# **Collection, Use and Disclosure of Personal Information**

Personal information is collected under the authority of the University of Guelph Act (1964), and in accordance with Ontario's Freedom of Information and Protection of Privacy Act (FIPPA) http://www.e-laws.gov.on.ca/DBLaws/Statutes/English/90f31\_e.htm. This information is used by University officials in order to carry out their authorized academic and administrative responsibilities and also to establish a relationship for alumni and development purposes. Certain personal information is disclosed to external agencies, including the Ontario Universities Application Centre, the Ministry of Training, Colleges and Universities, and Statistics Canada, for statistical and planning purposes, and is disclosed to other individuals or organizations in accordance with the Office of Registrarial Services Departmental Policy on the Release of Student Information. For details on the use and disclosure of this information call the Office of Registrarial Services at the University at (519) 824-4120 or see http://www.uoguelph.ca/registrar/index.cfm?index.

## **Statistics Canada - Notification of Disclosure**

For further information, please see Statistics Canada's web site at http://www.statcan.ca and Section XIV Statistics Canada.

#### Address for University Communication

Depending on the nature and timing of the communication, the University may use one of these addresses to communicate with students. Students are, therefore, responsible for checking all of the following on a regular basis:

#### **Email Address**

The University issued email address is considered an official means of communication with the student and will be used for correspondence from the University. Students are responsible for monitoring their University-issued email account regularly. See Section I--Statement of Students' Academic Responsibilities for more information.

#### **Home Address**

Students are responsible for maintaining a current mailing address with the University. Address changes can be made, in writing, through Undergraduate Program Services.

## Name Changes

The University of Guelph is committed to the integrity of its student records, therefore, each student is required to provide either on application for admission or on personal data forms required for registration, his/her complete, legal name. Any requests to change a name, by means of alteration, deletion, substitution or addition, must be accompanied by appropriate supporting documentation.

# Student Confidentiality and Release of Student Information Policy Excerpt

The University undertakes to protect the privacy of each student and the confidentiality of his or her record. To this end the University shall refuse to disclose personal information to any person other than the individual to whom the information relates where disclosure would constitute an unjustified invasion of the personal privacy of that person or of any other individual. All members of the University community must respect the confidential nature of the student information which they acquire in the course of their work. Complete policy at http://www.uoguelph.ca/policies.

# Bachelor of Science in Agriculture [B.Sc.(Agr.)]

The B.Sc.(Agr.) degree program is a 4 year honours science program designed to provide a fundamental education in the science of agriculture. The curriculum includes courses in the agricultural sciences, the physical, biological and social sciences, and in the arts.

# **Program Information**

Agricultural scientists must be effective communicators and problem solvers, self-directed in their learning, and have a global perspective of the agrifood systems. Students will be involved in co-operative group learning activities and will experience courses that are multidisciplinary and integrate the teaching activities of many faculty and departments. Students will have the option of completing a broad agricultural program (honours agricultural science) or identifying another major in which they take a minimum of 6.00 credits. The curriculum provides opportunities for students to select courses that will help them prepare for professional careers as entrepreneurs, scientists, marketing specialists, financial managers, technical advisors, or communication specialists. Students will have a comprehensive understanding of the food system when they graduate. They will be able to integrate their knowledge of production agriculture, environmental management, resource allocation and business management as it applies to the food system nationally and globally.

Students will be encouraged to integrate their academic program with a well-planned series of employment activities in the summer months and to develop their leadership and interpersonal skills in on-campus and community activities. There is a strong commitment in the curriculum to the philosophy of "whole person development" and students are encouraged to identify personal goals that they wish to accomplish in each of these areas of their development.

Graduates meet the educational requirements for membership in the Ontario Institute of Agrologists. The Ontario Institute of Agrologists is the professional organization in agriculture in the Province of Ontario. Professional institutes in the various provinces in Canada and the scientific societies in agriculture collectively comprise the Agricultural Institute of Canada. The program received full accreditation from the Agricultural Institute of Canada in April 1999.

## B.Sc.(Agr.) Majors:

Agricultural Economics Animal Science Crop, Horticulture and Turfgrass Science Honours Agricultural Science Organic Agriculture Urban Landscape Management

## Declaration of a Major

All students are admitted into an undeclared major upon entry. Students will be required to select a major by semester 3 through consultation with the Program Counsellor and Faculty Advisors. The course requirements are listed for each major in the following section.

Students may, with appropriate approvals, elect to complete Minors associated with other degree programs as listed in the undergraduate calendar.

## Study Abroad

The B.Sc.(Agr.) degree program is similar in many respects to programs offered at faculties of agricultural science in other provinces in Canada. Students are strongly encouraged to consider studying for 1 or 2 semesters in other faculties of agricultural science in Canada and in selected countries around the world.

Students interested in studying at another institution program should consult the B.Sc.(Agr.) Program Counsellor to discuss their plans, and refer to the scholarship section for financial support.

For more specific information on these opportunities refer to Section V--International Study in this calendar, or contact the OAC Dean's Office.

# **Doctor of Veterinary Medicine**

Students in the B.Sc.(Agr.) program normally apply for admission to the D.V.M. program after semester 4 or later. Applications must be submitted to the Admissions Services, Office of Registrarial Services. Students should consult the D.V.M. Section of the calendar. Students who do not gain admission to the D.V.M. program are eligible to continue in the B.Sc.(Agr.) program through to graduation.

Students planning to enter the D.V.M. program are advised to include 12U biology, 12U chemistry, and 12U physics in addition to calculus in secondary school.

# Continuation of Study

Students are advised to consult the regulations for continuation of study within the program which are outlined in detail in Section VIII--Undergraduate Degree Regulations & Procedures.

# **Conditions of Graduation**

To qualify for the degree Bachelor of Science (Agriculture), the student must successfully complete a minimum of 20.00 credits as set out in the Schedule of Studies listed below.

In addition, students must meet the continuation of study requirements at the time of graduation and have a minimum of 60% cumulative average.

# Honours Agriculture (AGRS)

Semester 1		
AGR*1100	[0.50]	Introduction to the Agrifood Systems
BIOL*1030	[0.50]	Biology I
CHEM*1040	[0.50]	General Chemistry I
ECON*1050	[0.50]	Introductory Microeconomics
MATH*1080	[0.50]	Elements of Calculus I
Semester 2		
AGR*1250	[0.50]	Agrifood System Trends & Issues
BIOL*1040	[0.50]	Biology II
CHEM*1050	[0.50]	General Chemistry II
ENGL*1200	[0.50]	Reading the Contemporary World
0.50 electives		
Semester 3		
AGR*2320	[0.50]	Soils in Agroecosystems
AGR*2350	[0.50]	Animal Production Systems and Industry
AGR*2400	[0.50]	Economics of the Canadian Food System
AGR*2470	[0.50]	Introduction to Plant Agriculture
0.50 restricted ele	ectives	
Semester 4		
SOIL*3000	[0.50]	Environmental Issues in Agriculture and Landscape Management
STAT*2040	[0.50]	Statistics I
One of:	[0.50]	Statistics
CROP*2110	[0.50]	Crop Ecology
HORT*3350	[0.50]	Woody Plant Production and Culture
One of:	(	······································
ANSC*2340	[0.50]	Structure of Farm Animals
ANSC*2360	[0.50]	Challenges and Opportunities in Animal Production
ANSC*3210	[0.50]	Principles of Animal Care and Welfare
Note: ANSC*236	0 is a Fall of	fering and ANSC*2340, ANSC*3210 are Winter offerings
0.50 restricted ele	ectives	-

#### Semester 5

AGEC*2700	[0.50]	Survey of Natural Resource Economics
FOOD*3090	[0.50]	Food Science and Human Nutrition
1.50 electives or re	stricted elec	ctives

## Semester 6

EDRD*3400	[0.50]	Sustainable Communities
2.00 electives		

#### Semester 7 & 8

Students must choose either Option A or B in Semester 7 and 8

Option A:		
AGR*4500	[0.50]	Agrifood Industry Problem-Solving
4.50 electives		
Option B		
AGR*4450	[1.00]	Research Project I
AGR*4460	[1.00]	Research Project II
3.00 electives		

#### **Restricted Electives**

1. 2 of the following Restricted Electives are required:

• •	2 01 110 10110 11	ing resultered i	lieen ves me required.
	BIOC*2580	[0.50]	Introductory Biochemistry
	BOT*2100	[0.50]	Life Strategies of Plants
	ECON*1100	[0.50]	Introductory Macroeconomics
	ECON*2310	[0.50]	Intermediate Microeconomics
	GEOL*3130	[0.50]	Agrogeology
	MBG*2000	[0.50]	Introductory Genetics
	SOIL*2120	[0.50]	Introduction to Environmental Stewardship
•		<b>=</b> 00 11	

- 2. A minimum of 7.00 credits must be at the 3000 level or higher, of which 5.00 credits must be in agricultural science and of which 3.50 credits must be at the 4000 level. Refer to Program Counsellor for list of agricultural science courses.
- 3. A humanities or social science course (0.50 credits) at the 2000 level or above from the College of Arts or College of Social and Applied Human Sciences.

# Suggested Electives in Agricultural Sciences and Related Disciplines

Students who wish to concentrate in particular areas of Agricultural Sciences should consider selecting one of the following course groups.

A list of faculty advisors for the following elective course groupings are available from the B.Sc.(Agr) Program Counsellor.

Students should note that some suggested electives (marked by asterisks\*\*) require other courses as prerequisites. Students should consult the most recent undergraduate calendar for specific requirements.

#### OAC Dean's Office

#### Minor (Honours Program)

The requirement of 5.00 credits for the minor is divided into 2 groups of courses, required courses and restricted electives. Students should ensure that they obtain the necessary prerequisites for required and restricted elective courses. Students should seek academic counselling from the B.Sc.(Agr) Program Counsellor early in their program. This minor is not open to students in the B.Sc.(Agr) Program.

#### Minor

A minimum of 5.00 credits is required including:

One of:		
AGR*1250	[0.50]	Agrifood System Trends & Issues
ENVB*2010	[0.50]	Food Production and the Environment
Three of:		
AGR*2320	[0.50]	Soils in Agroecosystems
AGR*2350	[0.50]	Animal Production Systems and Industry
AGR*2400	[0.50]	Economics of the Canadian Food System
AGR*2470	[0.50]	Introduction to Plant Agriculture
AGR*2500	[0.50]	Field Trip in International Agriculture
EDRD*3400	[0.50]	Sustainable Communities
FOOD*3070	[0.50]	Introduction to Food Processing
3.00 credits from th	e following	Elective List:

Note: At least 0.50 credits must be at the 4000 level and 1.00 credits at the 3000 level or higher.

Agronomy:		
CROP*3300	[0.50]	Grain Crops
CROP*3310	[0.50]	Protein and Oilseed Crops
CROP*3340	[0.50]	Managed Grasslands
CROP*4220	[0.50]	Cropping Systems
CROP*4240	[0.50]	Weed Science

Students must choose either Option A or B in Semester 7 and 8 **Option A:** 

Semester 7		
AGEC*3030	[0.50]	The Firm and Markets
AGEC*4500	[0.50]	Decision Science
1.50 electives or	restricted e	lectives
Semester 8		
AGEC*4000	[0.50]	Agricultural and Food Policy
AGR*4500	[0.50]	Agrifood Industry Problem-Solving
1.50 electives or	restricted e	lectives
Option B		
Semester 7		
AGEC*3030	[0.50]	The Firm and Markets
AGEC*4500	[0.50]	Decision Science
AGR*4450	[1.00]	Research Project I
0.50 electives or	restricted e	lectives
Semester 8		
AGEC*4000	[0.50]	Agricultural and Food Policy

AGR\*4460 [1.00] Research Project II

# 1.00 electives or restricted electives

### **Restricted Electives**

- 1. Students are required to take at least 1.50 additional credits at the 3000 or 4000 level in the following subject areas: AGEC, MCS, ECON, or in an area otherwise approved by the faculty advisor. At least 1.00 of these additional credits must be at the 4000 level.
- 2. A minimum of 7.00 credits must be at the 3000 level or higher, of which 5.00 credits must be in agricultural science and of which 3.50 credits must be at the 4000 level. Refer to Program Counsellor for list of agricultural science courses.

### Animal Science (ANSC)

Semester 1

#### **Department of Animal and Poultry Science**

Semester 1		
AGR*1100	[0.50]	Introduction to the Agrifood Systems
BIOL*1030	[0.50]	Biology I
CHEM*1040	[0.50]	General Chemistry I

1.00 to 1.50 electives or restricted electives

#### **Restricted Electives**

- 1. A minimum of 7.00 credits must be at the 3000 level or higher, of which 5.00 credits must be in agricultural science and of which 3.50 credits must be at the 4000 level. Those credits at the 3000 level or above selected to satisfy Item # 3 below will be applied to satisfy this minimum 7.00 credit requirement. Refer to the Program Counsellor for the list of agricultural science courses.
- 2. A humanities or social science course (0.50 credits) at the 2000 level or above from the College of Arts or College of Social and Applied Human Sciences.
- 3. Six courses (3.00 credits) from the courses listed below without regard to group.

Students who wish to concentrate in particular areas of plant agriculture should consider selecting one of the following course groups.

#### **Crop Science**

Choose three course	es (1.50 cree	dits) among the following:
CROP*2050	[0.50]	Gateway to Organic Agriculture
CROP*3300	[0.50]	Grain Crops
CROP*3310	[0.50]	Protein and Oilseed Crops
CROP*3340	[0.50]	Managed Grasslands
CROP*4220	[0.50]	Cropping Systems
CROP*4240	[0.50]	Weed Science
Choose three course	es (1.50 cree	dits) among the following:
AGR*2350	[0.50]	Animal Production Systems and Industry
ENVB*3210	[0.50]	Plant Pathology
ENVB*4100	[0.50]	Applied Entomology
MBG*3100	[0.50]	Plant Genetics
MBG*4160	[0.50]	Plant Breeding
MET*2020	[0.50]	Agrometeorology
PBIO*3750	[0.50]	Plant Tissue Culture
PBIO*4100	[0.50]	Soil Plant Relationships
PBIO*4750	[0.50]	Genetic Engineering of Plants
SOIL*3000	[0.50]	Environmental Issues in Agriculture and Landscape
		Management
SOIL*3080	[0.50]	Soil and Water Conservation
SOIL*4160	[0.50]	Design of Organic Production Systems
Horticultural Scien	nce	
Choose two courses	(1.00 credi	its) among the following:
HORT*2450	[0.50]	Introduction to Turfgrass Science
HORT*3010	[0.50]	Annual, Perennial and Indoor Plants - Identification and
		Use
HORT*3280	[0.50]	Greenhouse Production
HORT*3350	[0.50]	Woody Plant Production and Culture

		Management

- 2. A minimum of 7.00 credits must be at the 3000 level or higher, of which 5.00 credits must be in agricultural science and of which 3.50 credits must be at the 4000 level. Refer to Program Counsellor for list of agricultural science courses.
- 3. A humanities or social science course (0.50 credits) at the 2000 level or above from the College of Arts or College of Social and Applied Human Sciences.

**Note:** In this major there are fees charged to cover partial costs of some field trips. Students in need of financial assistance should approach the Chair of the department.

# Urban Landscape Management (ULM)

#### The School of Environmental Design and Rural Development

The Major in Urban Landscape Management is designed to address the need for graduates who can manage not only attractive, but functional and sustainable, urban open spaces. Graduates will have an applied understanding of soil and plant science as they specifically relate to recreational and aesthetic urban open space. Students will learn to address issues in a multidisciplinary and creative manner reflecting environmental, social, political, cultural and economic imperatives.

#### **Field Trips**

Participation in organized visits to study site areas and projects sites is obligatory for all students taking certain courses in Urban Landscape Management. To the extent that is possible students will be informed of the dates, destinations and cost of field trips prior to registration. Students who have reason to seek exemption from the requirement may apply to the professor for permission to substitute papers on appropriate topics.

#### Selection of Electives

All electives may be chosen independently although counselling with the academic advisor is highly recommended. In selecting electives two approaches may be followed: 1) electives may be chosen from a variety of disciplines to achieve breadth of knowledge or 2) all or most electives may be chosen in a subject area in order to pursue a particular file of interest in depth. Students are cautioned to be aware of university regulations concerning the required minimum number of 3000 and 4000 level courses and that the prerequisite requirements of courses may direct them to take particular courses in preparation.

#### Semester 1

beinebter 1		
AGR*1100	[0.50]	Introduction to the Agrifood Systems
BIOL*1030	[0.50]	Biology I
CHEM*1040	[0.50]	General Chemistry I
ECON*1050	[0.50]	Introductory Microeconomics
MATH*1080	[0.50]	Elements of Calculus I
Semester 2		
AGR*1250	[0.50]	Agrifood System Trends & Issues
BIOL*1040	[0.50]	Biology II
CHEM*1050	[0.50]	General Chemistry II
ENGL*1200	[0.50]	Reading the Contemporary World
One of:		
ANTH*1150	[0.50]	Introduction to Anthropology
PHIL*1010	[0.50]	Introductory Philosophy: Social and Political Issues
PSYC*1100	[0.50]	Principles of Behaviour
SOC*1100	[0.50]	Sociology
Semester 3		
AGR*2320	[0.50]	Soils in Agroecosystems
AGR*2400	[0.50]	Economics of the Canadian Food System
EDRD*2010	[0.50]	Introduction to Landscape Management
HORT*2450	[0.50]	Introduction to Turfgrass Science
0.50 electives		
Semester 4		
BOT*2100	[0.50]	Life Strategies of Plants
LARC*2820	[0.50]	Urban and Regional Planning
STAT*2040	[0.50]	Statistics I
1.00 electives or re	estricted ele	octives

1.00 electives or restricted electives

#### Semester 5

BIOL*2060	[0.50]	Ecology	
LARC*2100	[0.50]	Landscape Analysis	
1.50 electives or restricted electives			

#### Semester 6

Semicorer o		
EDRD*3400	[0.50]	Sustainable Communities
EDRD*3140	[0.50]	Organizational Communication
HORT*3350	[0.50]	Woody Plant Production and Culture
SOIL*3000	[0.50]	Environmental Issues in Agriculture and Landscape
		Management
0.50 electives or restricted electives		

### Semester 7

AGR*4450	[1.00]	Research Project I	
EDRD*4300	[0.50]	Issues in Landscape Management	
1.00 electives or restricted electives			

#### Semester 8

AGR\*4460 [1.00] Research Project II

1.50 electives or restricted electives

A minimum of 7.00 credits must be at the 3000 level or higher, of which 5.00 credits must be in agricultural science and of which 3.50 credits must be at the 4000 level.

### **Restricted Electives**

1.50 credits from:		
AGR*2350	[0.50]	Animal Production Systems and Industry
AGR*2470	[0.50]	Introduction to Plant Agriculture
BIOL*3450	[0.50]	Introduction to Aquatic Environments
BIOL*4060	[0.50]	Restoration Ecology
BOT*2050	[0.50]	Plant Ecology
EDRD*3450	[0.50]	Watershed Planning Practice
ENVB*2030	[0.50]	Current Issues in Forest Science
ENVB*3030	[0.50]	Pesticides and the Environment
ENVB*3040	[0.50]	Natural Chemicals in the Environment
ENVB*3090	[0.50]	Insect Diversity and Biology
ENVB*3160	[0.50]	Management of Turfgrass Diseases
ENVB*3210	[0.50]	Plant Pathology
ENVB*3300	[0.50]	Applied Ecology and Environment
ENVB*4780	[0.50]	Forest Ecology
FOOD*3090	[0.50]	Food Science and Human Nutrition
HORT*3010	[0.50]	Annual, Perennial and Indoor Plants - Identification and
		Use
HORT*3050	[0.50]	Management of Turfgrass Insect Pests and Weeds
HORT*4450	[0.50]	Advanced Turfgrass Science
PBIO*4100	[0.50]	Soil Plant Relationships
SOIL*2010	[0.50]	Soil Science
SOIL*3050	[0.50]	Land Utilization
SOIL*3100	[0.50]	Resource Planning Techniques
SOIL*3200	[0.50]	Environmental Soil Biology
SOIL*3600	[0.50]	Remote Sensing
1.00 credits from:		
ECON*2100	[0.50]	Economic Growth and Environmental Quality
EDRD*2020	[0.50]	Interpersonal Communication
EDRD*3500	[0.50]	Recreation and Tourism Planning
EDRD*4500	[0.50]	Planning Industrial Ecology
GEOG*1220	[0.50]	Human Impact on the Environment
GEOG*3050	[0.50]	Development and the City
HIST*2250	[0.50]	Environment and History
HIST*4640	[0.50]	Canadian Urban History
ISS*2500	[0.50]	Management in Organizations
LARC*4520	[0.50]	Park and Recreation Administration
MCS*2020	[0.50]	Information Management
PHIL*2070	[0.50]	Philosophy of the Environment
PHIL*2100	[0.50]	Critical Thinking
PHIL*2120	[0.50]	Ethics
POLS*1400	[0.50]	Issues in Canadian Politics
POLS*3270	[0.50]	Local Government in Ontario
POLS*3370	[0.50]	Environmental Policy Formation and Administration
