area focus on conducting business within the global economy and include courses in International Trade, International Law, and the business practices of Asia Pacific, Europe, and Latin America. In order to obtain recognition for an area of emphasis, students must take at least 2.50 credits from the listing in that area. Only one area of emphasis can be declared.

Finance

This area of emphasis provides students with an understanding of money-management and financial management practices. Courses include Investment Finance, Personal Financial Planning, and Portfolio Management. After completing specific finance courses, students are eligible to sit for the Canadian Securities Institute licensing examination. In order to obtain recognition for an area of emphasis, students must take at least 5 courses from the listing in that area. Only one area of emphasis can be declared.

Accounting

The courses in accounting will allow students to gain a deeper understanding of accounting practices and the various practical skills required in the field. Accounting courses include Managerial Accounting, Taxation, and Auditing. The Institute of Chartered Accountants of Ontario (ICAO) recognizes the University of Guelph-Humber's accounting courses as having the 51 credit hours required for CA candidacy. In order to obtain recognition for an area of emphasis, students must take at least 5 courses from the listing in that area. Only one area of emphasis can be declared. Students wishing to obtain a CGA, CMA or CA designation should consult with the designating bodies as well as the Business Program Advisor, regarding which courses are required.

Marketing

Students will apply knowledge of the business world to explore how product, price, promotion, and distribution frameworks are used to satisfy consumer needs and achieve organizational objectives. Courses include Professional Selling, E-Commerce, and an applied Marketing Research Project. In order to obtain recognition for an area of emphasis, students must take at least 5 courses from the listing in that area. Only one area of emphasis can be declared.

Management

The management area of emphasis is designed to equip students with a theoretical and practical understanding of the challenges involved in running enterprises of various kinds. Students learn about the management of large and small businesses, for-profit and not-for-profit organizations, as well as the concepts and techniques relevant to the execution of special events and the provision of management consulting services. Within this area, students also have the opportunity of putting the practice of management into historical context and acquiring insight into the interactions between business and government. In order to obtain recognition for an area of emphasis, students must take at least 5 courses from the listing in that area. Only one area of emphasis can be declared.

Small Business Management and Entrepreneurship

Students will explore crucial strategies for initiating and maintaining a successful small business in today's marketplace. The range of courses include Business Consulting, Event Management, and Planning a Small Business. In order to obtain recognition for an area of emphasis, students must take at least 5 courses from the listing in that area. Only one area of emphasis can be declared.

Schedule of Studies
