University of Guelph-Humber

The information published in this Calendar outlines the rules, regulations, curricula, programs and fees for the 2020-2021 academic year, including the Summer Semester 2020, the Fall Semester 2020, and the Winter Semester 2021.

The University reserves the right to change without notice any information contained in this calendar, including but not limited to that related to tuition and other fees, standards of admission, course delivery or format, continuation of study, and the offering or requirements for the granting of, degrees or diplomas in any or all of its programs. The publication of this calendar does not bind the University to the provision of courses, programs, schedules of study, or facilities as listed herein.

The University will not be liable for any failure or delay in performance arising out of any cause or causes beyond its reasonable control. Such causes may include but are not limited to fire, strike, lock-out, inability to procure materials or trades, war, mass-casualty event, flood, local, regional or global outbreak of disease or other public health emergency, social distancing or quarantine restriction, legislative or regulatory requirements, unusually severe weather, failure of public utility or common carrier, or attacks or other malicious act, including but not limited to attacks on or through the internet, or any internet service, telecommunications provider or hosting facility.

In March 2020 the World Health Organization declared a global pandemic of the virus leading to COVID-19. The Governments of Canada, the Province of Ontario, and local Governments responded to the pandemic with legislative amendments, controls, orders, by-laws, requests and requirements (collectively, the "Governmental Response"). It is uncertain how long the pandemic, and the related Governmental Response, will continue, and it is unknown whether there may be a resurgence of the virus leading to COVID-19 or any mutation thereof (collectively, the "Virus") and resulting or supplementary renewed Government Response. Without limiting the foregoing paragraph, the University shall not be liable for costs associated with any failure or delay in performance arising out of:

- a. the continued spread of the Virus;
- b. the continuation of or renewed Governmental Response to control the spread of the Virus; and
- c. a University decision, made on an organization-wide basis and in good faith, to control the spread of the Virus, even if exceeding the then current specific Government Response.

In particular, the COVID-19 pandemic may necessitate a revision of the format of course offerings such that courses are offered in whole or in part on an alternate delivery model to in-person classes. Tuition and mandatory fees have been set regardless of the method of instruction and will not be refunded in the event instruction occurs remotely for any part of the academic year.

Dates or times of performance including the Schedule of Dates may be extended as appropriate and the University will notify students promptly of the existence and nature of such delay and shall, so far as practicable, use reasonable efforts to minimize and mitigate any such delay or non-performance.

Faculty – including those who have broken frontiers in their research and those who are connected with industry partners and professionals outside the classroom – will enrich your learning experience.

You will be taught by experienced faculty from both the University of Guelph and Humber. You will discover professors who are approachable and ready to help both in and out of the classroom.

Workplace Experience Before You Graduate

In addition to in-class learning, every program includes an opportunity for you to learn in the workplace, so you can build on what you have learned in the classroom. The type of workplace experience varies across each program.

Students in Early Childhood Studies, Family and Community Social Services, and Justice Studies participate in practicum and community service placements. A practicum is a part-time volunteer placement that is taken over a semester in conjunction with a course. Students typically carry a full course load while enrolled in practicum placements.

Students in Psychology combine academic study with a minimum of 100 hours of workplace experience through the Applied Study in Psychology Course.

Kinesiology students complete 2 internships in 3rd and 4th year, participating in weekly seminars to analyze their experiences and help develop the skills needed for professional employment.

Students in the Business program are required to participate in an Applied Business Study in their last semester. In this course, students, in either a paid or volunteer position, analyze and apply business theories to the workplace through a reflective paper. Students also have the option of gaining more work experience for credit by participating in the Business Practicum course in their third or fourth year. Students typically carry a full course load while enrolled in either of these two courses. Students in the Media Studies program participate in a 240-280 hour internship in their final year of study. An internship is a part-time volunteer placement.
