Advanced Standing Admission

1. Advanced Standing Applicants from a recognized University or College in Canada

Applicants for admission to the University of Guelph-Humber transferring from an accredited university or college are normally subject to the following admission policy

- Applicants must have completed the Ontario Secondary School Diploma including subject specific entry requirements at the Grade 12, 4U and/or 4M level, or equivalent, for admission to the University of Guelph-Humber, prior to the commencement of the academic session for which application is made.
- Applicants must be eligible for readmission and registration on a full-time basis at the last university or college attended in the academic session for which application is made. Applicants whose academic records at another university or college have rendered them ineligible to continue study at that university or college will be considered for admission only when the stipulated period of rustication has expired.
- Students registered in a preliminary year, bridging year or first year at a recognized university or college to which students are admitted without having completed the Ontario Secondary School Diploma or the equivalent are eligible to apply for admission to first year at this University provided that their first or preliminary year program includes subjects equivalent to those Grade 12, 4U or 4M courses required for admission to each program. Credit towards graduation from the University of Guelph-Humber is not normally granted for work taken in the first year of the university program which does not require completion of the Ontario Secondary School Diploma or equivalent for admission.
- Admission of students transferring from another university or college is not automatic. All such applicants will be assessed in competition with other new applicants, taking into consideration the academic requirements and enrolment limitations which pertain at the time the application is complete. In addition, an offer of admission will not imply in any way that space will be available in the course(s) in which the applicant wishes to register, though every effort will be made to facilitate the course selection and academic planning process for transfer students.

Subject to the degree and specialization to which the applicant is admitted, and to grade and program requirements, any course offered for credit by another Ontario university shall be accepted for credit when there is an essential equivalency in course content.

- In addition, the University of Guelph-Humber supports the intent of the Pan-Canadian Protocol on the Transferability of University Credits to develop consistent, fair and efficient systems to facilitate student mobility and program completion. In consideration of the principles of the Protocol, the University of Guelph-Humber undertakes to ensure that all course work completed by transfer students in the first two years of university study in Canada (including the final year leading to a diploma of college studies (DCS) in Quebec and the transfer courses offered by community colleges in British Columbia and Alberta) are recognized and, subject to degree, grade and program requirements are credited for the purpose of granting a degree provided that:
 - the applicant is deemed admissible and has been offered admission
 - a passing grade has been achieved in each course to be transferred and the grade is at the level that normally would be required of students at the University of Guelph-Humber and
 - the credits earned are related to the program of study in which the transfer student will register, or the credits can be counted as electives in the program of study.

- Candidates from non-Ontario recognized universities or students with completed colleges diploma applying for advanced standing must submit, with the application, detailed course descriptions, or a calendar of the institution at which they studied. The provision of such information will greatly facilitate the evaluation of previous work and the consideration of possible transfer of credits. The amount of transfer credit granted is at the discretion of the Campus Registrar and the Program Head of the program concerned.

Note: Where necessary, the grades from other recognized universities or colleges whose marking schemes differ from those of this University shall be translated into the equivalent grades of the University of Guelph-Humber and admissibility assessed in those terms. Applicants for transfer, for whom English is a second language, must submit with their application, evidence acceptable to this University of Proficiency in English (see English Proficiency in this section).

- Applicants who have been required to withdraw from the University of Guelph-Humber or another post-secondary institution and who pass university credit courses during the period of rustication, may be eligible for up to 1.00 credit (one full-year course) provided the criteria for admission or re-admission and transfer of credit are met. If university credit courses are successfully completed after the rustication period, transfer credit may be granted for all courses provided the criteria for admission or re-admission and transfer of credit are met. Applicants who have been debarred for academic misconduct will not receive credit for courses taken during the period of debarment.
- Applicants should contact Admission Services regarding specific transfer credit.

The application of these transfer credits will vary depending on the degree. The applicant must satisfy degree graduation requirements and residency requirements as outlined in Section VII – Undergraduate Degree Regulations and Procedures..

Specific graduation requirements will be determined in consultation with the Academic Advisor.

Applicants will be informed of the amount of advanced standing credit granted when they receive the offer of admission. Acceptance by the student of the offer of admission shall imply the student's agreement to the advanced standing credit granted.

2. Colleges of Applied Arts and Technology

Applicants from appropriate programs may be considered for admission with advanced standing in accordance with the following policy:

- Transfer credits are determined by the Admissions Committee of the program to which the student is admitted. Acceptance of an offer of admission implies acceptance of credit assessment completed by the Admissions Committee.
- Transfer credits will be based on courses completed at a CAAT normally with a grade of 'B' or better, where those courses are deemed appropriate to the program to which the student is admitted at this University. A minimum overall average of 'B' is normally required in CAAT diploma programs for consideration of any transfer credit.
- Up to 10.00 credits (equivalent of two full-time years of study) may be granted to students transferring from a 'recognized' three-year diploma program, and up to 5.00 credits may be granted to students transferring from a 'recognized' two-year diploma program. Recognized diploma programs, are defined as those with a close affinity in subject matter to the program applied for at the University of Guelph-Humber (i.e. Business diploma for applicants to our BBA program).
- Should a student transfer to a different program after admission to the University of Guelph-Humber, credits assigned upon admission will be re-assessed where deemed appropriate by the Admissions Committee of the program.
- The normal standard for admission of College Diploma graduates is a 75% cumulative average.

3. CEGEPS - Province of Quebec

- Applicants who present the Diplôme des Etudes Collegiales may be eligible for advanced standing, to a maximum of 5.00 credits.
- For more specific information candidates may contact, Admission Services - University of Guelph-Humber.

Advanced Standing Entry Points

Applicants are considered as 'Advanced Standing' if they have attended another post-secondary institution (college and/or university) and will receive 2.00 or more transfer credits upon admission.

Because enrolment in certain courses is limited by the availability of resources, the University cannot guarantee that all students wishing to take a particular specialization will be accommodated.

Visiting Students & Letter of Permission

University graduates, permanent staff, or visiting students who wish to enrol in degree courses to upgrade their degree or to gain credit for admission to a graduate or other academic program should apply as a Visiting/Non-degree student at: <https://www.guelphhumber.ca/futurestudents/visiting-student-applicant>. Applicants are required to submit official post-secondary transcripts to ensure pre-requisites requirements are met.

Acceptance as a visiting student does not imply that space will be available in the course(s) in which the applicant wishes to register. Students should contact Registrarial Services - Admissions about space availability in their desired courses.

Students who register in the non-degree category and who subsequently want to change to a degree status will be required to meet admission requirements for that program, and credit granted for courses taken in the non-degree category will be subject to the regulations pertaining to that program. Students should see their Academic Advisor for details.

Second Degrees

Students from the University of Guelph-Humber or from another university may graduate with a second undergraduate degree from the University of Guelph-Humber. If they have graduated with their first degree, they must apply for admission to the program for their second degree. A maximum of 10.00 credits may be transferred from the initial degree program where applicable.

The course content of the second degree program must be substantially different from that of the first. If University of Guelph-Humber students apply to graduate with two different degrees at the same convocation, only 10.00 credits may be transferred from the registered program to the undeclared program.

A second degree is judged to be substantially different if:

- different subject areas as listed in Section XI – Course Descriptions; or
- the schedule of study requirements are substantially different (there can be no more than 25% overlap of courses).

Prior Learning Assessment (PLA)

At the University of Guelph-Humber, Prior Learning Assessment (PLA) is an acceptable process for assigning credit at the undergraduate level for learning stemming from experience acquired independently of courses taken at university. PLA provides a mechanism whereby credit may be given for equivalence in a university course to those students who have mastered the content of the course concerned without having taken a formal course in the subject area. Such mastery may have been acquired, for example, through work experience, independent study or from non-degree courses. In the absence of a certificate or other formal acknowledgement of competence by an appropriately accredited institution, the student can challenge the appropriate specific course(s) offered by the University to a maximum of 5.00 credits in a degree program. **Prior Learning Assessment is a post-admission process which is facilitated by the Program Head (or faculty member designated by the Program Head) for the program of study the student applied to.**

Each academic program is responsible for determining which of its courses may be subject to PLA challenge. The challenge process could include one or more assessment methods, including standardized tests, written and/or oral examinations, performance evaluations, interviews, and portfolio assessments. These assessments require that the individual demonstrate, to a qualified faculty member, that pre-determined knowledge and skills have been acquired. The Program Head (or designated faculty member) will inform Registrarial Services of any successful PLA applications, so that appropriate credit can be assigned and charges can be raised on the students account.

Readmission

Previously registered University of Guelph-Humber students must apply to Registrarial Services - Admissions for readmission under any of the conditions outlined below:

1. They were required to withdraw from their program for a period of two or more semesters.
2. They were suspended from the University for academic misconduct.
3. They have graduated from this University and wish to register in order to take additional courses.
4. They registered in a program at another post-secondary institution and wish to return to the University of Guelph-Humber.
5. They have not registered at the University of Guelph-Humber for six or more consecutive semesters.
6. They are attending the University of Guelph-Humber on a letter of permission and wish to continue past the term of the letter of permission agreement.

Readmission to a program at the University of Guelph-Humber is not automatic. Students who are required to withdraw must apply for readmission to the University after completing the minimum two semesters of rustication. Students should consult sub-sections regarding appropriate admission requirements and deadline dates in this section. Applications for readmission should include a statement which outlines the basis for readmission. Criteria used for readmission may differ by academic program. Students considering readmission should consult with the appropriate Academic Advisor regarding procedures and criteria for readmission to that program.

On December 19, 1995, the University Senate approved the following policy for the granting of credit while on rustication:

1. Students who have been required to withdraw, and who take university credit courses during their rustication period, will be eligible for up to 1.00 credit (one full-year course) provided they meet the criteria for readmission and the criteria for the transfer of credit.
2. Students who take university courses after the two-semester rustication period may transfer all these credits provided the student meets the criteria for readmission and the criteria for the transfer of credit.
3. Students who have been suspended for academic misconduct will not receive any credit for courses taken during the suspension period.

Note: This policy applies to any university credit course taken during the rustication period, be it distance or on-campus, taken in open learning programs from either our university or at another university.

Right of Selection

It should be carefully noted that possession of the minimum requirements does not in itself guarantee admission to any of the programs or specializations offered at the University of Guelph-Humber. For all programs for which the number of qualified applicants exceeds the capacity, the University reserves the right to select the quota from among the qualified applicants.

For students applying to enter the University for the first time, the decision of the Admissions Committee is final and there shall be no appeal to that decision.

An applicant for readmission may, under specific circumstances, appeal the decision of the Admissions Committee to deny re-admission.

Applicants are reminded that the University is a dynamic institution and that information pertaining to admission may change. It is the responsibility of the applicant to ascertain admission requirements at the time of application.
