Date	Description
February 1, 2013	Initial Publication
April 12, 2013	Second Publication
October 16, 2013	Third Publication
March 15, 2014	Updates for AODA Compliance

Disclaimer

University of Guelph 2013

The information published in this Undergraduate Calendar outlines the rules, regulations, curricula, programs and fees for the 2013-2014 academic year, including the Summer Semester 2013, the Fall Semester 2013 and the Winter Semester 2014.

The University reserves the right to change without notice any information contained in this calendar, including fees, any rule or regulation pertaining to the standards for admission to, the requirements for the continuation of study in, and the requirements for the granting of degrees or diplomas in any or all of its programs. The publication of information in this calendar does not bind the University to the provision of courses, programs, schedules of studies, or facilities as listed herein.

The University will not be liable for any interruption in, or cancellation of, any academic activities as set forth in this calendar and related information where such interruption is caused by fire, strike, lock-out, inability to procure materials or trades, restrictive laws or governmental regulations, actions taken by faculty, staff or students of the University or by others, civil unrest or disobedience, public health emergencies, or any other cause of any kind beyond the reasonable control of the University.

In the event of a discrepancy between a print version (downloaded) and the Web version, the Web version will apply.

Introduction

Collection, Use and Disclosure of Personal Information

Personal information is collected under the authority of the University of Guelph Act (1964), and in accordance with Ontario's Freedom of Information and Protection of Privacy Act (FIPPA) <http://www.e-laws.gov.on.ca/index.html>. This information is used by University officials in order to carry out their authorized academic and administrative responsibilities and also to establish a relationship for alumni and development purposes. Certain personal information is disclosed to external agencies, including the Ontario Universities Application Centre, the Ministry of Training, Colleges and Universities, and Statistics Canada, for statistical and planning purposes, and is disclosed to other individuals or organizations in accordance with the Office of Registrarial Services Departmental Policy on the Release of Student Information. For details on the use and disclosure of this information call the Office of Registrarial Services at the University at (519) 824-4120 or see <http://www.uoguelph.ca/registrar/registrar/index.cfm?index>.

Statistics Canada - Notification of Disclosure

For further information, please see Statistics Canada's web site at <http://www.statcan.ca> and Section XIV Statistics Canada.

Address for University Communication

Depending on the nature and timing of the communication, the University may use one of these addresses to communicate with students. Students are, therefore, responsible for checking all of the following on a regular basis:

Email Address

The University issued email address is considered an official means of communication with the student and will be used for correspondence from the University. Students are responsible for monitoring their University-issued email account regularly. See Section I--Statement of Students' Academic Responsibilities for more information.

Home Address

Students are responsible for maintaining a current mailing address with the University. Address changes can be made, in writing, through Enrolment Services.

Name Changes

The University of Guelph is committed to the integrity of its student records, therefore, each student is required to provide either on application for admission or on personal data forms required for registration, his/her complete, legal name. Any requests to change a name, by means of alteration, deletion, substitution or addition, must be accompanied by appropriate supporting documentation.

Student Confidentiality and Release of Student Information Policy Excerpt

The University undertakes to protect the privacy of each student and the confidentiality of his or her record. To this end the University shall refuse to disclose personal information to any person other than the individual to whom the information relates where disclosure would constitute an unjustified invasion of the personal privacy of that person or of any other individual. All members of the University community must respect the confidential nature of the student information which they acquire in the course of their work.

I. Statement of Students' Academic Responsibilities

Your success as a student depends above all on your own response to the opportunities and responsibilities that the university environment provides. The University of Guelph is committed to supporting you in your intellectual development and responding to your individual needs. To this end, a broad network of advising, counselling, and support services is provided to assist you in meeting your personal and academic goals. At the same time, we recognize that, as a student here, **you are responsible for:**

- knowing the University's Learning Objectives (Section II);
- familiarizing yourself with the Undergraduate Degree Regulations & Procedures (Section VIII) and understanding grading procedures and continuation of study regulations;
- selecting a program of study to meet both degree and specialization requirements (Section X--Degree Programs) and carefully reviewing the personalized Program/Academic Evaluation (available on WebAdvisor), which lists the degree requirements you have completed and those still outstanding;
- contacting your program counsellor or faculty advisor for appropriate approvals, for clarification of the University's rules and regulations, or for guidance in forming your educational goals and making academic plans. The name and location of your program counsellor (e.g. B.A. program counsellor) is listed in Section VII--Academic Advising. Once you have declared a specialization, a faculty advisor (e.g. psychology advisor) will be available to assist you;
- attending first class meetings, obtaining course outlines, and meeting the course requirements as specified;
- familiarizing yourself with the Schedule of Dates (Section III) with particular attention to deadlines;
- referring to the procedures for Academic Consideration (Section VIII--Undergraduate Degree Regulations & Procedures) and initiating action by consulting your program counsellor if extenuating circumstances affect your academic performance;
- understanding what constitutes Academic Misconduct (Section VIII--Undergraduate Degree Regulations & Procedures) and abiding by the University's policy;
- adhering to any rules of conduct including those relating to health and safety provided by an instructor or assistant, either on a course outline or in a class, laboratory or seminar;
- checking your assigned University of Guelph WEBmail account regularly for important communications. This account is the primary conduit by which the University will notify you of events, deadlines, announcements concerning grades, student financial accounts and other official information.

To achieve your full potential within the University environment, you are encouraged to take advantage of the numerous extra-curricular opportunities provided by the University, balancing them with your academic commitments.

II. The University

History

The University of Guelph was established in 1964 when its founding colleges - the Ontario Agricultural College, the Ontario Veterinary College and Macdonald Institute - joined with a new college of arts and science. Today, the University of Guelph comprises seven colleges - College of Arts, College of Biological Science, College of Management and Economics, College of Physical and Engineering Science, College of Social and Applied Human Sciences, the Ontario Agricultural College, and the Ontario Veterinary College. In addition, the University has three regional campuses at Alfred, Kemptville and Ridgetown.

The University of Guelph is renowned in Canada and around the world as a research-intensive and learner-centred institution and for its commitment to open learning, internationalism and collaboration.

Students may pursue more than 80 undergraduate and 45 graduate degree programs spanning the natural and physical sciences, social sciences and humanities. Faculty at the University of Guelph have won more prestigious 3M Fellow teaching awards than faculty at any comparably-sized university in Canada. Our students are no less accomplished: 99.3 percent of first-year students enter with an average of at least 75 percent.

A total of 18,667 students attend Guelph, consisting of 16,617 full- and part-time undergraduates and 2,050 full- and part-time graduate students. The University of Guelph is a highly residential community, with approximately 5,260 students living in campus residences. In addition, the University of Guelph-Humber serves 1,955 full- and part-time undergraduates.

With close to \$145 million in annual research funding, the University of Guelph is one of the country's top research institutions. Among its researchers, Guelph numbers 20 Fellows of the Royal Society of Canada. A 12-hectare research park adjacent to the campus is home to a growing number of research-intensive industries.

An enhanced partnership reached in 1997 between the University of Guelph and the Ontario Ministry of Agriculture, Food and Rural Affairs (OMAFRA) relocated OMAFRA employees to an 86,000-square-foot research complex adjacent to campus, and made the University responsible for Ontario's agricultural colleges at Alfred, Kemptville and Ridgetown, the Horticultural Research Institute of Ontario and OMAFRA's Laboratory Services. With its enhanced partnership, its research park and the Guelph Food Technology Centre -- an independent laboratory on campus for food processing research and product development -- the University of Guelph is the hub of a rapidly growing cluster of agri-food education, research and laboratory services in Canada.

Guelph's commitment to internationalism is reflected in several ways. Guelph attracts about 700 international students from 100 countries and maintains 61 study abroad programs (56 exchange and five semester abroad) with 27 countries. About 500 University of Guelph students study abroad each year. The University of Guelph has 60 public- and private-sector partners in 30 countries, and participates in Canadian International Development Agency projects worth a total of \$16.5 million around the world. The University offers more than 200 distance degree credit courses to more than 16,000 course enrolments. Our graduates are Guelph's ambassadors to the world with more than 90,000 alumni in 145 countries.

University of Guelph-Humber

The University of Guelph-Humber is a joint venture developed by Humber College Institute of Technology and Advanced Learning and the University of Guelph. Located in Toronto on Humber College Institute of Technology and Advanced Learning's North Campus, it offers a range of academic programs leading to a university honours degree and a college diploma in four years.

For more information about the University of Guelph-Humber, see the web site at <http://www.guelphhumber.ca>.

Learning Objectives

Arising from the Aims and Objectives Report, the following Objectives were approved by the Senate of the University in 1987:

1. Literacy
2. Numeracy

3. Sense of Historical Development
4. Global Understanding
5. Moral Maturity
6. Aesthetic Maturity
7. Understanding of Forms of Inquiry
8. Depth and Breadth of Understanding
9. Independence of Thought
10. Love of Learning

They are a set of objectives described in terms of the desired characteristics of educated graduates, and are used in part to guide educators in their development of courses and programs. Their descriptions are as follows:

1. Literacy

Literacy is the base on which all else is predicated. The ability to read and write and, in general, to communicate properly is a fundamental intellectual tool. With it, students can learn to think clearly and to some purpose. Without it, they cannot analyze properly nor develop an independence of thought. Literacy affords a means of access to the raw material upon which the critical or creative intelligence is to be exercised. It affords a means of communication, of shaping ideas and concepts, of selecting between different or competing formulations. It is a means of instructing others.

The most basic experience in literacy given to the student should be the writing of a short expository paper, or the oral presentation of an informational report, on a prescribed topic or on a topic chosen from a restricted list.

At the next level, the student should be required to write a paper (or give a seminar), critical and analytical in its intent, on a topic of the student's devising. The ability to devise a topic, to frame its bounds, is at the same time an aspect of understanding of first order importance.

At the highest level, there should be produced a paper, in an appropriate style, that analyzes, synthesizes or argues from a hypothesis and itself generates hypotheses; that produces knowledge, insight, or understanding in the reader and manifests it on the part of the writer; that shows a breadth of understanding in drawing out implications and making connections between remote features of the domain; that, in short, demonstrates a love of learning and an intelligent creativity. This requirement may readily be met in existing senior honours paper courses and the like.

Over the course of an undergraduate education, the level of difficulty of the material which the student can read, comprehend, and utilize should increase. One way of securing this might be to encourage, in each discipline program where they do not now exist, reading courses requiring independent work at the 4000 level.

In general, the ability to read and comprehend materials of the highest difficulty is enhanced in semester-long research paper courses and in reading courses. Such courses contribute also to independence of thought and to depth and breadth of understanding.

In its broadest sense, the objective of literacy implies that it is desirable that the student have skill in another language, so as to be able to comprehend material of the appropriate level of sophistication in that language.

2. Numeracy

For the purposes of this discussion, numeracy may be defined as the ability to use mathematics at a level and in a manner appropriate to good citizenship and to vocational fitness. Mathematics deals with quantity and form, with measurement, structures, and relations, and encompasses a richer intellectual domain than just the utilitarian skills of numerical computation. It is as a mode of thinking, no less than as a collection of useful techniques, that it justifies its place in any well-rounded curriculum.

Numeracy, in the sense adopted here, is an essential attribute of the informed and responsible citizen. A correct understanding of the proper use of numbers is necessary in a culture in which information routinely comes in numeric form and significant decisions of social policy often have quantification at their base. Without the ability to comprehend the use of quantitative data, and to detect instances of misuse, we may have to forego opportunities for independent judgment.

Numeracy, more generally, enforces an accuracy and precision of procedure and thought that is valuable to all educated persons. As a mode of conceptualization of thought, it should be part of the mental apparatus of all graduating students. While a grasp of the nature and principles of mathematical forms of inquiry is essential to an understanding of scientific thought, it can be of benefit in other areas of intellectual activity. Opportunities for fostering numeracy exist in more disciplines than those traditionally requiring a substantial knowledge of mathematics. A recognition that numeracy, in association with literacy, forms the foundation of most if not all of the other learning objectives, should result in greater exploitation of those opportunities than in their avoidance.

3. Sense of Historical Development

All disciplines have a history, an understanding of which contributes to an understanding of the place each has in contemporary society. No discipline is self-sufficient, and no discipline is autonomous. "Historical development" should not be narrowly construed to mean only the history of the discipline within its own limits, but efforts should be made to connect developments in the discipline to wider coeval social conditions. Students may thereby be endowed with a sense of the fundamental relativity of knowledge and understanding at any given time.

This objective comports also a sense of the continuity of change (and, indeed, of discontinuities), over time.

This objective may facilitate the acceptance, on the part of students, of intellectual ambiguity or uncertainty; such acceptance is a mark of depth of understanding.

4. Global Understanding

Global understanding may be associated with "Sense of Historical Development". It can be described as comprehension of the variety of political, religious, cultural, geographical, biological, environmental, and historical forces in the shaping of nature and the human condition. It conveys to the student an understanding of the ways in which specific cultural or geographical or other circumstances condition the differences between nations or peoples, and an understanding of the place of his or her discipline in the international setting. Global understanding may be enhanced by a sense of historical perspective, by breadth of understanding, and by independence of thought. In its turn it may itself contribute to these.

5. Moral Maturity

Moral maturity is marked by depth and consistency of moral judgment; by recognition that any moral judgment may be fallible; that moral judgment is complex, in that moral principles, if they are to be applied to a specific case, may need to be interpreted. Moral maturity is a requirement in the person who is to apply a body of knowledge or a skill to the solution of a problem, or to the understanding of a situation, if the knowledge is not to remain abstract and the skill potential unrealized.

Attainment of this objective is probably best realized by appropriate consideration of moral issues in context, as they arise in the course of study. In this way, a moral perspective may be shown to be inherently important to study of a body of material, and not merely something supplementary to it (guidelines for conducting ethical discussion in the classroom have been written by the Ethics Research Group in the Department of Philosophy).

Scope for demonstration of moral maturity can be provided in seminars and other assignments, if problems in the moral issues associated with a subject are set for consideration alongside problems in content and process.

6. Aesthetic Maturity

Aesthetic maturity may be described as a quality of the critical response to some object, natural or artificial, external to the self. Or it may be a process of creation and development of the self. In the former case, aesthetic maturity may be attained by a sufficient exposure, not necessarily in courses alone, to works of art (inclusive of music, literature, and drama) and to the critical traditions concerning them. Such maturity may also be directed at aesthetic valuing of features of the natural environment.

In the latter case, attainment of the quality will require an active involvement in the work of creation itself. A different order of aesthetic maturity may be attained by practice of that form of manipulation and recreation of the original object known as criticism (as distinct from appreciation).

Viewed this way, aesthetic maturity has a certain resemblance to both independence of thought and depth of understanding, in requiring an active creativity.

Aesthetic maturity need not be divorced from the specific character of individual disciplines. By possession and exercise of aesthetic maturity, students may be brought to appreciate the order, elegance, and harmony not only of the subject matter, but also of the procedures, of the discipline.

7. Understanding of Forms of Inquiry

Inquiry, the search for truth, information, knowledge and understanding, follows a methodology based upon systematic study, reflection, intuition and innate creativity. Inquiry involves resolving an identified problem, collecting relevant information, evaluating the information and observing relationships in order to reach a conclusion. The student is the active inquirer and must be able to undertake the process independently. Scientific method represents a form of inquiry concerned with hypotheses development, data collection, analyses and interpretation. Just as an understanding of scientific inquiry is necessary for the educated citizen functioning in the midst of the technologies of the contemporary world, so too an appreciation of other modes of inquiry is an essential characteristic of an educated citizen. Graduates should be familiar with the modes of inquiry utilized, for example, by historians, by philosophers and by scholars concerned with the various fields of creative expression.

As outcomes of this objective, students will understand the strengths and limitations of the various forms of inquiry, and the cultural, intellectual and historic impact of these forms. The student will be able to describe similarities and differences between the inquiry methods of the physical scientist, the biological scientist, the social scientist and the scholar of the humanities.

8. Depth and Breadth of Understanding

Breadth of understanding is an expression of the ability to operate across disciplinary boundaries in a coherent and productive way, with principles drawn from different disciplines. Depth of understanding depends upon mastery of a body of knowledge, but it is not to be confused with knowledge, and is not necessarily commensurate with the number of courses taken in a subject.

Depth and breadth of understanding depend upon, and themselves contribute to, independence of thought; they contribute also to a love of learning. Possession of a historical perspective may be essential to a broad and deep understanding of a subject.

At the lowest level of experience, in courses introductory to a subject, students might be shown how sets of facts may be related to others both laterally and vertically (or hierarchically). The outcome of this might be simply consciousness, on the part of the student, of the possibilities of understanding, as distinct from simply knowing.

The next higher level moves from demonstration to the student of interrelationships to the development of the student's own ability to create interrelations. The experience provided will develop a creative imaginativeness skillfully exercised on a body of material mastered in some detail. But the experience, like that provided for independence of thought, goes beyond display of erudition, and requires alert curiosity and a refusal to be content with mere assemblage of data. At this level, the student should be expected to integrate knowledge and modes of interpretation and comprehension from different disciplines so as to generate a new understanding. The highest level takes the student to the ability to deal in abstractions, to generate abstractions.

In general, depth and breadth of understanding are characterized by the ability to recognize the implications of the information at hand and to put it into a broader context; and by the ability to draw upon different disciplines to provide a clearer and deeper understanding of the discipline with which the student is immediately concerned.

These outcomes might be assessed in a piece of written work such as an independent research paper, in the design of an experiment, in the identification and solution of a problem, or in a work of aesthetic creation.

9. Independence of Thought

At the lowest level, students are shown the possibilities of independent thinking, by an instructor who, in the classroom and elsewhere, challenges orthodoxies and criticizes received opinions. The experience provided is that of imitation or emulation of a role model. At this level, the outcome might be no more than a receptivity, on the part of the student, to critical thinking and an openness to reasoned skepticism about the authority of the expert.

At a higher level, students become actively engaged in learning and thinking. At this level, they should be given the opportunity, in seminars, tutorials, or structured small group discussions, to offer their own challenges. The bases for such challenges may be unformed, and so the challenges themselves will be open to challenge. As students become more independent in thought, they are better able to combine ideas and to generate new ideas.

At the highest level, independence of thought is a manifestation of love of learning, and it may contribute to a sense of self worth and of well-being. At this level, opportunities are provided for self-directed learning. One accomplishment may be the ability to ask the right kinds of questions, rather than the ability always to have answers.

10. Love of Learning

Love of learning is perhaps the quality that activates all other qualities that are the focus of learning objectives. Its expression is not easily separable from demonstration of other virtues. Thus, the true lover of learning will demonstrate both independence of thought and depth of understanding. As a consequence, setting an objective for love of learning comports also setting an objective for other qualities as well. But love of learning is not exhausted by, for example, independence of thought.

Love of learning may be reflected in, or expressed in terms of, intellectual curiosity; the ability (as in independence of thought) to ask useful kinds of questions (rather than the ability always to have answers); the ability to see far reaching implications; the ability to make connections between disparate topics; energy and passion in the pursuit of knowledge and understanding; dissatisfaction with simply accumulating facts or data; and critical ability.

Testing and instruction must minimize rote learning, and, so far as possible, give scope for the exercise of individual patterns of learning and individual interests.

Love of learning may be impeded by the demands of frequent evaluation of students' performance. The time frames imposed at an institutional level, to provide an organizational framework for the university experience, may also impair love of learning.

Love of learning may best be enhanced by the provision of opportunities for the student's personal involvement in learning. Such opportunities are perhaps best furnished in independent research projects initiated by the student. In such autonomous, but supervised, study the student can not only engage with the conflicting views of published authorities but also see in action, close at hand, the supervisor's own love of learning.

In courses of formal instruction, the use of team teaching might help to encourage a student's own love of learning, especially if members of the teaching team take an appropriate role as "students", and if true dialogue is developed between the teachers.

Mission Statement

The University of Guelph is a research-intensive, learner-centred university. Its core value is the pursuit of truth. Its aim is to serve society and to enhance the quality of life through scholarship. Both in its research and in its teaching programs, the University is committed to a global perspective.

The University offers a wide range of excellent programs, both in theoretical and applied, disciplinary and interdisciplinary, undergraduate and graduate, in the arts, humanities, social sciences, natural sciences, as well as professional fields. Among these, it recognizes agriculture and veterinary medicine as areas of special responsibility.

The University attracts students, faculty, and staff of the highest quality. It is animated by a spirit of free and open enquiry, collaboration, and mutual respect. It asserts the fundamental equality of all human beings and is committed to creating for all members of its community, an environment that is hospitable, safe, supportive, equitable, pleasurable, and above all, intellectually challenging.

The University of Guelph is determined to put the learner at the centre of all it does, recognizing that research and teaching are intimately linked and that learning is a life-long commitment. The University eagerly promotes collaboration among undergraduates, graduate students, faculty, staff, and alumni, as well as with our local and international community, other educational institutions, government and business.

The University of Guelph is committed to the highest standards of pedagogy, to the education and well-being of the whole person, to meeting the needs of all learners in a purposefully diverse community, to the pursuit of its articulated learning objectives, to rigorous self-assessment, critical inquiry, and active learning. The University of Guelph educates students for life and work in a rapidly changing world.

The University of Guelph invites public scrutiny of the fulfillment of its mission, especially by the people of Ontario, to whom it is accountable.

University Governance

In accordance with the University of Guelph Act (1964), the University operates under a bicameral system of governance comprising the Senate and the Board of Governors. The Senate is responsible for the academic policy of the University which includes responsibility for determining the courses of study, standards of admission and qualifications for graduation. The Board of Governors is responsible for all other aspects of the governance of the University not assigned to the Senate. This includes oversight of the management and control of the University and its property, revenues, expenditures, business and related affairs. The Board of Governors is responsible for the operation of the Board of Trustees of the University of Guelph Heritage Fund.

The University Secretariat has responsibility for supporting the efficient and timely operation of the Board of Governors, Board of Trustees, and the Senate plus their several committees, subcommittees, task forces and working groups which comprise the bicameral governance system of the University of Guelph.

The University Secretary also serves the role of University coordinator for the purposes of complying with Ontario's Freedom of Information and Protection of Privacy Act. In this role, the University Secretary serves the entire University community and, where appropriate, groups outside the University with the provision of timely, accurate and objective information, advice and the interpretation and application of the University's policies and procedures with regard to protection of personal privacy and access to information.

For information on the Board of Governors and the Senate, visit the University Secretariat website at <http://www.uoguelph.ca/secretariat/>.

III. Schedule of Dates

The dates for the 2013-2014 academic year are listed by semester below as follows:

Summer Semester 2013

Fall Semester 2013

Winter Semester 2014

Summer Semester 2013 (12 Week Format)

Monday, April 22

- Last day to submit Requests for Academic Consideration - 3rd meeting

Wednesday, May 1

- Last day for applications for external and internal program transfer to Fall Semester 2013 for all programs except D.V.M.

Wednesday, May 8

- Add period begins

Thursday, May 9

- Class commences

Friday, May 10

- Last day to submit Requests for Academic Consideration--1st meeting
- Last day to submit co-op work performance evaluations for Winter Semester 2013

Wednesday, May 15

- Last day to submit co-op work semester reports for Winter Semester 2013

Friday, May 17

- Add period ends
- Last day to drop two-semester courses (W13/S13)
- Last day for clearance to graduate for Summer 2013 Convocation

Monday, May 20

- Holiday--NO CLASSES SCHEDULED--classes rescheduled to Thursday, August 1

Friday, May 24

- Kemptville Campus Convocation

Saturday, May 25

- Alfred Campus Convocation

Friday, May 31

- Ridgetown Campus Convocation

Monday, June 3

- Course selection period for Fall Semester 2013 begins--In-course students (F'13 freshmen can continue to add & drop)

Thursday, June 6

- Last day to submit Requests for Academic Consideration--2nd meeting

Friday, June 7

- Course selection period for Fall Semester 2013 ends--In-course students (F'13 freshmen can continue to add & drop)

Monday, June 10

- Summer 2013 Convocation

Tuesday, June 11

- Summer 2013 Convocation

Wednesday, June 12

- Summer 2013 Convocation

Thursday, June 13

- Summer 2013 Convocation
- Deferred examinations for Winter 2013 courses commence

Friday, June 14

- Summer 2013 Convocation

Saturday, June 15

- Deferred examinations for Winter 2013 courses scheduled

Tuesday, June 18

- Deferred examinations for Winter 2013 courses conclude

Friday, June 21

- Last day to apply to graduate at Fall 2013 Convocation without application late fee

Monday, July 1

- Holiday--NO CLASSES SCHEDULED--classes rescheduled to Friday, August 2

Friday, July 5

- Fortieth class day--Last day to drop one semester courses

- Last day to apply to graduate at Fall 2013 Convocation

Thursday, August 1

- Classes rescheduled from Monday, May 20, Monday schedule in effect

Friday, August 2

- Classes rescheduled from Monday, July 1, Monday schedule in effect
- Classes conclude

Monday, August 5

- Holiday

Thursday, August 8

- Examinations commence

Saturday, August 10

- Examinations scheduled

Friday, August 16

- Examinations conclude

Monday, August 19

- Last day to submit Requests for Academic Consideration--3rd meeting
- Add period for Fall Semester 2013 begins

Summer Session 2013 (6 Week Format)

Thursday, May 9

- Class commences

Monday, May 13

- Last day to add Summer Session courses

Monday, May 20

- Holiday--NO COURSES SCHEDULED--classes rescheduled to Thursday, June 20

Thursday, June 6

- Last day to drop Summer Session courses

Thursday, June 20

- Classes rescheduled from Monday, May 20, Monday schedule in effect
- Classes conclude

Monday, June 24

- Examinations Commence

Friday, June 28

- Examinations conclude

Fall Semester 2013

Monday, August 19

- Add period for Fall Semester 2013 begins
- Last day to submit Request for Academic Consideration -- 3rd meeting

Monday, September 2

- Holiday

Thursday, September 5

- Class commences

Friday, September 6

- Last day to submit Requests for Academic Consideration--1st meeting
- Last day to submit co-op work performance evaluations for Summer 2013

Wednesday, September 11

- Last day to submit co-op work semester reports for Summer Semester 2013

Friday, September 13

- Add period ends
- Last day to drop two-semester courses (S13/F13)

Friday, September 20

- Last day for clearance to graduate for Fall 2013 Convocation

Wednesday, October 2

- Last day to submit Requests for Academic Consideration--2nd meeting

Monday, October 7

- Course selection period for Winter Semester 2014 begins--In-course students

Monday, October 14

- Holiday--NO CLASSES SCHEDULED --classes rescheduled to Thursday, November 28

Tuesday, October 15

- Deferred examinations for Summer 2013 courses commence

Friday, October 18

- Last day for applications to graduate at Winter 2014 Convocation without application late fee

Saturday, October 19

- Fall 2013 Convocation
- Deferred examinations for Summer 2013 courses conclude

Wednesday, October 30

- Course selection period for Winter Semester 2014 ends--In-course students

Thursday, October 31

- Fortieth class day--Last day to drop one semester courses
- Last day to apply to graduate at Winter 2014 Convocation

Friday, November 15

- Last day for external and internal applications for admission to Winter Semester 2014 for all programs with Winter entry

Thursday, November 28

- Classes rescheduled from Monday, October 14, Monday schedule in effect
- Classes conclude
- Last day for applications from in-course students for admission into the Co-op option of B.A. (Psychology), B.Sc.(Applied Math & Stats, Biochemistry, Biological & Pharmaceutical Chemistry, Chemistry, Toxicology), B.Sc.(Env.) for Winter Semester 2014

Monday, December 2

- Examinations commence

Saturday, December 7

- Examinations scheduled

Monday, December 9

- Add period for Winter Semester 2014 begins

Friday, December 13

- Examinations conclude

Monday, December 16

- Last day to submit Requests for Academic Consideration--3rd meeting

D.V.M. Fall Semester 2013

Monday, September 2

- Holiday--NO CLASSES SCHEDULED (Phases 1, 2, 3)
- Summer rotations with case-care responsibilities continue (Phase 4)

Tuesday, September 3

- Classes commence (Phases 1, 2, 3)
- Rotations commence (Phase 4)

Monday, October 14

- Holiday--NO CLASSES SCHEDULED (Phases 1, 2, 3)
- Rotations with case-care responsibilities continue (Phase 4)

Friday, December 13

- Classes conclude (Phases 1, 2, 3)
- Rotations continue (Phase 4)

Friday, December 20

- Rotation conclude (Phase 4)

Winter Semester 2014

Monday, December 9

- Add period for Winter Semester 2014 begins

Wednesday, January 1

- Last day for applications to D.V.M. for Fall 2014 (Canadian applicants)

Monday, January 6

- Class commence

Tuesday, January 7

- Last day to submit co-op work performance evaluations for Fall Semester 2013

Friday, January 10

- Add period ends
- Last day to drop two-semester courses (F13/W14)
- Last day to submit co-op work semester reports for Fall Semester 2013
- Last day to submit Requests for Academic Consideration--1st meeting

Friday, January 17

- Last day for clearance to graduate at Winter 2014 Convocation

Friday, January 24

- Last day to apply for international exchange programs departing in Summer Semester 2014, Fall 2014 or Winter 2015

Friday, January 31

- Last day to submit Request for Academic Consideration--2nd meeting

Monday, February 3

- Deferred examinations for Fall 2013 courses commence

Friday, February 7

- Deferred examinations for Fall 2013 conclude

Friday, February 14

- Last day for apply to graduate at Summer 2014 Convocation without application late fee

Monday, February 17

- Winter Break begins--NO CLASSES SCHEDULED THIS WEEK

Saturday, April 19

- Holiday - NO EXAMINATIONS SCHEDULE

Friday, April 25

- Final examinations conclude (Phases 1, 2, 3)

Monday, May 12

- Externship begins (Phase 4)

IV. Admission Information

Admission Requirements to University Programs in 2013

Semester One Admission

Entry Point

Admission to Semester One of a degree program and General Studies is available in the Fall semester only. A Semester One degree applicant is defined as one who will receive fewer than 2.00 transfer credits upon admission.

1. Applicants from Ontario Secondary Schools

Students seeking admission to a degree program must present the Ontario Secondary School Diploma (OSSD), or equivalent, and a minimum of six 4 U/M courses including ENG4U. All specific subject requirements must be 4 U/M. Specific subject requirements for admission to the various degree programs are outlined in this section. Students are also advised to consult Section X of the Calendar (Undergraduate Degree Programs) to note those subjects which are recommended for specific programs.

In some cases, applicants with high academic standing may be admitted if they are deficient in one of the specific subject requirements. The exceptions to this are Cooperative Education; Bachelor of Arts, Studio Arts and Criminal Justice and Public Policy; Bachelor of Science, Bio-medical Science and Human Kinetics; Bachelor of Applied Science, Applied Human Nutrition; and the Bachelor of Commerce Program for which applicants must have completed all of the specific subject requirements.

Offers of Admission will be released starting in February. All offers of admission which are based on interim grades will be conditional upon completion of the OSSD with six 4 U/M courses (or equivalent) including specific subject requirements. The minimum final admission average which the applicant will have to achieve will be stipulated in the condition. Conditions are specified in the offer letter. Grades in specific subject requirements are included in the calculation of the admission average. The University reserves the right to revoke the offer of admission should a student fail to meet any condition in the offer.

Applicants also have the opportunity to complete and submit the Student Profile Form admission.uoguelph.ca/spf which is considered after the third round of high school offers in May. Leadership and citizenship qualities as well as extenuating circumstances of a medical or compassionate nature are considered for applicants whose admission average falls within a discretionary range below the determined program admission average.

Students will not be required to respond to the offer until the common response date for all Ontario universities. Those wishing to respond earlier may do so.

Applicants who have not received an offer of admission by the end of May may become eligible for admission consideration to all non-limited enrolment programs by submitting their final grades. Admission consideration will be given on the basis of final grades only when places are still available in the program and/or specialization to which the student has applied at the time that the final grades are received. Applicants may be required to possess an admission average higher than those used prior to the end of May.

It is the applicant's responsibility to submit final, summer school or correspondence course grades to Admission Services, Level 3, University Centre, University of Guelph, Guelph, Ontario, N1G 2W1, as soon as they become available. The following methods for submission of final grades will be acceptable:

- report card issued by the secondary school
- certified copy of the report card
- a transcript of marks issued by the secondary school and forwarded directly to the University.

It is suggested that students follow method c) above in order to facilitate the processing of their application. Any offers based on faxed information are conditional upon receipt of the official document.

International Baccalaureate

Students applying for admission on the basis of the IB Diploma should possess a minimum score of 28. Reported bonus points may be taken into consideration. Applicants are advised that some programs will require a higher score for admission consideration. Students currently in their final year of the IB program are encouraged to present "predicted" scores on the seven point scale, which will be taken into consideration to extend conditional offers of admission. The predicted scores can include grades from the Extended Essay and the Theory of Knowledge. Students must include, among their higher and standard levels, the specific subject requirements for the program to which they are applying. Unspecified transfer credits, to a maximum of 2.00 credits, will be granted for grades of 5 or better on higher level courses where the applicant has been awarded the IB Diploma or Certificate. Students may request specific credit on an individual basis. Credit will be assigned upon receipt of official final results.

Ontario high school students registered in an IB program will automatically have their IB courses converted into Ontario U and M level equivalents. IB scores will be converted into grades on a percentage scale out of 100 by the applicant's high school. Admissions and scholarships will be determined using the conversions submitted to the Ontario Universities Application Centre by the applicant's high school. Unspecified transfer credits, to a maximum of 2.0 credits, will be granted for grades of 5 or better on higher level courses where the applicant has been awarded the IB Diploma or Certificate. Students may request specific credit on an individual basis.

The English Proficiency Requirement will be waived for applicants who have completed the Diploma where the language of instruction is English.

Advanced Placement

Applicants who have completed Advanced Placement courses with a minimum grade of 4 may be eligible to receive university credit to a maximum of 2.00 credits. The granting of credits and exemptions is at the discretion of the appropriate faculty, and will be based on official final results.

2. Applicants from Outside Ontario

Applicants whose preparation to enter the University has been completed outside the Ontario secondary school system must have achieved, as a minimum requirement, academic standing equivalent to that required of Ontario students and must satisfy the subject requirements for the program desired. Students should refer to the information for Ontario applicants regarding specific subject deficiencies. The University will take into consideration the availability of specific course requirements in other countries or provinces to ensure that the applicant is not disadvantaged if particular senior secondary courses are not offered. Please refer to the information following this section regarding specific subject requirements and equivalents.

Conditional offers of admission may be released on the basis of interim and/or first term grades. Some decisions may be deferred until final grades are submitted. Applicants are encouraged to submit any academic information which might expedite an admission decision by April 1. The condition of the offer will be applied as outlined for Ontario applicants.

- Other Provinces and Territories of Canada - Alberta, British Columbia, Manitoba, New Brunswick, Newfoundland and Labrador, Northwest Territories, Nova Scotia, Nunavut, Prince Edward Island, Saskatchewan, Yukon--Grade 12. Quebec--Senior High School Leaving Certificate or High School Leaving Certificate plus 12 academic credits from an appropriate CEGEP program. For further details, please visit [Out of Province Admission Requirements](#)
- United States of America - Students must have a minimum grade point average of 3.0 from an accredited high school. In addition, they must present a minimum combined SAT score of 1100 based upon the critical reading and math sections or ACT score of 24. Where class rankings are reported on the transcript, a ranking in the top quarter is preferred. Students should include, among their senior level courses, specific subjects that are required for admission to the degree program of their choice. Particular attention is paid to performance in program prerequisites.
- British Patterned Education Systems - Applicants must present either the GCSE (or IGCSE) and the GCE showing one of:
 - Minimum of two Advanced level passes and three GCSE or IGCSE (Ordinary level) passes.
 - Two Advanced Supplementary (AS) level courses may be substituted for one Advanced level course.
 - Applicants who have completed GCE Advanced level examinations with a minimum grade of 'C' may be eligible to receive a maximum of 3.00 unspecified credits (1.00 credit per course). Students may request specific credit on an individual basis.
- Other Countries - The secondary school graduation certificate which admits to an internationally recognized university in another country is normally acceptable, provided that it is the equivalent of admission requirements for the University of Guelph.

NOTE: Possession of these minimum requirements does not guarantee admission. Required levels of academic preparation may vary according to the jurisdiction or country in which course work was completed. Applicants are encouraged to contact Admission Services prior to formal application in order to obtain specific information on admission requirements. They are strongly advised to provide detailed information on their particular situation.

3. Applicants for Admission as Mature Students

Statement of the Regulation

Applicants who do not possess the published minimum requirements for admission consideration may be considered for admission to degree programs as space permits and if, prior to the beginning of the Fall semester, they

- will have been out of secondary school for at least two years.
- will have normally not attended another post-secondary institution.
- have completed their secondary school diploma

In addition, applicants must meet specific subject requirements or equivalents, with acceptable academic standing, as outlined below for the degree programs to which they have applied. Admission as a Mature Student is available in the Fall semester only.

B.A.Sc. Program

Applied Human Nutrition - ENG4U, SBI4U, SCH4U, and one 4U math course.

Adult Development; Child, Youth and Family - ENG4U, SBI4U or SCH4U, and one 4U math course.

B.A. Program

ENG4U and two additional 4U or 4M courses, one of which must contain a writing component.

B.A.S. Program

ENG4U, MHF4U, and two of the following three courses: SBI4U, SCH4U, SPH4U.

B.B.R.M. Program

ENG4U, SBI4U, and one additional 4U/M course.

B.Comm. Program

TMGT, HAFA, PMGT: ENG4U, MHF4U, and one additional 4U/M course.

ACCT, FAB, LOM, MEF, MKMN, REH: ENG4U, MHF4U, and one additional 4U math course.

Applicants will be required to submit a letter, for consideration by the Admission Committee, in which they outline their academic goals.

B.Comp. Program

ENG4U, MCV4U and one additional 4U/M.

B.ENG. Program

ENG4U, MHF4U, MCV4U, and two of the following three courses: SBI4U, SCH4U, SPH4U.

B.L.A. Program

ENG4U and two additional 4U or 4M courses.

Submission of the Background Information Form is also required.

B.Sc. Biological Sciences Program

MHF4U, and two of the following three courses: SBI4U, SCH4U, SPH4U. ENG4U is also recommended.

B.Sc. Physical Sciences Program

MCV4U, and two of the following three courses: SBI4U, SCH4U, SPH4U. ENG4U is also recommended.

B.Sc. (Agr.) Program

MHF4U, and two of the following three courses: SBI4U, SCH4U, SPH4U. ENG4U is also recommended.

B.Sc. (Env.) Program

MHF4U, and two of the following three courses: SBI4U, SCH4U, SPH4U. ENG4U is also recommended.

General Notes and Recommendations

The minimum average required for admission consideration will normally be that required for regular admission from secondary school. Students applying under the Mature Student Regulation must submit official transcripts of any previous post-secondary work undertaken and are encouraged to write a letter explaining their activities since their last academic semester. This academic record will be considered by the Admissions Committee in reaching an admission decision.

General Studies

The objective of General Studies is to provide students who do not meet the normal University admission criteria the opportunity to take university courses before registering in a specific degree program or to take university courses for continued learning with no immediate intention of registering in a degree program. All applicants must be Canadian citizens or Permanent Residents. Applicants will normally:

- a. not have previously registered at a university
- b. have completed the O.S.S.D. or equivalent and
- c. have been out of secondary school for 3 years.

Applicants must submit a **General Studies Profile Form** which will provide their intended study objectives, including courses and program. The University, via the General Studies Admission Committee, reserves the right to grant or deny admission to a candidate based on the appropriateness of the applicant's submissions.

Applicants to the General Studies program who wish to transfer to a degree program in the future should contact Admission Services, Office of Registrarial Services for specific internal transfer admission requirements. These requirements may vary with the degree program for which transfer is sought.

Application to General Studies in the first instance is for part-time study only and available for Fall entry point only. As such, students may take a maximum of 1.50 credits in the first semester. In special circumstances, permission to study full-time may be granted by the Program Counsellor. Normally, successful completion (minimum 60% cumulative average) of 1.50 credits is required before full-time study in General Studies can be undertaken.

Advanced Standing Admission

1. Advanced Standing Applicants from a recognized University or College in Canada

Applicants for admission to the University of Guelph transferring from an accredited university or college are normally subject to the following admission policy.

- a. Applicants must have completed the Ontario Secondary School Diploma including six 4 U/M courses, or equivalent, for admission to the University of Guelph prior to the commencement of the academic session for which application is made.
- b. Applicants must be eligible for readmission and registration on a full-time basis at the last university or college attended in the academic session for which application is made. Applicants whose academic records at another university have rendered them ineligible to continue study at that institution will be considered for admission only when the stipulated period of rustication has expired.
- c. Students registered in a preliminary year, bridging year or first year at a recognized university or junior college to which students are admitted without having completed the Ontario Secondary School Diploma or the equivalent are eligible to apply for admission to first year at this University provided that their first or preliminary year program includes subjects equivalent to those 4U or 4M courses required for admission to each program. Credit towards graduation from the University of Guelph is not normally granted for work taken in the first year of the university program which does not require completion of the Ontario Secondary School Diploma or equivalent for admission.
- d. Admission of students transferring from another university or college is not automatic. All such applicants will be assessed in competition with other new applicants, taking into consideration the academic requirements and enrolment limitations which pertain at the time the application is complete. In addition, an offer of admission will not imply in any way that space will be available in the course(s) in which the applicant wishes to register.
- e. The University of Guelph subscribes to the following General Policy on the Transfer of Course Credits, as adopted by the Council of Ontario Universities: Acceptance of transfer credits among Ontario Universities shall be based on the recognition that, while learning experiences may differ in a variety of ways, their substance may be essentially equivalent in terms of their content and rigour. Upon admission, and insofar as possible, acceptance of transfer credit should allow for the maximum recognition of previous learning experience in passed university-level courses.
Subject to the degree and specialization to which the applicant is admitted, and to grade and program requirements, any course offered for credit by another Ontario university shall be accepted for credit when there is an essential equivalency in course content.
- f. In addition, the University of Guelph supports the intent of the Pan-Canadian Protocol on the Transferability of University Credits to develop consistent, fair and efficient systems to facilitate student mobility and program completion. In consideration of the principles of the Protocol, the University of Guelph undertakes to ensure that all course work completed by transfer students in the first two years of university study in Canada (including the final year leading to a diploma of college studies (DCS) in Quebec and the transfer courses offered by community colleges in British Columbia and Alberta) are recognized and, subject to degree, grade and program requirements are credited for the purpose of granting a degree provided that:

- i. the applicant is deemed admissible and has been offered admission
- ii. a passing grade has been achieved in each course to be transferred and the grade is at the level that normally would be required of students at the University of Guelph and
- iii. the credits earned are related to the program of study in which the transfer student will register, or the credits can be counted as electives in the program of study.

- g. Candidates from non-Ontario universities or colleges applying for advanced standing may submit, with the application, detailed course descriptions, or a calendar of the institution at which they studied. The provision of such information will greatly facilitate the evaluation of previous work and the consideration of possible transfer of credits. The amount of transfer credit granted is at the discretion of the Registrar and the Dean of the College concerned.

Note: Where necessary, the grades from other universities or colleges whose marking schemes differ from those of this University shall be translated into the equivalent grades of the University of Guelph and admissibility assessed in those terms. Applicants for transfer, for whom English is a second language, must submit with their application, evidence acceptable to this University of Proficiency in English (see English Proficiency in this section of the calendar).

h. Applicants who have been required to withdraw from the University of Guelph or another post-secondary institution and who pass university credit courses during the period of rustication, may be eligible for 1.00 credit provided the criteria for admission or readmission and transfer of credit are met. If university credit courses are successfully completed after the rustication period, transfer credit may be granted for all courses provided the criteria for admission or readmission and transfer of credit are met. Applicants who have been debarred for academic misconduct will not receive credit for courses taken during the period of debarment.

i. Applicants should contact Admission Services regarding specific transfer credit.

The application of these transfer credits will vary depending on the degree and specialization. The applicant must satisfy degree graduation requirements and residency requirements as outlined in Section VIII--Undergraduate Degree Regulations and Procedures.

Specific graduation requirements will be determined in consultation with the program counsellor and departmental advisor.

Applicants will typically be informed of the amount of advanced standing credit granted when they receive the offer of admission. Acceptance by the student of the offer of admission shall imply the student's agreement to the advanced standing credit granted.

2. Applicants from Universities Outside of Canada

The amount of credit granted will be dependent upon the institution and upon the educational system. Admission Services at the University of Guelph does not grant advanced standing for work experience or for involvement in programs such as the World Youth Organization. Please refer to Section VII - Undergraduate Degree Regulations and Procedures for information on Prior Learning Assessment.

3. Advanced Standing Applications from Recognized Community Colleges or Other Post-Secondary Institutions

The University of Guelph will also consider the granting of advanced standing for studies completed in certain post-secondary institutions. Included in this category are:

a. Colleges of Applied Arts and Technology, and Institutes of Technology and Advanced Learning

Graduates from appropriate programs may be considered for admission with advanced standing in accordance with the following policy:

- i. Transfer credits are determined by the Admissions Committee of the program to which the student is admitted, and in accordance with any existing articulation agreement with the institution in question. Please refer to the information at the beginning of Section IV on Articulation Agreements.
- ii. Transfer credits will be based on courses completed with a grade of 'B' or better, where those courses are deemed appropriate to the program to which the student is admitted at this University. A minimum overall average of B is required in diploma programs for consideration of any transfer credit.
- iii. Up to 7.50 credits may be granted to students from a completed three-year diploma program, and up to 3.00 credits may be granted to students from a completed two-year diploma program. The granting of additional transfer credits will be considered in the case of graduates from a one-year post-diploma program.
- iv. Should a student transfer to a different program after admission to the University of Guelph, credits assigned upon admission may be re-assessed where deemed appropriate by the Admission Committee of the program.

b. Colleges of Agricultural Technology

Graduates of the two-year Associate Diploma programs or other two-year programs offered by the Colleges of Agricultural Technology may receive a maximum of 3.00 transfer credits upon admission to a degree program. Graduates admitted to the Bachelor of Science in Agriculture program, Bachelor of Bio-Resource Management program, and Bachelor of Commerce, Food and Agricultural Business program may be eligible for additional transfer credit. A minimum overall average of 70% is required in the Associate Diploma Program(s) for consideration of any transfer credit.

4. CEGEPS - Province of Quebec

- a. Applicants who present the Diplôme des Etudes Collegiales may be eligible for advanced standing, to a maximum of 5.00 credits.
- b. For more specific information candidates may contact Admission Services, Office of Registrarial Services, University of Guelph.

Advanced Standing Entry Points

All undergraduate programs consider students applying from another post-secondary institution as advanced standing applicants to the Fall entry point. Winter and Summer entry to select programs is available. Applicants are considered as 'Advanced Standing' if they will receive 2.00 or more transfer credits upon admission. Applicants to the University are requested, where possible, to indicate on the Ontario Universities' Application Centre form their subject of primary interest. In many cases the program code to be inserted on the application form will include the subject of primary interest. It should be noted that an offer of admission applies to both the degree program and to the major area of study specified in the offer.

Because enrolment in certain courses is limited by the availability of resources, the University cannot guarantee that all students wishing to take a particular specialization will be accommodated. **Applicants wishing to enrol in courses offered in the distance only mode for personal interest or for professional development should contact the Centre for Open Learning and Educational Support for further information and to obtain the appropriate application form.**

Application Procedures

Current Diploma application procedures are outlined in the [Diploma Program Calendar](#). Doctor of Veterinary Medicine procedures are outlined in the previous section "Admission Requirements". All procedures are applicable to both full and part-time applicants. Applicants for part-time study are considered on the same basis as full-time applicants, and therefore must meet the published admission requirements for the program desired.

Applicants from Ontario Currently Enrolled in Secondary School

See information on "Admission Requirements" for specific course requirements for the various programs. The [OUAC 101](#) application should be used by all applicants who are currently enrolled in an Ontario Secondary School as a day school student. Normally applicants will receive an offer of admission to only one program or specialization at the University of Guelph. Applicants who apply to more than one program at the University of Guelph will have their highest choice program considered first. Only in the event that a student is ineligible for admission to the highest choice program will consideration be given to the lower choices. Students who apply directly to a Co-op program and who are not admitted will be considered for the regular degree program. Applicants to the University are requested, where possible, to indicate on the application form their subject of primary interest. In many cases, the program code to be inserted on the form will include the subject of primary interest. It should be noted that an offer of admission applies to both the degree program and to the major area of study specified in the offer. Because enrolment in certain courses is limited by the availability of resources, the University cannot guarantee that all students wishing to take a particular specialization will be accommodated.

Applicants from Ontario Not Currently Enrolled in Secondary School

Applicants who are not currently enrolled in an Ontario secondary school as a day school student should use the [OUAC 105](#) application form. This includes the following types of applicants: adult, night school, correspondence, those who previously obtained the Ontario Secondary School Diploma.

Applicants who apply to more than one program at the University of Guelph will have their highest choice program considered first. In the event that a student is ineligible for admission to the highest choice program, consideration be given to the lower choices during the final round of admission offers. Students who apply directly to a Co-op program and who are not admitted will be considered for the regular degree program.

Applicants also have the opportunity to complete and submit the Student Profile Form as indicated in the previous section.

All Other External Students

All other students should complete an [OUAC 105](#) application form. These applicants would include those applying from:

- a. secondary school outside Ontario
- b. CEGEP
- c. recognized college or university
- d. College of Applied Arts and Technology, and Institutes of Technology and Advanced Learning

In addition, students applying under the Mature Student Regulation, to General Studies, or to Non Degree should complete the 105 form. The 105 form is available on-line at <http://www.ouac.on.ca/105/>.

Applying From Outside Canada

Students applying from outside Canada are strongly advised to begin the application process six to eight months prior to the proposed entry point. Those applying for admission to the Fall semester should have their application, along with all required documentation, in Admission Services no later than March 1 in order to ensure a timely decision. There are two application options:

1. International applicants (including U.S. citizens) applying to the main campus who do not intend to apply to another university within Ontario should complete the University of Guelph International Application form. This form is only available from Admission Services at admission.uoguelph.ca/intapp.
2. Applicants who wish to apply to more than one university within Ontario should apply via the [Ontario Universities' Application Centre](#), 105 application form <http://www.ouac.on.ca/105/>. All documents should be sent directly to Admission Services.

Applicants who wish to check on the status of their application or to verify that all required documentation has been received may contact us by emailing intapps@registrar.uoguelph.ca. Applicants should not direct questions about the possibility of admission to this address. Please refer to previous sections on Applicants from Outside Ontario and Applicants from Universities Outside of Canada for general information on admission requirements. The Admission Committees, upon receipt of a completed application form and all pertinent documentation, will make specific admission assessments for individual applicants.

Applying From Another Campus of the University of Guelph

Students wishing to transfer from The University of Guelph-Humber and from the Regional Campuses at Alfred, Kemptville, and Ridgetown should follow the process outlined at admission.uoguelph.ca/internal.

Applying For Internal Transfer or Readmission

University of Guelph students wishing to apply to another program within the University or for readmission should complete the Internal Transfer Application form which is available from the University of Guelph web site at <http://admission.uoguelph.ca/internal>.

Amendments to the Application Form

A student who has applied via the [Ontario Universities' Application Centre \(OUAC\)](#) may verify their program selections and biographical information via the OUAC web site. Students wishing to revise their application should do so by accessing their on line OUAC account. If any are made, the University of Guelph will be notified of the applicable changes approximately 2-3 business days after OUAC receives the amendment. Although all amendments are important to the processing of each application, changes to academic program choice, residence status, surname, mailing and home addresses are of significant importance and should be reported via their OUAC account process as soon as the situation arises. Amendments must be completed by the published application deadline dates.

Students who have applied on a University of Guelph application form as opposed to an OUAC application form must notify Admission Services, in writing, of any biographical or academic status changes, using the Amendment form available online or at Admission Services.

Articulation Agreements

An articulation agreement is a contract between institutions of higher learning that allow students who have completed a specific program at one institution to be considered for admission and assigned advanced standing credits in a specific program at another institution post-admission to the second program. Information about all agreements between all institutions in Ontario can be accessed through the [Ontario Council on Articulation and Transfer \(ONCAT\) website](#)

Alfred Campus

Bachelor of Commerce, Major Hotel & Food Administration

Graduates with a minimum grade point average of 3.3 (B+) from the two-year Food, Nutrition and Risk Management Diploma program may apply to transfer to the Hotel and Food Administration major of the Bachelor of Commerce program. Applicants must have completed an 4U credit or equivalent in Mathematics and English. Upon admission, up to 6.00 advanced standing credits may be transferred. Interested students should contact the program counsellor for the Bachelor of Commerce program.

Algonquin College

Bachelor of Commerce, Major Hotel & Food Administration (ONCAT Pathway ID # 1858)

The articulation agreement between the University of Guelph and Algonquin College provides an opportunity for graduates from the two-year Hospitality Management - Hotel and Restaurant diploma program with a minimum grade point average of 3.3 (B+) to be considered for admission to the Bachelor of Commerce program with up to a maximum of 8.00 advanced standing credits. Applicants will be required to have completed Ontario credits in Grade 12 (4U) Advanced Functions and English (or their equivalent). Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Bachelor of Commerce, Major Tourism Management (ONCAT Pathway ID # 1859)

The articulation agreement between the University of Guelph and Algonquin College provides an opportunity for graduates from the two-year Tourism and Travel diploma program with a minimum grade point average of 3.3 (B+) to be considered for admission to the Tourism Management major of the Bachelor of Commerce program with up to a maximum of 8.00 advanced standing credits. Applicants will be required to have completed Ontario credits in Grade 12 (4U) Advanced Functions and English (or their equivalent). Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Associate Diploma programs - University of Guelph

Bachelor of Commerce, Major Food and Agricultural Business

Graduates of the Diploma in Agriculture program and the Diploma in Horticulture program may transfer to the Bachelor of Commerce program provided they have achieved a cumulative average of 70% or higher in the Diploma program. In addition, Diploma students must have completed the 4U admission requirements, or equivalent, for admission to the Bachelor of Commerce program. To receive specific advanced standing degree credits, a minimum B (70%) standing is required in each diploma course. Students are eligible to receive a maximum of 4.00 credits. Diploma students may also obtain credit for any passed degree courses which they completed as Diploma students. Applicants should contact the program counsellor for the Bachelor of Commerce program for information regarding transfer credit.

Bachelor of Science in Agriculture

Graduates of the Diploma in Agriculture program and the Diploma in Horticulture program may transfer to the Bachelor of Science in Agriculture program provided they have achieved a cumulative 70% or higher in the Diploma program. To receive degree credit, a student must have a minimum "B" standing (70%) in the diploma course(s) specified.

Centennial College

Bachelor of Commerce - Major Hotel and Food Administration (ONCAT Pathway ID # 1883)

The articulation agreement between the University of Guelph and Centennial College provides an opportunity for graduates from the three-year Hospitality & Tourism Administration diploma program with a minimum 3.3 (B+) grade point average to be considered for admission to the Hotel and Food Administration major of the Bachelor of Commerce program with up to a maximum of 11.00 advanced standing credits. Applicants will be required to have completed Ontario credits in Grade 12 (4U) Advanced Functions and English (or their equivalent). Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Bachelor of Commerce, Major Marketing Management

An articulation agreement between the Bachelor of Commerce program at the University of Guelph and the Co-op Marketing Diploma at Centennial College facilitates the transfer of students between the two institutions. Students are provided with the opportunity to complete the degree at the University of Guelph and the diploma from Centennial College. Applicants transferring from the College may begin their studies at the University commencing in the Winter semester, in the second year of the Marketing Management major. Interested students should direct their enquiries to the program counsellor for the Bachelor of Commerce program.

Bachelor of Commerce, Major Hotel & Food Administration (ONCAT Pathway ID # 1884)

The articulation agreement between the University of Guelph and Centennial College provides an opportunity for graduates from the two-year Hospitality Management - Hotel & Resort diploma program with a minimum 3.3 (B+) grade point average to be considered for admission to the Hotel and Food Administration major of the Bachelor of Commerce program with up to a maximum of 7.50 advanced standing credits. Applicants will be required to have completed Ontario credits in Grade 12 (4U) Advanced Functions and English (or their equivalent). Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Bachelor of Commerce, Major Hotel & Food Administration (ONCAT Pathway ID # 1885)

The articulation agreement between the University of Guelph and Centennial College provides an opportunity for graduates from the two-year Hospitality Management - Food & Beverage diploma program with a minimum 3.3 (B+) grade point average to be considered for admission to the Hotel and Food Administration major of the Bachelor of Commerce program with up to a maximum of 7.00 advanced standing credits. Applicants will be required to have completed Ontario credits in Grade 12 (4U) Advanced Functions and English (or their equivalent). Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Bachelor of Commerce, Major Tourism Management (ONCAT Pathway ID # 1886)

The articulation agreement between the University of Guelph and Centennial College provides an opportunity for graduates from the two-year Tourism Management - Culture and Heritage Tourism diploma program with a minimum 3.3 (B+) grade point average to be considered for admission to the Tourism Management major of the Bachelor of Commerce program with up to a maximum of 6.00 advanced standing credits. Applicants will be required to have completed Ontario credits in Grade 12 (4U) Advanced Functions and English (or their equivalent). Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Conestoga College Institute of Technology and Advanced Learning

Bachelor of Arts

Applicants who are not admitted to the BA Program may be invited to take a stream of General Arts and Sciences at Conestoga College Institute of Technology and Advanced Learning. This stream is intended for students who wish to attend university. Students are eligible for admission into the B.A. Program at the University of Guelph if they meet the following conditions:

1. successful completion of the General Arts and Sciences Program with a minimum cumulative average of 70%
 2. a minimum grade of 70% in each of the courses to be transferred as university credits
- 2.50 credits from the General Arts and Sciences Program are eligible for transfer to the BA Program. Students may not be eligible to transfer into all majors offered in the BA Program.

Bachelor of Commerce - Food and Agricultural Business, Real Estate and Housing, Management Economics and Finance, Marketing Management

The University of Guelph will make up to three spaces available annually in the above programs to qualified graduates from the following programs at Conestoga College Institute of Technology and Advanced Learning: Business Administration - Marketing, Management Studies, Accounting; General Business; Food and Beverage Management; Computer programmer/Analyst. Applicants to the degree program must have completed an 4U credit or equivalent in English and Advanced Functions.

The number of advanced standing transfer credits will range from 5.00 to 10.00 credits and vary depending upon the program completed at Conestoga. Prospective applicants should contact Admission Services for details.

Bachelor of Applied Science, Major Child, Youth & Family (ONCAT Pathway ID # 1734)

A total of ten places for the Child, Youth and Family major, will be made available annually for graduates from the Conestoga two-year Diploma Program in Early Childhood Education, together with applicants from any other such articulated College ECE programs, and who have:

- An ECE diploma with a graduating average of B (equivalent) or better
- Not less than ten academic courses (exclusive of field-placement courses) with a final course grade of A (equivalent)
- A 4U credit in Mathematics and one in 4U Biology

Should there be more than ten such qualified students applying from articulated programs, the ten "reserved" places will be assigned to the highest performing applicants. Those not so selected will compete for admission along with all other transfer applicants and, for those admitted to the major, will be granted advanced standing credits as defined in this agreement.

Conestoga graduates will receive 5.00 advanced standing credits. Prospective applicants should contact Admission Services for details.

Bachelor of Commerce, Major Hotel & Food Administration (ONCAT Pathway ID # 1857)

The articulation agreement between the University of Guelph and Conestoga College provides an opportunity for graduates from the two-year Hospitality Management (Food and Beverage) Co-op Diploma program with a minimum grade point average of 3.3 (B+) to be considered for admission to the Hotel and Food Administration major of the Bachelor of Commerce program with up to a maximum of 8.00 advanced standing credits. Applicants will be required to have completed Ontario credits in Grade 12 (4U) Advanced Functions and English (or their equivalent). Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Fanshawe College

Bachelor of Landscape Architecture (ONCAT Pathway ID # 2721)

An articulation agreement between Fanshawe College and the University of Guelph provides up to five places per year for graduates of the Landscape Design program (Landscape Design Diploma) who have a minimum cumulative grade point average of B (70.00%). Actual number accepted will be based on qualifications of applicants and existing class size. All applicants are required to submit a portfolio and a Background Information Form. Upon admission, Fanshawe College students will receive 10.00 transfer credits. A minimum of 10.00 credits must be completed at the University of Guelph. Prospective applicants should contact the Bachelor of Landscape Architecture program counsellor for further information.

Georgian College Institute of University Partnerships and Advanced Studies

Bachelor of Commerce, Major Hotel & Food Administration (ONCAT Pathway ID # 1864)

The articulation agreement between the University of Guelph and Georgian College provides an opportunity for graduates from the three-year Hospitality Administration--Hotel & Resort diploma program with a minimum grade point average of 3.3 (B+) to be considered for admission to the Hotel and Food Administration major of the Bachelor of Commerce program with up to a maximum of 11.00 advanced standing credits. Applicants will be required to have completed Ontario credits in Grade 12 (4U) Advanced Functions and English (or their equivalent). Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Bachelor of Commerce, Major Hotel & Food Administration (ONCAT Pathway ID # 1865)

The articulation agreement between the University of Guelph and Georgian College provides an opportunity for graduates from the two-year Hospitality Management--Hotel & Resort diploma program with a minimum grade point average of 3.3 (B+) to be considered for admission to the Hotel and Food Administration major of the Bachelor of Commerce program with up to a maximum of 7.00 advanced standing credits. Applicants will be required to have completed Ontario credits in Grade 12 (4U) Advanced Functions and English (or their equivalent). Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Bachelor of Commerce, Major Tourism Management (ONCAT Pathway ID # 1870)

The articulation agreement between the University of Guelph and Georgian College provides an opportunity for graduates from the two-year Tourism and Travel diploma program with a minimum grade point average of 3.3 (B+) to be considered for admission to the Tourism Management major of the Bachelor of Commerce program with up to a maximum of 6.50 advanced standing credits. Applicants will be required to have completed Ontario credits in Grade 12 (4U) Advanced Functions and English (or their equivalent). Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Humber College Institute of Technology and Advanced Learning

Bachelor of Commerce, Major Hotel & Food Administration (ONCAT Pathway ID # 1872)

The articulation agreement between the University of Guelph and Humber College Institute of Technology & Advanced Learning provides an opportunity for graduates from the two-year Hotel and Restaurant Management Diploma program with a minimum grade point average of 3.3 (B+) to be considered for admission to the Hotel and Food Administration major of the Bachelor of Commerce program with up to a maximum of 8.50 advanced standing credits. Applicants will be required to have completed Ontario credits in Grade 12 (4U) Functions & Relations and English (or their equivalent). Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Bachelor of Commerce, Major Hotel & Food Administration (ONCAT Pathway ID # 1873)

The University of Guelph and Humber College Institute of Technology & Advanced Learning have signed an articulation agreement which allows students graduating from the two-year Tourism and Hospitality Management -- Business Applications diploma program with a minimum grade point average of 3.3 (B+) and who have completed Ontario credits in Grade 12 (4U) Functions & Relations and English (or their equivalent) to be considered for admission to the Hotel and Food Administration major of the Bachelor of Commerce program with up to a maximum of 6.50 advanced standing credits. Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Bachelor of Commerce, Major Hotel & Food Administration (ONCAT Pathway ID # 1874)

The University of Guelph and Humber College Institute of Technology & Advanced Learning have signed an articulation agreement which allows students graduating from both the two-year Hotel and Restaurant Management and the one-year Tourism and Hospitality Administration -- Advanced diploma programs with a minimum grade point average of 3.3 (B+) and who have completed Ontario credits in Grade 12 (4U) Functions & Relations and English (or their equivalent) to be considered for admission to the Hotel and Food Administration major of the Bachelor of Commerce program with up to a maximum of 11.00 advanced standing credits. Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Bachelor of Commerce, Major Hotel & Food Administration (ONCAT Pathway ID # 1875)

The University of Guelph and Humber College Institute of Technology & Advanced Learning have signed an articulation agreement which allows students graduating from both the two-year Tourism and Hospitality Management -- Business Applications and the one-year Tourism and Hospitality Administration -- Advanced diploma programs with a minimum grade point average of 3.3 (B+) and who have completed Ontario credits in Grade 12 (4U) Functions & Relations and English (or their equivalent) to be considered for admission to the Hotel and Food Administration major of the Bachelor of Commerce program with up to a maximum of 9.00 advanced standing credits. Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Bachelor of Commerce, Major Tourism Management (ONCAT Pathway ID # 1876)

The University of Guelph and Humber College Institute of Technology & Advanced Learning have signed an articulation agreement which allows students graduating from the two-year Tourism Management -- Travel Industry Services diploma program with a minimum grade point average of 3.3 (B+) and who have completed Ontario credits in Grade 12 (4U) Functions & Relations and English (or their equivalent) to be considered for admission to the Tourism Management major of the Bachelor of Commerce program with up to a maximum of 6.00 advanced standing credits. Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Bachelor of Commerce, Major Hotel & Food Administration (ONCAT Pathway ID # 1877)

The University of Guelph and Humber College Institute of Technology & Advanced Learning have signed an articulation agreement which allows students graduating from both the two-year Tourism and Hospitality Management -- Travel Industry Services and the one-year Tourism and Hospitality Administration diploma programs with a minimum grade point average of 3.3 (B+) and who have completed Ontario credits in Grade 12 (4U) Functions & Relations and English (or their equivalent) to be considered for admission to the Hotel and Food Administration major of the Bachelor of Commerce program with up to a maximum of 8.50 advanced standing credits. Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Kemptville Campus

Bachelor of Commerce, Major Hotel & Food Administration

Graduates from the two-year Food and Nutrition Diploma program with a minimum grade point average of 3.0 (B+) may apply to transfer to the Hotel and Food Administration major of the Bachelor of Commerce program. Applicants must have completed an 4U credit or equivalent in Mathematics and English. Upon admission up to 6.00 advanced standing credits may be transferred. Interested students should contact the program counsellor for the Bachelor of Commerce program.

Bachelor of Bio-Resource Management, Major Equine Management

Graduates of the Associate Diploma in Agriculture, Equine Option may apply to transfer into the Bachelor of Bio-resource Management program, Equine Management major provided they have achieved a cumulative 70% or higher in the diploma program. To receive degree credit, a student must have a minimum "B" standing (70%) in the diploma course(s) specified. For more information, please contact Admission Services at the main campus or the Registrar at the regional campus.

Niagara College

Bachelor of Commerce, Major Hotel & Food Administration (ONCAT Pathway ID # 1879)

The University of Guelph and Niagara College Institute of Technology & Advanced Learning have signed an articulation agreement which allows students graduating from the two-year Hospitality Management -- Hotel & Restaurant diploma program with a minimum 3.3 (B+) grade point average to be considered for admission to the Hotel and Food Administration major of the Bachelor of Commerce program with up to a maximum of 8.50 advanced standing credits. Applicants will be required to have completed Ontario credits in Grade 12 (4U) Functions & Relations and English (or their equivalent). Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Bachelor of Commerce, Major Hotel & Food Administration (ONCAT Pathway ID # 1880)

The University of Guelph and Niagara College Institute of Technology & Advanced Learning have signed an articulation agreement which allows students graduating from both the two-year Hospitality Management -- Hotel & Restaurant diploma and the one-year Hospitality and Tourism -- Management Systems diploma programs with a minimum 3.3 (B+) grade point average to be considered for admission to the Hotel and Food Administration major of the Bachelor of Commerce program with up to a maximum of 11.00 advanced standing credits. Applicants will be required to have completed Ontario credits in Grade 12 (4U) Functions & Relations and English (or their equivalent). Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Bachelor of Commerce, Major Tourism Management (ONCAT Pathway ID # 1881)

The University of Guelph and Niagara College Institute of Technology & Advanced Learning have signed an articulation agreement which allows students graduating from the two-year Tourism Management - Business Development diploma program with a minimum 3.3 (B+) grade point average to be considered for admission to the Tourism Management major of the Bachelor of Commerce program with up to a maximum of 6.50 advanced standing credits. Applicants will be required to have completed Ontario credits in Grade 12 (4U) Functions & Relations and English (or their equivalent). Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Bachelor of Commerce, Major Tourism Management (ONCAT Pathway ID # 1882)

The University of Guelph and Niagara College Institute of Technology & Advanced Learning have signed an articulation agreement which allows students graduating from both the two-year Tourism Management - Business Development diploma and the one-year Hospitality and Tourism - Management Systems programs with a minimum 3.3 (B+) grade point average to be considered for admission to the Tourism Management major of the Bachelor of Commerce program with up to a maximum of 9.00 advanced standing credits. Applicants will be required to have completed Ontario credits in Grade 12 (4U) Functions & Relations and English (or their equivalent). Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Nipissing University

Bachelor of Applied Science, Child, Youth and Family

The Senate of Nipissing University has committed to admit no fewer than 20 Child, Youth and Family graduates from the Bachelor of Applied Science program at the University of Guelph to their Primary/Junior Bachelor of Education program. Applicants must have a minimum overall standing of B (75%) in the major. Interested students should contact Nipissing directly about admissions and preferred electives.

Northern Alberta Institute of Technology

Bachelor of Landscape Architecture

The articulation agreement between the University of Guelph and the Northern Alberta Institute of Technology (NAIT) will provide up to six places per year for graduates of the Landscape Architecture program at NAIT, with a minimum cumulative average of B (70%), to be considered for admission to the Bachelor of Landscape Architecture program at the University of Guelph. All applicants are required to submit a portfolio and a Background Information Form. Upon admission, students will receive 10.00 transfer credits. Prospective applicants should contact the Bachelor of Landscape Architecture program counsellor for further information.

Province of British Columbia

Bachelor of Commerce, Major Hotel & Food Administration

The University of Guelph will make available up to ten places annually for admission into the Hotel and Food Administration major of the Bachelor of Commerce program for graduates from the Province of British Columbia's two-year Hospitality Management Diploma programs at Camosun College, College of New Caledonia, University College of the Cariboo, Douglas College, Malaspina University College, North Island College, Okanagan University College, Selkirk College, and Vancouver Community College.

Applicants must have a minimum 3.3 (B+) cumulative grade point average and must have completed an 4U or equivalent course in Mathematics and English. Upon admission, students will be granted up to 10.00 transfer credits on the basis of having completed all college core courses as well as specified electives. Interested students should contact the Bachelor of Commerce program counsellor for further information.

Ridgetown Campus

Bachelor of Bio-Resource Management, Major Environmental Management

Graduates of the Associate Diploma Environmental Management may apply to transfer into the Bachelor of Bio-resource Management program, Environmental Management major provided they have achieved a cumulative 70% or higher in the diploma program. To receive degree credit, a student must have a minimum "B" standing (70%) in the diploma course(s) specified. For more information, please contact Admission Services at the main campus or the Registrar at the regional campus.

Seneca College

Bachelor of Commerce, Major Hotel & Food Administration (ONCAT Pathway ID # 1878)

The articulation agreement between the University of Guelph and Seneca College provides an opportunity for graduates from the Hospitality Option of the Tourism and Travel diploma program with a minimum grade point average of 3.3 (B+) to be considered for admission to the Hotel and Food Administration major of the Bachelor of Commerce program with up to a maximum of 7.00 advanced standing credits. Applicants will be required to have completed Ontario credits in Grade 12 (4U) Advanced Functions and English (or their equivalent). Interested students should contact the Program Counselling Office for the Bachelor of Commerce Program.

Bachelor of Commerce, Major Real Estate and Housing

The articulation agreement between the University of Guelph and Seneca College provides an opportunity for students graduating from the Real Property Administration Diploma Program with a minimum grade point average of 3.3 (B+) to be considered for admission to the Bachelor of Commerce, Real Estate and Housing major with a 5.0 advanced standing transfer credits. Applicants must have completed 12U English and Mathematics (or their equivalent i.e. some college level math and communications courses may be considered to fulfill this requirement.) Prospective applicants should contact the Bachelor of Commerce Program counsellor.

Bachelor of Science (ONCAT Pathway ID # 2406)

An articulation agreement with Seneca College enables graduates with a minimum B+ (75%) average, from the following three-year diploma programs, to transfer to the Bachelor of Science program at the University of Guelph with 7.50 transfer credits: Biotechnology Technologist (Research), Chemical Laboratory Technology-Pharmaceutical, Chemical Engineering Technology. For further information, students should contact the program counsellor for the College of Physical and Engineering Science or the program counsellor for the College of Biological Science, depending on their intended major.

Six Nations Polytechnic

The University of Guelph, along with five other universities, has entered into a partnership with Six Nations Polytechnic in the community of Six Nations to offer first-year transfer credits at any of the universities within the consortium if the student is admitted. Applicants should contact Admission Services about admission requirements and specific transfer credits.

Associate Diploma Programs

For information on programs offered, the requirements for admission, the procedures to be followed, course descriptions, etc., please view the current Diploma Program Calendar on-line at http://www.uoguelph.ca/diploma_calendar/.

Communication of Admission Decisions

Admission Services will use the mailing address and/or email address supplied by the applicant to communicate decisions. Applicants using the OUAC 105 application form or the applications found on the University of Guelph website will receive their admission decision via WebAdvisor (access to this online tool will be made available once the application has been received). The University will not be held responsible for decisions sent to these addresses but not received.

Applicants who are not currently in any secondary or post-secondary program can normally expect to receive an admission decision within a three to four week period following receipt of the application and all official documents by Admission Services, provided they have not applied to a limited enrolment program. Typically applicants for limited enrolment programs will be considered at the same time in competition for the spaces which are available.

Students currently enrolled in a post-secondary program will normally be required to submit all official transcripts at the conclusion of their program before a final decision regarding their admission will be made. An applicant who submits an official post-secondary transcript at the conclusion of his/her fall semester of the current academic year may receive an early offer of admission. This offer of admission will be conditional upon successful completion of the student's current academic year and conditions specified by the Admission Committee for the degree program to which the student is admitted. Official final transcripts will be required by the University of Guelph, for Fall entry, by June 1 to confirm that the conditions of early offers of admission have been satisfied. Students will be advised via email that admission conditions have been cleared.

Admission decisions for the D.V.M. Program will not be made until after the deadline date for receipt of applications and documentation.

Co-operative Education

Students will be considered for admission to semester one of the Co-operative Education program upon receipt of application and supporting academic documentation. Normally, an average of 80% is the minimum required for consideration, but higher averages may be required for admission to individual programs where the demand by qualified applicants exceeds the supply of spaces. All students, including International applicants, are encouraged to explore Co-operative Education as an option.

Specific subject requirements for admission to the various degree programs are outlined in a following section. In some cases, applicants may be required to submit a Background Information Sheet in support of their application. If a Background Information Sheet is required, Admission Services will forward information directly to the applicant upon receipt of the application.

Applicants who are refused admission to Co-operative Education will be considered for admission to the comparable regular degree program during the third round of secondary school offers of admission in mid-May. Please refer to Co-operative Education Programs in Section X for further information.

Deadline Dates - Advanced Standing and Non-Degree Programs

While the final dates for receipt of applications are listed on the chart below, applicants are advised to submit their applications well in advance of the proposed date of enrolment. The University of Guelph cannot guarantee that applicants submitting applications or supporting documentation after the deadlines will receive admission consideration for the Fall entry point due to space limitations which may exist within programs.

Deadline Dates for Advanced Standing and Non-Degree Programs

Program & Major Fall Semester	Application Deadline	Document Deadline
B.L.A.	May 1	May 1 - B.I.F. June 1 - Transcripts
D.V.M. - 2014	January 1	January 1 - MCAT Scores March 1 - B.I.F. March 1 - References March 1 - Transcripts (A minimum of four full-time semesters (two full-time years) including D.V.M. admission course requirements must be completed before December 31, 2013)
International D.V.M. (VMCAS applicants)	October 1	December 1
International D.V.M., direct application to the University of Guelph	December 1	December 1
All other programs and major areas of study	May 1	June 1

ADMISSION CONSIDERATION CANNOT BE GUARANTEED FOR APPLICATIONS AND FOR DOCUMENTS RECEIVED AFTER THE DEADLINES DUE TO SPACE LIMITATIONS WHICH MAY EXIST WITHIN PROGRAMS.

Some programs will consider applications for Winter and Summer entry. For a complete listing and applicable deadline dates, please visit

<https://admission.uoguelph.ca/home.aspx>

English Proficiency

Lectures, seminars and examinations in the University are, for the most part, conducted in English and it is essential that all students have an adequate knowledge of written and spoken English in order for them to be successful in their university studies. Applicants for admission will be required to present evidence of English proficiency if:

1. their primary or first language (meaning the language first learned as a child) is not English; and
2. they have had fewer than four years of full-time secondary or post-secondary study, demonstrating satisfactory academic progress, in an English-language school system.

Francophone Canadian citizens educated in Canada will not be required to meet the English Language Proficiency Requirement. Students who have completed the International Baccalaureate diploma where English was the language of instruction will be considered as having met the English Proficiency Requirement. Students who successfully complete the Advanced Level of the English Language Certificate program at the University of Guelph will be considered as having met the English Proficiency requirement for undergraduate studies; for more information, visit the website at: <http://www.eslguelph.ca/>. The University reserves the right to deny admission to applicants who do not demonstrate satisfactory facility in English, regardless of academic qualifications.

Applicants required to meet the English Proficiency Requirement must do so by submitting the required scores in one of the following tests or battery of tests as outlined in points 1-6. Test results must be submitted to Admission Services prior to admission by the published document deadline.

1. Test of English as a Foreign Language (TOEFL)

600 on the paper-based test (250 on the computer test) AND Test of Written English (TWE) - 5. The internet-based test requirement is a total score of 89 with no section less than 21.

These tests are offered on several dates each year by centres throughout the world. For more information please visit: (<http://www.ets.org>).

2. International English Language Testing System (IELTS)

Minimum overall score of 6.5 with no band less than 6. Information on test centres and registration can be obtained from IELTS Administrator, <http://www.ielts.org/>.

3. The Michigan English Language Assessment Battery (MELAB)

Minimum overall score of 85 is required, a minimum composition score of 83. In addition, applicants must present a minimum score on the oral test of 3.

Information on the MELAB is available at <http://www.lsa.umich.edu/eli/testing/melab.htm>.

4. Canadian Assessment of English Language (CAEL)

A minimum overall band score of 70 is required. Information on the CAEL is available at <http://www.cael.ca/>

5. Pearson Test of English (PTE)

A minimum overall score of 60 with no score less than 60 in the individual components is required. Information on the PTE can be found at: <http://www.pearsonpte.com/Pages/Home.aspx>.

6. Advanced Level, English Language Certificate Program, University of Guelph

Successful completion of the Advanced Level of the English Language Certificate Program at the University of Guelph. For more information, visit the University of Guelph English Language Program website at: <http://www.eslguelph.ca/>

Open Learning

The Open Learning program is an open admission distance-only mode of study program which provides access to university courses for individuals who wish to study independently and who are not interested in pursuing a degree at the present time. This program is designed to extend the academic resources of the University to individuals who wish to take courses for personal enrichment, professional updating or eventual application to a degree program.

No limit applies to the total number of distance education courses taken through Open Learning although students may enrol in a maximum of 1.50 credits (three courses) per semester.

Students wishing to apply to transfer from Open Learning to a degree program should contact Admission Services to obtain admission information specific to the degree program of their choice.

All students must have completed any specific secondary school subject requirements, or equivalents, and their post-secondary academic record must meet the requirements for Continuation of Studies. The academic record from any previous post-secondary experience will also be considered in determining admissibility. Applicants must also satisfy the English Proficiency requirements as outlined in the previous section.

For some programs, performance in specific required courses, forms or required background experience, where applicable, may be a consideration for admission. For all programs, where qualified applicants exceed the number of spaces available, admission decisions will be made on a competitive basis.

Individuals wishing to apply to Open Learning should contact the [Centre for Open Learning and Educational Support](#) for application forms and further information.

Post-Degree and Letter of Permission

University graduates who wish to enrol in degree courses to upgrade their degree or to gain credit for admission to a graduate or other academic program should apply to a non-degree category (e.g. B.A. non-degree). Applicants must hold a degree which is recognized as equivalent to a Canadian university's undergraduate or graduate degree. A student from another university wishing to register at the University of Guelph to take courses for credit at the home university, must present The Visiting Student application and a Letter of Permission from the Registrar, Dean or program supervisor of the home institution authorizing a program selection. For details please visit <http://admission.uoguelph.ca/visitingstudent>.

The Post-Degree and Visiting Student (LOP) categories are not normally open to applicants who do not meet University of Guelph general regulations for continuation of study outlined under Continuation of Study, Undergraduate Degree Regulations, Section VIII of the Undergraduate Calendar and transfer requirements.

An offer of admission to post-degree or on the basis of Letter of Permission does not imply in any way that space will be available in the course(s) in which the applicant wishes to register. Students should contact Enrolment Services about space availability in their desired courses.

A post-degree applicant who has not previously registered at the University of Guelph, should apply at the Ontario Universities' Application Centre (OUAC) using an [OUAC 105 Online Application Form](#) using code GND. An applicant who has previously registered at the University of Guelph should apply online as a Non-Degree Readmission Student. All post-degree applicants must submit the Supplementary Information Form for Degree Holders.

Students who register in the non-degree category and who subsequently want to change to a degree status will be required to meet admission requirements for that program, and credit granted for courses taken in the non-degree category will be subject to the regulations pertaining to that program. Students should see their program counsellor for details.

Second Degrees

Students from the University of Guelph or from another university may be admitted to and graduate with a second undergraduate degree from the University of Guelph, under the following conditions:

- Students who have graduated with their first degree must apply to the University of Guelph for admission to the second degree program. A maximum of 10.00 credits may be transferred from the initial degree program.
- In-course University of Guelph students may apply to graduate with two degrees at the same convocation. A maximum of 10.00 credits may be transferred from the declared program to the undeclared program.

In a) and b), the course content of the second degree program must be substantially different from that of the first. A second degree is judged to be substantially different if:

- The specializations are in different subject areas as listed in Section XII--Course Descriptions; or
- The schedule of studies requirements are substantially different (no more than 25% overlap).

This rule is also applicable to different subject areas within the same degree program, allowing, for example, a second B.A. or B.Sc. degree to be awarded as long as the criteria are met.

Honours Equivalent

Students from the University of Guelph or another university may upgrade a degree from the general program to the honours program to obtain an Honours Equivalent recognition. Students may also upgrade a degree from the honours program by the completion of an additional specialization to qualify for the Honours Equivalent recognition. All interested students must apply for admission to the Honours Equivalent program per the application procedures outlined in this section (IV - Application Procedures). All previous University of Guelph credits may be utilized toward the equivalent degree from the honours program.

To be granted an Honours Equivalent, students must satisfy the University of Guelph residence requirements. In addition, students must satisfy the conditions for graduation for the specified honours program using the calendar that is in effect for the semester to which they have been admitted.

The students who are granted the Honours Equivalent designation do not receive a second degree parchment and do not participate in a convocation program, but have the designation shown on their transcript. Graduation standing is not assigned for the Honours Equivalent designation.

Prior Learning Assessment

At the University of Guelph, Prior Learning Assessment is an acceptable process for assigning credit at the undergraduate level for learning stemming from experience acquired independently of courses taken at university. PLA provides a mechanism whereby credit is given for equivalence in a university course to those students who have mastered the content of the course concerned without having taken a formal course in the subject area. Such mastery may have been acquired, for example, through work experience, independent study or from non-degree courses. In the absence of a certificate or other formal acknowledgement of competence by an appropriately accredited institution, the student can challenge the appropriate specific course(s) offered by the University to a maximum of 5.00 credits in a degree program or 30% of the curriculum for Open Learning Certificates. This is a post admission process only.

Each academic department is responsible for determining which of its courses may be subject to PLA challenge. The challenge process could include one or more assessment methods, including standardized tests, written and/or oral examinations, performance evaluations, interviews, and portfolio assessments. These assessments require that the individual demonstrate, to a qualified faculty member, that pre-determined knowledge and skills have been acquired.

Students should contact Enrolment Services (ups@registrar.uoguelph.ca) for application forms and further information.

Readmission

Previously registered University of Guelph students must apply to Admission Services for readmission under any of the conditions outlined below. In some cases, applicants may reapply for the Fall entry point only. Applicants should contact Admission Services for details.

- They were required to withdraw from their program for a period of two or more semesters.
- They were suspended from the University for academic misconduct.
- They have graduated from this University and wish to register for additional courses.
- They registered in a program at another post-secondary institution and wish to return to the University of Guelph.

5. They have not registered at the University of Guelph for six or more consecutive semesters.
6. They are attending the University of Guelph on a letter of permission and wish to continue beyond the term of the letter of permission agreement.

Readmission to a program at the University of Guelph is not automatic. Students who are required to withdraw must apply for readmission to the University after completing the minimum two semesters of rustication. Students should consult sub-sections regarding appropriate admission requirements and deadline dates in this Section (IV--Admission Information). Applications for readmission should include a statement which outlines the basis for readmission. Criteria used for readmission may differ by academic program. Students considering readmission should consult with the appropriate admission counsellor regarding procedures and criteria for readmission to that program.

Students apply for readmission online via the Internal Transfer/Readmission application. An application fee is payable at the time the application is submitted. Refer to <http://admission.uoguelph.ca> for further information.

On December 19, 1995, the University Senate approved the following policy for the granting of credit while on rustication:

1. Students who have been required to withdraw, and who take university credit courses during their rustication period, will be eligible for up to 1.00 credit provided they meet the criteria for readmission and the criteria for the transfer of credit. Students registered for courses through the Open Learning program are not permitted to attend courses on campus.
2. Students who take university courses after the two-semester rustication period may normally transfer all these credits provided the student meets the criteria for readmission and the criteria for the transfer of credit.
3. Students who have been suspended for academic misconduct will not receive any credit for courses taken during the suspension period.

Note: This policy applies to any university credit course taken during the rustication period.

Right of Selection

It should be carefully noted that possession of the minimum requirements does not in itself guarantee admission to any of the programs or specializations offered at the University of Guelph. For all programs for which the number of qualified applicants exceeds the capacity, the University reserves the right to select the quota from among the qualified applicants.

For students applying to enter the University for the first time, the decision of the Admission Committee is final and there shall be no appeal to that decision.

An applicant for readmission may, under specific circumstances, appeal the decision of the Admission Committee to deny readmission. Refer to Readmission in Section IV--Admission Information.

Applicants are reminded that the University is a dynamic institution and that information pertaining to admission may change. It is the responsibility of the applicant to ascertain admission requirements at the time of application.

For additional admission information, visit the Admission Services website at admission.uoguelph.ca

Specific Subject Requirements and Recommendations

University of Guelph Programs

Specific subject requirements for the following programs offered by the University of Guelph are listed below:

Bachelor of Applied Science
 Bachelor of Arts
 Bachelor of Arts and Sciences
 Bachelor of Bio-Resource Management
 Bachelor of Commerce
 Bachelor of Computing
 Bachelor of Landscape Architecture
 Bachelor of Science
 Bachelor of Science in Agriculture
 Bachelor of Engineering
 Bachelor of Science in Environmental Sciences
 Bachelor of Science in Technology
 Doctor of Veterinary Medicine

While specific subjects are listed under the new OSS Curriculum, some applicants may still present both OACs and Grade 4U and 4M courses. Students are advised to avoid course content duplication if they will be presenting courses from both the OAC and OSS curriculum. If two courses are presented which are deemed to be equivalent, only one will be used in calculating the admission average (e.g. OAC English and 4U English). The Non-Academic component of 4U/M co-op courses is not accepted as a contribution to admission requirements.

Out of province applicants should visit <http://admission.uoguelph.ca/outofprov> for applicable subject requirements. Students applying with educational credentials obtained outside of Canada should consult <http://admission.uoguelph.ca/equivalency>.

Bachelor of Applied Science--B.A.Sc.

Child, Youth and Family; Adult Development

ENG4U; one credit in a 4U Mathematics; SBI4U or SCH4U; three additional 4U or 4M courses.

Applied Human Nutrition

ENG4U; one credit in a 4U Mathematics; SBI4U; SCH4U; two additional 4U or 4M courses.

Recommendations and Notes:

- Biology (SBI4U) is the recommended science course for students pursuing a major in Child, Youth & Family or Adult Development

Bachelor of Arts--B.A.

ENG4U; five additional 4U or 4M courses.

Recommendations and Notes:

1. All applicants are strongly encouraged to offer a credit in Mathematics or a credit in French (or other language) among the additional five courses.
2. Students planning on entering programs in the Social Sciences, and Mathematical Sciences are strongly advised to include one or more Mathematics courses, such as Advanced Functions.

Bachelor of Arts and Sciences--B.A.S.

ENG4U; MHF4U; two 4U courses from SBI4U, SCH4U or SPH4U; one 4U or 4M Arts or Social Science; one additional 4U or 4M course.

Bachelor of Bio-Resource Management--B.B.R.M.

ENG4U; SBI4U; four additional 4U or 4M courses.

Bachelor of Commerce--B.Comm.

Accounting, Food and Agricultural Business, Leadership and Organizational Management, Marketing, Management Economics and Finance, Real Estate and Housing Undeclared

ENG4U; MHF4U; one additional 4U Mathematics course, three additional 4U or 4M courses.

Hotel and Food Administration, Public Management, Tourism Management

ENG4U; MHF 4U; four additional 4U or 4M courses.

Recommendations and Notes:

1. Hotel and Food Administration and Tourism Management: Applicants are considered on the basis of academic performance and review of a Background Information Sheet submitted to the Admissions Committee. The BIS deadline date for the Hotel and Food Administration and Tourism Management majors is March 1. Late applications may be considered if spaces are available.
2. Marketing: If available, students are encouraged to include Economics and/or Administrative or Organizational Studies and/or Accounting among their 4U or 4M courses.

Bachelor of Computing--B.Comp.

ENG4U; MCV4U; four additional 4U or 4M courses.

Recommendations and Notes:

1. Computing and Mathematics of Data Management courses are recommended, as are any other courses necessary to prepare the student for study in an "Area of Application".

Bachelor of Landscape Architecture--B.L.A.

ENG 4U; five additional 4U or 4M courses.

Recommendations and Notes:

1. Applicants are required to submit a Background Information Form. A breadth of courses in the social, physical and biological sciences as well as the arts and languages is encouraged for all applicants.

Bachelor of Science--B.Sc.

ENG4U; MHF4U or MCV4U (see note 5); two 4U courses from SBI4U, SCH4U or SPH4U; two additional 4U or 4M courses.

Recommendations and Notes:

It is highly recommended that students select one of the two additional courses bearing in mind:

1. Their eventual specialization.
2. Regulation I on Introductory Courses, Section IX-B.Sc. Applicants who lack one specific 4U requirement but who have a high overall academic standing are encouraged to apply for admission to the regular (non-coop) program.
3. Students contemplating admission to the D.V.M. Program should include the following 4U courses: Biology, Physics and Chemistry.

- Applicants are advised to include Biology, Chemistry and Physics among their 4U courses.
- Applicants to the following B.Sc. majors must include MVC4U: Biochemistry, Biological and Pharmaceutical Chemistry, Chemistry, Biological and Medical Physics, Chemical Physics, Physics, Theoretical Physics, Nanoscience, Mathematics, Physical Science, Environmental Geoscience and Geomatics.

Bachelor of Science in Agriculture--B.Sc. (Agr.)

ENG4U; MHF4U; two 4U courses from SBI4U, SCH4U or SPH4U, two additional 4U or 4M courses.

Recommendations and Notes:

- Students contemplating admission to the D.V.M. Program should present 4U Physics, Biology and Chemistry.
- Students who are lacking a specific 4U subject requirement but who have a high overall academic standing are encouraged to apply for admission.

Bachelor of Engineering--B.Eng.

ENG4U; MHF4U; MCV4U 2 4U courses from SBI4U, SCH4U or SPH 4U; one additional 4U or 4M course.

Recommendations and Notes:

- All applicants are encouraged to include both 4U Physics and Chemistry in their course.
- Applicants are considered on the basis of academic performance and a review of a Student Profile Form submitted to the B.Eng. Admission Committee. In addition, due to the nature of the program, personal interviews and/or special tests may be used to assist in the selection of candidates. Differential criteria may prevail for admission to the various B.Eng. programs. Students who are admitted but lack specific required courses must complete replacement courses available at the University which do not all count towards the 23.50 credits required for the B.Eng. program. Students intending to enrol in these courses should consult the timetable and Section XII of the Calendar to determine the semesters during which they are offered.
- Applicants who lack one specific subject requirement but who have a high overall academic standing are encouraged to apply for admission to the regular (non-coop) program. Replacement credits are available at the University of Guelph and 0.50 may be counted for credit in the degree only where a free elective is part of the degree major.
- Students selecting a major in Environmental Biological, or Biomedical Engineering are advised to include Physics, Chemistry and Biology in their program of study. Students intending to major in Mechanical or Water Resources Engineering should include Physics, Chemistry and one of Biology or Computer Studies, Mechanical Engineering, Computer Engineering and Engineering Systems and Computing majors should include Physics, Chemistry and Computer Studies.

Bachelor of Science in Environmental Sciences--B.Sc. (Env.)

ENG4U; MHF4U; two 4U courses from SBI4U, SCH4U or SPH4U, two additional 4U or 4M courses.

Recommendations and Notes:

- To be best prepared for semester one of the program, all applicants are advised to include 4U Biology, Chemistry, and Physics.
- Students who lack any one specific subject requirement but who have a high overall academic average are encouraged to apply for admission to the regular (non-coop) program. Students who are admitted with a deficiency in one of the secondary school requirements are encouraged to seek advice from their academic or admission counsellor. This deficiency must be resolved in the first year of the program.

Doctor of Veterinary Medicine-D.V.M.

The class size in the Doctor of Veterinary Medicine (D.V.M.) Program is limited to approximately 120 students.

Academic Requirements

For admission to the D.V.M. Program, a minimum of four full-time semesters (10.00 credits), including:

- Biological Sciences - 1.00 credits (2 semester courses, with recommended emphasis on Animal)
- Cell Biology - 0.50 credit (1 semester course)
- Genetics - 0.50 credit (1 semester course)
- Biochemistry - 0.50 credit (1 semester course)
- Statistics - 0.50 credit (1 semester course with a Calculus prerequisite)
- Humanities or Social Sciences - 1.00 credit* (2 semester courses)

Applicants must complete prerequisite courses while registered on a full-time basis (e.g. University of Guelph 2.50 credits per semester, the equivalent of five half-year courses per semester).

Note: Academic requirements for applicants to the D.V.M. Program for 2014 Entry.

To be eligible to apply for September 2014 entry to the D.V.M. Program students must have completed a minimum of four full-time semesters, including all D.V.M. admission course requirements, at a recognized university before December 31, 2013.

The earliest time at which applicants may apply for 2014 admission to the D.V.M. Program is during third year of their first undergraduate degree program. Please refer to 2014 D.V.M. application and required document deadline dates at: <http://www.ovc.uoguelph.ca/future/dvm/>

*Students entering the D.V.M. Program should be able to operate across discipline boundaries recognizing the relevance of the humanities and the social sciences to their career choice. In selecting these courses from among those acceptable, the prospective veterinary student should consider topics such as ethics, logic, critical thinking, determinants of human behaviour and human social interaction.

All courses must be at university level. Applicants should consult the list of acceptable University of Guelph courses and subject areas online at <http://www.ovc.uoguelph.ca/future/dvm/>. Courses need not be completed in a specialized college or faculty or in a designated Pre-Veterinary program. Students wishing to undertake their preparatory work at the University of Guelph should seek admission to the Bachelor of Science or the Bachelor of Science in Agriculture programs. Students who wish to undertake their preparatory work at another university should select an institution that offers the specific course requirements listed above as part of a degree program and that has rigorous entrance requirements and a reputation for academic quality.

Applications will also be considered from persons who have successfully completed a science graduate program and from persons currently enrolled in a science graduate program. For those persons currently enrolled, all the requirements of the program must be successfully completed by August 1st of the year of entry to the D.V.M. Program. Persons who qualify must indicate their desire to be considered in the graduate student cohort. Their application will then be removed from the undergraduate applicant pool and considered separately. Selection for interviews will be made on the basis of academic achievement including grades in acceptable prerequisite subjects (undergraduate and graduate courses), MCAT scores, evaluation of the Background Information Form, two letters of reference from persons assessing the applicant's skills and knowledge of veterinary medicine and two letters of reference for persons familiar with the applicant's performance as a graduate student. Final selection will be based on this information and an interview. Normally a maximum of five students will be selected from this cohort each year.

Because of limitations in class size, all candidates should have an alternative career objective and course selection should be compatible with this objective.

MCAT

The Medical College Admission Test (MCAT) will be used for selection of domestic applicants. International applicants may submit GRE scores in lieu of MCAT scores. The deadline dates for receipt of MCAT scores for domestic applicants is January 1, 2014 for September 2014 entry.

For international applicants, the deadline for receipt of GRE or MCAT scores is December 1st.

A complete description of the MCAT is contained in the MCAT student manual available from:

Association of American Medical Colleges
2450 N Street, NW
Washington, DC 20037-1126, Tel: (202) 828-0400
Fax: (202) 828-1125

<http://www.aavmc.org/vmcas/vmcas.htm>

The manual describes the areas in science and specific skills to be assessed by the test, the mathematical concepts required, general suggestions for preparing for and taking the test, and a full-length practice test. Preparation for the MCAT should begin with a careful reading of the student manual. Science topics covered on the test include basic principles and concepts in biology, general chemistry, organic chemistry, genetics and physics.

Residence Requirements

Canadian citizens or individuals who have Permanent Resident Status of at least one year's duration are eligible to apply as domestic students if they also satisfy the Ontario residency requirement. 'Resident' in this context is interpreted to mean someone who has resided in Ontario for twelve months, exclusive of time spent in post-secondary institutions.

Selection Criteria

Since the number of applicants who satisfy the specific course requirements exceeds the number of available spaces in the D.V.M. Program, the Admissions Sub-Committee may use the following criteria to determine those who will be admitted. The members of the Sub-Committee endeavour to select those well-qualified applicants who, in their judgement, will be best able to successfully complete the veterinary medicine curriculum and who exhibit potential to become competent, responsible veterinarians dedicated to a lifetime of productive public service and continued learning. Candidates should pay attention to the selection criteria and attributes required for entry into the D.V.M. Program and use this information to guide them in preparation for application.

1. Academic Achievement and Aptitude

In view of the need to efficiently and quickly learn large amounts of factual material and to solve problems, applicants must have demonstrated achievement in the comprehension of scientific material. This will be evaluated by the scrutiny of transcripts of previous academic records and MCAT results. Attention will be paid to both the quality and consistency of grades in the program presented as preparation for admission, particularly for those applicants who have spent more than the minimal time in preparation. Course selections in an applicant's last two full-time semesters will be reviewed for academic coherence. For the purpose of D.V.M. admissions, a full-time semester will include at least 5 half-year courses (2.50 credits) from the acceptable list. It is expected that the level of an applicant's courses will correspond to the semester level (year) of his or her program. Please refer to information regarding acceptable courses at: <http://www.ovc.uoguelph.ca/Undergrad/potential/admission.shtm>.

2. Animal and Veterinary Experience

As part of the application process, candidates must demonstrate sufficient knowledge of the profession, its dimensions and the industries it serves to permit the candidate to make and defend his or her career choice. This requires the candidate to spend adequate time under the supervision of veterinarians in clinical practice situations (volunteer or paid) in order to gain hands-on experience with a range of animal species. Practice situations include, but are not limited to, large, small, mixed, avian and exotic animal clinics; thus introducing the applicant to food producing, companion, zoo and wildlife animals, or aquaculture. Other work or volunteer experience with veterinarians can include non-practice situations such as industry (e.g. veterinary products, pharmaceutical), research and academia (universities), and government (e.g. public health, regulatory affairs). There is an expectation that candidates will be able to demonstrate for each animal or veterinary experience the role of the veterinarian, production and breeding systems, general features of housing and feeding, productivity measures and norms, marketing systems, animal behaviour relevant to restraint, feeding and reproduction, and emerging trends and issues in the industry.

3. Background Information and Referees' Assessments

Successful candidates should have integrity, reliability, maturity and determination. It is important that professionals have excellent communication and leadership skills, and that they have a talent for effectively working with others. To assist in identification of candidates who possess these and other attributes, applicants must complete a Background Information Form, in which they will describe their academic program, work experience and extra-curricular activities. In addition, applicants will be asked to write a short essay about why they wish to study veterinary medicine. Confidential referee reports will be required from three persons qualified to give unbiased, informed, critical assessments of the applicant. A minimum of two of the three references that applicants select must be veterinarians with whom he or she has obtained animal and veterinary experience in the fulfillment of the selection criteria outlined in Section 2.

4. Interviews

Applicants may be invited to an interview. The interviews for undergraduate Canadian applicants to the Doctor of Veterinary Medicine program follow the Multiple Mini Interview (MMI) format. Graduate cohort applicants will be interviewed individually in the traditional format. The MMI consists of a series of short, timed, structured interview stations that draws multiple samples of a candidate's ability to think on their feet, communicate opinions and ideas, critically appraise information and demonstrate advanced thought/knowledge of the issues facing the profession. At each station candidates are presented with a scenario to which they must react and explain their interpretation of the scenario to assessors who then mark the candidate based on a scoring rubric. Each of the scenarios has been constructed to assess Ethical Behaviour, Empathy, Judgement, Critical and Creative Thinking, or Personal Management Skills. All stations will assess Communications skills. The non-academic skills assessed by the MMI reflect the educational goals and objectives of OVC as well as the skills identified by the veterinary profession in Ontario as being necessary for a successful career. All interviews are held at the University of Guelph (no exceptions can be made).

Additional Attributes Required for Entry into the D.V.M. Program

Applicants should be aware that a number of attributes are required for admission to the Program. In addition to those already identified above under *Selection Criteria* (e.g. academic achievement, academic aptitude, integrity) a number of others, some of which relate to certain University of Guelph Learning Objectives, have been identified. These are presented here to assist prospective candidates in preparing themselves for admission.

1. Literacy and Numeracy

Literacy and numeracy are the bases on which all knowledge is founded. The ability to read, write, and calculate are fundamental intellectual tools. Students entering the D.V.M. Program will be able to demonstrate literacy skills at least to the basic level as described under *Literacy* in the University of Guelph Learning Objectives. They will be able to assimilate and comprehend written language at a basic level, to summarize information in a coherent manner, and use appropriate language in context. Successful applicants must be able to devise a topic or concept for discussion, frame its bounds and communicate its content.

Students entering the D.V.M. Program will understand the value and principles of describing situations in numeric terms. They will be able to assimilate and comprehend numeric data and use appropriate tools to manage such information. They must be able to use skills of numeracy to check validity of information, to use and correctly interpret appropriate statistics to describe the distribution of observations in individuals and populations, and be able to perform basic tests of hypotheses (t-test, chi-square and simple regression) and interpret these correctly.

2. Communication Skills

Communication is the process of interacting with others respectfully and involves an exchange of information, feelings and values. It includes intrapersonal communication (self-understanding, self-evaluation, and reasoning) and interpersonal communication (interaction with others, relationship and self-disclosure). Through interpersonal communication, relationships are started, maintained, or destroyed. Good communication involves an understanding of self-awareness, of self-esteem, of feelings and emotions, the development of listening skills and the willingness to disclose oneself truthfully and freely. Good communication also requires an understanding of principles of language and verbal interaction, principles of non-verbal communication, and of interpersonal communication and relationships (relationship development and deterioration, improvement of interpersonal communication, conflict management, interviewing skills etc.)

Students entering the D.V.M. Program will be able to: listen respectfully and comprehend appreciatively; practice the elements of good interpersonal communication successfully; demonstrate the ability to work cooperatively; and communicate effectively by oral, written, and electronic means at the appropriate literacy level. Successful applicants will be able to recognize the non-verbal aspects of communication by considering feelings, emotions, and values as elements of communication.

3. Judgement

Students entering the D.V.M. Program will be able to use knowledge, observational and analytical skills, with due consideration of value systems, to evaluate and implement decisions. They will be able to identify and articulate their personal value system; identify ethics and standards of conduct; and identify the values and assumptions that may be operative in various contexts. They must be able to identify, critically evaluate and accept the implications and consequences of decisions, to re-evaluate decisions based on new information, and deal effectively with uncertainty. They will be able to accept that self-assessment of ethics and standards of conduct is a professional responsibility, and accept that others may have different values and assumptions and respect those differences.

4. On-Going Curiosity (self-initiated learning)

Students entering the D.V.M. Program must be able to use self-initiated learning to maintain and enhance depth and breadth of understanding. They must recognize limitations of their knowledge, skills and attitudes, identify sources of ongoing learning opportunities, and demonstrate a commitment to on-going learning and self-evaluation.

5. Forms of Inquiry

Students entering the D.V.M. Program will be able to identify and articulate the strengths and weaknesses, similarities and differences of various forms of inquiry (i.e. those used by the physical scientist, the biological scientist, the social scientist and the scholar of the humanities). They will be able to describe and apply the scientific method, and articulate and evaluate personal problem-solving processes.

6. Essential Skills and Abilities

Please refer to Essential Skills and Abilities required for the Study of Veterinary Medicine at: <http://www.ovc.uoguelph.ca/future/dvm/admissions/documents/OVCAdmissionsPolicyDocumentMay2006.pdf>

Application Procedure

Domestic applicants currently or previously registered at the University of Guelph must obtain an internal application for transfer or readmission from Admission Services on-line at <http://admission.uoguelph.ca/internal>. All other domestic applicants must apply using the Ontario Universities Application Centre by accessing the computerized application service <http://www.ouac.on.ca/>.

International applicants should apply through the Veterinary Medical College Application Service (VMCAS). For further details see <http://aavmc.org/vmcas/vmcas.htm>. Alternatively, international applicants can apply using the University of Guelph International Application found at <http://admission.uoguelph.ca>.

Application Deadline Dates

For Canadian citizens or permanent residents of Canada who satisfy the Ontario residency requirement applying to the first year of the Doctor of Veterinary Medicine Program, application forms must be received no later than January 1, 2014.

Please refer to deadline dates for supporting documentation including MCAT scores, references, official transcripts and the Background Information Form at: <http://www.ovc.uoguelph.ca>.

The deadline for International applicants using the VMCAS application is October 1. Those applying directly to the University of Guelph must apply and submit all supporting documentation by December 1.

Application Limitation

In total, only four applications for admission to the D.V.M. Program will be considered from an individual.

Requests for Deferrals

Requests for deferral of admission to the D.V.M. program will not be permitted except on approval by the Admissions Committee due to significant medical, psychological or compassionate reasons.

Rabies Immunization

A condition of admission to the D.V.M. Program is agreement to a rabies immunization program which includes blood titre evaluation. Exemption from this condition may be granted in exceptional circumstances, but the student concerned must sign a release absolving the University of further liability.

Use of Animals

Live animals may be used for teaching purposes in some courses in the Veterinary Program, and this must be accepted by students admitted to the program. All animals are protected by the Animals for Research Act of Ontario (1980), the Guidelines for the Care and Use of Experimental Animals (Canadian Council on Animal Care), and the Animal Care Policies of the University of Guelph.

University of Guelph-Humber Programs

Admission requirements for University of Guelph-Humber programs are listed at: [University of Guelph-Humber](#)

Submission of Documents

Each of the following applicable documents must be sent in support of an application. Please note that official transcripts submitted will become the property of the University of Guelph. Normally, official transcripts must be sent directly to the University by the institution issuing the document. **The applicant is responsible for ensuring that all documents are received in Admission Services by the document deadline.** No decision will be made until all documents have been received. Personal documents will be returned upon written request. Applications with incomplete documentation after the document deadline date will not receive consideration if the program is filled and closed.

1. Ontario Secondary School Diploma or equivalent Senior Matriculation Certificates, (e.g. Alberta Grade 12, G.C.E. etc.). Students currently enrolled in their final year of secondary school in Ontario are not required to submit documentation as decisions for early admission are based on interim grades reported by the secondary school.
2. Official transcripts of all academic work taken at the post-secondary level, (e.g. university, college, etc.)
3. Transcript of marks from the last secondary school attended.
4. Any other documents demonstrating academic results or ability, or explaining the level of academic performance.
5. Any supplementary information required as part of the application.

Use of Animals in Teaching

Animals are used to support the teaching in some courses. The University of Guelph is dedicated to maintaining a high level of animal care in all of its teaching programs. Regulated by the Animals for Research Act, the University is in compliance with the standards set by the [Canadian Council on Animal Care](#). Guelph has long been a leader in the promotion of animal welfare issues, and in 1989, established the [Colonel K.L. Campbell Centre for the Study of Animal Welfare](#), the first such centre in North America. The Centre promotes humane systems of animal management and fosters the development of alternatives in animal use in research and teaching.

V. International Study

Study Abroad Programs

University of Guelph study abroad programs consist of two types: semesters abroad and exchange programs.

Semesters abroad offer a structured group experience where a Guelph faculty member accompanies students abroad. Students take Guelph courses and pay tuition to the University of Guelph.

Exchange programs offer students an opportunity to take courses at a university abroad for up to a year and get credit toward their degree at Guelph. In return, students from the host university may study at Guelph. Tuition is paid to the student's home university.

Participants in a University of Guelph study abroad program may qualify for a travel scholarship, see Section IX--Scholarships and Other Awards for details.

For information on these or other work or study abroad options, please see the Centre for International Programs <http://www.uoguelph.ca/cip/> or visit the Information Centre, University Centre, Level 3.

Exchange Programs

A variety of exchange programs exist for **undergraduate students and graduate students** who wish to study at an overseas institution for a period of time. Regulations about exchange programs are shown in Exchange Programs of Section VIII--Undergraduate Degree Regulations and Procedures. For further information on any study abroad program, visit the InfoCentre, Centre for International Programs, Level 3, University Centre. The University of Guelph has official student exchange agreements with the following institutions:

Australia

[Curtin University](#)
[Deakin University](#)
[Edith Cowan University](#)

International Letter of Permission--L.O.P.

The University of Guelph has established several programs under the Commonwealth Universities Study Abroad Consortium (CUSAC) whereby the University of Guelph students may study overseas on a Letter of Permission. Students participating in these programs pay tuition to the host institution and not to the University of Guelph. The Centre for International Programs administers all CUSAC, LOP programs.

For more information, visit the InfoCentre, [Centre for International Programs](#), Level 3, University Centre.

Semesters Abroad

Students registered in a Semester Abroad are recognized as University of Guelph students and thus fall under the rules and regulations of the University of Guelph. It should be noted however, that many study abroad semesters involve the employment of sessional faculty from abroad. While every attempt is made to fully inform these faculty of the Senate regulations concerning academic procedures and evaluation of student work, there may be times when appeals by students are not handled in a fashion that would be appropriate under the University of Guelph guidelines. It is therefore recommended that any student who wishes to submit an appeal to Academic Review or request a grade reassessment should first contact the semester abroad coordinator for advice.

It will be the responsibility of the coordinator to refer the matter through the appropriate channels. In some cases this might be to a department chair, in others, through a dean. At all times the University of Guelph's rules and procedures will be adhered to. Given the distance between the University of Guelph and the host institution, the time deadlines in place for processing requests for academic review or grade reassessments will not be enforced. Students studying on an exchange should normally expect to abide by the rules and regulations of the host institution.

The University offers the following semester abroad programs, however, **not all semester abroad programs are offered every year**. Contact the [Centre for International Programs](#), University Centre, Level 3, for information on current offerings.

India Semester

The India semester offers a unique opportunity for up to 25 students to take University of Guelph courses on site at the University of Rajasthan in Jaipur. The India semester allows students to combine academic pursuits with the exploration of the rich historical and cultural resources of one of the world's oldest civilizations.

Krakow Semester

The Guelph/Krakow semester provides the opportunity for up to 25 University of Guelph students to study on the grounds of Jagiellonian University (the alma mater of Copernicus) for the fall semester. Students, who will have completed 4 semesters with a 70% average, in all undergraduate university programs are encouraged to apply (an association with the Agricultural University in Krakow provides OAC students with a unique opportunity to learn about Polish agriculture). Courses are taught by Polish faculty in English and are accredited at either the 3000 or 4000 level. Survival Polish lessons will be provided. In addition to the experience of living in a Krakow university residence and learning formally and informally about Polish art, culture, history, political systems, etc., there are a number of trips to areas and place of interest in Poland. The semester is co-ordinated by a Guelph faculty member who may also teach a course in Krakow. More detailed information about academic requirements, bursaries, courses, etc. can be obtained from the [Centre for International Programs](#), University Centre, Level 3.

Latin America Semester

Organized with the University of Saskatchewan, this semester-long academic program in Guatemala offers Spanish-language training and local home stays to complement our humanities and social science courses. In the future, the Latin America Semester may rotate among other countries in the region. For more information, contact Dr. Kris Inwood, Department of Economics.

London Semester

Students may take a full-time semester in Britain by going on the London Semester. While the courses offered are in Arts and/or Social Science, all students are eligible to apply. The Senate regulations governing the London semester, application forms, deadline dates, and details concerning the selection of students are available at the [Centre for International Programs](#), University Centre, Level 3.

Nice Program

Guelph students have many opportunities to enrich their academic French studies through varied programs. They may choose to spend semesters 5 and 6 in Nice, France, with the **Canadian Third Year in Nice** program, sponsored in part by the University of Guelph. In this program, Guelph students take courses at the University of Nice along with regular French students. Another possibility is spending one or more semesters at a university in Quebec.

Paris Semester

Up to 25 students may take advantage of this unique semester abroad experience. Courses are taught in English and are offered in the Arts and/or the Social Sciences. All students are eligible to apply. Information, application forms and further details are available from the [Centre for International Programs](#), University Centre, Level 3.

Shanghai Semester

The Shanghai Semester offers students the opportunity to study in one of China's most vibrant cities, a sophisticated metropolitan centre which boasts a rich culture and history. Students will take courses taught in English by faculty from East China Normal University, and there are organized field trips to areas around Shanghai. All students are eligible to apply. Further details and application information are available from the Centre for International Programs, University Centre, Level 3.

VI. Schedule of Fees

All fees for a semester are due and payable on or before the date scheduled for registration for that semester.

Provisional registration may be granted to students who make arrangements with the Associate Registrar, **Student Financial Services (SFS)**, to defer payment of their University account. Deferred payment normally will be granted only to students who can show proof of financial assistance from O.S.A.P. or other awards which can be confirmed by the University and are not on hand at the commencement of classes through no fault of the student. Students should apply for O.S.A.P. two months in advance of the first class day of each semester, in order that the application can be processed in time to have funds for registration. Cancellation of registration may be exercised at the discretion of the University for failure to complete the registration payment. Registration will be cancelled for students who have not paid or made satisfactory arrangement for payment by the deadline announced by SFS each semester. There is a \$200.00 reinstatement fee levied for full-time students and \$100.00 reinstatement fee levied for part-time students wishing to register after deregistration. Reinstatement will not be allowed after October 15th for the Fall semester, January 31st for the Winter semester and June 15th for the Summer semester.

Fall Semester Only - Minimum Registration Deposit

ALL students are required to make the **minimum, compulsory, non-refundable Registration Deposit** of \$200.00 prior to the beginning of the Fall semester (please refer to the Student Financial Services website **Tuition & Fees Announcement**). Payment of this deposit by the deadline date will ensure that the courses selected for the Fall term will be retained. There are no exemptions from the payment of this deposit irrespective of current account balance or funding to come in the future. This condition may be waived on a case by case basis under extenuating circumstances, e.g. medical or compassionate grounds with documentation.

Academic sanction may be applied to students who have not made payment, or suitable arrangements for payment, of their University account. Academic sanction will prevent one or more of the following:

- release of semester examination results
- release of transcripts
- granting of a degree or diploma
- registration for a subsequent semester

Changes in Fee Schedule

The University reserves the right to make changes in the published schedule of fees and payment dates and also to assess charges, which are not included in the schedule of fees, for course material and/or transportation provided at University expense.

University Fees

Tuition Fees

The undermentioned tuition fees apply to Canadian students and those with permanent resident status. Students from outside of Canada, who do not have permanent resident status, should consult Visa Student Fees, in this section. **For information regarding Tuition fees, for Full-time, Part-time and Audit students, visit the Student Financial Services website at:** <http://www.uoguelph.ca/registrar/studentfinance/index.cfm?fees/index>.

Note: For tuition fees for the University of Guelph-Humber please check the University of Guelph-Humber website at: <http://www.guelphhumber.ca/>.

Note: *Special or Non-degree* **full-time students** pay the same tuition fee per program as indicated by programs for regular full-time students.

Visa Student Fees

For information regarding Tuition fees for Full-time and Part-time Visa students visit the Student Financial Services website at: <http://www.uoguelph.ca/registrar/studentfinance/index.cfm?fees/index>.

Health Insurance for International Students

All international students registered at the University of Guelph are required to enrol in the University Health Insurance Plan (UHIP) - participation is compulsory. Current UHIP fees are found at Student Financial Services' website at: <http://www.uoguelph.ca/registrar/studentfinance/index.cfm?fees/index>.

Students who are studying on student visas and whose immigration status changes, or those who may be eligible for the regular tuition fees but are charged the visa student fees, must present acceptable official documentation to Enrolment Services, Office of Registrar Services. To effect a change of fees in a particular semester, the documentation must be presented prior to June 30 (Summer Semester), November 1 (Fall Semester), or February 1 (Winter Semester).

Categories of students who are exempt from paying the visa student fee are synopsized as follows:

- Canadian citizens, permanent residents, or their dependents.
- applicants for permanent residency who submit the appropriate letter.
- diplomatic or consular officers of another country or representatives of the United Nations or its agencies who are stationed in Canada, or their dependents.

- visitors, or their dependents, who are in Canada on an employment authorization.
- refugees (officially recognized).
- members of foreign military forces admitted to Canada under the Visiting Forces Act, and their dependents.

The descriptions above are brief statements synopsized from the regulations of the Ministry of Training, Colleges and Universities. Final interpretation rests with the Office of Registrar Services and documentation must be acceptable to the Office of Registrar Services. The regulations are subject to change without notice.

Other Tuition and Incidental Fees

Co-operative Education

For information on current Co-operative Education fees, visit the Student Financial Services website at: <http://www.uoguelph.ca/registrar/studentfinance/index.cfm?fees/index>

Exchange Program

Guelph students attending other institutions are required to pay the University of Guelph the cost of **full-time** tuition and compulsory fees (less the Bus Pass fee). These students are assessed a \$75.00 Administration Fee.

Foreign students attending the University of Guelph are required to pay the University Health Insurance premiums (UHIP) as well as the medical insurance premium, and Bus Pass fee.

Semester Abroad Program

Students are required to pay **full-time** tuition plus the compulsory medical insurance premium and dental plan premium.

Senior Citizens (Canadian Citizens & Permanent Residents only)

Senior citizens, aged 65 years and over as of the first day of the month in which registration for a semester occurs, who are admitted for registration, will be exempt from the payment of domestic tuition, student organization and other fees, with the exception of material costs required for Fine Art and Distance Education courses.

Summer Semester and Summer Session

For classification purposes, any combination of Summer Semester credits (13 week) and Summer Session credits (6 week) that total 2.00 credits or more will constitute **full-time** enrolment and tuition and other university fees will be charged accordingly.

Other University Fees; Student Organization Fees; College Semester Fees

For information on Other University Fees, Student Organization Fees and College Semester Fees, please visit the Student Financial Services website at: <http://www.uoguelph.ca/registrar/studentfinance/index.cfm?fees/index>.

Meal Plan Fees

The On-Campus Meal Plan is a mandatory meal plan for all students living in a traditional residence and optional for students living in the East Residence, the East Village Townhouses or off campus. The On-Campus Meal Plan is designed to cover both the Fall and Winter semesters. Hospitality Services offers five (5) different sizes of plans to accommodate a variety of eating habits. Each On-Campus Meal Plan is composed of 2 Plans in 1 - **The Basic Plan and the Flex Plan**.

The Basic Plan is used for all on-campus food purchases. These purchases are tax exempt when applicable.

The Flex Plan is used for vending machines, dining at select off-campus restaurants and delivery orders for pizza, subs and pitas. These purchases are taxable.

At the end of the Winter semester, so long as you are a University of Guelph student, Food Dollars remaining in your On-Campus Meal Plan will be transferred to the **Carryover Ultra Food Plan**. The transfer is subject to a \$50.00 Administration fee. This carryover plan enables you to continue spending your remaining Food Dollars when you return to school, whether you live on or off campus.

Add the Textbook Plan to your Meal Plan! For the ultimate in convenience and savings you can add a \$1000 Textbook Plan to any Meal Plan to be used exclusively in the University Bookstore to purchase all textbooks including used books, school supplies and U of G clothing for both the Fall and Winter semesters. Every time you make a purchase in the University Bookstore, you will be rewarded with a **10% REBATE** on your total purchase - **ADDED to your FLEX Plan** the next business day. *Any textbook money that has not been spent at the end of the school year can be refunded upon request or it will automatically be added to the Carryover Ultra Plan.*

Information on the On-Campus Meal Plan Fees is available at the Student Financial Services website <http://www.uoguelph.ca/registrar/studentfinance/index.cfm?fees/index>. For those students not required to purchase an On-Campus Meal Plan, Hospitality Services provides a convenient, money saving Ultra Food Plan. A Textbook Plan can also be added to the Ultra Food Plan.

For more information on Hospitality's meal plans visit the Hospitality Services website <http://www.hospitality.uoguelph.ca/mealplans.htm>.

Parking Fees

For information regarding Parking Services visit the Parking Services website <http://www.uoguelph.ca/security/Parking/index.html>

Prior Learning Assessment

Fees for Prior Learning Assessment

Name of Fee and Description	Fee
Application Fee A fee will be charged for each application to challenge a course, irrespective of the number of courses specified in the application.	\$50.00
Course Fee Students who are permitted to challenge a course will be charged a fee for the course, regardless of whether or not the challenge is successful.	1/2 of the tuition fee for the course

Refunds

Withdrawal

A student who makes a request for Withdrawal from the University may apply to the Office of Registrarial Services for a refund of tuition fees provided the hiatus has been authorized (see also Withdrawal, Section VIII--Undergraduate Degree Regulations).

If the withdrawal or credit drop results in a credit balance in your fees account (i.e. payments are greater than charges) a refund cheque is produced for credit balances over \$500. Allow four to six weeks before refunds are available from Student Financial Services. **The University has been directed by the Ministry of Training, Colleges and Universities to return refunds to the National Student Loan Centre in instances where assistance was received through a Government Student Loan.** In Cases in which students hold U.S. Federal Loans all refunds are directed to the U.S. Department of Education per their directive.

Winter and Summer Semesters - Refunds of tuition fees will be calculated according to the effective date and the following schedule:

Withdrawal and Refunds

Class Days	Refund Rate
1 - 5 inclusive	100%
6 - 10 inclusive	75%
11 - 15 inclusive	65%
16 - 20 inclusive	50%
21 - 25 inclusive	35%
26 - 30 inclusive	20%
31 and beyond	nil

Fall Semester - The compulsory non-refundable Registration Deposit of \$200.00 is forfeited as the first charge against a withdrawal/cancellation or no show for the semester including the first five class days. The above schedule will only come into effect once the first \$200.00 penalty has been used up.

Refunds of Other University Fees (except Residence and Meal Plan Fees) and Student Organization Fees (except Bus Pass, medical insurance premium and dental insurance premium, please see specific details on these fees) will be made in full up to and including the 15th class day of a semester. No refund of Other University Fees or Student Organization Fees will be made after the 15th class day. The effective date for the refund of tuition and fees will be the date on which the student notifies the Office of Registrarial Services regarding the withdrawal.

Room charges will be refunded on a pro rata basis for the period in residence, but cancellation of the residence contract will also result in forfeiture of all or part of the residence deposit. Refer to section 4.3 of the Residence Contract Terms & Conditions for further information. The effective date for refund will be the date belongings are removed from the room, a room check made and the room key, post office key and university ID card returned; or, the authorized effective date for withdrawal, whichever is later. Students to whom a room assignment has been made and who withdraw and subsequently re-register up to and including the 5th class day will be liable for any penalties incurred through forfeiture of the residence contract.

Meal plan fees, excluding the Capital Fund Component, will be refunded on a pro rata basis for the operating expense portion, plus the unused food portion, for authorized cancellation of a contract. The effective date for refunds will be the date on which the student notifies the Office of Registrarial Services regarding the withdrawal, except if a student withdraws before or after the first day of classes and re-registers before or on the 5th day of classes, cancellation of the contract is not permitted.

Bus Pass Fee

This fee is not refundable unless a student withdraws from the university within the first five class days of the semester. Please direct inquiries to the C.S.A. office.

Classification Changes

Refunds of tuition fees for students changing from full-time to part-time will be calculated on the difference of tuition values at the same rates for withdrawals. Refunds of Other University Fees and Student Organization Fees (except Bus Pass, Dental Insurance premium and medical insurance premium) will be made in full up to and including the 15th class day of a semester. No refunds of Other University Fees and Student Organization Fees will be made after the 15th class day. The effective date for classification change will be the date such change is reported to the Office of Registrarial Services.

Co-operative Education

Students must see the Policy Agreement for Student Involvement in Co-operative Education for withdrawal policies. If a student withdraws from co-op within the first 15 days of an Academic Semester, the student will receive a full refund of the co-op fee. Withdrawals after the 15th class day will not be eligible for a fee refund. Students who withdraw or are required to withdraw from a co-operative education program after accepting their second work term will be required to pay all remaining fees.

Dental Insurance Premium

The Dental Plan has an opt-out option. Please contact the Student Benefits office for the opt-out deadline. The fee is not refundable past the deadline.

Dropped Courses

Refunds of tuition fees for courses dropped by **part-time** students will be calculated at the same rates for withdrawals. The effective date for the drop action will be the date such information is reported to the Office of Registrarial Services.

Equipment Fund for D.V.M. Students

The Equipment Fund Fee is refundable during the first 15 class days of the semester to those who do not wish to support the fund. Applications for refund are to be made at the office of the Assistant Dean O.V.C. Refunds and receipts for donations will be remitted before the end of the fall semester.

Equipment Fund for Engineering Students

The Equipment Fund Fee is refundable during the first 15 class days of the semester to those who do not wish to support the fund. Applications for refund are to be made to the School of Engineering.

Medical Insurance Premium

This premium is not refundable unless a student withdraws from the university within the first five class days of the semester. Please direct inquiries to the Student Benefits Office.

Student Society Fee for Landscape Architecture Students

Please refer to the Student Society for refund information.

Optional Fees

OPIRG-G is refundable during the first 3 weeks of each semester to those who do not wish to support its activities. Refer to General Information Section of this Calendar. Applications for refund are to be made at the OPIRG-G offices. RADIO GRYPHON fee is refundable during the first 3 weeks of each semester to those who do not wish to support the activities. Applications for refund are to be made at the Radio Gryphon offices.

Food Bank Affordable Housing, must approach the CSA office for refund.

Session Courses

In addition to the refund schedule quoted above, there will be a flat fee levied for each session course dropped after the first week of the course. The financial penalty is approximately double the regular course rate penalty.

Residence Fee

Information on Residence Fees is available at the Student Financial Services website <http://www.uoguelph.ca/registrar/studentfinance/index.cfm?fees/index>.

A \$500 deposit is required to apply for residence. For more information regarding Student Housing Services visit the Student Housing Services website <http://www.housing.uoguelph.ca/page.cfm>.

D.V.M. and Graduate Students in Single Student Residence

Due to the longer D.V.M. Winter semester, an increased Winter residence rate is applicable to D.V.M. students. Similarly, an increased rate is applicable to graduate students who must remain in residence after the end of the regular Winter semester. Students will be informed of the applicable dates, deadlines and charges late in the Fall semester or early in the Winter semester. A semester for residence purposes will terminate on the residence closing date indicated in the current Residence Contract. Section 6.2.8 of the Residence Contract requires that students vacate their rooms within 24 hours of completion of their final examination.

Special University Fees

The following Special University Fees are charged on a user-fee basis as outlined below:

Special University Fees

Name of Fee and Description	Fee
Account Deferral Fee	\$60.00 per occurrence
B.L.A. Student Society Fee	\$50.00 per semester
Cheque Refusal Fee For each cheque upon which payment is refused by the bank on which it is drawn.	\$60.00 per cheque in the amount of \$452.00 or greater upon which payment is refused (\$30.00 per cheque in the amount of less than \$452.00).
Cheque Processing Fee Applied to students receiving short term loans or OSAP advances.	\$20.00 per occurrence
Distance Education Resource Fee Non-refundable after the six-day add period.	\$75.00 per D.E. course
Equipment Fund for D.V.M. Charged to semester 1,3,5,7 students	\$50.00
Equipment Fund for B.ENG. Charged per full-time semester	\$40.00
Graduation Late Graduation Fee Payable at time of submission of a late application for graduation.	\$60.00
Late Registration Fee Payable at the time of late registration (fee payment). Appeals against the late fee must be made in writing to the Secretary of the Late Appeals Committee within 10 class days from the commencement of classes. Appeal forms are available from WebAdvisor.	\$60.00 per occurrence
Letter of Permission Payable at time of submission of application.	\$50.00
Official Transcript	\$12.00 each copy
OAC Lab Fee	\$25.00 per semester
Program Transfer Fee For each applicant requesting a transfer from one degree program to another, or readmission.	\$40.00 per occurrence
Registration Reinstatement Fee Registration will be cancelled for students who have not paid or made satisfactory arrangement for payment by the date announced by Student Financial Services each semester. There is a reinstatement fee levied for students wishing to register after the deadline announced by SFS each semester. Reinstatement will not be allowed after October 15 th for the Fall semester, January 31 st for the Winter semester and June 15 th for the Summer semester.	\$200.00 per occurrence for full-time students \$100.00 per occurrence for part-time students
Supplemental Privilege Notification of non-payment will result in the withholding of grades.	\$50.00 per occurrence

Note: If the student pays the fee for the supplemental privilege and subsequently chooses not to write it, a refund will be made if the request is submitted in writing at least 15 days prior to the scheduled date of the supplemental to Undergraduate Programs Services, Office of Registrarial Services. *No refunds will be made for fees paid for examinations which were to be written at another university or college under the direction of the student.*

VII. Academic Advising

A university education is a complex and multi-faceted experience, which is best undertaken in a supportive and encouraging environment. As part of its dedication to student success, the University of Guelph is committed to providing high-quality academic advising, in order to assist students in the development and pursuit of academic objectives consistent with their life goals and the available opportunities at the University. The responsibility for developing educational plans and setting goals rests with the student. Academic advising contributes to this process by identifying alternatives, exploring likely outcomes, and referring students to appropriate resources.

Academic advising at Guelph is delivered by a team which includes faculty advisors, program counsellors, the Undergraduate Academic Information Centre (UAIC), the Associate Vice-President (Academic) and others. Coordinating all activity is the University's Council on Undergraduate Academic Advising (CUAA), which has responsibility for overall advising systems direction and policy. The UAIC provides general walk-in assistance to students and, as appropriate, directs students to specialized advising resources. Each student has direct access to a Program Counsellor, who assists with degree program requirements and expectations. Students who are registered in a degree program that requires/allows for the declaration of a specialization (major, minor, area of concentration) also have direct access to Faculty Advisors. Faculty Advisors are assigned to specializations and focus on subject-related issues and advice.

These components of the academic advising system work together to achieve goals and objectives that include:

- helping students develop an educational plan and choose an appropriate course of studies to meet their academic and life objectives
- ensuring that students are aware of opportunities and resources that can assist them in achieving their educational goals
- assisting students in interpreting university policies and procedures, and applying general rules to their specific cases
- facilitating resolution of academic problems, conflicts and concerns, as appropriate
- referring students as necessary to other resource units
- collecting and disseminating information on student needs, wants, perceptions, and trends in order to enhance institutional effectiveness and adaptability

Within the system, specific roles and responsibilities are distributed as indicated below:

Faculty Advisors

Most undergraduate degree programs have a faculty advisor for each of their specializations. A contact list for current faculty advisors is available on the Undergraduate Academic Information Centre website at <http://www.uoguelph.ca/uaic/facultyadvisors>.

Role of the Faculty Advisor

The faculty advisor has particular expertise in the program *specialization* (major, minor, area of concentration, area of emphasis) and the fit of that specialization within the degree program. The role of the faculty advisor is to:

- provide information about the academic requirements of the specialization, including eligibility to declare the specialization and graduation requirements
- refer to other campus services, as necessary
- communicate information about the specialization to the department and the curriculum committee, program committee, and program counsellor, and to bring forward any concerns or issues as students progress through the Schedule of Studies for the specialization
- liaise with the program counsellor for the degree program, in order to provide information about the specialization as it fits within the degree program

Responsibilities of the Faculty Advisor

The responsibilities of the faculty advisor are to:

- be familiar with the academic requirements of the specialization, including eligibility to declare the specialization and graduation requirements
- assist students wishing to change or add specializations
- assist the student to make academic decisions
- refer students to the program counsellors, as appropriate
- offer advice about meeting the requirements of the Schedule of Study for the specialization
- be reasonably available to meet with students, as requested
- assist with graduation checks, as requested
- approve substitutions or exemptions for the specialization
- be aware of career and graduate study opportunities related to the field of study, or refer appropriately
- assist with course selection issues related to the specialization
- provide information to the department, curriculum committee, program committee, and program counsellor about issues or concerns concerning the Schedule of Studies for the specialization

- provide information and advice to the department and college, as requested, around enrolment management issues

Council on Undergraduate Academic Advising

The role of the Council on Undergraduate Academic Advising (CUAA) is to develop, review, discuss, and recommend to senior administration on an ongoing basis any and all advising-related strategies, policies, and processes.

The CUAA is responsible for managing and directing academic advising policies at the university. The CUAA reports to, and is chaired by the Associate Vice-President (Academic). Membership includes broad representation from stakeholders across the university community including, but not limited to: program counsellors, faculty advisors, Office of Registrarial Services, Coordinator of Undergraduate Curriculum, deans, chairs, Student Affairs, Centre for Open Learning and Educational Support/ SCOL, undergraduate students, Centre for International Programs, and the Coordinator of the Undergraduate Academic Information Centre. The Council normally meets once per semester.

The CUAA develops strategic directions and formulates policy on advising issues, coordinates planning around academic advising issues, and serves as a permanent communication channel to help coordinate the work of the various individuals and entities engaged in academic advising activities.

Interpretation of University Academic Regulations

A student who requires assistance in the interpretation of the academic regulations of the University or the method of their application in reference to the student's particular circumstances should consult the Undergraduate Academic Information Centre, their Program Counsellor, or one of the Associate Registrars (Office of Registrarial Services, Level 3, University Centre).

Non-Academic Counselling

Students are advised to consult the Student Life sub-section in Section XIV--General Information in this Calendar, for information on the types and locations of non-academic counselling offered by the University.

Program Approval

Students should present their Academic Evaluation Report plus any updates when seeking academic advice. Approval is required if:

1. Most students who wish to register for more than 2.75 credits prior to the last day of an add period require program counsellor approval (some degree programs are exempt from the 2.75 maximum). On the last day of an add period all students can register in up to 3.25 credits in a semester without obtaining program counsellor approval.
2. Students who wish to make a change to their specialization within their current degree program (i.e. major, minor, area of concentration) must complete an Undergraduate Schedule of Studies Change Request form. Once the form has been completed the student must obtain the signature of the program counsellor for the degree program and submit the completed form to Student Client Services (Level 3, University Centre).

Program Counsellors

All undergraduate degree programs have a program counsellor. A contact list for current program counsellors is available on the Undergraduate Academic Information Centre website at <http://www.uoguelph.ca/uaic/programcounsellors>.

Role of the Program Counsellor

The Program Counsellor has particular expertise in the *degree program* requirements and regulations, as well as the various specializations and their fit within the degree program. The Program Counsellor is also familiar with the policies and procedures that govern university practice. The role of the program counsellor is to:

- provide information about the academic requirements of the *degree program*, including admission requirements, Schedule of Studies requirements, Continuation of Study requirements, and graduation requirements
- refer to other campus services, as necessary
- communicate information about the degree program to the dean, chairs and directors, faculty advisors, curriculum committees, program committees (and their sub-committees); and to bring forward any concerns or issues as students progress through the Schedule of Studies for the degree program
- liaise with the faculty advisor for the specialization, in order to provide information about the degree program and the fit of the specialization within the degree program

Responsibilities of the Program Counsellor

The responsibilities of the program counsellor are to:

- be familiar with the academic requirements of the degree program and its specializations, including admission requirements, the Schedule of Studies and Continuation of Study requirements, and graduation requirements for the degree program
- assist the student to make academic decisions and understand the implications of those decisions

- assist with course selection and enrolment management issues as related to the degree program
- explain transfer procedures and requirements
- explain appeal procedures
- assist with graduation checks
- sign program approval, as appropriate
- change student type, as appropriate
- meet with students as requested, or required
- refer to the faculty advisor, as appropriate
- uphold the academic policies of the university
- help interpret the academic policies and procedures to students, staff, and faculty
- act as a source of referral to other campus services
- be generally aware of career and graduate study opportunities related to the field of study, or refer appropriately
- work closely with the faculty advisor on any changes to the Schedule of Studies
- consult, as necessary, with other campus services
- provide relevant information to the faculty advisors, departments, dean, curriculum and program committees (and sub-committees) about student issues with the degree program
- participate at liaison events, as requested

Undergraduate Academic Information Centre

The role of the Undergraduate Academic Information Centre (UAIC) (U.C. Level 3, North extension 56613, uaic@uoguelph.ca) is to provide general academic advising information to undergraduate students. This includes appropriate referral to the program counsellor, or faculty advisor, as well as other support services on campus.

For some students, the Centre may function as a first point of contact for information about academic issues. Peer helpers in the unit operate on an assessment and referral system - first helping the student to identify the problem or issue, and then, as necessary, referring her/ him to the appropriate resource (e.g. program counselling office, faculty / specialization advisor, Career Services, Financial Services, etc.).

At the Centre, students will find general information on topics including but not limited to transfer requirements and procedures; Continuation of Study requirements; admission and graduation requirements; information about appeal process and procedures; help with interpreting the calendar; or help with different forms. Students who require more detailed information about their particular degree program requirements, or who have more specific questions may be directed to the program counselling office or to the faculty advisor, as appropriate.

UAIC is a resource for all students, with particular sensitivity to issues facing transfer (advanced standing) students, non-degree and general studies students, and "undecided"* students, including first year students or other students contemplating a change in program.

* Although most University of Guelph students declare a major upon entry, "undecided" in this context refers to students who may be declared in a major but are now not sure whether the program is the right fit for their educational, career, or life goals.

Undergraduate Students

Responsibilities of the Undergraduate Student

Undergraduate students admitted to the University are responsible for understanding and meeting certain responsibilities regarding Undergraduate Degree Regulations and Procedures, degree requirements, course requirements, Schedule of Dates, rules of conduct and accessing the University of Guelph email account. These responsibilities are described in Section I of the Undergraduate Calendar.

The responsibilities of undergraduate students regarding academic advising are to seek, when necessary:

- information from the Undergraduate Academic Information Centre
- advice and assistance regarding academics from the program counsellor or faculty advisor
- clarification of regulations and procedures from the program counsellor or faculty advisor

VIII. Undergraduate Degree Regulations and Procedures

General Information

The academic regulations outlined in VIII--Undergraduate Degree Regulations and Procedures are the basic regulations for undergraduate degree programs of the University as approved by the Senate. Terminology used to describe academic regulations is defined in the Glossary. In these regulations where the consent of the dean is required, the term "dean" is interpreted to mean the person responsible for the academic program, for example dean, associate dean, director, chair of program committee, or the program counsellor in a particular degree program.

Academic Consideration, Appeals and Petitions

Process for Academic Consideration and Appeals

This chart outlines the categories for academic consideration, grounds, timelines and appeals. For detailed information on the policies and processes, see the following pages. Students are reminded to consult the program counsellor as soon as extenuating circumstances affect academic performance in order to initiate action and provide any required documentation.

Chart outlining the categories for academic consideration, grounds, timelines and appeals

Category	Grounds for Consideration	Consideration Granted By	Period of Consideration	Subsequent Appeal To
Incomplete Course Work (see below for deferred privilege requests)	Medical Psychological Compassionate	Instructor	Same semester	Academic Review Sub-Committee Submitted as soon as possible, not later than the end of the following semester
Request for deferred Privilege (Examination or Condition)	Medical Psychological Compassionate	Academic Review Sub-Committee (consult with program counsellor)	Documentation must be submitted to program counsellor within five working days of the missed examination/course work deadline	Petitions Committee 10 working days deadline for appeals of academic review decisions
Final Course Results	Medical Psychological Compassionate	Academic Review Sub-Committee (consult with program counsellor)	Documentation must be submitted within the first five class days of the subsequent semester	Petitions Committee 10 working days deadline for appeals of academic review decisions
Request for Probationary Status	Medical Psychological Compassionate	Academic Review Sub-Committee (consult with program counsellor)	Should be submitted by the first deadline of the next semester	Petitions Committee 10 working days deadline for appeals of academic review decisions
Request for Grade Reassessment	Calculation Error or omission	Instructor	10 class days of the following semester	No appeal
Request for Grade Reassessment	Methods and Criteria	Department Chair	10 class days of the following semester	Petitions Committee 10 working days after decision of chair
Request for Grade Reassessment	Misapplication of an Academic Regulation	Instructor	Should be initiated as soon as possible	First Level: Department Chair Second Level: College Dean Third Level: Provost

General Information for Academic Consideration and Appeals

The University of Guelph is committed to supporting students in their learning experiences and responding to their individual needs. To this end a broad network of advising, counselling, and support services is provided to assist students in meeting their personal and academic goals. The University is aware that a variety of situations or events beyond the student's control may affect academic performance. Support is provided to accommodate academic needs in the face of personal difficulties or unforeseen events. Procedures for academic appeals are designed to ensure that every effort is made at these times to provide appropriate accommodation and consideration, thus enabling students to complete course and program requirements as quickly as possible.

Knowledge of the procedures, early action on the student's part, timely consultation with the instructor(s) and/or program counsellor, and immediate provision of any required documentation will facilitate a prompt, co-ordinated institutional response.

Academic Consideration

The University will consider granting consideration for courses if there are sufficient extenuating medical, psychological or compassionate circumstances. Academic Consideration may take the form of an extended deadline, a deferred privilege, a late drop of a course(s) with or without failure, withdrawal from a semester with or without academic failure, or permission to continue on probationary status. A deferred privilege could take the form of approval to write a missed final examination or the completion of a course requirement after the end of the semester. Academic consideration is granted when acceptable medical, psychological or compassionate circumstances affect any portion of the semester work. Generally, work commitments will not constitute grounds for academic consideration. Depending upon the circumstances and whether the semester work is complete, consideration may be granted by the instructor, the program counsellor or the Academic Review Sub-Committee of the program in which the student is registered.

Students will need to assess the extent of the difficulty they face and the possible implications on their course work. For instance, an illness which lasts one or two days resulting in a missed deadline can usually be resolved between the faculty member and the student, often without documentation. Circumstances which affect the student's ability to attend classes, write term tests or meet assignment deadlines for an extended period of time may require more formal documentation and consideration. Students are encouraged to seek documentation if the situation extends for a significant length of time. The program counsellor, who is the dean's designate, should be contacted regarding appropriate procedures and documentation.

The program counsellor is the student's advisor in all matters pertaining to academic consideration and can assist in defining an appropriate course of action (counsellor names and locations can be found in Section VII - Academic Advising). **It is the student's responsibility to consult the program counsellor as soon as extenuating circumstances affect academic performance, in order to initiate action, and provide any required documentation.**

All available evidence, including the student's performance during the semester, will be given careful consideration when making a decision. Procedures to follow in each case are outlined below. Questions about procedures and deadlines should be directed to the program counsellor.

Grounds for Academic Consideration

Where possible, requests for academic consideration are to be accompanied by supporting documentation. Students unsure of documentation requirements are encouraged to contact their program counsellor.

1. Medical Grounds

For academic consideration based on medical grounds a student may be asked to provide documentation for the period of the illness. The necessity for documentation will depend in part upon the length of the illness and the amount of work missed during this time. Such documentation will always be required in the event of a request for consideration beyond the grade submission deadline for the course and must be submitted to the program counsellor within five working days of the missed examination/course work deadline. If the medical situation results in missed semester work, the student should contact the instructor, presenting medical documentation where warranted. If the absence due to illness is of a duration that will affect a number of courses or completion of the semester's work, the student must contact the program counsellor for advice and consideration.

When the absence affects final examinations or final assignments the student should go to Student Health Services or a personal physician for documentation. The student must submit their documentation to their program counsellor within five working days of the missed examination/course work deadline.

2. Psychological Grounds

For academic consideration based on psychological grounds the student may be asked to provide documentation for the period affected. The necessity for documentation will depend in part upon the length of the problem and the amount of work missed during this time. Such documentation will always be required in the event of a request for consideration beyond the grade submission deadline for the course and must be submitted to the program counselor within five working days of the missed examination/course work deadline. The student should submit this documentation to the program counsellor who will then advise the instructor of the need for consideration. If the difficulty is of a duration that will affect a number of courses or completion of the semester's work, the student must contact the program counsellor for advice and consideration.

3. Compassionate Grounds

Unforeseen circumstances beyond the student's control in either his/her personal or family life may affect academic performance. The procedure to follow to request academic consideration based on compassionate grounds depends upon the severity of the circumstance and the amount of work missed. Students may wish to contact the instructor for consideration for missed work resulting from a compassionate circumstance. If the circumstance is more significant, or if the consideration sought will go beyond the grade submission deadline for the course, the student must consult with the program counsellor within five working days of the missed examination/course work deadline. Generally, work commitments will not constitute grounds for academic consideration.

Incomplete Course Work

Instructors are responsible for granting academic consideration, if applicable, for course work up to the grade submission deadline for the course. Types of consideration that may be granted by an instructor include the setting of a make-up test, re-weighting the value of course assignments, extending a deadline or allowing the resubmission of an assignment (up to the grade submission deadline for the course). Students should consult with their program counsellor for advice on an appropriate course of action if:

- the student feels that appropriate consideration has not been granted by the instructor, or
- if the medical, psychological or compassionate circumstance is such that it could affect overall semester performance or the ability to meet the course grade submission deadline.

Student's Responsibilities

If due to medical, psychological or compassionate circumstances a student is unable to complete any portion of the course's work the student should:

- Inform the instructor-in-charge of the course in writing.
- If the instructor requests it, supply documentation. If documentation is unavailable, consult your program counsellor.
- Complete and submit missed work by the new deadline established by the instructor.
- Consult with the program counsellor if circumstances warrant (see a) and b) above).

If the medical, psychological or compassionate circumstance is such that it could affect overall semester performance or the ability to meet the course grade submission deadline, the program counsellor should be consulted regarding an appropriate course of action.

Instructor's Responsibilities

Faculty members should exercise discretion when requiring documentation, particularly when the assessment in question constitutes a small proportion of the course grade, or when alternative means for carrying out the assessment are available.

The Board of Undergraduate Studies recommends that faculty make every effort to accommodate students representing the University in extracurricular activities when there is a conflict between those activities and the requirements of the course.

If the student does not submit all of the required work by the course grade submission deadline, the instructor shall refer the situation to the Academic Review Sub-Committee.

The instructor cannot grant extensions beyond the final date for submission of grades for the course.

Program Counsellor's Responsibilities

If the student and the instructor cannot arrive at a mutually agreeable accommodation to complete course requirements prior to the course grade submission deadline, the program counsellor may act as a mediator. The program counsellor may discuss the issue with the department chair if appropriate.

In the event that medical, psychological or compassionate circumstances are affecting the student's overall performance, the program counsellor will ensure that the student's instructors are advised that academic consideration based on medical or compassionate grounds is warranted. In such cases the program counsellor may be of assistance in co-ordinating instructors' responses to the request for consideration.

Academic Review

If final examinations, term assignments, projects, work term reports or other course requirements are not completed by the course grade submission deadline, academic consideration is not the responsibility of the faculty member but rather, the responsibility of the Academic Review Sub-Committee of the program in which the student is registered.

A request for academic consideration should be made to the Academic Review Sub-Committee during, or immediately after, the semester to which it refers. A request for a deferred privilege for a missed final examination or other course requirements not completed must be submitted, along with supporting documentation, to the program counsellor within five working days of the missed examination/course work deadline.

A request to change an earlier decision of the Academic Review Sub-Committee may be made only on the basis of relevant information not previously submitted. Students wishing to resubmit a "Request for Academic Consideration" form with additional supporting documentation should consult their program counsellor. Students who believe that the decision of the Academic Review Sub-Committee is inappropriate may appeal the decision to the Senate Committee on Student Petitions within 10 working days of the academic review decision (see Petitions). The Senate Committee will not normally consider any appeals submitted past this deadline.

Student's Responsibilities

If due to medical, psychological or compassionate circumstances the student is unable to complete a final requirement of the course by the course grade submission deadline and wishes academic consideration, the student should:

- Consult with the program counsellor for advice on the appropriate consideration that should be requested.
- Submit a request for consideration on the "Request for Academic Consideration" form available from Enrolment Services, Office of Registrarial Services, at <http://www.uoguelph.ca/registrar/index.cfm?downloads> or from their program counsellor. Deadlines for Academic Review Sub-Committee meetings can be found in Section III--Schedule of Dates. A request for a deferred privilege for a missed final examination or other course requirements not completed must be submitted, along with supporting documentation, to the program counsellor within five working days of the missed examination/course work deadline.

Instructor's Responsibilities

In a case where a student has not completed course requirements by the course grade submission deadline, the instructor shall complete the "Instructor's Recommendation" form recommending that the student be granted one of:

- a passing grade
- credit standing
- a deferred privilege
- a grade reflective of work completed to date

1, 2, or 3 will only be granted by the Academic Review Sub-Committee if the medical evidence or compassionate reasons have been verified and accepted. 4 will be granted if the medical or compassionate circumstances presented are inadequate or insufficiently documented. The instructor should include with the Instructor's Recommendation Form any documentation provided to the instructor by the student in support of the academic consideration request.

A student who receives credit standing will receive credit in the course without a numerical grade. This course will not be included in the student's overall average or specialization average.

A deferred privilege could be approval to write an examination and/or to submit an assignment(s). Deferred privileges must be completed within the semester immediately following the semester in which the exam/course work was originally missed, refer to Section III--Schedule of Dates.. The Schedules Section, Office of Registrarial Services, will inform the student of the deadline for the deferred privilege (see Deferred Privilege).

If on the basis of acceptable medical, psychological or compassionate documentation a numerical passing grade or credit standing is granted rather than a deferred privilege, the student may request the deferred privilege. The request must be submitted in writing to Enrolment Services, Office of Registrarial Services, by the end of the add period for the following semester.

Co-operative Education Program - Appeal Process

Students may be required to withdraw from the Co-op Education program for any of the following reasons:

1. Work Term and Work Preparation Related Issues

- The student leaves the employer without approval during the work term.
- The student is dismissed with just cause from a work term.
- The student receives an “Unacceptable” Co-op Work Performance Evaluation by the employer
- The student did not complete COOP *1100 or did not receive a passing grade.

2. Academic and Work Term Schedule of Studies Related Issues

The student does not follow the approved academic and work schedule including:

- Maintaining full-time academic status during academic semesters (minimum 2.0 credits per semester).
- Successfully completing the requirements for each of the approved scheduled academic semesters.
- Completing no more than five full-time academic semesters in their co-op program before beginning the first work term.
- Completing COOP *1100 in the semester scheduled.
- Completing a Fall, Winter and Summer work term, unless otherwise agreed to.

3. Academic Related Issues

- The student does not have the required minimum 70% cumulative average after full-time studies in first year, based on a minimum of 2.0 credits in each of the Fall and Winter semesters.
- The student receives an “Unsatisfactory” Co-op Work Report Evaluation.

Appeal Process

A student who is required to withdraw from the Co-op Education program has the option to appeal. In the case where a student wishes to apply for re-admission to the program, the student must appeal the “Required to Withdraw from Co-op” decision no later than the 15th class day after notification. Students cannot re-apply for admission to the Co-op Education program in subsequent terms.

1. Work Term and Work Preparation Related Appeals

If the student is required to withdraw from the Co-op Education program on the basis of Work Term or Work Preparation related reasons and wishes to appeal this decision, the appeal must be submitted to the Co-op Appeal Committee using the Co-op Appeals Form. The form can be obtained from the Co-operative Education & Career Services Office. The decision of the Co-op Appeal Committee is final.

2. Academic and Work Term Schedule of Studies Related Appeals

If the student is required to withdraw from the Co-op Education program because he/she has not followed the Academic and Work Term Schedule of Studies and wishes to appeal this decision, the appeal must be submitted to the Academic Review Sub-committee, according to the procedures outlined in Section VIII of the Undergraduate Calendar under “Academic Consideration, Appeals and Petitions”.

3. Academic Related Appeals

- If the student is required to withdraw from the Co-op Education program because he/she does not attain the 70% cumulative average required and wishes to appeal this decision, the appeal must be submitted to the Academic Review Sub-committee, according to the procedures outlined in Section VIII of the Undergraduate Calendar under Academic Consideration, Appeals and Petitions.
- If the student wishes to appeal an “Unsatisfactory” Work Report Evaluation, the appeal must be submitted according to the regulations outlined in Section VIII of the Undergraduate Calendar under Grade Reassessment.

Petitions

The Senate Committee on Student Petitions is comprised of students, faculty and a representative of the Office of Registrarial Services. It is responsible for assessing and disposing of cases submitted to it by any undergraduate or graduate student of the University. The Senate Committee on Student Petitions will consider petitions and conduct hearings on requests which fall under one of the following:

- Appeals of decisions of Academic Review Sub-Committees involving medical, psychological or compassionate grounds. Petitions has the same options for consideration available to it as the Academic Review Sub-Committee (see Academic Consideration).
- Appeals of academic misconduct decisions.
- Petitions concerning the methods and criteria used by an instructor in assigning a grade. The Committee does not consider appeals for grade reassessment unless the request concerns the methods and criteria used by the instructor.
- Appeals of an Admissions Committee decision regarding readmission to a program. The Committee will consider appeals concerning readmission provided the appeal is on the grounds of procedural unfairness or bias on the part of the Admissions Committee.

Petitions Concerning a Course Grade(s) Involving Medical, Psychological or Compassionate Grounds

A student may appeal any decision of the Academic Review Sub-Committee to Petitions. The appeal must be submitted to the Office of the Judicial Officer within 10 working days of receiving notification of the decision. Requests submitted after this deadline will not normally be considered.

Students should speak to the Judicial Officer before submitting a petition to ensure proper completion of the form.

The Committee will not normally consider a petition concerning an illness or incident that occurred at some time in the past unless there is a reasonable explanation for the delay in submitting the petition.

Petitions Concerning Methods and Criteria Used by an Instructor in Assigning a Course Grade

Before submitting such a petition the student must have submitted a written appeal to the chair of the department of the instructor assigning the course grade and have received from the chair of the department a written statement that every effort has been made at the department level to resolve the issue. The student must provide the Judicial Officer with a clear and concise statement of the allegations.

Academic Accommodation of Religious Obligations

The University acknowledges the pluralistic nature of the graduate and undergraduate communities. Accommodation will be made to students who experience a conflict between a religious obligation and scheduled tests, mid-term examinations, final examinations, or requirements to attend classes and participate in laboratories. The type of accommodation granted will vary depending on the nature, weight and timing of the work for which accommodation is sought. Accordingly, the request for alternative arrangements normally must be submitted to the instructor in charge of the course within two weeks of the distribution of the course outline. A student requiring accommodation may submit the request to the instructor directly or through his/her program counsellor. The instructor has a responsibility to provide reasonable alternative arrangements that do not put the student at an academic disadvantage. In the case of a conflict with a final examination, the instructor should reschedule the examination to another time during the examination period taking care that the new date and time does not put the student at an academic disadvantage.

In the event that a student is not satisfied with the accommodation offered by the instructor, he/she may appeal to the Department Chair, or Director of the School, who may grant alternative accommodation. A student who remains dissatisfied with the outcome of his/her request may seek the assistance of the Human Rights and Equity Office to facilitate a resolution.

For a current list of major holy days, please check the following website <http://www.uoguelph.ca/hre/hr/holydays.shtml> or contact the Human Rights and Equity Office.

Academic Accommodation for Students with Disabilities, Guidelines and Procedures

The purpose of these guidelines and procedures (“Guidelines”) is to support the implementation of the Policy on Academic Accommodation for Students with Disabilities (“Policy”), as approved by Senate. In the event of a discrepancy between the Policy and these Guidelines, the Policy will apply.

The provision of academic accommodation is a shared responsibility between the University and the student requesting accommodation. It is recognized that academic accommodations are intended to “level the playing field” for students with disabilities but are not intended to give students an advantage.

The following definitions shall apply in these guidelines and procedures:

“Academic Integrity” is defined as the essential academic requirements of a course of program which includes but is not limited to the knowledge and skills which are necessary to meet the learning objectives.

“Chair” means head of an academic unit and includes a Department Chair or School Director.

“CSD” means the Centre for Students with Disabilities at the University. CSD is the unit designated to assist the University community in integrating students with disabilities into all aspects of the University’s academic life.

“Course Instructor(s)” is defined as the individual(s) teaching the course, or in the case of graduate students, can include a faculty advisor or advisory committee.

“Dean” means the dean of the college who has responsibility for the course or program.

“Disabilities” shall have the same meaning as under the Ontario Human Rights Code in force and as amended from time to time, and may include but is not limited to:

- learning disabilities
- attention deficit-hyperactivity disorder
- hearing and/or vision disabilities
- medical disabilities
- physical disabilities
- acquired brain injuries

- psychological/emotional disabilities

“Examinations” include but are not limited to midterms, tests, quizzes, lab examinations or final examinations, competency examinations and defences.

1. Admissions

- In its admission and liaison activities, the University actively encourages applications from individuals with disabilities. After receiving their application, the University will provide upon request, admissions information in alternate forms (Braille, electronic, etc.) as required. Applicants who require accommodation during the admission process are strongly encouraged to identify their disability related needs directly to the Centre for Students with Disabilities (CSD).
- Applicants who believe that as a result of their disability their admission average does not reflect their academic ability are encouraged to identify their disability by completing the appropriate form available from the CSD. Applications for admission are considered in light of the information and documentation provided with respect to the applicant's disability and the impact on his/ her academic record.
- Applicants are advised that decisions concerning specific forms of academic accommodation are made with consideration of the learning objectives of a specific course or program. Acceptance to the University does not guarantee the granting of any specific form of academic accommodation. If an applicant believes that his or her choices concerning a specific course or program may be affected by the specific forms of academic accommodation granted by the University, the applicant should contact the CSD as early in the application to a program or course selection process as possible.

2. Registration with the CSD

Students with disabilities who have been admitted to the University and who require academic accommodation either in-course or during Examinations must normally register with the CSD no later than the 40th class day.

3. Documentation Requirements

Students requesting academic accommodation must provide appropriate documentation satisfactory to the University. The assessment must be comprehensive and reflect the student's learning needs in a university setting and support the requested accommodation. Specific documentation requirements are as follows:

- Documentation for students with learning disabilities must include a current¹ psycho-educational assessment report that contains a diagnosis of a learning disability. It must be completed and signed by a registered psychologist or a registered psychological associate to support these requests.
- Documentation to support medical or psychological disabilities must be from a qualified professional(s) and include: a statement of the diagnosis and nature of the disability; information on the severity, duration and intensity of the disability; and, whether the disability is permanent or temporary.

Documentation will need to be renewed as appropriate to reflect the student's on-going need for academic accommodation.

¹ “Current” is generally defined as occurring within the last three years, or having a diagnosis at 18 years of age or older. Documentation that is more than three years old will be evaluated on a case-by-case basis.

4. Academic Accommodation

Examples of academic accommodations available may include, but are not limited to:

- Advanced provision of reading lists and other course materials to allow for alternate format transcription;
- Alternate scheduling for the completion of course, project, thesis work, or Examinations, including competency examinations;
- Extensions to program completion time limits;
- Use of assistive technology in the classroom/ laboratory/ field (e.g. FM systems worn by Course Instructors);
- Use of oral and visual language interpreters and/ or note takers in the classroom;
- Use of audio and or visual recording of lectures;
- Use of adaptive technology;
- Support for Examinations including extra time, a private room, use of a computer, adaptive software or word processor, or access to a reader or scribe as needed;
- Special seating; wheelchair accessible tables;
- Adjustments to lighting or ventilation.

5. Provision of Academic Accommodation - General

- A number of factors can affect the timeliness of decisions regarding accommodations including but not limited to the adequacy of documentation, the nature of the accommodation requested and the timing of the request. Students are **strongly** encouraged to engage in the process of requesting accommodation early. Timelines for submission of certain kinds of requests are identified in Sections 5, 6 and 7.

- The CSD has authority to make decisions for academic accommodation in accordance with Section 6. Other forms of academic accommodation are decided in accordance with Section 7. CSD advisors can help to identify appropriate academic accommodations, provide supportive information required in order to access resources, and assist in the arrangements for appropriate academic accommodations.
- Students registered with the CSD who need to have textbooks produced in alternate format (e.g., DAISY, Braille, large print, or e-text) must make the request directly to the Library Accessibility Services at least two months prior to the start of classes. Students with disabilities should consult the course outline prior to the commencement of the class to determine the required readings.

6. Provision of Academic Accommodation - CSD

- Requests for certain forms of academic consideration can be approved directly by the CSD. These include requests for:
 - note taking;
 - arrangements for appropriate seating in a classroom;
 - the writing of Examinations in the CSD Exam Centre to facilitate the use of extra time, a private room, use of a computer, adaptive software or word processor, or access to a reader or scribe, as needed.
- Students who have been approved to write mid-term Examinations in the CSD Exam Centre must normally schedule their examination times with CSD at least 7 days prior to the scheduled examination date.
- Students who have been approved to write final Examinations in the CSD Exam Centre must normally schedule their examination times with the CSD no later than the 40th class day of the semester.
- Where Examinations are written in the CSD Exam Centre, the CSD is responsible for informing the department/ school of the names of those students who will be writing in the CSD at least three working days prior to the scheduled date of the Examination. The CSD will return the Examination to the department/ school the first working day following the Examination. Unless there is agreement otherwise with the Course Instructor, all Examinations written in the CSD Exam Centre shall be administered at the same time as the scheduled course Examination.

7. Provision of Academic Accommodation - Undergraduate Students

- Requests for academic accommodation not included in Section 6 (e.g., alternate formats for Examinations, or alternate dates for Examinations) must be reached on a case by case basis. For these types of requests, the CSD will provide the Course Instructor with formal written notification of the need for the academic accommodation as supported by the student's documented assessment (“Notification”). Course Instructors are encouraged to contact the CSD to discuss the request if the accommodation requested by the student is not consistent with the Notification, or if there are questions related to the impact of the accommodation on the Academic Integrity of the course.
- Students requesting accommodations for in-course academic deadlines (ie. extension of an assignment) must submit those requests to the Course Instructor at least 7 days prior to the in-course academic deadline.
- If consensus on academic accommodation cannot be reached between the student and the Course Instructor, the CSD should be consulted for advice. If consensus still cannot be reached with the assistance of the CSD, the Course Instructor shall consult the Chair or designate.
- If, after consultation with the Chair, consensus still cannot be reached on the type(s) of academic accommodation to be provided, the Chair shall provide within 5 working days a report to the Dean (or designate). The Chair's report will include the Notification from the CSD, information on the Academic Integrity of the course or program, if applicable and the type(s) of academic accommodation proposed. Within 5 working days of the receipt of this report, the Dean (or designate) shall make the decision on the type(s) of academic accommodation to be provided and advise the parties.

8. Appeal Process

Decisions made under Sections 6 or 7 may be appealed by the student to the Senate Committee on Student Petitions (“Petitions”) in accordance with Petitions’ Bylaws and Regulations.

Academic Load

Full-time

The normal full-time semester load for academic programs is 2.50 credits except where otherwise prescribed by the schedule of studies.

Under the credit system, credit weight reflects student workload rather than contact hours. Students should note that 10 to 12 hours of academic time and effort per week (including classes) are expected for a 0.50 credit course. Exceeding the normal credit load for the program can place the student at academic risk and should be carefully considered in consultation with the Program Counsellor.

Part-time

A student who is registered in fewer than 2.00 credits in a semester is considered to be part-time.

Academic Misconduct

Academic misconduct is behaviour that erodes the basis of mutual trust on which scholarly exchanges commonly rest, undermines the University's exercise of its responsibility to evaluate students' academic achievements, or restricts the University's ability to accomplish its learning objectives.

The University takes a serious view of academic misconduct and will severely penalize students, faculty and staff who are found guilty of offences associated with misappropriation of others' work, misrepresentation of personal performance and fraud, improper access to scholarly resources, and obstructing others in pursuit of their academic endeavours. In addition to this policy, the University has adopted a number of policies that govern such offences, including the policies on Misconduct in Research and Scholarship and the Student Rights and Responsibilities regulations. These policies will be strictly enforced.

It is the responsibility of the University, its faculty, students and staff to be aware of what constitutes academic misconduct and to do as much as possible through establishment and use of policies and preventive procedures to limit the likelihood of offences occurring. Furthermore, individual members of the University community have the specific responsibility of initiating appropriate action in all instances where academic misconduct is believed to have taken place. This responsibility includes reporting such offences when they occur and making one's disapproval of such behaviour obvious.

University of Guelph students have the responsibility of abiding by the University's policy on academic misconduct regardless of their location of study; faculty, staff and students have the responsibility of supporting an environment that discourages misconduct. Students should also be aware that if they find their academic performance affected by medical, psychological or compassionate circumstances, they should inform the appropriate individuals (instructors, program counsellors, graduate advisors) and follow the available procedures for academic consideration outlined in the University's calendars.

Education and Remediation

Education and remediation are key to promoting an environment in which academic integrity will flourish. It should not be possible for a student to claim that he/she was not warned about the University's academic misconduct regulations, what constitutes academic misconduct and the potential consequences of transgressing. The need to educate students about academic integrity places a particular responsibility on faculty, especially with respect to discipline-specific issues.

The University's Strategic Directions place high value on collaboration and co-operation in the learning process, across disciplines and between institutions. Further, the strategic plan recognizes the importance of students learning to work with others in group projects and situations as key to developing skills as self-reliant learners. This is reflected in the large number of courses at this University which involve group work and encourage co-operation in completing assignments. However, there may be need to limit the amount of collaboration or co-operation. Students need to be aware of, and instructors need to be clear about assignments for which discussing or completing the work with others is not appropriate and where the expectation is that students will work separately. Instructors should be very explicit about expectations with respect to academic integrity, and information with respect to academic misconduct should be presented to students as part of the course outline, academic program orientation materials and other materials posted and distributed to students. Students need to remain aware that instructors have access to and the right to use electronic and other means of detection.

In addition, in the case of examinations, students should be sure that they read and understand the regulations with respect to conduct in examinations printed on the cover of each examination booklet, and should pay particular attention to any additional instructions from the examination invigilators.

In support of remediation, students convicted of an academic offence may be required to successfully complete an academic integrity remediation process.

Note: In this policy, the word "dean" means "dean or designated associate dean." The word "chair" means "chair of a department or director of a school." The word "department" means "department or school."

Offences

Academic misconduct is broadly understood to mean offences against the academic integrity of the learning environment.

Below are descriptions of academic offences. It is important to note that, while the University has attempted to present as comprehensive a list as possible, this list of potential academic offences should not be considered exhaustive. Students are responsible for knowing what constitutes an academic offence and faculty members have a responsibility to provide students, early in their course or program, with information about academic integrity that might be particular to their discipline. An offence may be deemed to have been committed whether the student knew a particular action was an offence or ought reasonably to have known. Whether or not a student intended to commit academic misconduct is not relevant for a finding of guilt. Hurried or careless submission of assignments does not excuse students from responsibility for verifying the academic integrity of their work before submitting it. Students who are in any doubt as to whether an action on their part could be construed as an academic offence should consult with a faculty member or faculty advisor.

It is the responsibility of students working in a group to take all reasonable steps to ensure that work submitted to the group by individual members has not been completed in a way that violates this policy.

Further, as some academic offences may also be viewed as violations of policies on Misconduct in Research and Scholarship, the Student Rights and Responsibilities regulations, the criminal code and/or civil statutes, students may also be subject to procedures and penalties outlined in those policies at the University's discretion, and to criminal prosecution or civil action.

A graduate of the University may be charged with an academic offence committed while he/she was a registered student when, in the opinion of the dean, the offence, if detected, would have resulted in a sanction sufficiently severe that the degree would not have been granted at the time that it was.

1. Misappropriation of Other's Work

1. Plagiarism

Plagiarism is misrepresenting the ideas, expression of ideas or work of others as one's own. It includes reproducing or paraphrasing portions of someone else's published or unpublished material, regardless of the source, and representing these as one's own thinking by not acknowledging the appropriate source or by the failure to use appropriate quotation marks. In addition to books, articles, papers and other written works, material may include (but is not limited to): literary compositions and phrases, performance compositions, chemical compounds, art works, laboratory reports, research results, calculations and the results of calculations, diagrams, constructions, computer reports, computer code/software, and material on the internet. Some examples of plagiarism include:

- submission of a take-home examination, essay, laboratory report or other assignment written, in whole or in part, by someone else;
- using direct, verbatim quotations, paraphrased material, algorithms, formulae, scientific or mathematical concepts, or ideas without appropriate acknowledgment in any academic assignment;
- using another's data or research findings;
- buying or selling term papers or assignments;
- submitting a computer program developed in whole or in part by someone else, with or without modifications, as one's own;

Students have the responsibility to learn and use the conventions of documentation suitable to the discipline, and are encouraged to consult with the instructor of the course, the academic supervisor, or the department chair for clarification if needed. Instructors should include in the materials they provide to students about academic integrity, information about any unique, discipline-specific understandings with respect to what must be acknowledged or cited¹.

2. Copying

Copying is similar to plagiarism in that it involves the appropriation of others' work as one's own. It includes copying in whole or in part another's test or examination answer(s), laboratory report, essay, or other assignment.

Copying also includes submitting the same work, research or assignment for credit on more than one occasion in two or more courses, or in the same course, without the prior written permission of the instructor(s) in all courses involved (including courses taken at other post-secondary institutions).

3. Unauthorized Co-operation or Collaboration

It is an offence to co-operate or collaborate in the completion of an academic assignment, in whole or in part, when the instructor has indicated that the assignment is to be completed on an individual basis.

¹ In addition to being concerned about appropriate citation, students who wish to use the work of others, from any source, should be aware of copyright laws and other conventions governing intellectual property. See the Office of Research website, <http://www.uoguelph.ca/research/1>, for links to the University's intellectual property policies.

2. Misrepresentation and Fraud

This category of offences covers a range of unacceptable activities, including the following:

1. Impersonation

Impersonation involves having someone impersonate oneself, either in person or electronically, in class, in an examination or in connection with any type of academic requirement, course assignment or material, or of availing oneself of the results of such impersonation. Both the impersonator and the individual impersonated (if aware of the impersonation) are subject to disciplinary proceedings under this policy.

2. Falsification

It is an offence to submit or present false or fraudulent assignments, research, credentials, or other documents for any academic purpose. This includes, but is not limited to:

- falsified research or lab results and data;
- concocting facts or reference;
- false medical or compassionate certificates;
- false letters of support or other letters of reference;
- falsified academic records, transcripts or other registrarial records;
- fraudulent submission practices (e.g., altering date stamps);
- altering graded work for re-submission.

It is also falsification to misrepresent the amount of work an individual has contributed to a group assignment or activity. Both the individual to whom work is falsely attributed and those who acquiesce in its attribution commit an academic offence.

3. Withholding

It is an offence to withhold records, transcripts or other academic documents with the intent to mislead or gain unfair academic advantage.

4. Unauthorized Aids and Assistance

It is an offence to use or possess an unauthorized aid, to use or obtain unauthorized assistance, or to use or obtain prohibited material in any academic examination or term test or in connection with any other form of academic work. Such aids or material may include, but are not limited to, specific documents, electronic equipment or devices, and commercial services (such as writing, editorial, software, or research survey services). Students should assume that any such aid is prohibited unless they are specifically advised otherwise by the instructor or invigilator. Note that unauthorized assistance does not include student support services offered by the University, such as the Learning Commons.

3. Improper Access and Obstruction

1. Preventing Access to Materials

It is an offence to alter, destroy, hide, remove without authorization, or in any other way improperly restrict access to library, electronic or other materials intended for general academic use.

2. Obstruction and Interference

It is an offence to obstruct or otherwise interfere with the scholarly activities of another, or to alter or falsify the work of others, in order to gain unfair academic advantage. This includes, but is not limited to, deleting data or files, interfering or tampering with experimental data, with a human or animal subject, with a written or other creation (for example, a painting, a sculpture, a film), with a chemical used for research, or with any other object of study or research device.

3. Improper Access

It is an offence to improperly obtain through theft, bribery, collusion, or otherwise access to confidential information, examinations or test questions or to gain undue academic advantage as a result of such behaviour.

4. Improper Dissemination

It is an offence to publish, disseminate or otherwise make public to a third party without prior written consent, confidential information. Confidential information includes but is not limited to academic information, data or documents which are not otherwise publicly available and which have been gathered or held with a reasonable expectation of confidentiality.

4. Aiding and Abetting

Knowingly aiding or abetting anyone in committing any form of academic misconduct is itself academic misconduct and subject to this policy.

Penalties

A. Range of Penalties That May be Assessed

If a student is found guilty of academic misconduct, an Official Warning will be given that an offence is now noted in the student's record and that a subsequent offence will attract a more severe penalty. In addition, one or more of the following penalties may be assessed:

1. A requirement for submission of a new or alternative piece of work.
2. The rescinding of University-funded scholarships or bursaries.
3. Partial or total loss of marks on the examination or assignment in which the offence occurred.
4. Partial or total loss of marks for the course in which the offence occurred.

5. Suspension from the University for a period of between one and six consecutive semesters. For the period of suspension, a student will not be permitted to register and will retain none of the privileges accorded to students with respect to right of access to University faculty, staff, facilities or services.
6. A recommendation for expulsion from the University.
7. A recommendation for revocation/rescinding of a degree. A person who is found guilty of academic misconduct after having been approved for graduation, or after having a degree conferred, may have the degree rescinded or revoked when, in the opinion of the dean, the offence, if detected, would have resulted in a sanction sufficiently severe that the degree would not have been granted at the time that it was.

B. Notes with Respect to Penalties

The following should be noted with respect to penalties:

1. Senate has approved a set of Guidelines for the Assessment of Penalties for Academic Misconduct. These guidelines are used by chairs/directors and deans to assist them in determining appropriate penalties for individual cases. A copy of the guidelines can be found at http://www.uoguelph.ca/undergrad_calendar/c08/c08-amisconduct.shtml, or may be obtained from the Senate Office or the office of any chair or dean.
2. Students who have been found guilty of a course-based offence and who have been assessed a penalty in addition to an Official Warning will not be permitted to drop the course or to withdraw with failure. A student who has dropped the course prior to the offence(s) being detected will have his/her enrolment in the course reinstated if found guilty and if the penalty assessed is other than an Official Warning.
3. Students who have been suspended for academic misconduct will not receive credit for any courses taken while under suspension. This policy applies to any credit course taken during the suspension period, be it distance, or non-campus, taken in open learning programs at the University of Guelph or at another post-secondary institution. In addition, in the case of graduate students, any research or writing completed during the suspension period may not be submitted in fulfillment of program requirements once the period of suspension is concluded.
4. A student who wishes to be considered for readmission after a suspension must make an application that will be judged on the basis of eligibility to continue. A student who is suspended for academic misconduct and also fails to meet the continuation of study requirement will normally be required to serve the associated penalties consecutively.
5. A student who has been expelled from the University of Guelph is not eligible for readmission to the University for at least five years. A student who wishes to be considered for readmission must petition the President to have the expulsion status removed. The President will form a hearing committee to review the case for lifting the admission restriction. If the committee decides to remove the expulsion status, the student who wishes to be considered for readmission must then make an application that will be judged on the basis of eligibility to continue. If the committee decides to leave the expulsion status in place, the student must wait at least another two years before submitting a new petition.
6. Penalties may be applied retroactively if an offence is discovered subsequent to completion of a course or after graduation.

Procedures

A. Notes Re: Procedures and Authority to Act

1. Deans may delegate their authority under this policy to an appropriate designate(s). Such delegation may be full (for example, all cases are delegated to an Associate Dean), or partial (for example, authority with respect to offences related to course work may be delegated to departmental chairs). Deans must provide the University's Judicial Officer with the name(s) of individual(s) to whom authority has been delegated under this policy.
2. For offences related to course work (including examinations):
 - a. The designate or the Director of Open Learning will carry out the role of the chair in cases where the offence has been committed in an Open Learning, non-degree credit course. Degree credit courses offered through distance are within the authority of the chair of the department offering the course. The role of the dean in the case of non-degree credit courses offered through the Open Learning program is carried out by the Director of Open Learning.
 - b. For undergraduate students and open learners, the relevant dean is the dean of the college in which the course is offered, and the dean of the college in which the student is enrolled (if different) should receive a copy of the decision. In the event that an offence is committed in a degree credit course by an open learner, the Director of Open Learning should receive a copy of the decision.
 - c. For graduate students, the relevant deans are the dean of the college in which the course is offered and the Dean of Graduate Studies acting jointly. The dean of the college in which the student is enrolled (if different) should receive a copy of the decision.

3. For offences not related to courses, or for course offences involving students not enrolled in the course, for undergraduate students the dean of the college in which the student is enrolled is responsible for administering the policy. For graduate students, the policy is administered jointly by the Dean of Graduate Studies and the dean of the college in which the student is enrolled.
4. In the event that a chair/director has a conflict of interest in dealing with a case, the dean will appoint another faculty member to deal with the case. In the event that a dean's designate has a conflict of interest in dealing with a case, the dean may appoint an alternate designate or choose to deal with the case himself/herself. In the case of a conflict of interest on the part of a dean, the Provost will appoint a designate to deal with the case.
5. Wherever in this policy it states that a student is to be contacted, the normal expectation is that such contact will be made using the student's University of Guelph email account, with a copy of any correspondence being sent to the home address provided to the University by the student.

B. Detection and Documentation

1. Examinations

The responsibility for preventing and detecting academic misconduct in an examination lies with the invigilators, although they make use of reports from others to assist them in detection. In cases of suspected impersonation, the chief invigilator shall require the student concerned to remain after the examination until the student is satisfactorily identified. In other cases of suspected academic misconduct, the chief invigilator shall allow the student to complete the examination, but:

- may require that the student complete the examination in another location or setting when it is deemed that such action will cause the least disruption of those taking the examination; and
- shall confiscate any suspect material (including those portions of the examination completed to that point) and give it, along with the student's other examination booklet(s) (collected at the end of the exam) to the instructor immediately following the examination.

The chief invigilator shall give a full report, together with any confiscated material, to the instructor-in-charge of the course if the instructor is not the chief invigilator. In instances of open learning courses, the material will be submitted to the Director of Open Learning. The student is required to contact the instructor no later than the end of the examination period.

2. Term assignments, including research and thesis work

The initial responsibility for detecting academic misconduct on term assignments, etc., necessarily lies with the person(s) responsible for evaluation and discussion of the student's work, although that person may make use of reports from others to assist in detection, and may make use of electronic means of detection appropriate to the discipline. Where academic misconduct is suspected, the evaluator/marker shall retain possession of any suspect material and give a full report in writing together with any confiscated material to the instructor-in-charge of the course, or to the student's advisor, if the instructor/advisor is not the evaluator/marker. At this stage, the student will be informed by the instructor/advisor that a suspicion of academic misconduct is being investigated.

3. Cases outside the domain of examinations or assignments

The responsibility for detecting academic misconduct in the context of an academic environment that is not part of the formal examination or assignment process rests with the entire University community. Where academic misconduct is suspected, but where it is unclear whether it is directly related to a specific course, or where the specific course is unknown, those with knowledge of an offence should contact the dean of the college in which the student is enrolled and the Dean of Graduate Studies in the case of a graduate student. If the suspected offence appears to be related to a specific course, then the instructor of the course should be contacted.

C. Investigation and Judgment

1. Offences Related to Course Work, Research, Thesis Work or Examinations

- a. When an instructor or an advisor suspects that an academic offence has been committed, he/she is responsible for gathering evidence to support or allay the suspicion and may invite the student to meet with him/her to discuss the concerns. The instructor/advisor should pursue the gathering of evidence in a timely way. The normal expectation for assignments due within the semester is that instructors/advisors will complete their evidence gathering within ten working days of the due date for the assignment. For assignments submitted at the end of the semester or during the examination period, the instructor has until the tenth day of the subsequent semester to collect the evidence and determine whether to pursue a case. In a case where an instructor/advisor requires substantial additional time to collect and review the evidence, he/she may seek an extension of time from the chair.

- b. If after reviewing the available evidence the instructor/advisor believes an offence may have been committed, he/she shall refer the case to the chair of the department responsible for the course or graduate program. The referral document will include all evidentiary material collected by the instructor/advisor along with the transmittal form on which the instructor/advisor may include a recommendation with respect to penalty should the allegation be upheld. A copy of the first page of the transmittal form shall be sent to Enrolment Services/Office of Graduate Studies by the chair.
- c. If the chair believes that there is sufficient evidence to support a charge of academic misconduct, he/she will forward the transmittal form and all evidentiary material to the dean/dean's designate, normally within ten working days of receipt of the allegation from the instructor/advisor.
- d. Normally within ten working days of receipt of the case from the chair, the dean will invite the student to meet with him/her to discuss the allegation(s). If the student does not respond within ten working days to the request for an interview, or if the student refuses to attend an interview, the dean may proceed with the case. The student may be accompanied at the meeting by a support person. Prior to meeting with the student, the dean may consult with any individuals he/she believes pertinent to the case. At the meeting, the student will be presented with the evidence collected by the dean to that point. Based on the student's response to the evidence, the dean may engage in further consultation with any individuals he/she deems pertinent to the case. The student will be informed of any other evidence gathered as a result of those consultations and be given an opportunity to respond prior to the dean's reaching a decision on the case.
- e. If after weighing the available evidence the dean finds an offence has been committed, the dean will contact Enrolment Services/Office of Graduate Studies as appropriate to determine whether this is a first offence.
- f. In determining the appropriate penalty, the dean will consult the Guidelines for Penalties for Academic Misconduct, will take into consideration the recommendation from the instructor/advisor, and consider such factors as the relative weight of the assignment, the semester level of the student, any record of previous offences, the seriousness of the offence (e.g. the amount of work plagiarized), and any mitigating circumstances presented by the student. For graduate students, attention will also be paid to whether the work in which the offence has been committed is one of the major milestones of the graduate program (e.g., qualifying examination, thesis).
- g. Normally within ten working days of the meeting with the student, or ten days from the date of the final communication with the student with respect to any additional evidence, the dean will inform the student in writing of the disposition of the case. In a case where the dean requires substantial additional time to review the evidence and come to a judgment, she/he may seek an extension of time from the Provost.

Should the dean determine that an academic offence has not been committed he/she shall so inform the student, the instructor/advisor and the chair in writing. A copy of the letter will be forwarded to Enrolment Services/Office of Graduate Studies as appropriate. Thereafter, the complaint shall have no official status as an accusation of academic misconduct and no record of the complaint shall be maintained on the student's record.²

Should the dean determine that an academic offence has been committed, he/she shall inform the student in writing. The written notification should include the offence for which the student has been found guilty and information with respect to penalty. Copies of the written notification should be sent to any other relevant dean(s) office(s), to the instructor/advisor, the department chair, the program counsellor and to Enrolment Services/Office of Graduate Studies (as appropriate).

- h. In a case where the dean believes suspension or a recommendation for expulsion/revocation is warranted, he/she should consult with the Provost and Vice-President Academic before making a final determination with respect to penalty.
- i. Should the dean recommend expulsion or revocation/rescinding of a degree, he/she shall so inform the student in writing and forward the matter to the Senate Committee on Student Petitions.

At that time, the student may appeal the recommendation of expulsion/revocation and request a hearing of the Senate Committee on Student Petitions. Whether or not a hearing is requested, the Senate Committee on Student Petitions will proceed with the case and inform the parties involved of its decision.

In the case of an expulsion, the Senate Committee on Student Petitions may decide to uphold the recommendation to expel, in which case the recommendation will be forwarded to the President for final decision. Alternatively, the Senate Committee on Student Petitions may decide to impose a lesser penalty, in which case the President's assent is not required. When a recommendation is referred to the President, the President may uphold the recommendation to expel or impose a lesser penalty, which will be final.

In the case of revocation/rescinding of a degree, if the Senate Committee on Student Petitions confirms the recommendation of rescinding/revocation of a degree, the recommendation will be forwarded to the President. If the President does not confirm the recommendation of rescinding/revocation of a degree, the President may impose a lesser penalty, which will be final. If the President confirms the recommendation, the recommendation will be forwarded to Senate for final decision with respect to revocation/rescinding. If the Senate does not confirm the recommendation of revocation/rescinding, the matter will be returned to the President for a final decision with respect to a lesser penalty.

² A statistical record will be kept by the Office of the Dean for annual reporting purposes.

2. Other Offences

- Cases involving offences that are not course-related or are not related to graduate program work are dealt with by the relevant dean (see Procedures A. Notes Re: Procedures and Authority to Act). Examples of such offences include, but are not limited to falsification of credentials for admission purposes, damaging of library materials, abetting the cheating of another in a course in which the abettor is not enrolled, and obstructing or interfering with the academic activities of others.
- When a case is brought to the attention of the dean, the dean shall inform the student that an allegation has been made and invite the student to meet to discuss the allegation. The dean will also inform Enrolment Services/Office of Graduate Studies (as appropriate). If the student does not respond within ten working days to the request for an interview or refuses to attend an interview, the dean may proceed with the case. The student may be accompanied at the meeting by a support person. Prior to meeting with the student, the dean may meet with any individuals or collect evidence as he/she deems pertinent to the case. At the meeting, the student will be presented with the evidence collected by the dean to that point. Based on the student's response to the evidence, if necessary the dean may consult with any other individuals he/she deems pertinent to the case. The student will be informed of any other evidence gathered as a result of those consultations and be given an opportunity to respond prior to the dean's reaching a decision on the case.
- If after weighing the available evidence the dean finds that an offence has been committed, the dean will contact Enrolment Services/Office of Graduate Studies as appropriate to determine whether this is a first offence. The dean may impose penalties in accordance with Penalties A. and B., above. In the event that the dean believes suspension, expulsion or revocation to be warranted, he/she shall proceed as in Procedures C.1. (h) and (i).
- Normally within ten days of meeting with the student, or of the final communication with the student with respect to evidence, the dean shall inform the student in writing of his/her decision in the case, and copy the letter to the relevant university officials, including Enrolment Services/Office of Graduate Studies (as appropriate). In a case where the dean requires substantial additional time to gather evidence and make a judgment, he/she may seek an extension from the Provost and Vice-President Academic.

Appeals

- Students may appeal either the finding, the penalty, or both to the Senate Student Petitions Committee.
- Appeals must be submitted to the Senate Student Petitions Committee within 10 working days of receipt of the decision. If the decision is mailed, it will be deemed to have been received by the student the fifth day after it has been mailed. If the decision is sent by courier, fax or email it shall be deemed to have been received one day after it has been sent.
- An appeal to the Senate Committee on Student Petitions involves an examination of all relevant documents and evidence to determine the appropriateness of a finding of guilt or of the assessed penalty. The procedures for conducting an appeal and for holding a hearing are set out in the Regulations of the Senate Committee on Student Petitions. Following an appeal or hearing, the Senate Committee on Student Petitions may take one or more of the following courses of action:
 - confirm a finding of guilt;
 - reverse a finding of guilt (in which case no penalty shall apply);
 - confirm a penalty;
 - assess a different penalty.

Record of Academic Misconduct

Enrolment Services, or the Assistant VP of Graduate Studies, or the Director of Open Learning as appropriate, shall place in the student's file a record of all academic misconduct for which the student is penalized. Students in the Associate Diploma Program who are found guilty of academic misconduct in an Independent Study course taken through OAC Access towards their Associate Diploma will have the record of the finding of guilt placed against the appropriate term.

The record of academic misconduct shall be expunged from the student's file upon graduation, or for open learners, upon completion of a certificate or diploma. Students who do not graduate from the University of Guelph or another university may submit an application to the Senate Committee on Student Petitions to have the record expunged no sooner than five years after the date of last registration. Students who have graduated at another accredited university may submit verification of graduation to Enrolment Services/Office of Graduate Studies and have their record expunged. The record for expulsion is permanent, unless removed by petition to the President.

Access to the record of academic misconduct will be limited to those involved in processing appeals and those involved in processing additional complaints against the student.

Note: Template letters to students, forms for Enrolment Services and Office of Graduate Studies, and suggested wording for course outlines are available from the Judicial Office.

Guidelines for Penalties for Academic Misconduct

With the finding of academic misconduct, there is a mandatory penalty of **Official Warning** which will stay on the student's record until graduation. In addition, one or more other penalties may be assessed. Following are guidelines used by chairs/directors and deans in determining the appropriate additional penalties. Users need to be aware that these are guidelines and that not all cases will fit neatly into the categories.

The guidelines below provide a range of penalties (minima and maxima) for the various offences identified in the Policy on Academic Misconduct as well as indicate what penalty is deemed to be the "norm" for the offence in the case of a first or second year student. It should be noted that "subsequent offence" means any subsequent offence, not only a subsequent offence in the same category.

For a course-based offence, the chair/director may assign penalties up to and including loss of grades if the offence is a first offence. If there is a previous offence on the student's record, or if the chair/director believes a stronger penalty is merited, the case is forwarded to the dean for penalty assessment.

In cases where the dean is of the opinion that there is cause for a penalty different from those indicated in the guidelines (either higher or lower), she/he will review the penalty with the Provost and Vice-President Academic. The dean will also consult with the Provost in cases where the contemplated penalty is suspension or expulsion.

In a case where the dean is of the opinion that the finding of guilt is not supported by the evidence, the dean will review the case with the chair/director. If the chair/director and dean are unable to reach an agreement on the case, the dean will consult with the Provost before making final determinations as to the finding of guilt and any penalty to be applied in the event that dean upholds the finding of guilt.

In determining the appropriate penalty the chair/director or dean will take into consideration these guidelines, the recommendation from the instructor, the recommendation from the chair/director (in the case of a dean assigning a penalty), and any other relevant factors such as the relative weight of the assignment, the semester level of the student, the seriousness or extent of the offence (e.g. the amount of work plagiarized), any record of previous offences, and any mitigating circumstances presented by the student.

Guidelines for Penalties for Academic Misconduct in Addition to Official Warning

A. Misappropriation of Other's Work

In the tables below (N) indicates the normal expectation for penalty for a first or second year undergraduate, or first year graduate student.

1. Plagiarism

Misappropriation of Other's Work - Plagiarism

Offences	First Offence	Subsequent Offences
Minor	Resubmission of new work (N) Loss of grades Zero on the assignment	Loss of grades (N) Zero on the assignment Zero in the course Loss of scholarship/bursary Suspension
Major	(N) Zero in the course Loss of scholarship/bursary Suspension	Zero in the course Loss of scholarship/bursary (N) Suspension Expulsion/Revocation

2. Copying

Misappropriation of Other's Work - Copying

Offences	First Offence	Subsequent Offences
Minor	Resubmission of new work (N) Loss of grades Zero on the assignment	Loss of grades (N) Zero on the assignment Zero in the course Loss of scholarship/bursary Suspension
Major	(N) Zero in the course Loss of scholarship/bursary Suspension	Zero in the course Loss of scholarship/bursary (N) Suspension Expulsion/Revocation

3. Unauthorized Collaboration

Misappropriation of Other's Work - Unauthorized Collaboration

Offences	First Offence	Subsequent Offences
Minor	Resubmission of work (N) Loss of grades Zero on the assignment	Loss of grades (N) Zero on the assignment Zero in the course Loss of scholarship/bursary Suspension
Major	(N) Zero in the course Loss of scholarship/bursary Suspension	Zero in the course Loss of scholarship/bursary (N) Suspension Expulsion/Revocation

B. Misrepresentation and Fraud**1. Impersonation**

Misrepresentation and Fraud - Impersonation

Offences	First Offence	Subsequent Offences
Minor	(N) Zero on the assignment Zero in the course Loss of scholarship/bursary Suspension	(N) Zero in the course Loss of scholarship/bursary Suspension
Major	Zero in the course Loss of scholarship/bursary (N) Suspension	Zero in the course Loss of scholarship/bursary Suspension (N) Expulsion/Revocation

2. Falsification

In addition to any penalty that may be applied, if a document is discovered to have been falsified, the document is null and void and the action permitted by the document is reversed.

If the falsified document is course-related (e.g. medical note) a zero in the course is the normal expectation for penalty for a first offence.

Misrepresentation and Fraud - Falsification

Offences	First Offence	Subsequent Offences
Minor and Major	Resubmission of work Loss of grades Zero on the assignment (N) Zero in the course Loss of scholarship/bursary Suspension/revocation of admission offer	Zero in the course Loss of scholarship/bursary (N) Suspension/revocation of admission offer Expulsion/Revocation

3. Withholding of documents

If the withheld information would have affected admission to a course then a zero in the course is the normal expectation for penalty for a minor subsequent offence.

Misrepresentation and Fraud - Withholding of documents

Offences	First Offence	Subsequent Offences
Minor	(N) Official warning Loss of grades Resubmission of work Zero on the assignment	(N) Zero in the course Loss of scholarship/bursary (N) Suspension Expulsion/Revocation of degree or admission offer
Major	Zero in the course Loss of scholarship/bursary Suspension (N) Expulsion/Revocation of degree or admission offer	Zero in the course Loss of scholarship/bursary Suspension (N) Expulsion/Revocation of degree or admission offer

4. Unauthorized Aids

Misrepresentation and Fraud - Unauthorized Aids

Offences	First Offence	Subsequent Offences
Minor and Major	Resubmission of work Loss of grades (N) Zero on the assignment/exam	Zero in the course Loss of scholarship/bursary (N) Suspension Expulsion/Revocation

C. Improper Access and Obstruction

These offences may also be subject to penalty under the Student Rights and Responsibilities Policy.

1. Preventing Access

Improper Access and Obstruction - Preventing Access

Offences	First Offence	Subsequent Offences
Minor	Official warning Resubmission of work Loss of grades Zero on the assignment	Zero in the course Loss of scholarship/bursary Suspension
Major	Zero in the course Loss of scholarship/bursary Suspension	Zero in the course Loss of scholarship/bursary Suspension Expulsion/Revocation

2. Obstruction and Interference

Improper Access and Obstruction - Obstruction and Interference

Offences	First Offence	Subsequent Offences
Minor and Major	Loss of grades ObstZero on the assignment Zero in the course Loss of scholarship/bursary (N) Suspension	Zero in the course Loss of scholarship/bursary Suspension (N) Expulsion/Revocation

3. Improper Access

Improper Access and Obstruction - Improper Access

Offences	First Offence	Subsequent Offences
Minor and Major	Zero in the course Loss of scholarship/bursary (N) Suspension Expulsion/Revocation	Zero in the course Loss of scholarship/bursary Suspension (N) Expulsion/Revocation

4. Improper Dissemination

Improper Access and Obstruction - Improper Dissemination

Offences	First Offence	Subsequent Offences
Minor and Major	Zero in the course (if applicable) (N) Suspension	Zero in the course Loss of scholarship/bursary (N) Suspension Expulsion/Revocation

Academic Review Sub-Committee Procedures

The Academic Review Sub-Committee of each program committee meets three times each semester as follows:

- after the third day of the add period.
- after the twentieth class day.
- after the last day of exams.

Refer to Section III--Schedule of Dates., for the submission deadlines for each of these meetings.

A request for academic consideration should be made by the student to the Academic Review Sub-Committee during, or immediately after, the semester to which it refers. A request for a deferred privilege for a missed final examination or other course requirements not completed must be submitted, along with supporting documentation, to the program counsellor within five working days of the missed examination/course work deadline. If a student is appealing a required to withdraw decision, the student should submit the "Request for Academic Consideration" form by the first deadline of the next semester.

The Academic Review Sub-Committee will consider requests for academic consideration with regard to:

1. Course results (e.g. late drop of a course(s) with or without failure, deferred or supplemental privileges, credit status).
2. Meeting the continuation of studies requirements (e.g. probationary status).
3. Meeting the graduation requirements.

All requests are to be made in writing, preferably type-written, on the "[Request for Academic Consideration](#)" form available from Enrolment Services, Office of Registrarial Services at <http://www.uoguelph.ca/registrar/index.cfm?downloads>, or from their program counsellor. Request forms must be accompanied by relevant supporting documentation. Requests that are inadequately documented or that lack clarity will not be dealt with but will be returned to the student. The student should meet with the program counsellor for advice on the preparation and submission of requests for academic consideration. A request for a deferred privilege for a missed final examination or other course requirements not completed must be submitted, along with supporting documentation, to the program counsellor within five working days of the missed examination/course work deadline.

When the form is complete, the student should retain a copy along with copies of all documentation submitted. The form, with the original documentation attached, should be submitted to the student's program counsellor or to Enrolment Services, Office of Registrarial Services.

The Associate Registrar, Enrolment Services, or designate, shall maintain a record of the sub-committee's decisions and immediately inform each student in writing as to the disposition of the request.

An appeal of an Academic Review Sub-Committee's decision may be submitted to the Senate Committee on Student Petitions within 10 days of the decision. Students who are appealing the decision of an Academic Review Sub-Committee for denial of probationary status will not be allowed to attend classes pending the outcome of the petition.

Academic Standing

Eligible to Continue

A student who does satisfy the program requirements for continuation of study will be eligible to continue.

Probationary

A student who does not satisfy the program requirements for continuation of study will be allowed to continue in his/her program if granted **probationary** status (see Continuation of Study in this section).

Required to Withdraw

A student who does not satisfy the program requirements for continuation of study will be required to withdraw from the University for a minimum of two semesters (see Continuation of Study in this section).

Students who do not satisfy the program requirements may appeal to the Academic Review Sub-Committee for probationary status to be granted based on medical, psychological or compassionate grounds.

Readmission to a program at the University of Guelph is not automatic. Students who are required to withdraw must apply for readmission to the University after completing the minimum two semesters of rustication. Students should consult Section IV--Admission Information regarding appropriate admission requirements and deadline dates.

A student who has been required to withdraw and who has made an appeal for probationary status to the Academic Review Sub-Committee will not be allowed to attend classes until such time that the appeal is granted.

A term academic standing is assigned to each completed semester according to the requirements of the Continuation of Study policy. A student whose term academic standing is Required to Withdraw according to the requirements of the Continuation of Study policy may have their term academic standing changed to "probation" as a result of a Request for Academic Consideration.

Adding Courses

All course additions to a student's program for a particular semester are to be completed by the end of the add period. On the last day of the add period, students will be able to add courses up to a maximum of 3.25 credits on a first-come, first-served basis. Additionally, with a signature from the program counsellor, under exceptional circumstances a student will be able to enrol in more than 2.75 credits earlier in the process.

The addition of a course after the end of the add period will be considered only in exceptional circumstances and will require the approval of both the instructor for the course and the program counsellor of the program in which the student is enrolled. The program counsellor's signature should be sought first but does not presume the judgment of the instructor as to the appropriateness of the late addition for his or her particular course. In practice, the following have been deemed to be exceptional circumstances: illness or compassionate grounds for missing all or part of the first three class days; interchanging courses with common lectures, one with and one without labs; late resolution of appeals; failure of a deferred course condition or examination; university errors in registration procedures.

Caution: Students granted permission to add a course after the end of the add period may encounter difficulty in mastering course content and may be unable to meet all course requirements. The University has no obligation to assist students to pick up material that has been missed because of late enrolment.

Course Requisite(s)

A student wishing to enrol in a course for which he/she does not have credit for the stated course requisite(s) may seek permission from the instructor to have the requisite(s) waived. The student seeking the waiver must obtain a "Course Requisite/Restriction Waiver" and have it completed by the instructor. The student must then present the completed form along with a completed Course Request form to Enrolment Services for processing. Waiver forms are available from Enrolment Services, Office of Registrarial Services, Level 3, University Centre. <https://webadvisor.uoguelph.ca/st/index.shtml>.

Distance Education Courses

Distance Education courses may be added up to the end of the add period, with the permission of the Centre for Open Learning and Educational Support.

Program Approval

Program Approval is required to add courses if the student is adding more than the normal course load.

Regular Courses

Regular courses may be added without permission of the department. Regular courses are those courses that are not designated as Priority Access in Chapter XII.

Two-Semester Courses

When adding a two-semester course, students must complete the course selection process for each part of the course during the appropriate course selection period. (e.g. AGR*2351 in the Fall semester and AGR*2352 in the Winter semester). These courses must be taken in consecutive semesters as outlined in the course description.

Address for University Communication

Depending on the nature and timing of the communication, the University may use one of these addresses to communicate with students. Students are, therefore, responsible for checking all of the following on a regular basis:

Email Address

The University issued email address is considered an official address and will be used for correspondence from the University. Students are responsible for monitoring their University-issued email account regularly. See Section I--Statement of Students' Academic Responsibilities for more information.

Home Address

Students are responsible for maintaining a current mailing address with the University. Address changes can be made, in writing, through Enrolment Services.

Admissions

University of Guelph students may, at some point, be required to complete and submit an application form to the Admission Services Office. The two most common reasons for submitting this internal application form are: to apply to transfer from one degree program to another or to apply for readmission to a program.

Application forms must be submitted to Admission Services by the deadline date established for each semester. An application fee is payable at the time the application is submitted (refer to Section III--Schedule of Dates.).

Application deadline dates are published in Section IV--Admission Information.

Associated Program Requirements

Program Committees have the option of identifying, as requirements for graduation, program components that are not academic courses and do not carry an academic credit weight. Associated Program Requirements allow programs to give formal recognition (but not academic credit) to the successful completion of program components that are primarily non-academic but are judged by the program committee as essential to fulfil the objectives of a degree or diploma program. Associated Program Requirements, when valid, are identified in Section X--Degree Programs in the schedule of studies for each appropriate area of study.

Attendance at Class

Instructors will inform students of the attendance requirements for individual courses in accordance with the policy of the department or school.

Caution: A student who for any reason does not attend classes regularly, runs the risk of being unable to complete the work of the semester and is advised to report to the program counsellor for academic counselling upon return to classes.

Auditing Courses

A student may audit a course upon approval of the department offering the course and payment of a fee. The department shall provide to persons intending to audit a course a written statement prescribing the extent to which they may participate in the work of the course. No official transcript record of audited courses will be provided. The procedures for registration and course changes are the same as for regular course attempts, except that after the end of the add period, a student who is registered under audit status for a particular course is committed to that status and may not convert to credit status for the same course. A student may change from credit to audit status up to the drop deadline applicable to that course, with approval. A fee is assigned for each **audit** course (refer to Section VI--Schedule of Fees) except in the case of a student holding full-time classification. Full-time students who have received approval for audit courses are not assessed additional fees.

Permission to audit must be obtained from the instructor for the course, the chair of the department offering the course, and the student's program counsellor.

The student who receives approval to audit should discuss with the instructor the conditions under which that approval is given including, for example, attendance, submission of term work, taking of examinations.

An approved audit course does not constitute a course attempt. No official grade will be reported, and audit courses will not be used in the determination of the eligibility for continuation of study. Also, no official documentation will be provided to verify the auditing of a course.

Audit courses are not considered in calculating full-time or part-time status.

Class Level Calculation

All programs determine class level on the basis of successfully completed credits plus the number of credits in progress. As courses are dropped and added, or grades are received, the class level may be adjusted accordingly. Class Level is determined as follows:

Class Level Calculation

Successfully Completed Credits and Credits In-progress	Class Level
0.00 - 2.50	1
2.75 - 5.00	2
5.25 - 7.50	3
7.75 - 10.00	4
10.25 - 12.50	5
12.75 - 15.00	6
15.25 - 17.50	7
17.75 - 20.00	8
20.25 - 22.50	9
22.75 (or more)	10

Continuation of Study

For continuation of study within a degree program, Open Learning or General Studies, a student must satisfy the conditions as set down under Schedule 1 or Schedule 2. The appropriate schedule will be determined by the criteria outlined below.

Schedule 3 is outlined in the Diploma Program Calendar and is only applicable to students registered in a Diploma program.

Schedule 4 is outlined in the Degree Programs section of this calendar (Section X--Doctor of Veterinary Medicine) and is only applicable to students registered in the Doctor of Veterinary Medicine program.

Schedule 5 is outlined in the Degree Programs section of this calendar (Section X--Doctor of Veterinary Medicine) and is only applicable to students registered in the Doctor of Veterinary Medicine program.

Schedule 1

Schedule 2

Schedule 1

Students will follow Schedule 1 if:

1. they have registered for the first time at the University of Guelph with no previous registration in another college or university; or
2. they are registered at Guelph in the Open Learning Program and taking credit courses; or
3. they have been registered in a program at this University, are eligible to continue study in that program and subsequently transfer to another degree program (including students transferring from Open Learning to a degree program); or
4. they have transferred from another university or college and have been admitted to semester 1 at this University; or
5. they have been required for any reason other than academic performance to withdraw from the program, and subsequently are accepted for readmission to that program; or
6. they have registered at the University of Guelph as an exchange student.

Schedule 1 Regulations

All degree programs, Open Learning and General Studies have established conditions which must be met for continuation of study. Continuation of study within a program is permitted provided the standards of academic performance listed below are met. In some instances, students not meeting the requirements may be allowed to proceed on probation (see Academic Standing-Probationary). If these conditions are not met, the student will be required to withdraw from the program for a minimum of two semesters and may apply for readmission after that period of time.

The continuation of study regulations at the University of Guelph are based on the principle that students must maintain a minimum average of 60%. To allow for transition issues, some leniency has been built into the minimum average requirement during the first 5.00 credit attempts. The student's cumulative average will be reviewed first. If the student's cumulative average does not meet the minimum required, the student will either be required to withdraw or placed on probation. When a student is placed on probation he/she will be required to obtain a minimum semester average. In subsequent semesters the student will either be required to withdraw, allowed to continue on probation, or be placed back on regular status. Students will be taken off probation once their cumulative average is greater than, or equal to 60%.

Conditions for continuation of study are applied using the following tables:

Number of Credit Attempts: between 0.25 and 2.50

Students who have attempted between 0.25 and 2.50 credits will be allowed to continue regardless of the cumulative average. Students will be placed on probation if their cumulative average falls below 50%.

Number of Credit Attempts: between 2.75 and 5.00

If Eligible to Continue

Continuation of Study Assessment for Students in Semester 2 following Schedule 1

Cumulative Average (C)	Status of Student
C < 50%	Required to Withdraw
C ≥ 50% and C < 60%	Probationary Status
C ≥ 60%	Eligible to Continue

If on Probation

Continuation of Study Assessment for Students in Semester 2 on Probation following Schedule 1

Cumulative Average (C) Semester Average (S)	Status of Student
S < 50% or C < 50%	Required to Withdraw
S ≥ 50% but C < 50%	Required to Withdraw
S ≥ 50% but C < 60%	Probationary Status
C ≥ 60%	Eligible to Continue

Number of Credit Attempts: more than 5.00

If Eligible to Continue

Continuation of Study Assessment for Students in Semester 3 and Higher following Schedule 1

Cumulative Average (C)	Status of Student
C < 50%	Required to Withdraw
C ≥ 50% and C < 60%	Probationary Status
C ≥ 60%	Eligible to Continue

If on Probation

Continuation of Study Assessment for Students in Semester 3 and Higher on Probation following Schedule 1

Cumulative Average (C) Semester Average (S)	Status of Student
S < 60%	Required to Withdraw
S ≥ 60% but C < 60%	Probationary Status
C ≥ 60%	Eligible to Continue

Schedule 2

Normally students who transfer from another university or college will be required to follow Schedule 2. Students who are readmitted to this University but whose prior record renders them ineligible to proceed under Schedule 1 will be required to follow Schedule 2.

Schedule 2 Regulations

Continuation of study is permitted provided the student meets the conditions outlined below. In some instances, students not meeting the requirements may be allowed to proceed on probation. If these conditions are not met, the student will be required to withdraw from the program for a minimum of two semesters and may apply for readmission after that time.

The continuation of study regulations are based on the principle that students must be maintaining a 60% average. The details of the continuation of study model follow. The student's cumulative average will first be reviewed. If it does not meet the required level, the student will either be required to withdraw or placed on probation. Students who are placed on probation will be required to obtain a given semester average in subsequent semesters. As a result of this review, the student will either be required to withdraw, remain on probation, or placed back on regular status. Students will be taken off probation once their cumulative average rises above 60%.

Continuation of Study is assessed each semester. Students whose cumulative average falls below 60% will be placed on probation for one semester, and then assessed based on their semester average.

If Eligible to Continue

Continuation of Study Assessment for Students following Schedule 2

Cumulative Average (C)	Status of Student
C < 50%	Required to Withdraw
C ≥ 50% and C < 60%	Probationary Status
C ≥ 60%	Eligible to Continue

If on Probation

Continuation of Study Assessment for Students on Probation following Schedule 2

Cumulative Average (C) Semester Average (S)	Status of Student
S < 60%	Required to Withdraw
S ≥ 60% but C < 60%	Probationary Status
C ≥ 60%	Eligible to Continue

Note: *Alternative course evaluations will not be included in the Continuation of Study calculations [Pass (P), Outstanding Pass (OP), Fail (F), Credit Standing (CRD) or Withdrawal with Failure (WF)]. Courses taken on a letter of permission will also not be included in the calculations. Students negatively affected by the omission of these courses in the Continuation of Study calculations may appeal a continuation decision to the Academic Review Committee.*

Course Sections

Students are advised of their course section when they receive their individual course schedule (WebAdvisor) at the beginning of the semester. Course section information indicates the meeting times and room for each course.

Students must attend the course section on their course schedule. In the event that a section change is necessary the student must drop the old section and add the new one following the add/drop process.

Department Chair's Responsibilities

The department chair will designate the responsibility for the approving of section changes during the add period. The approval of section changes may be done by the department or the responsibility may be assigned to individual instructors.

Registrar's Responsibilities

Enrolment Services confirms with the students on their individual course schedules (WebAdvisor) the course section in which they are enrolled.

Student's Responsibilities

Students must stay in assigned course sections. In the event that a section change is desired the department and/or instructor offering the course must be consulted.

Course Selection

This is the procedure by which students indicate their course requests, including the appropriate course section for upcoming semesters. Program approval may be required as outlined in Section VII - Academic Advising. Subject to the availability of a published timetable, students may select courses for more than one semester. Students are cautioned that courses may be subject to listed enrolment restrictions. In such cases, priority in the selection of students to receive the course will be given to those who have selected courses prior to the start of the semester. For further information, refer to Priority Access Courses in this section of the calendar.

Students are normally restricted to selecting 2.75 credits during course selection and up to the last day of the add period. A number of programs have Senate-approved schedules of study that require students to register in more than 2.75 credits for particular semesters. As a result, these programs are exempted from the 2.75 restriction as required.

On the last day of the add period, students are allowed to add courses up to a maximum of 3.25 credits on a first-come, first-served basis. Additionally, with approval from the program counsellor, under exceptional circumstances, a student can enrol in more than 2.75 credits earlier in the process.

New Students

A booklet including course selection material will be forwarded to new students by the Office of Registrarial Services. Consult this booklet to determine the procedures for course selection that pertain to the program to which you have applied. Students who are unable to return their course selection prior to the published deadline date have an opportunity to make their selection during the extended add period.

In-Course Students

Course selection material for upcoming semesters will be available during the semester to all registered students. Students who are not currently registered may receive the course selection material by contacting Enrolment Services, Office of Registrarial Services, prior to the deadline date for submission of course selection requests (refer to Section III--Schedule of Dates.). Course selection requests received after the deadline date will not be processed.

There is a scheduled course selection period each semester where students can select courses for upcoming semesters (refer to Section III--Schedule of Dates for the exact dates).

Course selection is important for a number of reasons:

- a billing is generated via WebAdvisor by Student Financial Services on the basis of the course selection.
- course sections may be full after the course selection period and those who have not selected courses may not be able to enrol in them.

Students are encouraged to select courses for more than one semester at a time, subject to the availability of an Undergraduate Course Timetable.

Students are encouraged to select their courses using WebAdvisor, however, they may choose to complete an "Undergraduate Course Request" form. A separate "Undergraduate Course Request" form must be completed for each semester. "Undergraduate Course Request" forms must be submitted by the course selection deadline date for the applicable semester. Students who miss the course selection deadline must add their courses at the start of the semester (see Adding Courses and Dropping Courses in this section of the Undergraduate Calendar).

Detailed Instructions

Normally, course selection on WebAdvisor results in a class schedule indicating lecture and laboratory sections, room locations and examination schedules, as applicable.

A copy of a student's Academic Evaluation will be available after the second week of classes in a semester to each registered student. Students are encouraged to select their courses early and for more than one semester at a time.

Student's Responsibilities

1. Complete the Course Selection process.
2. Obtain program approvals if necessary (refer Section VII - Academic Advising).
3. Submit the request using WebAdvisor. If a student is required to submit a form to Enrolment Services he/she should complete the General section (Section A) of the Undergraduate Course Request form.

When a **two-semester course** is selected, students must complete the course selection process for each term during the appropriate course selection period. These courses must be taken in consecutive semesters as outlined in the course description.

All inquiries regarding **distance education courses** should be directed to the Centre for Open Learning and Educational Support. <http://www.open.uoguelph.ca/>

To change your specialization, please use the "Undergraduate Schedule of Studies Change Request" form and submit it to Enrolment Services.

It is the student's responsibility to ensure that the prerequisites have been satisfied for any course selected. Failure to do so will result in registration in the course being denied unless a "Course Requisite/Restriction Waiver" form, showing instructor approval, is presented to Enrolment Services along with the "Undergraduate Course Request" form. **NOTE:** Students who select a course for a future semester and who fail or drop the prerequisite(s) for the course in the current semester must drop the course. A replacement may be added during the add period.

A student may not register for a course in which pass standing (or higher) has been achieved on a previous course attempt unless so directed by the appropriate Academic Review Sub-Committee.

Diploma courses are available only to students registered in one of the Associate Diploma programs. Degree students who register in Associate Diploma courses will have the courses dropped from their record.

Students enrolled in the D.V.M. program are not normally sent an "Undergraduate Course Request" form. However, where changes to the required schedule of studies are necessary, students must indicate the course changes on an individual basis with their program counsellor and submit the change to Enrolment Services, Office of Registrarial Services.

Students not currently registered must contact Enrolment Services prior to the deadline dates if course selection is to be possible. Students missing the deadline dates will have to add their courses during the add period.

Departmental Advisor's Responsibilities

All advisors should be familiar with any course restrictions that apply to courses in their department.

Advisors should be prepared to help students plan a course program with emphasis on meeting specialization and program requirements for graduation.

Advisors should approve the overall course program where appropriate. Refer to Section VII - Academic Advising.

Program Counsellor's Responsibilities

A counsellor may withhold program approval if any of the following applies:

1. the student has not taken the necessary prerequisites or has not selected the necessary corequisites;
2. the program requirements stated as such in the Undergraduate Calendar are not observed;
3. the selection does not conform with decisions concerning the student that have been reached by the Admissions and Academic Review Sub-Committees.

A student wishing to take more than the normal number of credits must have the approval of the appropriate dean or designate. Refer to Section VII - Academic Advising

Registrar's Responsibilities

To coordinate and prepare all course selection information for distribution to all in-course students and to receive all completed "Undergraduate Course Request" forms.

To produce course counts based on the course selection material received and distribute the information to the appropriate department chair for his/her recommendations, regarding enrolment management.

Dean's Honours List

Effective Spring 1986, the University established a Dean's Honours List for full-time students which is recognized on students' transcripts. (Prior to Spring 1986 colleges used different criteria and the designation was not recognized on transcripts.) In Fall 1996 the Dean's Honours List procedures were revised to include all undergraduate programs.

Effective Spring 1991 the Dean's Honours List procedures were extended to accommodate part-time study (see 2. below). Part-time students must contact their College Dean's Office to formally request that the Dean's Honours List designation be applied to their official transcript. As part of the request, the student must identify the semester to be considered for the listing (e.g. Fall 2000). Approved requests will be forwarded by the Dean's Office to the Associate Registrar, Enrolment Services. The Dean's Honours List will include:

1. students taking full-time studies who have obtained a minimum semester average of 80.0%.
2. students who in part-time semesters (which do not need to be consecutive) attain a minimum cumulative average of 80.0% in a sequence of at least 2.00 credits. All credits will be counted and the designation will appear under the last of the semesters making up the average, and in the graduating semester of students who have maintained a cumulative average of 80.0% since their last Dean's Honours List Designation.
3. a student with a deferred condition, or a mark not received, or the first part of a two semester course in progress, will not be evaluated for placement on the Dean's Honours List until the academic record for that semester has been completed.
4. a part-time student who transfers from program to program within the University should consult the appropriate dean's office about the eligibility for the Dean's Honours List.

Students who have consistently maintained a high average, but for whom a change in program, in part-time status in the graduating semester, or other anomalies have prevented placement on the Dean's Honours List, should consult the appropriate dean's office about eligibility for the Dean's Honours List.

Students with a high level of academic achievement on exchange programs will be considered for the Dean's Honours List based on a recommendation to the appropriate Dean from the exchange co-ordinator.

Note: The calculation of full-time and part-time status for students includes courses with credit (CRD) standing or pass (P) standing. These courses do not affect the calculation of the averages used to determine Dean's Honours. Within each period of consideration there must be at least one course with a numeric grade for a student to qualify for Dean's Honours List unless the student has been on exchange for that period.

Deferred Privileges

When students do not write a required final examination, complete a final assignment, or complete a work term report by the deadline, they may be eligible for a deferred privilege. A deferred privilege is the opportunity to complete the final course requirements after the end of the semester. The nature of the deferred privilege may take the form of either a **Deferred Condition** or a **Deferred Examination**. The Academic Review Sub-Committee grants deferred privileges on the basis of medical, psychological, or compassionate consideration (see Academic Consideration and Appeals).

Deferred privileges must be completed within the semester immediately following the semester in which the exam/course work was originally missed (refer to Section III--Schedule of Dates). If the Academic Review Sub-Committee assigns a passing grade or credit standing (CRD) on the basis of medical, psychological, or compassionate consideration, a student may request a deferred privilege instead. The student must make the request in writing to their Program Counsellor. The grade resulting from the deferred privilege will become part of the student's official academic record.

Instructors do not grant deferred privileges. They can only grant academic consideration for work that is due during the semester and cannot grant extensions beyond their deadline for submission of final grades. The instructor should note on the "Instructor's Recommendation" form any special circumstances relating either to the student or to the way the course was conducted (see Final Grades).

Enrolment Services records the results of deferred privileges, and re-evaluates the student's academic record for continuation of study. The University reserves the right to disallow registration until all deferred privileges are complete and the student's final standing is calculated.

Deferred Condition

The instructor and/or Chair/Director determine the requirements and conduct of the deferred condition. The deferred condition may be a written test, an oral test, an assignment, a laboratory practical, or any other method of evaluation. The requirements for completion of the deferred condition are documented on the "Terms of Supplemental/ Deferred Condition" form <https://webadvisor.uoguelph.ca/st/index.shtml> and a copy of the form is retained by the instructor and the student. The department notifies Enrolment Services of the results of a deferred condition, normally within 7 days of its completion.

Students must normally complete a deferred condition by the end of the deferred examination schedule in the semester immediately following the completion of the course (refer to Section III--Schedule of Dates). Scheduling, Office of Registrarial Services advises students in writing of the deadline for the completion of a condition. In addition, Scheduling directs the student to the "Terms of Supplemental/Deferred Condition" form <https://webadvisor.uoguelph.ca/st/index.shtml>. It is the student's responsibility to contact the instructor and make arrangements for the details of the condition.

Scheduling advises departments via electronic mail of the students who have been granted deferred conditions. The memorandum specifies the date for completion of the deferred condition, and the deadline for the submission of final grades to Enrolment Services. It is the responsibility of the Chair/Director or designate to advise the appropriate instructors of the deferred conditions that have been granted. If the condition is not completed by the required date, a grade is assigned based on the term work completed as indicated on the original "Instructor's Recommendation" form. An extension beyond the end of the deferred examination period will be granted only in extreme circumstances - and with provision of additional documentation - and must be completed within the same semester the original deferred condition was missed. Students may be considered for an extension or other consideration, if medical, psychological or compassionate reasons prevail at the time of the scheduled condition. In this case, the student should consult with their program counsellor and may submit a "Request for Academic Consideration" form with documentation within five working days of the missed condition deadline to their program counsellor or to Enrolment Services, Office of Registrarial Services.

Deferred Examination

Scheduling Services schedules and supervises deferred examinations that are two hours in length. Scheduling notifies departments of the deferred examination schedule and advises the students of the date, time and location of their deferred examinations. The Academic Review Sub-Committees expect students to write deferred examinations during the deferred examination period that follows the end of the semester in which the course was taken (refer to Section III--Schedule of Dates).

When conflicts arise between a student's deferred final examination and a midterm examination, the deferred examination takes precedence. The instructor for the class in which the midterm is being written shall make appropriate accommodation, mutually agreeable the student and instructor, for the student to make up the missed midterm examination. If the student and instructor are not able to come to an agreement, they will refer the matter to the Chair/Director responsible for the course. An extension beyond the end of the deferred examination period will be granted only in extreme circumstances - and with provision of additional documentation - and must be completed within the same semester the original deferred examination was missed. Students may request an extension, or other consideration if medical, psychological or compassionate reasons prevail at the time of the scheduled deferred examination. In this case, the student should consult with their program counsellor and must submit a "Request for Academic Consideration" form with documentation within five working days of the missed examination deadline to their program counsellor or to Enrolment Services, Office of Registrarial Services.

Procedures for Deferred Privileges

Chair/Director's Responsibilities

The Chair/Director or designated department/school examination coordinator is responsible for the following:

1. Requesting a deferred examination from the appropriate instructor upon request from Scheduling Services and informing the instructors of students who have been granted deferred privileges.
2. When a deferred examination is scheduled, forwarding one examination paper from the instructor for each student granted a deferred examination in the course, plus one extra paper per course to Scheduling Services.
3. Where the instructor is unavailable, providing the required examination papers to Scheduling Services.
4. At the end of the Deferred Examination period, collecting completed examination papers from Scheduling.
5. Immediately distributing the completed examination papers to the appropriate instructor for marking.
6. In the case where a student is unable to make contact with the instructor to determine the nature of a deferred condition, taking necessary steps to assist the student in determining the requirements for the condition.
7. (Chair/Director only) initialing all grades submitted by instructors and forwarding them to the Enrolment Services, Office of Registrarial Services, by the date indicated in the request letter.

Instructor's Responsibilities

The course instructor is responsible for the following:

1. In the case of a deferred condition, completing the "Terms of Supplemental/Deferred Condition" form, providing student with a copy of the form, and keeping a copy. The instructor must adhere to the deadlines for the completion of the condition and the submission of the final grades to Enrolment Services, Office of Registrarial Services.
2. In the case of a deferred examination, providing examination papers to the Chair/Director and indicating what exam aids the student in writing the examination may use.
3. Prompt marking of deferred course materials and submission of grades to the Chair/Director or designate.

Student's Responsibilities

1. When the Academic Review Sub-Committee grants a deferred condition, contacting the instructor of the course and presenting the "Terms of Supplemental/Deferred Condition" form upon notification. Students must contact the instructor of the course immediately, in order to complete the condition prior to the deadline specified by Scheduling. The deadline is normally the last day of the deferred examination period for the semester in which the course was taken (which falls in the semester immediately following the semester in which the course was taken, refer to Section III--Schedule of Dates). The student and instructor must complete the form, indicating the exact nature of the deferred condition. If the student cannot contact the instructor, he/she must contact the Chair/Director of the offering department/school. If the student does not make the required contact within the deadline specified by Scheduling, the University will assume that the student does not intend to complete the condition, and a grade will be assigned based on term work completed, as indicated on the original Instructor's Recommendation form.
2. When a deferred examination is granted, appearing for the deferred examination according to the date, time and location designated on the deferred examination timetable.
3. Students identified by Scheduling as residing outside a 150 km (approx) radius of Guelph are permitted to write deferred examinations at an academic institution (high school, college or university) within their own vicinity. Students choosing this option must have the Off-Site Invigilator Form completed by an employee at one of the above type of institutions and forward it by fax to Scheduling. For more information, form and deadline see: http://www.uoguelph.ca/registrar/undergraduate/files/invigilator_form.pdf.

Registrar's Responsibilities

1. Enrolment Services informs the student and Scheduling Services of academic review decisions, collects grades, and evaluates the continuation of study status when deferred grades have been recorded.
2. Scheduling Services informs the Chair/Director/designate that the Academic Review Sub-Committee has granted a deferred condition or examination; informs students who have been granted a deferred condition that it is their responsibility to contact the instructor to arrange the condition; specifies a deadline for completion of deferred conditions; prepares a deferred examination timetable and notifies all students who have been granted a deferred examination; identifies students residing 150 km (approx) from Guelph, and coordinates examinations with approved off-site invigilators (see Student's Responsibilities above); requests the deferred examination papers from the Chair/Director/designate; invigilates the deferred examinations; at completion of the deferred examination period, prepares completed examination packages for each department/school, attaching a grade reporting sheet for each examination and noting which students did not write and which have been granted extensions by Program Counsellors; notifies department Chair/Director/designate that examination packages are ready for pickup in Scheduling.

Dropping Courses

All course drops from a student's program for a particular semester are to be completed by the dates specified in the Section III--Schedule of Dates.. Courses that are one semester long must be dropped by the end of the fortieth class day; two-semester courses must be dropped by the last day of the add period in the second semester. The dropping of a course after the deadline is allowed only in exceptional circumstances and requires the approval of the program counsellor or Academic Review Sub-Committee of the program in which the student is registered.

Deadline Dates

In all cases, if course changes are made, using WebAdvisor or the "Undergraduate Course Request" form, the changes must be made by the drop deadline (refer to Section VI--Schedule of Fees for the refund schedule).

The deadline dates for dropping courses (i.e. the fortieth class day) are noted in Section III--Schedule of Dates.

Instructor Notification

In some cases the instructor must be notified when a student is dropping a courses, for example, where students care for laboratory animals, or where supplies or books on loan must be returned. If instructor notification is required to drop the course, this will be specified on the course outline and announced in the first class meeting.

Refunds

Refer to Section VI--Schedule of Fees for refund schedule. Normally, changes to the effective date of dropped courses are only allowed for documented medical or compassionate reasons and require the approval of the program counsellor.

Regular Courses

Regular courses may be dropped from the start of the add period to the fortieth class day without approval except where instructor notification is required (see Instructor Notification above).

Two-Semester Courses

When dropping two-semester courses, both semesters of the course must be dropped. Students who wish to re-take a two-semester course must re-take both parts of the course. The drop deadline for a two-semester course is the last day of the add period in the second semester.

Examinations

During the examination period, Saturday is considered a regular day. Examinations may be scheduled on public holidays. Students are advised to note Section III--Schedule of Dates. Students who encounter a conflict between a scheduled mid-term or final examination and a religious obligation (see Academic Accommodation of Religious Obligations) must contact the instructor-in-charge or their program counsellor to request that alternate arrangements be made. A listing of major religious holidays is available from the Office of Student Affairs.

Mid-Term Examinations

Term tests must not be scheduled during the last five class days prior to the final examination period. Exceptions may be granted by the Dean (or designates) for practical evaluations such as Laboratory or Studio tests, with the scheduling of such tests indicated in the course outline. Short quizzes which have been a regularly scheduled part of the course and which are intended to review small amounts of material are not considered term tests and may be held during the last five class days.

Departments are urged by the Board of Undergraduate Studies to make every effort to schedule term tests and examinations in regularly scheduled class time. The Board recommends that faculty make every effort to accommodate students representing the University in extra-curricular activities when there is a conflict between those activities and scheduled tests or examinations held outside regularly scheduled classes.

The directors of schools and department chairs must apply the policy having due regard to the special needs of courses over which they have jurisdiction.

The Board of Undergraduate Studies has reaffirmed the commitment to maintain the 17:20 to 19:00 time slot free of academic activities as much as possible. However, from time to time approval may be given to scheduling classes or labs in that time slot. Requests for scheduling out-of-class mid-term examinations should also be restricted as much as possible to regular academic hours (8:30-17:20 and 19:00-22:00). In the event that appropriate space is not available during regular hours, the use of the 17:20-19:00 time slot may be approved.

Instructors are cautioned that if there is a scheduling conflict between a scheduled class for another course and the proposed time for the mid-term examination, the scheduled class takes priority and students with such a conflict must be accommodated.

When conflicts arise between deferred final examinations and midterm examinations, the deferred final examination must take precedence. The instructor for the class in which the midterm is being written shall make appropriate accommodation, mutually agreeable to the student and instructor, for the student to make up for the missed mid-term exam. If the student and the instructor are not able to come to a mutual agreement, the matter will be referred to the appropriate department chair.

All additional rooms for mid-term examinations are to be booked through Scheduling! Services. orsrooms@uoguelph.ca

Chair/Director's Responsibilities

1. The conduct of all term examinations.
2. Appointing an adequate number of invigilators to assist the instructor-in charge.

Instructor's Responsibilities

1. Taking attendance record at each term examination. The attendance record is for the department's use and is not submitted to Registrarial Services.
2. Exercising discretion when requiring certification of illness. In particular, instructors are encouraged not to require certification of illness affecting semester work when the assessment in question constitutes a small proportion of the course grade, or when alternative means for carrying out the assessment are available.

Final Examinations/Assignments and Final Week of Classes

Final Week of Classes

Final term assignments or papers may be due in the last five class days prior to the final examination period. Due dates for these evaluations should be stated in the course outline. Final assignments along with all necessary resource material should be available to students no later than the end of the 9th week of classes. Take-home examinations may not be due in the last week of classes.

Term tests must not be scheduled during the last five class days prior to the final examination period. Exceptions may be granted by the Dean (or designates) for practical evaluations such as Laboratory or Studio tests, with the scheduling of such tests indicated in the course outline. Short quizzes which have been a regularly scheduled part of the course and which are intended to review small amounts of material are not considered term tests and may be held during the last five class days.

Final Examinations (Regular, Take-Home and Other Format) and Final Assignments

Where regular final examinations are to be given they must be given during the examination period. All regular final examinations shall be two hours in duration. The following guidelines for conducting final examinations have been approved by Senate.

- Departments should indicate to Scheduling Services whether a final examination time slot is required for a course. Departments will indicate whether:
 - the examination will be a regular, sit-down examination for which a room is required;
 - the examination will be a take-home examination;
 - the examination will be in some other format (orals; computer exams; juried performance exams, etc.).
- Unless approved by the Department Chair, examinations for 1000 level courses will be in regular, sit-down format only.
- The final examination period should be scheduled so as to provide a two day break between the last day of classes and the first day of examinations.
- The final examination period consists of eleven days, except in the Summer semester, where it is eight days.
- The periods scheduled for final examinations which are to be written in examination halls shall be all of two hours in duration. No regular examination held during the final dates scheduled for final examination periods shall be longer than two hours. (Note: Some DVM courses are exempted from this rule and require three hour exams.)
- Under normal circumstances, changes to the published examination timetable are not permitted.
- Where final examinations in either regular, take-home or other format are to be given, they must be given or due during the final examination period.
- The Office of Registrarial Services has determined the 9th day (6th day in the 12-week format summer semester; 4th day in the 6-week format summer semester) of the examination period as the final due date that may be assigned for take home examinations or exams given in other than regular, sit-down format. When using a take-home or other format final examination, departments will inform the Office of Registrarial Services whether they are using the 9th day (6th day in the 12-week format summer semester; 4th day in the 6-week format summer semester) of the examination period as the due date, or whether they are using an earlier date. This information must be provided to ORS before the beginning of the semester, and the due date must be noted on the course outline distributed at the first class meeting.
- Faculty using take-home examinations will determine when the examination paper will be made available to students, but must allow students at least 72 hours between the date of issue of the exam and the due date. The date of issue of the examination and the due date must be included in the course outline distributed at the first class meeting. If a student's time to complete a take-home examination is significantly lessened because of the number and timing of regularly scheduled sit-down examinations, the instructor may grant an extension, provided the new due date is not beyond the grade submission deadline for the course. The student must initiate such a request no later than the end of the second week of classes. The length of the extension will be at the instructor's discretion and instructors are advised to give the student the new due date in writing. The date of issue of the examination and its due date must be included in the course outline distributed at the first class meeting.
- If the examination is to be handed out after the end of classes, the instructor will be responsible for arranging distribution and for ensuring that students have the appropriate opportunity to ask questions for clarification.

- Final assignments or papers may be due either during the final examination period or in the last week of classes. In either case, the assignments along with all necessary resource material should be available to students no later than the end of the 9th week of classes and the due date and date of issue of the assignment must be included in the course outline distributed at the first class meeting. The Office of Registrarial Services has determined the 9th day (6th day in the 12-week format summer semester; 4th day in the 6-week format summer semester) of the examination period as the final due date that may be assigned for final assignments due in the examination period. When a final assignment used in lieu of a final examination is to be due in the examination period, the department will inform the Office of Registrarial Services whether they are using the 9th day (6th day in the 12-week format summer semester; 4th day in the 6-week format summer semester) of the examination period, or whether they are using an earlier date. This information must be provided to O.R.S. before the beginning of the semester and must be included on the course outline distributed at the first class meeting. Instructors who opt for an assignment to be due during the examination period may not also include a final examination in their courses.

The Office of Registrarial Services of the University is the final arbiter of the manner of conducting examinations and receives general directives on policy from the Provost and Vice President (Academic), and the Board of Undergraduate Studies.

The Office of Registrarial Services will, in cooperation with the appropriate examiners, establish special examination procedures as and when needed, for students who have temporary or permanent physical disabilities. Medical opinion shall be sought whenever there is doubt about the extent of the disability.

Chair/Director's Responsibilities

- Completing the "Final Exam Request Form" by the deadline date set by Scheduling Services.
- Completing the "Final Exam Location Request" by the deadline set by Scheduling Services.
- Printing the required number of examination papers for each examination.
- Providing for the security of examination papers printed in the department for the instructor.
- Providing examination location information to instructors when the information is received from Scheduling, one week prior to the commencement of the final examination period.
- Distributing the copies of the examination to the instructor on the date set for the examination.
- The conduct of all final examinations for courses taught by the faculty of their department/school. The Chair/Director must identify an alternate instructor-in-charge for final examinations where the course instructor is not available.
- Providing examination attendance records to the instructor-in-charge for examinations not under the direction of Scheduling Services.
- Appointing invigilators for examinations under the direction of Scheduling Services (2 invigilators for a class of 20-25 students and 1 additional invigilator for each additional 50 students in a class, thus a class of 125 students should have 4 invigilators).

Instructor's Responsibilities

Instructors who wish to hold examinations in other than sit-down, regular formats should discuss procedures with their Chair/Director.

The faculty member(s) responsible for the course and the setting of the examination, or a designate, shall be the instructor(s)-in-charge for final examinations in that course. They are responsible for the following.

- Including the time of the final examination on the course outline distributed to students at the commencement of the semester. Note that under normal circumstances, once established, the date, time and location of final examinations may not be changed (see Grading, Resolution 5), and that where a course is taught in multiple sections the final examination date and time will be the same for all sections regardless of location (see Grading, Resolution 7).
- If it becomes necessary to change an examination time or to add a final examination, contacting Scheduling Services, and once a time is set, obtaining the written approval of all students.
- Advising Scheduling Services, prior to the examination if an "open book" examination is to be written; otherwise, it will be considered "closed book".
- Arriving at the examination room thirty minutes prior to the commencement of the examination and distributing examination papers, attendance cards, if used, and other authorized materials.
- Taking attendance during the first hour of the examination period. (Attendance cards are used in the Athletic Centre and class lists in other locations.)
- Arranging the collection of completed examination papers and comparing the number of examinations collected to the number of attendance cards or student signatures collected. These records should be retained by the department for a period of one semester.

7. With his/her invigilators, ensuring that students do not enter the examination room after the first 60 minutes or leave during the first 60 or last 15 minutes of the examination period.
8. Including all instructions regarding the examination on the examination paper, i.e., writing on every other line, writing on the right hand pages of the book. **No verbal instructions can be made at the examination hall with the exception of corrections to printed instructions and material.**
9. Where a student does not write the final examination, following the procedures outlined under Academic Consideration in this section of the calendar.

Student's Responsibilities

1. Students are advised that the Final Examination schedules are available for Fall Semester by mid-August, for Winter Semester by mid-December, and for Summer Semester by mid-April. Students are required to consult the final examination timetable in order to avoid conflicts in examination times when adding courses in subsequent Add periods. Students may not remain registered in courses with conflicting final examinations unless written approval is obtained from the dean or director and the instructors-in-charge of the courses. (Note that three examinations in 24 hours does not constitute an examination conflict. A conflict exists only where two examinations are scheduled into the same timeslot.)
2. **ACADEMIC CONSIDERATION IS NOT GIVEN TO STUDENTS WHO MISREAD PUBLISHED TIMETABLES.**
3. One week prior to the commencement of Final Examinations, the Final Examination location information will be posted in the Library, Athletic Centre, Office of Registrarial Services and on WebAdvisor. Students may also check their personal examination schedule on WebAdvisor by selecting "Class Schedule", the current Term, and then "Exam Schedule Grid".
4. Students in Distance Education courses who live more than 170 km from campus will write their final examinations at a selected off-campus examination site close to where they live. For further information, please contact Centre for Open Learning and Educational Support, 519-767-5000.
5. Students must be seated on entering the examination hall. Until at least 1 hour after commencement of the examination, no candidates shall be permitted to leave except under supervision. If a candidate is not present within the first hour of the commencement of the examination, the candidate shall not be permitted to write the examination.
6. No person shall be allowed in the examination hall during the course of examination except the candidates concerned and those supervising the examination.
7. No book, paper, or other aids shall be used during the examination except by permission of the instructor-in-charge. Students shall dispose of their bags and knapsacks by placing them on the floor beneath their chairs, and any books not classified as permissible aids shall be placed along the sides of the room.
8. Cell phones and pagers must be switched off and stored out of sight.
9. If provided, students must complete the examination attendance card at the beginning of the examination and place it beside their University of Guelph identification card at the front of the table. The attendance card will be signed at the time of collection.
10. Candidates shall not communicate with one another by writing, by signs, by words, or in any manner whatsoever while examinations are proceeding.
11. Students who have completed the examination will be allowed to leave their seats after the first hour has elapsed and after their examination books have been collected. To minimize the disturbance to students who have not yet completed their examinations, no student shall leave the examination hall during the last 15 minutes of the examination. At the conclusion of the examination period, students must remain seated until all papers have been collected and they are dismissed by the instructor-in-charge or, in the Athletic Centre, the Chief Invigilator.
12. When more than one book is handed in, students shall number each book and indicate on the cover of the first book the total number of books used.
13. No writing within the answer book or completion of computer answer sheets is permitted after the instruction to stop writing has been given. The instructor-in-charge may refuse to accept the paper of any candidate who fails to observe this time limit.

Registrar's Responsibilities

The Final Examination Timetable, prepared by Scheduling Services is based on student course selections on file at the end of October (for Winter), March (for Summer), and July (for Fall). (Please note that for courses in which no students have registered by the time the data is downloaded, examinations cannot be centrally scheduled.) In the unusual circumstance that scheduling of final examinations by the Office of Registrarial Services results in an examination conflict for a student, the Examinations Coordinator in Scheduling, ORS, will contact the student, the course instructors on record, the relevant departmental examination coordinators and Program Counselor by electronic mail. Instructors will be asked to schedule an alternate examination time within the examination period for the student. Program Counselors and Scheduling will provide support to the instructors in determining an appropriate time for the re-scheduled examination. Resolution of the conflict will take place before the end of the Add period for the semester.

Final Examination Timetables are made available for Fall Semester by mid-August, for Winter Semester by mid-December, and for Summer Semester by mid-April. Once Examination Timetables are published, students must ensure that they do not create examination conflicts for themselves when adding courses in subsequent Add periods. For further information, see Student's Responsibilities above. Other responsibilities of the Examinations Coordinator include:

1. Distributing the "Final Exam Request Form" from Scheduling, to Chairs/Directors or designate approximately six weeks prior to the semester to which it applies and specifying a due date.
2. Approximately 6 weeks prior to the start of final examinations, distributing to Chair/Director or designate a request for final examination room requirement information.
3. For Examinations held in the Athletic Centre shall be under the direction of the Office of Registrarial Services. The Examinations Coordinator or designate will act as Chief Invigilator for all Examinations held in the Athletic Centre and is responsible for the conduct of all such examinations.
4. In the event of a dispute over procedures during Final Examinations in the Athletic Centre, the Chief Invigilator shall have final authority.
5. The Chief Invigilator in the Athletic Centre is responsible for:
 - providing each instructor-in-charge with attendance cards
 - starting and ending examinations
 - assisting the instructor-in-charge to ensure that no student enters the examination room after the first 60 minutes or leaves during the first 60 minutes or the last 15 minutes of the examination period
 - preparing, distributing to Chairs/Directors and making available to instructors-in-charge in the Athletic Centre, a set of guidelines for the instructor-in-charge and invigilators which will assist them in carrying out their duties in the examination rooms

Policy on Student Access to Final Examination Materials

Final examination papers and final assignments are to be retained by faculty members for a period of one semester.

Printed or written materials directly related to examinations conducted in the final examination time period published in the Undergraduate Calendar, or related to final assignments shall be made available to a student, upon submission of a written request to the department chair. The request shall be submitted by the fifth class day of the next semester.

Printed or written materials to be made available include the examination question paper, the marking scheme keyed to desired responses to questions, where appropriate; the student's response to the examination questions; and records taken by examiners during oral or any other examination. Faculty members are encouraged to discuss openly with the student any questions raised. The department chair will make the necessary arrangements for student access to the material. When a large number of requests are received in connection with a specific course or when a faculty member is on leave it may be necessary for the department chair to delay access and make special arrangements, e.g., the posting of the marking scheme on a bulletin board, the scheduling of a special meeting at which the faculty member will review the examination, etc.

Exchange Programs

Exchange programs between the University of Guelph and other institutions are defined by the terms of formal exchange agreements. A copy of each agreement must be approved by the Associate Vice-President (Academic) and registered with the Associate Registrar, Enrolment Services.

Students participating in exchange programs pay full-time tuition fees at their home university, but select their courses at the university they will be visiting. The grades are recorded there and forwarded to the home institution at the end of the semester or academic year. Each institution participating in an exchange program designates a co-ordinator who will be responsible for arranging the details of the exchange. Students are advised not to leave on exchange without the written approval of the receiving university.

Students must pay their full-time fees and select their courses prior to leaving on exchange. "Exchange Program Course Selection Request" forms are available at the Centre for International Programs (C.I.P.) Office or from Enrolment Services, Office of Registrarial Services. Details on specific exchange programs can be found in Section V--International Study.

Courses taken on exchange will appear on the transcript as non-specific University of Guelph courses and will be graded using the Outstanding/Pass/Fail format. Grades will be determined by the Study Abroad Manager using an official transcript submitted by the host institution.

Informal exchange programs where a formal agreement does not exist must be conducted by means of a letter of permission and tuition fees will be paid to the receiving institution (refer to Section VI--Schedule of Fees).

Failed Courses

In general, a student who is eligible for continuation of study in the program but has failed to gain standing in one or more of the courses attempted will be required to repeat the course(s) or take an alternative credit. However, the University recognizes that there may be cases where it is unreasonable for the student to repeat the course to make up for the lost credit.

Therefore, the Academic Review Sub-Committee may, if appropriate and feasible, and only under special circumstances, allow a student the opportunity to gain credit for a failed course by granting a supplemental privilege. It is unlikely that any student with a final grade of less than 40% would meet the requirements of the granting of a supplemental privilege. The decision to grant the privilege will normally be made in consultation with the instructor and a review of the student's course performance during the semester. The student must submit a Request For Academic Consideration form to request a supplemental privilege.

The Academic Review Sub-Committees will consider granting a supplemental privilege in the following special circumstances:

1. the course is failed in the graduating semester (if a supplemental privilege is granted and successfully completed, convocation will most likely be deferred until the following semester);
2. the failed course is not available to the student within the following three semesters, or within a time period that includes the graduating semester;
3. the course is of such a nature that there is no permissible substitute or alternative available to the student within the following three semesters, or within a time period that includes the graduating semester; or
4. the course is a required two-semester course that cannot be taken and completed within the following three semesters, or within a time period that includes the graduating semester.

The original failing grade will remain on the student's academic record. A notation of "P" or "F" will be shown beside the original failing grade to show that a supplemental privilege was granted and whether the outcome resulted in credit (P) or not (F).

Multiple Failure Limitations

Students should note that some programs limit the number of times a student may repeat failed courses. A student may not be permitted to continue in his/her major and/or program should they fail the same course, or its equivalent, multiple times. Multiple failure limitations are noted in Program Requirements by Degree Program in Chapter X--Degree Programs.

Grades

Grading System

Two-semester courses constitute two course attempts and will appear as such on the student academic record. These courses are indivisible and the same grade will apply for each attempt. A refined grading system was approved by Senate on May 21, 1991 effective Spring 1992 as follows:

Grading System

Letter Grade	Percentage
A+	90-100
A	85-89
A-	80-84
B+	77-79
B	73-76
B-	70-72
C+	67-69
C	64-66
C-	60-62
D+	57-59
D	53-56
D-	50-52
F	0-49

Courses taken on exchange are graded using the Outstanding /Pass /Fail alternate grading system (refer to Exchanges, Section V--Special Study Opportunities; Exchanges). In addition, selected University of Guelph courses, approved by the Board of Undergraduate Studies, will use this alternate grading system.

Alternate Grading System

Alternate Grading System

Grade	Definition
OP	Outstanding (Pass)

Grade	Definition
P	Pass
F	Fail

Other Grade Notations

Other Grade Notations

Grade	Definition
AUD	Audit
CRD	Credit
DEF	Deferred Privilege
INC	Incomplete
INP	In Progress
MNR	Mark Not Received
WF	Withdrawn with Failure
XXF	Supplemental Privilege Failed (XX denotes the original failing grade)
XXP	Supplemental Privilege Passed (XX denotes the original failing grade)

Grading Procedures

Feedback to students on work completed or in progress is an integral part of teaching and learning in that it allows students to measure their understanding of material and their progress on learning objectives. Feedback often goes beyond grading-an indication of the standard achieved-to include comments on the particular strengths and weaknesses of a student's performance. While the nature and frequency of such feedback will vary with the course, the University of Guelph is committed to providing students with appropriate and timely feedback on their work. Instructors must provide meaningful and constructive feedback prior to the 40th class day. This may include but is not exclusive to returning papers, assignments, in-class or laboratory quizzes, laboratory reports, or mid-term examinations prior to the 40th class day. In research and independent study courses, instructors must provide students with a realistic idea of their performance by discussing progress directly with the student and, if necessary, identify specific areas for improvement. This may include the assessment of a research plan, literature review, annotated bibliography, oral presentation or other assessment tools.

Resolution 1

That the assignment of grades at the University of Guelph be based on clearly defined standards, which are to be published in the Undergraduate Calendar for the benefit of faculty and students and that the definitions for each of the numerical grade range (letter grades) be as follows:

80 - 100 (A) Excellent. An outstanding performance in which the student demonstrates a superior grasp of the subject matter, and an ability to go beyond the given material in a critical and constructive manner. The student demonstrates a high degree of creative and/or logical thinking, a superior ability to organize, to analyze, and to integrate ideas, and a thorough familiarity with the appropriate literature and techniques.

70 - 79 (B) Good. A more than adequate performance in which the student demonstrates a thorough grasp of the subject matter, and an ability to organize and examine the material in a critical and constructive manner. The student demonstrates a good understanding of the relevant issues and a familiarity with the appropriate literature and techniques.

60 - 69 (C) Acceptable. An adequate performance in which the student demonstrates a generally adequate grasp of the subject matter and a moderate ability to examine the material in a critical and constructive manner. The student displays an adequate understanding of the relevant issues, and a general familiarity with the appropriate literature and techniques.

50 - 59 (D) Minimally Acceptable. A barely adequate performance in which the student demonstrates a familiarity with the subject matter, but whose attempts to examine the material in a critical and constructive manner are only partially successful. The student displays some understanding of the relevant issues, and some familiarity with the appropriate literature and techniques.

0 - 49 (F) Fail. An inadequate performance.

Resolution 2

That instructors must use evaluation criteria which measure quality of performance and not merely activity. Unannounced evaluations or surprise assessments may not be used for course assessment purposes or to determine course grades.

Resolution 3

That instructors are not to use predetermined, arbitrary distributions in the assignment of grades in individual courses.

Resolution 4

Part A

That, by the start of the course selection period for the semester in which the course will be offered, instructors will provide a course description for posting to the department web site. This course description shall include a brief summary of the course topics and requirements, the general format of the course, and the methods of evaluation.

Part B

That, by the first class meeting of the course (by the end of the first week of classes for distance education courses), the instructor must provide students with a written course outline. The course outline may be distributed either a) in class or b) electronically via the official course website on CourseLink and must include a detailed description of course requirements, the methods of evaluation, and the timing of the evaluations.

Resolution 5

That the methods and/or timing of evaluation as indicated on the course outline should not be changed after the first class meeting except under strictly adhered to conditions. Notice of proposed change and of the class at which consent is to be sought, must be given at a previously scheduled class. Where the change is supported by the instructor and is consistent with University policies and procedures such change may be enacted with the unanimous consent of students. If unanimous consent of the students has not been obtained, the change may be enacted only with the approval of the chair of the department and only if alternative and equitable accommodation is available to students opposed to the change.

Resolution 6

That all term tests, assignments, laboratory reports, etc., should be returned to, or discussed with students, without undue delay and in any case before the last day of the examination period. If the material is necessary for the preparation of the final examination, it must be returned or discussed as soon as possible and in any case no later than three days before the examination.

Resolution 7

It is recognized that multiple sections of the same course may differ in terms of texts and other academic resource materials, teaching methods and formats, and evaluation procedures used. However, the department is responsible for ensuring that the different sections are achieving common learning objectives with a common set of academic standards and expectations. The department chair is responsible for ensuring the consistency of final grade distribution across sections over time. Where a course has more than one section writing a final examination, the examination date and time will be the same for all sections.

Department also refers to schools and to colleges (where multiple section courses are offered by, or coordinated by the Office of a College Dean).

Resolution 8

That each department must keep under continual review its grading procedures and matters that relate to academic standards to make sure the University's policies are being applied.

Resolution 9

That normally all courses at the 1000 and 2000 levels shall have final examinations and that exceptions require the approval of the Chair of the Department.

The Board of Undergraduate Studies has by formal resolution undertaken to do as follows:

- to specify clearly the administrative responsibility of chairs with respect to the methods of evaluation, the setting of examinations and the determining of grades in courses in their departments.
- to review the effects of the pass by course system on the academic standards of the University.
- to request each program to review its overall academic standards and, in particular, its requirements for graduation.
- to examine whether the prerequisites at the secondary school level required for admission to the University of Guelph are adequate.
- from time to time, to review and monitor the academic standards across the University to ensure that there is consistency and that the regulations of the University are being adhered to.

Resolution 10

Senate resolved on June 21, 1977 that in determining grades for written assignments the instructor should take into consideration the student's ability to use correctly and effectively the language appropriate to the assignment.

Resolution 11

Senate resolved on March 21, 1978 that the chair should review, prior to the commencement of classes, the manner in which a faculty member intends to conduct a course and to determine final grades. If the chair disagrees with the faculty member's intention or subsequently with the implementation of the stated intentions, the chair will discuss his/her concerns with the faculty member. If agreement cannot be reached, the matter will be referred to an appropriate department committee which will advise the chair in reaching his/her decision. The advice may include a recommendation on examination procedures.

Submission of Final Grades

General Information

Enrolment Services, Office of Registrarial Services, distributes the "Grades Due Report" forms to the departments one week prior to the examinations period for the semester. The "Grades Due Report" specifies the deadline date for submission of grades to Enrolment Services, Office of Registrarial Services.

Instructor's Responsibilities

The instructor (department) is to retain all final examination papers and term assessments not returned to students for a period of one semester. The "Grades Due Report" form distributed by Enrolment Services, Office of Registrarial Services, will carry the due date for grades for each course section. The due dates are established in accordance with the regulations of the Senate.

Grades must be submitted to Enrolment Services by the deadline stated on the "Grades Due Report". The early submission of grades will assist in their processing. Grades that are not received prior to the release of student grades are reported as "MNR" (mark not received).

Class lists are updated regularly on the Class List Web-site for departmental download. Lists downloaded from the Class List Web-site list all officially registered students in a class. The department must explain any changes to the list, e.g., in the case of:

1. A student whose name is not on the list, but who has been attending class.
2. A student whose name appears on the list, but for whom the instructor has no record.

Instructors must not grant an extension of time to any student beyond the final date for submission of grades for that course. Instructors must report students who do not satisfy course requirements by assigning a grade of "INC" and noting incomplete work on an "Instructor's Recommendation" form.

Instructor's Recommendation Form

Instructors should only submit grades for students who have completed their final work for a course. **If a student does not complete a final examination or final assignment, the instructor must enter "INC" (incomplete) on the "Grade Report" form and complete an "Instructor's Recommendation" form for the student.** The "Instructor's Recommendation" form is available from the chair of the department. Departments must submit the "Instructor's Recommendation" form(s) along with the "Grade Report" form to Enrolment Services, Office of Registrarial Services. The Academic Review Sub-Committee will contact the faculty and/or department chairs at the time of meetings if this procedure is not followed. The instructor's recommendations assist the members of the Academic Review Sub-Committee in making their decision. The instructor must complete all sections of the form for each student reported.

Student's Responsibilities

Students must have all final assignments completed and submitted to instructors by the deadline dates indicated in the course outline. Instructors cannot grant extensions beyond the deadline for submission of grades. Students who are unable to satisfy the submission deadlines established by the instructor and who wish special consideration for medical, psychological or compassionate reasons should request academic consideration (refer to Academic Consideration and Appeals).

Department Chair's Responsibilities

The chair of the department signs student grades in the designated area on the "Grade Report" form. The department chair's signature indicates that he/she believes that the grades for that course adhere to the academic regulations of Senate.

If the chair has reason to believe that the academic regulations of Senate have not been adhered to, he/she will consult with the faculty member and, if necessary, the college dean. If the chair, after such consultation, still believes that the academic regulations of Senate have not been adhered to, he/she must submit the grades without approval through the college dean to the Provost and Vice-President (Academic). The grades must be accompanied by a complete report. The Provost and Vice-President (Academic) will act to ensure that the academic regulations of Senate are adhered to.

The department chair should be available for consultation during the meetings of the Academic Review Sub-Committees.

The Board of Undergraduate Studies strongly encourages each chair, at his/her discretion, to conduct a periodic review of the methods of assessment, class averages, distribution of grades and failure rates in courses offered by that department to ensure that grade abuse does not occur (refer to Final Grades).

Program Counsellor's Responsibilities

The program counsellor reviews the list of "INC" (incomplete) courses, matching medical documentation, requests for academic consideration, and counselling files (refer to Deferred Privileges). The program counsellor in conjunction with the Academic Review Sub-Committee assigns deferred privileges where appropriate and forwards decisions to Enrolment Services, Office of Registrarial Services.

Registrar's Responsibilities

Enrolment Services records the examination results; notifies students of their grades via WebAdvisor; notifies program counsellors of incomplete grades; and records deferred privilege decisions (refer to Deferred Privileges).

Release of Final Grades

University grades are official on the day that they are issued to students. It is the responsibility of the Office of Registrarial Services to release the grades to the student and to record the grades on the student's official University transcript.

All grades are available through WebAdvisor. Students who require an official copy of their grade report can request an official transcript upon payment of the transcript fee.

Grades for students who have been advised by Student Financial Services, Office of Registrarial Services, that they are on academic sanction will not be released by Enrolment Services until notification/authorization is received indicating that the account has been cleared to the satisfaction of Student Financial Services. To receive grades, students must clear their sanction by the last day of classes.

Students who are required to withdraw will be notified at their mailing address.

Summer Session grades are released approximately two weeks after the conclusion of examinations. The grades and the continuation of study status are considered to be unofficial until the end of the Summer Semester.

Grade Reassessment

Grade re-assessment is the process of reviewing the calculation of grades, or the methods and criteria used to establish final grades for a student in a course or misapplication of an academic regulation. The outcome of a grade re-assessment may be a grade increase, a grade decrease, or no change to the grade. The detection of errors or omissions in the calculation of final grades will result in the assignment of a revised grade. Students normally initiate grade re-assessments, but instructors may initiate this process. However, instructors must **NOT** use the grade re-assessment process to:

- grant extensions for submission of work beyond course grade submission deadline (see Academic Consideration, Appeals and Petitions)
- change the student's continuation of study status
- improve the student's program or specialization average
- submit late grades (see Final Grades)

Calculation Errors or Omissions

Students who believe there have been errors or omissions in the calculation of their final grade for a course may request a grade reassessment. They must submit a request in writing to the chair of the department offering the course no later than the 10th class day of the subsequent semester. The request must pertain to work completed during the semester. Students must also submit relevant assignments or tests that have been returned to them. The chair shall forward the student's request to the instructor and the instructor shall respond to the chair within five class days. The instructor has the responsibility of ensuring that the calculation and totalling of marks is accurate. The instructor must reply to the chair, in writing, giving assurance that the review is complete.

Where there is a change in the grade, the chair signs the "Grade Reassessment" form and forwards it to Enrolment Services, Office of Registrarial Services. The Office of Registrarial Services will advise the student in writing of the change of grade. If there is no change to the grade, it is the chair's responsibility to inform the student in writing.

Methods or Criteria Used in Establishing Final Grades

The course outline distributed to the class at the beginning of the semester defines the methods and criteria used in establishing final grades for a course. The methods and criteria must conform to the grading procedures established by Senate and be continually reviewed by the department (see Final Grades).

Students who believe that the methods or criteria used by an instructor in determining a final grade have been unfair, unreasonable or inconsistent with the course outline, should request the chair of the department offering the course to review the methods or criteria used. They should submit the request in writing by the 10th class day of the subsequent semester and should state the reasons for the request.

The chair shall make an effort to resolve the matter to the satisfaction of both parties as soon as possible. Both the instructor and the chair are free to discuss the student's work with the student or another instructor in the department, but are not obliged to do so.

If both parties are able to come to an agreement, the chair shall prepare a statement of the agreement to be signed by both parties. If the agreement results in a change to the grade of the student, the chair shall inform Enrolment Services, Office of Registrarial Services.

If at any time the chair decides that he/she cannot resolve the matter informally, he/she will terminate all efforts at reconciliation and notify both the student and the instructor of this decision. The chair will advise the student to make an appeal to the Senate Committee on Student Petitions. The student must appeal to the committee within 10 days of being advised of the termination of the chair's efforts.

Misapplication of an Academic Regulation or Procedure

Academic regulations and procedures pertaining to grades can be found in the subsection of the "Grades" section entitled "Grading Procedures". Students who believe that the misapplication of an academic regulation or procedure has affected their final grade in a course should discuss their concern with the instructor. If the concern is not resolved to their satisfaction they may submit a complaint in writing to the chair of the department offering the course.

If the chair has reason to believe that the instructor has not adhered to the grading procedures established by Senate (see Final Grades) or other academic regulations of Senate, the chair should consult with the faculty member and, if necessary, the college dean. Ultimately, the Provost and Vice President (Academic) may have to take the necessary action to ensure compliance with the academic regulations of Senate.

Graduate Courses

Graduate courses taken by undergraduate students will not normally be credited to a graduate program at the University of Guelph.

If the graduate course is used for credit toward any undergraduate program requirement, it cannot be considered subsequently for credit toward a graduate degree at the University.

Undergraduate courses taken while registered in the Faculty of Graduate Studies cannot be used toward a baccalaureate degree program.

Graduation

A. Baccalaureate Programs

A student normally must be registered as a degree student in the program for the degree being awarded. However, a student registered in an honours program may apply to graduate from a general program in the same degree or a different degree, provided that all of the conditions for graduation for that degree have been satisfied using the calendar that is in effect at the time of application. A student with a non-degree program type is not considered for graduation; however, the student should check with his/her program counsellor for information.

Up to 50% of the requirements for a degree-credit certificate can be applied towards a degree program specialization in order to hold both a degree with a specialization and a specialized certificate.

1. Program and Calendar Requirements

The conditions for graduation are regulated by the degree programs. Program specific conditions for graduation are outlined in Section X--Undergraduate Degree Programs. Students must satisfy the schedule of studies requirements for the calendar (http://www.uoguelph.ca/undergrad_calendar/) in effect at the time of their last admission to the program or at the time of any subsequent change in majors or areas of concentration. Where students select minors or areas of emphasis, the calendar used to determine the schedule of studies is the same as the calendar used for the major. Changes in minors or areas of emphasis do not necessarily affect the calendar used to determine the schedule of studies. Students may declare a schedule of studies from an alternate calendar if program approval is obtained.

Students who are on suspension for academic misconduct will not be permitted to graduate during the period of the suspension.

2. Academic Residence Requirements

- i. At least 5.00 of the credits required for graduation by the student's program must be taken at the University of Guelph.
- ii. At least 60% of the 3000 and 4000 level courses required for graduation must be taken at the University of Guelph.

University of Guelph courses include courses taken on exchange and on study abroad programs, and Open Learning program courses (degree credit weight). Letter of permission courses are not included.

3. Honours Equivalent

Students from the University of Guelph or another university may upgrade a degree from the general program to the honours program to obtain an Honours Equivalent recognition. Students may also upgrade a degree from the honours program by the completion of an additional specialization to qualify for the Honours Equivalent recognition. These students must be readmitted to an honours equivalent program. All previous University of Guelph credits are eligible for consideration toward the equivalent degree from the honours program.

To be granted an Honours Equivalent, students must satisfy the University of Guelph residence requirements. In addition, students must satisfy the conditions for graduation for the specified honours program using the calendar that is in effect at the time of admission into the honours equivalent program. Normally, all degree program regulations will apply to the Honours Equivalent specialization.

The students who are granted the Honours Equivalent designation do not participate in a convocation program, but have the designation shown on their transcript and may receive a new degree parchment upon application, subject to surrender of the original degree parchment and payment of the appropriate fee. Note, parchment replacement applies to Guelph graduates only.

4. Second Degrees

Students from the University of Guelph or from another university may graduate with a second undergraduate degree from the University of Guelph, under the following conditions:

- a. Students who have graduated with their first degree must apply to the University of Guelph for admission to the second degree program. A maximum of 10.00 credits may be transferred from the initial degree program.

- b. In-course University of Guelph students may apply to graduate with two degrees at the same convocation. A maximum of 10.00 credits may be transferred from the declared program to the undeclared program.

In a) and b), the course content of the second degree program must be substantially different from that of the first. A second degree is judged to be substantially different if:

- The specializations are in different subject areas as listed in Section XII--Course Descriptions; or
- The schedule of studies requirements are substantially different (no more than 25% overlap). This rule is also applicable to different subject areas within the same degree program, allowing, for example, a second B.A. or B.Sc. degree to be awarded as long as the criteria are met.

B. Certificate and Diploma Programs

To be granted a Certificate or Diploma, the conditions outlined in Section XI--Certificates and Diplomas must be satisfied using the calendar that is in effect at the time of admission to the General Studies program or the Non-Degree category, or at the time of declaration of the Certificate or Diploma. Students who are granted a Certificate or Diploma do not convocate, but have the designation shown on their transcript.

C. Procedures

Student's Responsibilities

A student must submit a formal application in order to be considered as a candidate for a degree or diploma at a specific convocation. There are three convocation periods throughout the year-- early October, mid-February, and early June. An application for graduation must be submitted by the student no later than the deadline for the specific convocation period as specified in Section III--Schedule of Dates.. Late applications will be accepted with the submission of a late fee (refer to Section VI--Schedule of Fees).

Following submission of the application to graduate, the student will receive confirmation of the application, along with information on subsequent procedures. An additional late fee will be assessed in those cases where changes are requested by the student after the deadline date as this will affect the printing of the degree/diploma parchment.

Although the Office of Registrarial Services will attempt to send an e-mail to every potential graduate inviting them to apply to graduate via WebAdvisor for Students (My Application for Graduation), it is the student's responsibility to ensure that they submit their application for graduation by the published deadline dates in Section III - Schedule of Dates. Specific applications details are as follows:

Application for a Certificate or Diploma

A student who is registered in the General Studies program or the non-degree program and who expects to complete the requirements as set down in Section XI of the calendar for one of the certificate or diploma programs, should contact the Centre for Open Learning and Educational Support.

Application for Graduation from Degree Programs

An e-mail inviting students to apply to graduate via Web-Advisor for students (My Application for Graduation) will be sent to each student registered in a general degree program when his/her completed plus inprogress credits equal 15.00 credits or more; and to students registered in an honours degree program when their completed plus inprogress credits equal 20.00 credits or more. All other students with an active academic program who wish to apply to graduate may access 'My Application for Graduation' on WebAdvisor for Students.

Students who are not currently active students must submit a hard-copy Application for Graduation form, accompanied by the appropriate fee. This application form and instructions for the completion of the application are available at <http://www.uoguelph.ca/regweb/publications/index.shtml>.

It is the responsibility of the student to submit the completed form prior to the published deadline date.

Application for Honours Equivalent

A student who is registered in an honours equivalent program who expects to complete the requirements as set down in the calendar for one of the honours programs, should submit an "Application for Completion of Honours Equivalent" form available from the Convocation Coordinator, Enrolment Services, Office of Registrarial Services. The same deadlines for applications to graduate apply to the applications for honours equivalent.

Chair's Responsibilities

The department chair receives both the Academic Evaluations for all students who have applied for a degree with a specialization administered by that department and a listing of those students. The department chair (or designate) must review these records to determine if each student has satisfied:

1. general University requirements,
2. overall program requirements and
3. specialization requirements.

Each check is to be reported on the form supplied, and the form is to be forwarded to the program counsellor by the date specified on the accompanying memorandum. If an applicant satisfies the requirements for the degree, or diploma sought, Registrarial Services will report the name of the student to the Assistant Vice-President (IRP) & Registrar. If an applicant fails to satisfy any requirement(s), Registrarial Services will inform the student of that decision.

Registrar's Responsibilities

Enrolment Services, Office of Registrarial Services initiates an "Application for Graduation" process for the appropriate group of regular and special students.

Enrolment Services processes those applications received prior to the deadline and forwards a confirmation of both the receipt of the application and the information supplied by the student and advises students of the date and time of the convocation ceremonies.

Enrolment Services forwards Academic Evaluation and check sheets to department chairs to obtain decisions on eligibility of the applicants. Enrolment Services informs students not approved by the departments of the rejection and the reasons for it.

The Convocation Coordinator will present a list of all recommended graduands to the Assistant Vice-President (IRP) & Registrar for approval.

D. Standing on Graduation

Standing on graduation is noted on the transcript for graduates as follows:

Degree with Distinction - Cumulative average of 80% or higher.

Degree with Honours - Cumulative average of 70-79%.

Degree with Standing - Cumulative average of less than 70%.

Standing is only based on the internal University of Guelph academic record. For the DVM Program standing on graduation is based on the average of the marks received for those courses completed after admission to the program.

E. Notation on Transcript

Official transcripts from the University of Guelph will not show that a degree has been conferred until after the convocation.

Letters of Confirmation of Enrolment

A student who requires a letter confirming attendance at the University in a given semester should make this request to Enrolment Services, Office of Registrarial Services.

Letters of Confirmation of Graduation

A students who requires a letter confirming graduation from the University should make this request to the Convocation Clerk, Enrolment Services, Office of Registrarial Services.

Letters of Permission

A student at the University of Guelph who wishes to enrol in a course for credit at another institution and have that course considered as a credit toward a University of Guelph degree, must complete a "Request for Letter of Permission" form, available from the program counsellor, and obtain the appropriate approvals as indicated on the request form, prior to applying for admission to the other institution.

Credit for successful completion of such courses will be granted at the University of Guelph if a letter of permission has been presented to the Office of Registrarial Services prior to the student's enrolment at the other institution. A student taking a course on a letter of permission is responsible for ensuring that the other institution forwards the official transcripts directly to Enrolment Services, Office of Registrarial Services. If the transcript for the course taken on a letter of permission is not received by the 20th class day of the semester following completion of the course, a grade of "F" will be entered on the student's internal academic record.

Students are required to complete the courses specified on the "Letter of Permission" during the semester(s) specified on the "Letter of Permission". If the student registers in additional semesters or courses that are not approved by the University of Guelph, the student must apply for readmission.

Withdrawals or non-registration in courses taken on a letter of permission must be verified by official documentation from the other institution. Any changes in the courses taken must have the appropriate approvals from the University of Guelph.

All courses for which letters of permission have been granted, will be included in all internal academic records, but not in the official transcript of the University of Guelph. These courses will not count as course attempts under the continuation of study regulations. Courses taken on a Letter of Permission will not count in the semester average or the overall academic average.

Students do not normally qualify for a letter of permission in the final semester of their degree program.

Caution: *when selecting courses to take on Letter of Permission you should be aware that you may not be able to get into the courses selected. For instance, courses may be full, may have been removed from the schedule, or may conflict with other courses. For this reason, you are encouraged to select more courses than needed but indicate clearly on the Request for Letter of Permission form the number of courses that will be taken. If you need to take a course not listed on the form, you should make every effort to contact your program counsellor in advance of registering in another course in order to obtain approval for the equivalent credit. Departments reserve the right to deny credit equivalency to a course taken without prior approval.*

Priority Access Courses

In cases where enrolment demand habitually exceeds course capacity and there is demonstrated need to restrict access to a particular cohort of students on a priority basis, departments may request the implementation of course restriction rules to ensure priority access to the appropriate student group(s) during the course selection process. The system will provide a message at the time of course selection for students who do not meet the enrolment criteria. In special cases the department may override the restriction by authorizing entry to the course with a signature on a "Course Waiver Request" form using the "Course Restriction Waiver" box.

Departmental requests for course restriction rules must be directed to the Co-ordinator of Undergraduate Curriculum who will determine if the request is acceptable and will then work with the department or school to develop the appropriate enrolment criteria and confirm that the restriction can be monitored. In general, course restrictions should be clearly defined in the calendar course listings so that students are advised in advance of the intended audience for the course.

New restrictions or changes to existing restrictions must be approved **prior to the course selection period in which they are to be implemented.**

Prior Learning Assessment

Prior Learning Assessment (P.L.A.) is a mechanism whereby students who have acquired substantial experience in a non-traditional environment have an opportunity to challenge whether such learning is equivalent to a course(s) offered at the University. Note: P.L.A. will only be available to a student if sufficient evidence is provided that the course material was acquired outside a degree program at a University. A request to challenge a course that has already been attempted at university will not normally be granted.

P.L.A. is not open to students who simply wish to challenge a course. Students will be required to sign a contract stating that the learning occurred other than in a university course. Not all courses are appropriate for challenge. Each department has the responsibility of determining which of its courses may be subject to a P.L.A. challenge. The challenge process could include one or more assessment methods, including standardized tests, written and/or oral examinations, performance evaluations, interviews, and portfolio assessment. All these assessments require that the individual demonstrate, to a qualified faculty member(s), that pre-determined knowledge and skills have been acquired.

The maximum number of credits a student can challenge is 5.00 for degree programs, or 30% of the certificate requirement for open learners. Credits acquired through P.L.A. will be assigned credit status (CRD) and will be on the official transcript.

Students wishing to challenge a course(s) should contact Enrolment Services to obtain an application form. A request must include a clear statement as to the course(s) the student wishes to challenge, an explanation of how the knowledge necessary for the course was gained, and any relevant supporting documentation to validate the claim. Requests will be forwarded to the appropriate department(s) for evaluation. Upon receipt of the response from all the departments concerned, Enrolment Services will inform the student which, if any, courses have been approved for challenge.

If a challenge has been granted, the department will determine the nature of the assessment and the deadline by which time the work must be complete. It is the student's responsibility to contact the department with respect to the details of the assessment within three weeks of being informed by Enrolment Services of being granted the privilege. Upon completion of the assigned task(s), the department will inform the Office of Registrarial Services as to the student's success or failure of the challenge.

Those students (a) whose application for a challenge is reviewed by the faculty members of the department concerned, and who are subsequently denied the opportunity to challenge, or (b) who fail a challenge examination, may appeal the decision first to the chair of the department, and subsequently, if necessary, to the dean of the college.

Chapter VI Schedule of Fees - outlines the applicable fees for Prior Learning Assessment.

Readmission

Previously registered students must apply to Admission Services for readmission under any of the following conditions:

1. If they were required to withdraw from their program for a period of two or more semesters.
2. If they were suspended from the University for academic misconduct.
3. If they have graduated from this University and wish to register in order to take additional courses.
4. If they registered in a program at another post-secondary institution and wish to return to the University of Guelph.

5. If they have not registered at the University of Guelph for six or more consecutive semesters.
6. If they are attending the University of Guelph on a letter of permission and wish to continue past the term of the letter of permission agreement.

Readmission to a program at the University of Guelph is not automatic. Students who are required to withdraw must apply for readmission to the University after completing the minimum two semesters of rustication. Students should consult Section IV - Admission Information regarding appropriate admission requirements and deadline dates. Applications for readmission should include a statement which outlines the basis for readmission. Criteria used for readmission may differ by academic program. Students considering readmission should consult with the appropriate program counsellor regarding procedures and criteria for readmission to that program.

Students requiring readmission must apply to Admission Services, Office of Registrarial Services, University Centre, Level 3. Applications for readmission must be submitted by the deadline date established for each semester (see Section III--Schedule of Dates). An application fee is payable at the time the application is submitted (see Section VI--Schedule of Fees).

On December 19, 1995, the University Senate approved the following policy for the granting of credit while on rustication:

1. Students who have been required to withdraw, and who take university credit courses during their rustication period, will be eligible for up to 1.00 credit provided they meet the criteria for readmission and the criteria for the transfer of credit. Students registered for courses through the Open Learning Program, are not permitted to attend courses on campus.
2. Students who take university courses after the two-semester rustication period may transfer all these credits provided the student meets the criteria for readmission and the criteria for the transfer of credit.
3. Students who have been suspended for academic misconduct will not receive any credit for courses taken during the suspension period.

Note: This policy applies to any university credit course taken during the rustication period.

Registration

A student is considered as registered for a particular semester only when courses to be attempted for that semester have been reported to the Registrar no later than the end of the add period and financial arrangements, satisfactory to Student Financial Services, have been made for the associated tuition and other fees. Coincident with the registration process, students may complete other business arrangements with the University such as reporting of address information, residence payments, meal card contracts, parking permits, and receipt of identification cards. The University reserves the right to disallow registration until all deferred privileges are complete and the student's final standing is calculated.

In-Course Students

All in-course students must complete the registration procedures prior to the deadline dates as published in Section III--Schedule of Dates..

While advance billings will be available on WebAdvisor, to students who have indicated an intention to register in a particular semester, it is the responsibility of all in-course and returning students to ensure that satisfactory arrangements are made with Student Financial Services prior to the deadline. Students who have not received the advance billing should contact Student Financial Services in order to make payment. Arrangements for registration after the deadline date will be assessed an additional late registration fee.

Students who are readmitted will be advised of registration procedures. Questions should be directed to Enrolment Services, Office of Registrarial Services.

Note: In-course students who complete the registration procedures are advised that this registration is conditional on their eligibility for continuation of study into that semester. A student who is required to withdraw will not be allowed to attend classes, the registration will be cancelled and an appropriate adjustment automatically will be applied to the student's account (see also--Withdrawal). The University reserves the right to disallow registration until all deferred privileges are complete and the student's final standing is calculated.

The procedure is as follows:

1. Approximately 2-3 weeks before the deadline, a billing statement is available on WebAdvisor, to students who have selected courses.
2. Students must make payment to Student Financial Services by the deadline. Payments received after the deadline will be assessed a late registration fee.

General System In-course Students (Fees)

The registration procedure is conducted through WebAdvisor. The registration procedure will allow all in course students to complete their financial arrangements with Student Financial Services before the upcoming semester. The billing form will reflect the course selection data, also your accommodation and meal plan status if available, and is to be returned with suitable arrangement to Student Financial Services. The deadline for payment is indicated in Section III--Schedule of Dates., of this calendar. Failure to meet the deadlines will result in an additional fee adjustment. Mailings by the University will be made to the University email account, the on-campus P.O. Box, and/or the mailing/home address per the University's student address policy.

Registration is conditional on being eligible to continue in your program of study. Students who are required to withdraw will not be allowed to attend classes as their registration will be cancelled immediately and a full refund of fees will be made as soon as possible. **Students required to withdraw who subsequently are re-admitted or who transfer to another program or who become eligible to proceed through appeal must report to Enrolment Services, Office of Registrarial Services to have their registration status confirmed and add their courses.**

Registration may be completed by one of the following methods:

- On receipt of payment. **DO NOT SEND CASH IN THE MAIL**
- An approved "Staff Registration and Tuition Waiver Request" form (for qualified full-time University employees only).

PAYMENTS RECEIVED THROUGH THE MAIL MUST BE POST-MARKED ON THE DEADLINE DATE OR EARLIER TO AVOID THE ASSESSMENT OF A LATE REGISTRATION FEE.

Parking Payments

Students wishing to pay for a parking permit are asked to include the appropriate payment in accordance with the schedule in Section VI--Schedule of Fees with their total payment submission. Students who comply with this procedure will receive their parking decals in the mail prior to the commencement of classes.

Changes to Preprinted Calculations

Students who have changed their mind concerning the number of credits they wish to take are advised to write the correct amount on the billing form. Please refer to the fee schedule included with your billing form.

Changes to residences calculation, including meal plans, must be cleared through the Student Housing Services or Hospitality Services.

Cancellation/Withdrawal Procedure

If you have paid and wish to cancel your registration before classes begin please call Enrolment Services, Office of Registrarial Services and a full refund will be arranged. Students are advised that there is a withdrawal procedure as of the first day of classes (see Withdrawal).

Once the payment has been submitted, **please do not put a stop payment on your cheque.** This does not constitute cancellation and will only result in a cheque refusal fine being charged.

Hospitality Services, OSAP, Parking

Each of these departments have information which will be distributed to students for the semester in question under separate cover, e.g. location for picking up meal cards, location to pick up OSAP grant/loan cheques, procedure to use for payment of parking decals.

Return Mail Box Locations (Internal Mail)

The University has on-campus mail boxes which may be used to return registration payments. All mail is picked up daily and is post-marked by Mail Services.

Late Registration

Students who do not register by the time designated as the registration deadline for the semester in question are subject to additional fee adjustments. Exceptions will only be made for acceptable reasons with documented evidence. **The fee schedule for late registration is published in Section VI--Schedule of Fees.** A student will not normally be allowed to register after the end of the Add period. Appeals against the additional fee adjustments must be made in writing to the Secretary of the Appeals Committee, by contacting the Enrolment Services, Office of Registrarial Services within 10 class days of the commencement of classes. Appeal forms are available from Enrolment Services.

Department Chair's and Dean's Responsibilities (New Student Registration Only)

In the event that new students will be delayed for registration because of University sponsored trips or courses the department chair concerned should forward a list of participating students to the dean/director of the college/school for approval. The approval list should then be forwarded to the Associate Registrar, Enrolment Services, and specific procedures for late registration will be arranged.

Research Projects

The University of Guelph is committed to providing undergraduate/ associate diploma students with opportunities to engage in original research projects, including the opportunity to engage in independent study options, conducted under the supervision of a faculty member and involving the student pursuing original research. These projects might take a range of forms, as appropriate to the student's course of study. A student wishing to pursue an independent research project should consult with the academic advisor for the program or the coordinator of the course in which the project will be undertaken. The advisor/coordinator can provide guidance about undertaking these projects including regulations concerning independent research projects specific to the program and/or department/ college.

Members of faculty who undertake the supervision of independent research projects assume the responsibility of ensuring that the project complies with regulations, policies and procedures. The successful completion of an independent research project often depends on significant preparation in advance, involving collaboration and agreement between the student and their supervisor. This includes establishing a description of the project, and a scheme of grading, as well as deadlines for the submission of work. A student should plan their project a least a semester before the formal undertaking of the project.

Further, the instructor and student should ensure that if the project involves the human participants, or the use of live animals, the project has appropriate approval from the Research Ethics Board (<http://www.uoguelph.ca/research/humanParticipants/>), or the Animal Care Committee (<http://www.uoguelph.ca/research/acs/>), as appropriate. The preparation of the documentation required for approval by the Research Ethics Board or the Animal Care Committee takes several weeks. In accordance with the Canadian Council on Animal Care, anyone who is handling animals for purposes of teaching or research must have appropriate training which is provided by the University of Guelph.

When a project involves risk—including handling dangerous materials—the supervisor (and student, as appropriate) should consult with Occupational Health and Safety to ensure compliance with standards of health and safety.

A student whose independent research project involves international travel must consult with the staff in the Centre for International Programs (<http://www.uoguelph.ca/CIP>) to ensure that they have completed the University's mandatory pre-departure orientation in order to be prepared appropriately to travel outside Canada.

Schedule of Studies

If students have not done so upon entering a degree program, they must declare a major by entry into semester 3 of their degree program. The University monitors the student's progress toward a degree using both the degree program requirements and the schedule of studies requirements. Students must satisfy the requirements in effect at the time of the initial declaration of a schedule of studies or at the time of any subsequent change in declarations. When degree program requirements or schedules of studies are altered by the University, a student may elect to satisfy the requirements in effect when the student entered the degree program, or its equivalent, or a subsequent schedule within a degree program. Students wishing to alter the schedule used to monitor their progress should seek assistance from a program counsellor (refer to Section VII - Academic Advising).

Scheduling

Undergraduate Course Timetable

The scheduling of all undergraduate courses is the responsibility of Scheduling Services, ORS.

The scheduling cycle for each Fall and Winter semester commences approximately one year in advance. Course scheduling request data is due in Scheduling by the specific dates to be established in Scheduling each year. The official timetable for each semester is published on WebAdvisor two weeks prior to the commencement of the initial Course Selection period for that semester (for Summer and Fall in mid-February, for Winter in mid-September.)

All courses are scheduled according to the Senate approved slot system which allows for 3 x 1 hour slots meeting at the same time on Monday, Wednesday and Friday, 2 x 1.5 hour slots meeting at the same time on Tuesday and Thursday and 3-hour evening slots M-F. This basic grid is overlaid with 1x 3 hour slots and slots for other approved class formats (e.g. 1 x 4 hr) in such a way as to minimize course conflicts and maximize efficient use of teaching space. Courses may also be published with time "TBA". In these cases it is the responsibility of the department/school to communicate first meeting information to registered students prior to the commencement of classes. **Prior to the commencement of classes, regular class meeting times may not be assigned to classes published as "TBA".** If a department/school wishes to assign times for regular class meetings after the commencement of classes, registered and (within the Add period) interested students must be consulted. The times selected for regular class meetings must be unanimously supported by students in a secret ballot, and comply with all scheduling regulations.

The University scheduling day runs from 0830-1730 and 1900-2200; Senate has approved the 1730-1900 "University Time" as a period which shall normally be free of all regular class meetings, labs, and seminars.

Chair/Director's Responsibilities

The Chair/Director or the designated Department/School Timetable Coordinator is responsible for the following:

1. Submitting to Scheduling Services, no later than the established deadline, and as per Scheduling instructions, complete requests for courses to be offered in the subsequent academic year.
2. Acting as liaison between instructors and Scheduling on all aspects of scheduling, including collecting information relevant to course scheduling from instructors, submitting it appropriately.
3. Ensuring all courses are offered in the semester and format indicated in Section XII of the Undergraduate Calendar.
4. Approving the department's course schedule before publication. This involves checking that no conflicts exist in instructor or program schedules.
5. Calculating projected enrollments for the subsequent academic year and monitoring enrollments through course selection periods, making adjustments to course capacities and the availability of sections as necessary.
6. Advising Scheduling immediately of changes to instructor assignments. Where late instructor assignments are necessary, assigning instructors in such a way as to avoid conflicts.

Instructor's Responsibilities

1. Instructors are responsible for communicating to the Chair/Director or Department Timetable Coordinator, prior to the deadlines established within their department/school, any information relevant to the scheduling of courses in the subsequent academic year.
2. Instructors are expected to familiarize themselves with rooms assigned to their courses in advance of the commencement of classes.

Registrar's Responsibilities

Scheduling Services, taking into account requests from academic units for preferred class times, creates the university timetable according to the following priorities:

- i. No course conflicts exist in core courses as published in the schedule of studies in the Undergraduate Calendar.
- ii. The number of elective courses available to students is optimized.
- iii. Classroom space is allocated to courses on the basis of projected enrolments provided by the offering departments, and in such a way as to maximize the effective and efficient use of teaching space.
- iv. No instructor conflicts exist.
- v. Departmental requirements, requested by the Chair/Director or Department Timetable Coordinator, are met where possible.
- vi. Scheduling Services will endeavour to keep the 17:30 – 19:00 "University Time" slot free of regularly scheduled classes, using the slot only as necessary, observing the guidelines approved by the Board of Undergraduate Studies (January 31, 2013).

Changes to the Published Undergraduate Course Timetable

Additional Hours/Sections

If it becomes necessary to schedule additional sections by adding lectures/labs/seminars based on course selection numbers, the request for scheduling is to be initiated by the Chair/Director or Department Timetable Coordinator and made to Scheduling Services.

Cancellations and Time Changes

Once the course timetable has been published on WebAdvisor, requests for changes to class meeting times cannot be processed except in emergency circumstances and as approved by the Office of the Associate Vice-President (Academic). To obtain the approval of the AVPA in such circumstances, to change a class meeting time or to cancel a course, the Chair/Director should write via electronic mail, providing reasons for the request, to the Coordinator of the Undergraduate Curriculum (CUC), the appropriate Dean, and the Assistant Registrar, Scheduling. After the commencement of Course Selection, the Chair/Director is responsible for ensuring that students are not disadvantaged by any changes. This involves choosing alternate times that are conflict-free for all registered students, and communicating via electronic mail to all students the details of any change affecting their schedules.

- **Time changes after the publication of the timetable, prior to the commencement of classes.** Changes in scheduled meeting times are approved only in emergency circumstances (see above).

- **Time changes after the commencement of classes.** After the commencement of classes, changes to scheduled meeting times are permitted. Changes may be initiated by the instructor with his/her class, but are normally not made until after the end of the Course Selection/Add period unless the change is to accommodate students who would otherwise be unable to register in the course. Time changes made after the commencement of classes must not create conflicts for any registered students and must have the unanimous written approval of all registered students as determined by a secret ballot. New times must comply with University scheduling regulations and the academic unit offering the course should keep a record of student approval on file. Once approval is obtained, a request for the time change and new room assignment should be submitted by the Chair/Director or Department Timetable Coordinator to Scheduling Services so that the time and room can be updated on WebAdvisor. The instructor is responsible for ensuring that all registered students can attend during the new meeting times and for informing students of new times and room assignments.

Classroom Assignment

Scheduling Services assigns classrooms for regularly scheduled classes in such a way as to maximize the accommodation of enrollment numbers, access to presentation technology and other classroom attributes as requested by the offering department, accommodation of instructor or student disability, and the effective and efficient use of the central classroom inventory.

The Chair/Director or Department Timetable Coordinator should send requests for the assignment of alternate teaching space to Scheduling as required by changing enrollment numbers. Scheduling reassigns classroom space as necessary and as availability permits. Course enrollment must not exceed the capacity of rooms assigned to courses. Until additional classroom space can be assigned, additional students are not registered. (In special circumstances, approval may be granted by the Assistant Registrar, Scheduling for small classroom overloads as part of an overall enrollment management strategy.)

Instructors requesting classroom changes for other reasons should forward their request through their Chair/Director or Department Timetable Coordinator to the Scheduling Reservations Clerk via electronic mail. Note that to ensure that highest priority needs are met first, and to reduce confusion on campus at the beginning of the semester, Scheduling cannot accommodate requests for classroom changes in the week preceding the commencement of classes or the first two weeks of classes. Exceptions are made for 1) enrollment changes 2) student/instructor disability 3) exceptional circumstances as approved by the Assistant Registrar, Scheduling. Requests made for other reasons will be neither accepted nor accommodated during this three-week period.

If classroom space assigned to a course is not required, instructors should inform their Chair/Director or Department Timetable Coordinator, as soon as possible so that Scheduling can be advised to free the space for other uses.

If rooms are required only occasionally for classes, they should not be held for full semesters, rather one-time or temporary bookings should be made through the Scheduling Reservations Clerk, as below.

Other Classroom Bookings

For non-regularly scheduled classes, meetings, academic conferences, tests, etc. classroom bookings may be made through Scheduling Services by University of Guelph faculty, staff and students. Please send requests by electronic mail to orsrooms@uoguelph.ca.

Staff Registration and Tuition Waiver

Those staff who are eligible for tuition waiver must complete a "Staff Registration and Tuition Waiver Request" form and submit it to Human Resources.

It is essential that staff follow the normal procedures for contacting Enrolment Services, Office of Registrarial Services, Level 3, University Centre, regarding their selection of courses.

If the "Staff Registration and Tuition Waiver Request" form is not submitted and approved by Human Resources you will not be officially registered for the term.

In addition to completing the "Staff Registration and Tuition Waiver Request" form, you also must add your courses using WebAdvisor or submit an "Undergraduate Course Request" form outlining the course(s) you wish to take. The "Undergraduate Course Request" form can be submitted during the official course selection periods or during the "Add" process at the beginning of each semester.

Student Type

Each full-time or part-time student is registered as one of the following:

Regular

A student with student type "Regular" is registered in the regular course requirement for a program.

Special

A student with student type "Special" is admitted to a program and is required to complete course or program deficiencies necessary to proceed under the "Regular" student category.

Note: It is the Program Counsellor's responsibility to change a student from "Special" to "Regular" student type.

Supplemental Privilege

A Supplemental Privilege is the opportunity for a student to obtain credit for a course he/she has failed by completing additional course requirements as determined by the instructor. A student must apply to the Academic Review Sub-Committee for a supplemental privilege no later than the fifth day of classes of the semester following the failure (see Failed Courses Failed Courses in this section).

Note: Students in the B.Eng. Program should refer to the B.Eng. Program regulations under Conditions for Continuation of Study in Section X.

Note: Students in the D.V.M. Program should refer to the D.V.M. Program regulations under Conditions for Continuation of Study in Section X.

Procedures for Supplemental Privileges

Academic Review Sub-Committee's Responsibilities

The Academic Review Sub-Committee, upon receiving a request from the student, will consult with the course instructor to obtain information on the student's performance during the course, the instructor's recommendation concerning the appropriateness and feasibility of a supplemental privilege, and the nature of the supplemental privilege. If the Academic Review Sub-Committee approves the request, the department (instructor) responsible for the course will determine the nature of the privilege, which could be a written exam, an oral exam, an assignment, a laboratory practical, or any other method or combination of methods of evaluation. Enrolment Services will inform student and instructor of the Sub-committee's decision.

Chair/Director's Responsibilities

1. In the case where the Academic Review Sub-Committee or student is unable to make contact with the instructor to determine the details of the supplemental privilege, taking necessary steps to assist in determining the requirements for completing the supplemental privilege.
2. Initialing all decisions submitted by instructors upon the completion of a supplemental privilege by individual students (i.e. pass or fail). These decisions will be forwarded to Enrolment Services, Office of Registrarial Services, by the thirty-sixth class day of the semester following the failure.
3. In the case of Supplemental Privileges which take the form of an examination written with the Examination Coordinator, Scheduling, collecting completed examination papers from Scheduling when notified; immediately distributing the completed examination papers to the appropriate instructor for marking.

Instructor's Responsibilities

An instructor should not proceed with any supplemental privilege for a student until official notification of the granting of the privilege has been received from the Academic Review Sub-Committee or the Office of Registrarial Services.

1. Upon request from the Academic Review Sub-Committee, the instructor will:
 - provide the performance record of the student for the course
 - make a recommendation as to the appropriateness and feasibility of a supplemental privilege
 - indicate clearly the conditions that would be necessary to ensure that the requirements for the course are fulfilled
2. If the Academic Review Sub-Committee grants consideration, and upon request from the student, the instructor will complete a form advising the student of the exact nature and due dates of the requirements for the supplemental privilege.
3. If the requirement includes, or takes the form of, the satisfactory completion of a two-hour examination to be supervised by Scheduling, the instructor will indicate this on the recommendation to the Academic Review Sub-Committee. By the Wednesday of the third week of classes, the instructor shall send to Scheduling, Office of Registrarial Services an examination for each student granted such a privilege, plus one extra copy per course. If the exam is significantly different from another two-hour exam already completed by the student, the instructor must make this clear on the form provided to the student. For example, if the student had originally been assessed on a final exam covering only the last four weeks of the semester, and is now to be assessed on a comprehensive two hour exam, the nature of the new examination must be communicated to the student at the time the supplemental privilege is granted.
4. Within ten days of completion of the supplemental privilege requirements, the instructor will forward to the Chair/Director an indication as to whether the student has passed or failed the supplemental privilege. The supplemental privilege should be completed by at least the thirtieth class day of the semester following the failure.

Student's Responsibilities

1. The student must request a supplemental privilege by submitting the request to the Academic Review Sub-Committee and the fee for the privilege (refer to Section VI--Schedule of Fees no later than the fifth class day. Students are encouraged to submit their request before classes begin to allow for receipt of a decision within the Add period. The granting of the request is normally limited to the described special circumstances having due regard for the student's performance in the course. Course requirements and the student's previous performance may play a significant role in determining whether a privilege is appropriate and/or feasible
2. If the student is unable to make contact with the instructor, the Chair/Director of the department/school offering the course must be contacted. If the required contact is not made the University will assume that the student does not intend to complete the requirements, and the supplemental privilege will be cancelled.
3. In the case of an examination supervised by the Office of Registrarial Services, it is the student's responsibility to appear on the correct date and time as designated by the Office of Registrarial Services.
4. If the requirement is beyond an examination supervised by the Office of Registrarial Services, the student must contact the instructor within 5 days of notification in order to clarify the details of the condition. Students are advised to have the instructor complete a form indicating the exact nature and due dates of the supplemental requirements, which may also include the satisfactory completion of an examination supervised by Scheduling, the Office of Registrarial Services Section III--Schedule of Dates..

Registrar's Responsibilities

1. When a supplemental privilege has been requested, but not granted by the Academic Review Sub-Committee, Enrolment Services will inform both the student and the instructor. Similarly, when a supplemental privilege has been requested and granted Enrolment Services will advise the student and the instructor of the decision.
2. Scheduling, Office of Registrarial Services will prepare an examination timetable for those students granted a privilege that includes, or takes the form of, a two-hour examination to be supervised by Scheduling. Scheduling will inform the student and instructor of the date, time, and location of any examination to be supervised by them. Examinations supervised by Scheduling as part of the supplemental privilege process are normally scheduled during the deferred examination period (refer to Section III--Schedule of Dates). Scheduling Services is responsible for invigilating these examinations and will prepare the completed examinations for pickup, notifying the Chair/Director or designate when they are available.
3. Enrolment Services, Office of Registrarial Services, will inform students of the results of the completion of the supplemental privilege and update the student's record where appropriate.

Transcripts

An official transcript may be ordered by submitting the "Request for Transcript" form along with payment to Enrolment Services, Office of Registrarial Services. The order can be placed by mail, by facsimile or in person:

Mail (cheque or money order): Undergraduate Transcripts, Enrolment Services, U.C. Level 3, University of Guelph, Guelph ON N1G 2W1

Facsimile (credit card number with expiry date): 1-519-763-6809 Attn. Undergraduate Transcripts

The transcript fee is listed in Section VI--Schedule of Fees. Students must have met all financial obligation to the University before official transcripts can be released for any purpose.

Transcripts are normally prepared within three to five working days, however, during busy periods (e.g. common application deadlines) preparation time may be as long as seven to ten days.

Official transcripts from the University of Guelph will show that a degree has been conferred **only after** the date of convocation.

NOTE: Official Open Learning program transcripts must be ordered by submitting the "Request for Transcript" form along with payment to the Centre for Open Learning and Educational Support. The order can be placed by mail, facsimile or in person.

Transfer of Program

University of Guelph students wishing to transfer from one degree program to another (e.g. from B.Sc. to B.Eng. or from B.A. to B.Comm.) are required to submit an application form to Admission Services. Forms are available from Admission Services, third floor of the University Centre.

To clarify possible conditions or requirements for transfer, students are encouraged to consult with the admission counsellor for the program to which they wish to transfer before submitting their application. In cases where the student's performance has been inconsistent, the applicant must also submit a comprehensive support letter outlining the reasons for transfer as well as any factors contributing to the previous academic performance.

1. Procedures for Currently Registered Students

Course selection should be completed for the new program. The admission decision will be made after grades from the current semester are available and after the deadline date for course selection. The drop and add procedure must be used if the application is submitted after the course selection deadline date and if course selection has been completed for the current program.

Fee changes necessitated by the change of program will be calculated automatically by Student Financial Services.

The admission decision will be sent to the student's Campus Post Office Box during the first week of the following semester.

Students who have received an offer of admission which they wish to decline must contact Admission Services within the first 10 class days and complete the Cancellation of Program Transfer form. Students who fail to decline the offer will remain registered in the new program. All students must verify their course selection with their departmental advisor to ensure compatibility with their program of study.

2. Procedures for Students who are Not Currently Registered

An admission decision will be reached as soon as possible after receipt of the application and any supporting documentation.

Admission decisions will be mailed to the mailing address, if in effect, or to the permanent address. Information on mail registration and instructions concerning course selection will be sent under separate cover by Enrolment Services.

Note: Students who wish to transfer from one specialization to another in the same program (e.g. from Biological Science to Chemistry in the B.Sc. Program or from Drama to Sociology in the B.A. Program) are not required to apply to Admission Services. Such students should contact the departmental advisor for the specialization in which they wish to register. Students wishing to change specializations within the B.A.Sc. or B.Comm. Programs should consult with their program counsellor.

Verification Notice

During the third week of classes Enrolment Services, Office of Registrarial Services, will send to each student registered at the University a copy of his/her current academic evaluation that also is available through WebAdvisor. This will indicate the personal and program information that is currently on file in Enrolment Services, Office of Registrarial Services. This report is to be used to advise students of their current status and to correct any errors in reported information. Corrections or amendments to that information may be made upon presentation of appropriate documentation to Enrolment Services, Office of Registrarial Services as follows:

- Changes to specialization information or course information must be substantiated with your copy of either the class schedule or the "Undergraduate Change of Studies Request" form.
- Changes to personal information may require presentation of appropriate documentation.

Note: Report missing or corrected items only.

Student hardcopy files are destroyed after 7 years of inactivity (e.g. no registrations) or one (1) semester after a student has graduated. In these cases the transcript is the only official file available from the Office of Registrarial Services that can be referenced during an appeal.

Students should familiarize themselves with the procedures regarding Academic Consideration, Grade Reassessment and Petitions.

Withdrawal

This section provides a summary of rules and regulations with respect to various types of withdrawal from the University. In some instances other sections of the calendar are referenced and these also should be consulted to ensure that a full understanding of the regulations is obtained. There are two types of withdrawals: voluntary or required.

Voluntary Withdrawal

Students who complete the procedure for registration (selection of courses and payment of fees) and who subsequently decide not to attend that semester may cancel their registration by notifying Student Financial Services up to but not including the first class day. Student Financial Services will arrange for the appropriate refund of fees paid. For the Fall semester the required minimum registration deposit will automatically be forfeited. Please refer to "Refunds" in section VI - Schedule of Fees for specific details. Commencing with the first day of regular classes the formal withdrawal procedure from the University is required and outlined below.

A student intending to withdraw from the University must notify Enrolment Services, Office of Registrarial Services in writing and complete the Notice of Withdrawal procedure. Students contemplating withdrawal are urged to meet with their program counsellor to discuss the implications of withdrawal. A student receiving financial assistance through the Ontario Student Assistance Program is strongly advised also to contact Student Financial Services regarding the status of that award upon withdrawal.

The timing of the withdrawal and the reasons for it may have academic and financial implications. Up to the 40th class day, a student may withdraw without academic penalty. However, unless the withdrawal is for illness or compassionate grounds, students will be liable for fees payable in accordance with the refund schedule (see Section VI--Schedule of Fees regarding Refunds). Students seeking a refund on grounds of illness or compassionate circumstance must provide documented evidence related to the grounds to Enrolment Services, Office of Registrarial Services, within thirty days of the withdrawal.

A student who withdraws from the University after the fortieth class day of the semester, other than for illness or compassionate reasons will be considered to have failed the courses for which the student is registered at the time of withdrawal. Students seeking academic consideration on grounds of illness or compassionate circumstance must appeal to the Academic Review Subcommittee for their program (see Academic Consideration in this chapter). Depending on the timing and circumstances students may be able to obtain a fee refund after the fortieth class day. Students should consult with Enrolment Services or their program counsellor.

A student who withdraws from the University must return all outstanding loans from the Library immediately upon withdrawal regardless of the original due date. Any items not returned will be declared "lost" and charged to the student's account.

Students who do not register in a program of study for six or more consecutive semesters are required to apply for readmission. Students who are studying on exchange programs, study abroad, or work terms are considered to be registered at the University (see Time Limitations in this chapter).

Required to Withdraw

Students may be required to withdraw for reasons of academic performance or academic misconduct.

a. Academic Performance (please refer also to the section on Continuation of Study for detailed requirements)

Students who do not meet the continuation of study requirements for at least probationary status at the end of the winter or summer semesters will be required to withdraw and the two-semester rustication period will begin effective the subsequent semester.

At the end of the fall semester a student whose cumulative or semester average is below the level for probationary status at the end of the fall semester has two options:

- i. The student may choose to accept "Required to Withdraw" status effective with the beginning of the subsequent winter semester. This means that the two-semester rustication period will begin immediately; or
- ii. The student may register and continue in his/her program on probationary status for the winter semester. Failure to achieve the required semester average for probationary status at the end of the winter semester will result in the student being required to withdraw. In this case, the two-semester rustication period will begin effective the summer semester. Note: If a student registers and subsequently withdraws from the winter semester, the required to withdraw status will apply immediately.

Students who are granted a deferred privilege (examination or condition) will have their Continuation of Study Status assessed once the deferred privilege is complete. At that time an assessment of required to withdraw could have an impact on the student's current registration.

b. Academic Misconduct (refer also to the full Academic Misconduct Policy in this chapter)

One of the penalties that may be assessed against a student found guilty of academic misconduct is suspension from the University for a period of between two and six consecutive semesters. The effective date of such a suspension is determined by the dean responsible for the case.

c. Appeals (refer also to the sections on Academic Consideration and Academic Misconduct for full details of appeals processes)

Students who do not satisfy the program requirements for continuation of study and are required to withdraw may appeal for probationary status to the Academic Review Sub-Committee, and subsequently the Senate Petitions Committee, on medical, psychological, or compassionate grounds. Students are not permitted to attend classes until such time that the appeal is granted.

Students who are suspended from the university as a result of academic misconduct, may appeal to the Senate Petitions Committee with respect to either the appropriateness of the penalty or the finding of guilt.

Readmission (refer also to the section on Readmission, earlier in Chapter VIII)

Students who meet one of the following 3 criteria must apply to Admission Services for readmission:

- a. were required to withdraw from their program for a period of 2 or more semesters;
- b. were suspended from the University for academic misconduct; or
- c. have not registered at the University of Guelph for 6 or more consecutive semesters

Readmission to a program at the University of Guelph is not automatic. Students should consult Section IV-Admission information regarding appropriate admission requirements and deadline dates. Applicants for readmission should include a statement which outlines the basis for readmission. Criteria used for readmission may differ by academic program. Students considering readmission should consult with the appropriate program counsellor regarding procedures and criteria for readmission to that program.

Students who withdraw without academic penalty after the termination of the official drop period for medical or psychological reasons must clear their re-entry in a subsequent semester through the dean of the college concerned. Students who withdraw on more than two occasions may be required to meet with the dean in order to clear their re-entry into a subsequent semester. At the discretion of the dean, the condition of re-entry may be a recommendation of either Student Health Services or the Counselling Unit of the Counselling and Student Resource Centre that re-entry is advisable. Students who wish to appeal the decision of the dean have recourse to the Senate Committee on Student Petitions.

A student who wishes to be considered for readmission following a suspension for academic misconduct must make an application that will be judged on the basis of eligibility to continue. A student who is suspended for academic misconduct and also fails to meet the continuation of study requirements will normally be required to serve the associated penalties consecutively.

A student who has been expelled from the University for academic misconduct is not eligible for readmission to the University for at least five years. A student who wishes to be considered for readmission must petition the President to have the expulsion status removed (please refer to the Academic Misconduct Policy for detailed procedures).

Granting of Credit while on Rustication

Senate's Policy on granting of credit for work done while on rustication is outlined below. It applies to any university credit course taken during the rustication period.

- a. Students who have been required to withdraw for reasons of academic performance and who take university credit courses during their rustication period, will be eligible for up to 1.00 credit provided they meet the criteria for readmission and the criteria for the transfer of credit. Students registered for courses through the Open Learning Program, are not permitted to attend courses on campus.
- b. Students who take university courses after the two-semester rustication period or after a period of suspension may transfer all these credits, provided the student meets the criteria for readmission and the criteria for the transfer of credit.
- c. Students who have been suspended for academic misconduct will not receive any credit for courses taken during the suspension period.

IX. Scholarships and Other Awards

General Statements on Awards

The Senate of the University of Guelph is charged with the responsibility "to deal with all matters arising in connection with the awarding of fellowships, scholarships, bursaries, medals, prizes and other awards" (*University of Guelph Act*). In carrying out these responsibilities, Senate has established various policies regarding awards and scholarships, and approves the terms and conditions attached to such awards. Each College has a College Awards Committee, which is responsible for the awarding of scholarships and bursaries in the programs under its authority. In addition, Student Financial Services is responsible for awarding bursaries on the basis of financial need, and evaluating the needs component of Scholarships with Financial Need. Some scholarships and bursaries are open to all students regardless of degree or diploma program and others are restricted to students in particular degree programs/majors/ or departments. Students entering the 1st semester of their first undergraduate degree should consult the "Entrance Scholarships" and "Entrance Scholarships with Financial Need" sections of the calendar for a listing of those awards for which they may be eligible. In-course students currently registered at the University of Guelph or transfer students (students who are entering the University of Guelph from another post-secondary institution) should refer to the "In-course" sections for a listing of awards for which they may be eligible. Also refer to Section VIII--Undergraduate Degree Regulations and Procedures, Academic Misconduct, Penalties, for additional regulations regarding scholarships and bursaries.

Eligibility: To be eligible for *entrance* awards, you must be a Canadian citizen or permanent resident entering the 1st semester of post-secondary studies for the *first time*. To be eligible for *in-course* awards, you must be registered in an academic term and have completed a minimum of two semesters of study at the University of Guelph. In-course awards are available to all currently registered students, unless otherwise stated in the eligibility clause of a specific award. A minimum of 70% average is required for all scholarships. *International Students:* Financial Assistance Programs are available for International Students, including Entrance Awards, Work-Study and In-course Bursaries. International students must complete one full calendar year before applying for Work-Study or an In-course student bursary. In addition, many of the University of Guelph's scholarships for upper-year students are available to enrolled international students and are based on high academic standing. Where applications are required, it is the student's responsibility to obtain an application from Student Financial Services and to see that it is returned prior to the deadline date.

Award: Generic term used to refer to any type of award. These include scholarships, bursaries, travel grants and ACCESS awards.

ACCESS Awards: The University established an endowment fund through generous donor contributions and has been matched by the provincial government's Ontario Student Opportunity Trust Fund (OSOTF) program and the Ontario Trust for Student Support (OTSS). The income generated from these endowments will be used to support financial aid programs. The awards created will be used to assist Canadian citizens or permanent residents who meet the Ontario residency requirements as mandated by the OSOTF/OTSS program. Students must complete a Financial Need Assessment Form in order to be considered. Please contact the Awards Office, Student Financial Services for further details.

Ontario Government Mandated Terms for an OSOTF/OTSS Award:

- i) be a Canadian citizen or permanent resident;
- ii) be a Ontario resident as defined by a) have lived in Ontario for a period of at least 12 consecutive months up to the beginning of full-time post-secondary study; or b) the student's spouse has lived in Ontario for at least 12 consecutive months up to the beginning of the current year full-time post-secondary study period; or c) the student's parent(s)/stepparent(s)/legal guardian/official sponsor has lived in Ontario for at least 12 consecutive months up to the beginning of the current year full-time post-secondary study period;
- iii) financial need as determined by the University of Guelph's Financial Need Assessment procedures.

Bursary: An award provided to a student on the basis of financial need only. Financial need is determined by the University of Guelph's Bursary Committee after an evaluation of the Financial Need Assessment Form has been submitted by the student. Academic merit is not a consideration in awarding a bursary. You must be a Canadian citizen or permanent resident of Canada to be considered for bursaries. International students are eligible to apply for the International Student Bursary only.

Scholarship: An award provided on the basis of academic performance and given for further study. Given that the merit component is normally academic, it may include such non-academic aspects as leadership, extracurricular activity, volunteerism, and community involvement. Scholarships can be monetary, prizes, or medals. Financial need is not a consideration of scholarships.

Scholarships with Financial Need: An award provided on the same criteria as scholarships, but financial need is a consideration.

Travel Grants: These grants are provided to students who wish to travel as part of their program of study. Examples of travel opportunities include: Exchange/Study Abroad programs, letter of permissions, field courses, and independent research projects that are related to a student's program of study.

Payment of Awards for In-course Students: Please note that Student Financial Services will apply all internal awards against outstanding balances on students' accounts.

Payment of Awards for Entrance Students: Awards will be applied directly to the student's financial account in two equal payments in the fall and winter semesters.

Students who receive an award and who withdraw from the semester in which the award is received, or change the number of credits in which they are registered, may have their award adjusted. This adjustment will be calculated up to the twentieth class day according to the rebate schedule in effect for that semester and the published terms and conditions for the award.

Notice of Disclosure: It is understood that merit award winners' names will be released to donors and may be published as a condition of the award.

The University reserves the right to amend awards subject to the availability of funds.

Bachelor of Applied Science

Please refer to the General Statement on Awards for:

- Award Eligibility
- ACCESS Awards Eligibility
- Ontario Student Opportunity Trust Fund (OSOTF) Program
- How Awards are Paid

The University reserves the right to amend awards subject to the availability of funds.

Entrance Scholarships

1961-1964 Redmen Football Scholarships [E0770]	
Made possible by the generous contributions of members of the 1961-1964 Redmen Football teams. The recipients(s) will be selected based upon extraordinary athletic and leadership qualities. No application is necessary. Coaches will nominate students to the Athletic Awards Committee.	
<i>Donor(s):</i>	Dr. Robert Keith (c/o 1961-1964 Football Committee)
<i>Qualification(s):</i>	Entering student-athlete who is a member of the Gryphon Football team with a minimum 80% admission average.
<i>Amount:</i>	several scholarships ranging from \$1500 to \$3500
2003-2009 Men's Cross Country and Track and Field Legacy Scholarship [E0769]	
Made possible by the generous contributions of Gryphon Cross Country and Track and Field alumni from 2003-2009. The recipient(s) will be selected based upon extraordinary athletic and leadership qualities. No application is necessary. Coaches will nominate students to the Athletic Awards Committee.	
<i>Donor(s):</i>	Mr. Christopher Moulton (on behalf of the 2003-2009 Gryphon Men's Cross Country team)
<i>Qualification(s):</i>	Entering student athlete who is a member of the Gryphon Men's Cross Country or Track and Field team who is registered in any undergraduate program and who has achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete
<i>Amount:</i>	1 award of \$1,500
Al Singleton Hockey Scholarships [E0687]	
The recipients will be selected based on extraordinary athletic and leadership qualities. Coaches will nominate students to the Athletic Awards Committee. No application is necessary.	
<i>Donor(s):</i>	1957-58 OA-VC Redmen Championship Hockey Team
<i>Qualification(s):</i>	Entering student-athlete who is a member of the Men's Hockey team and registered in an undergraduate program and who has achieved a minimum 80% admission average.
<i>Amount:</i>	Numerous awards ranging in value from \$750 to \$3,500
Allen Keele Track and Field Scholarship [E0663]	
Recipients will be selected based on demonstrated athletic and leadership qualities. Coaches will nominate students to the Athletics Awards Committee. Application is not required.	
<i>Donor(s):</i>	Allen Keele
<i>Qualification(s):</i>	Entering student-athlete who is a member of the Varsity track and field team and who has achieved a minimum 80% admission average.
<i>Amount:</i>	1 award of \$1,350
Angelo and Frank Agro Undergraduate Scholarship [E0520]	
These scholarships are provided by the Agro Scholarship Fund. Apply, by April 15, to Student Financial Services, with a one to two-page, point-form listing of 4-H activities. This list should describe current or past activities within 4H and the position titles/names, if applicable. Attach a reference letter from a 4H club official. These scholarships will be awarded to the students demonstrating the most active involvement with 4H clubs. The committee will consider any appropriate elements, such as the length of membership in 4H, leadership role(s) in support of 4H, creativity in 4H outreach, and coordination with other rural and academic activities. Credit will be given to those who have achieved in county, provincial and national 4H competitions. Recipients must maintain full-time studies and at least a 70% program average each year for continuation of the award.	
<i>Donor(s):</i>	The Frank Agro Estate
<i>Qualification(s):</i>	Full-time students entering semester 1 who have attained a minimum 75% admission average and completion of a minimum of 10 - 4H projects.
<i>Amount:</i>	9 awards of \$7,000 (payable over 4 years of study)

Barry Lee Scholarship for Agricultural Excellence [E0797]	
Established to recognize Barry Lee's 19 years of service as Councilor and his strong support of rural and agricultural activities in the region. William P. Weber Football Scholarship [E0634]	
Established by Dr. William P. Weber, OVC '59, football alumnus and Gryphon Hall of Fame Inductee. Recipients will be selected based on extraordinary athletic and leadership qualities. Coaches will nominate students to the Athletics Awards Committee. Application is not required.	
<i>Donor(s):</i>	Dr. William P. Weber
<i>Qualification(s):</i>	Entering student-athlete who is a member of the Men's Football team and achieved a minimum 80% admission average.
<i>Amount:</i>	1 award of \$2,500

Entrance Scholarships with Financial Need

Bill Klopp Memorial Scholarship [E0150]

Priority will be given to a student from Kitchener-Waterloo Collegiate and Vocational Institute. Apply by letter, to Student Financial Services, outlining extracurricular activities and by completing the online Financial Need Assessment Form (N.A.F.) by April 15. Students should complete the [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#) application as soon as they receive their Acknowledgment Package from Admission Services (this will come automatically after an application for admissions has been submitted by the student).

Donor(s): Ross and Mary Lou Klopp

Qualification(s): Students from the cities of Kitchener or Waterloo entering a degree program at the University of Guelph with demonstrated involvement in extracurricular activities, a minimum 70% admission average and demonstrated financial need.

Amount: 1 award of \$500

Devine Family Scholarships [E4542]

On behalf of the Devine Family, Mr. Peter J. Devine, a current Board of Governors member, with the assistance of the Ontario government's OTSS program, established these two awards for the purpose of diversifying the ethnicity of the student body of the University of Guelph and fostering the participation of racial minorities and disabled persons in undergraduate programs. These scholarships will be given out once every four years beginning with the first scholarship being awarded in the Fall 2007. The second scholarship will be awarded in the Fall 2008. Recipients will be selected in the Fall of 2012 and 2013, 2016 and 2017, and 2020 and 2021. Recipients of these scholarships must maintain a minimum cumulative average of 70%, a minimum course registration of 2.0 credits and continue to demonstrate financial need to receive their award payments in years 2, 3 and 4. Students should complete the online [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#) application as soon as they receive their Acknowledgment Package from Admission Services (this will come automatically after an application for admissions has been submitted by the student) and complete the "Devine Family Scholarship Application". Deadline to submit the complete application (both parts, the E.N.A.F. and the application) is April 15. Scholarship offers will be made in May. This award is not tenable with the President's Scholarship or the Lincoln Alexander Chancellor's Scholarship, but can be held with all other entrance awards. ACCESS AWARD.

Donor(s): Mr. Peter J. Devine with matching funding through the Ontario Trust for Student Support program

Qualification(s): Students with demonstrated financial need entering any degree program with a minimum 80% admission average, who are Aboriginal, or who have a disability, or who are members of a racial minority are eligible to apply. Preference will be given to students of African-Canadian descent. Additionally, students must meet the government-mandated terms for receipt of an [OTSS](#) award (see General Statements on Awards).

Amount: 2 awards of \$30,000 (payable over 4 years of study)

Interhall Council Entrance Scholarship [E0636]

Established by the Interhall Council, the residence student government that programs, advocates and represents residence students to administration and Student Housing Services (www.interhall.ca), to ensure that the residence experience remains accessible to students. To apply, students should complete the online [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#) application as soon as they receive their Acknowledgement Package from Admission Services (this will come automatically after an application for admissions has been submitted by the student) and submit a one-page, point-form summary highlighting extra-curricular activity that demonstrates leadership ability to Student Financial Services by April 15.

Donor(s): Interhall Council

Qualification(s): Students entering a full-time undergraduate degree program with a minimum 85.0% admission average, residing in residence during first year on the Guelph campus with demonstrated financial need and demonstrated strong leadership ability.

Amount: 3 awards of \$1,250

John Embry Family Scholarship [E4549]

Established by John Embry, a former varsity athlete, and created with matching funding through the Ontario Trust for Student Support program, these endowed scholarship(s) recognize students who are members of a varsity team and excellence in both academics and rigorous athletic environment. Coaches will nominate student recipients to the Athletics Awards Committee. Students should complete the online [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#) application as soon as they receive their Acknowledgment Package from Admission Services (this will come automatically after an application for admissions has been submitted by the student) or by April 15. ACCESS AWARD

Donor(s): Mr. John Embry with matching funding through the Ontario Trust for Student Support program

Qualification(s): Entering student-athletes who are members of an OUA varsity team and who have achieved a minimum 80% admission average and demonstrated financial need. Additionally, students must meet the government-mandated terms for receipt of an [OTSS](#) award (see General Statements on Awards).

Amount: 2 awards of \$3,500

Kenneth O. Hammill-Blount Canada Scholarship [E4356]

Established in honour of Kenneth Osborne Hammill, a long time friend of the University and retired plant manager of Blount Canada, with the assistance of the Ontario government's OSOTF program. Selection will be based on greatest financial need from the President's, Lincoln Alexander's or Pamela Wallin's Chancellor's Scholarships applicants who were interviewed, but not successful in the competition. Continuation of this scholarship is conditional on maintaining a minimum 77% average over the previous full-time academic year of study and continued demonstration of financial need. Students who submitted an application for the President's, Lincoln Alexander's or Pamela Wallin's Chancellor's Scholarships should complete the online [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#) by April 15. ACCESS AWARD.

Donor(s): The Blount Foundation, Inc. with matching funding through the Ontario Student Opportunities Trust Fund

Qualification(s): Entering students who have applied for the Presidents's, Lincoln Alexander's or Pamela Wallin Chancellor's Scholarships who are interviewed, but not successful in the competition with demonstrated financial need. Additionally, students must meet the government-mandated terms for receipt of an [OSOTF](#) award (see General Statements on Awards).

Amount: 1 award of \$9,600 (payable in 8 payments of \$1,200)

Landoni Athletic Scholarship [E4405]

Established by Peter Landoni, former Bursar and Associate Registrar at the University of Guelph who valued the benefits of blending education and athletics, and was supported by friends, family and the Ontario government's OTSS program. Selection will be based on demonstrated athletic and academic leadership. Nominations will be put forward by varsity coaches. Student must complete the online Financial Need Assessment Form for Entrance Awards by April 15. Preference given to men's ice hockey, should lacrosse and/or men's rugby obtain CIS status, preference should then be given to athletes from lacrosse and /or rugby. ACCESS AWARD

Donor(s): Peter Landoni with matching funding through the Ontario Trust for Student Support program

Qualification(s): Current member of a University of Guelph varsity team who has achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete with demonstrated financial need. Additionally, students must meet the government-mandated terms for receipt of an [OTSS](#) award (see General Statements on Awards).

Amount: 1 award of \$1,000

Norman L. Gibbins Microbiology Scholarship [E4392]

Established through a generous bequest from Norman L. Gibbins, with the assistance of the Ontario government's OTSS program, in support of training in Microbiology. Preference will be given to students entering the Microbiology Co-op major. Students should complete the online [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#) application as soon as they receive their Acknowledgment Package from Admission Services (this will come automatically after an application for admissions has been submitted by the student) or by April 15. ACCESS AWARD

Donor(s): Family, friends and colleagues of Norman Gibbins with matching funding through the Ontario Trust for Student Support program

Qualification(s): Students entering the Microbiology major in the B.Sc. program with a minimum 80% admission average and demonstrated financial need. Additionally, students must meet the government-mandated terms for receipt of an [OSOTF](#) award (see General Statements on Awards).

Amount: 1 award of \$1,000

P.A.J. Clarke Family Scholarship [E0381]

Paul and Aileen Clarke and their family established the endowment for this entrance scholarship in honour of Paul's father, the late Jack Clarke, a Blenheim area farmer. Apply by April 15 to Student Financial Services with a letter outlining extracurricular and/or community activities, and complete the [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#). This award is not tenable with the President's Scholarships or Lincoln Alexander Scholarships. Annual payments are contingent upon full-time enrolment and maintaining a minimum 70% average on the previous Fall and Winter semesters. Students may be contacted to provide special need circumstances if there is a short list of equal candidates.

Donor(s): Paul and Aileen Clarke

Qualification(s): Students with a minimum 80% average with a record of leadership and community participation. Preference will be given to candidates from Blenheim district or Kent County and who were raised, or have worked, on a farm.

Amount: 1 award of \$12,000 (payable over 4 years)

Rol-Land Farms Scholarships [E4519]

Established by Rol-Land Farms, with the assistance of the Ontario government's OSOTF program, to attract entering students who might otherwise not be able to attend university for financial reasons. Students should complete the online [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#) application as soon as they receive their Acknowledgment Package from Admission Services (this will come automatically after an application for admissions has been submitted by the student) or by April 15. ACCESS AWARD

Donor(s): Rol-Land Farms with matching funding through the Ontario Student Opportunities Trust Fund

Qualification(s): Students entering a degree program with demonstrated financial need and a minimum 80% cumulative average. Additionally, students must meet the government-mandated terms for receipt of an OSOTF award (see General Statements on Awards).

Amount: 13 awards of \$2,000

Spitzig Entrance Scholarship in Economics [E4543]

A graduate (1986) of the B.A. Economics program has established these scholarships with the assistance of the Ontario government's OTSS program. Students should complete the online [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#) application as soon as they receive their Acknowledgment Package from Admission Services (this will come automatically after an application for admissions has been submitted by the student). Established in memory of Kevin Durie, BA '93, by his family and friends. Selection will be based on demonstration of outstanding service as a Residence Life staff member and volunteer. Apply by October 31st to the Director, Student Housing Services with a letter of reference from a member of the Residence Life management team and a personal statement of up to 500 words that outlines time commitment and types of volunteer activities undertaken as well as an indication of how their volunteer activities and participation as a Residence Life staff member are valuable and rewarding experiences.

Donor(s): **Christine Blake-Durie**

Qualification(s): Students who are registered in any degree program on the University of Guelph campus, are a member of Residence Life staff and are academically eligible to continue as a Residence Assistant or as part of Residence Life staff.

Amount: 1 award of \$1,000

Kip Hunter Prize [I0139]

For the best essay, written by an undergraduate in a philosophy course. The essay may be either a required assignment for a course (in which case either the student or the instructor may submit it) or it may be specially prepared for the competition. Submission of essays is to the Chair, Department of Philosophy, by May 1

Donor(s): **Faculty, students and staff of the Philosophy Department**

Qualification(s): Any undergraduate who has registered for a philosophy course during the academic year in which the prize is awarded.

Amount: 1 Book prize

Lambda Foundation Scholarship in LGBT Studies [I0591]

This award is provided to encourage research on the subject of lesbian, bisexual, gay and transgendered (LGBT) peoples. The scholarship is based upon areas of research pertaining to the history, contributions, and issues by or about LGBT peoples. Preference will be given to an applicant who is involved in the LGBT community as demonstrated by a record of volunteer activities, active civil society memberships, or as attested by a letter of recommendation from a community group, or evidenced by related previous academic pursuits. This scholarship may be awarded to a given student only once. Projects must have been completed or research proposals accepted within the past calendar year. Apply to the Dean of Arts by December 15th including the research proposal or completed project, curriculum vitae, and any supporting letters referencing involvement in the LGBT community and/or faculty support.

Donor(s): **Lambda Foundation and other donors**

Qualification(s): Students enrolled in a program with a thesis, a research essay, independent research project or course work programs pertaining to lesbian, bisexual, gay and transgendered (LGBT) studies, as broadly defined by the applicant.

Amount: 1 award of \$1,000

Larry Pearson Men's Volleyball Athletic Scholarships [I0618]

Established by Larry Pearson, a former varsity volleyball athlete and University of Guelph graduate, this scholarship recognizes students who are members of the men's varsity volleyball team and excel both academically and in a rigorous athletic environment. The recipient will exhibit strong academics and extraordinary athletic qualities. Coaches will nominate students to the Athletics Awards Committee. Application is not required.

Donor(s): **Larry Pearson**

Qualification(s): In-course student-athlete who is a current member of the men's varsity volleyball team and has achieved a minimum 70% average in the previous academic year.

Amount: several awards up to \$3,500

Latifpoor-Kepearoutis Family Varsity SwimTeam Scholarship [I0732]

Selection will be based on demonstrated leadership qualities and contributions to the team with preference given to a C.B.S. or C.P.E.S. student athlete. Head Coaches will nominate students to the Athletic Awards Committee. Application is not required.

Donor(s): **Maryam Latifpoor-Kepearoutis**

Qualification(s): Current member of the varsity swim team, who has achieved a minimum 70% cumulative average or equivalent during the previous academic year as a student-athlete.

Amount: 1 award of \$1,200

Leonard Conolly Exchange Student Scholarship [I0446]

Established by students, faculty, staff and friends to honour Prof. Leonard Conolly, professor of drama, Chair of the Department of Drama, 1981-88, and Associate Vice-President Academic, 1988-1992. Apply to the Centre for International Programs by April 5, for visiting during the subsequent Fall or Winter semesters. Selection, by the Centre for International Programs, will be based on assessment of (a) a one-page submission describing the significance of the student visiting Guelph to the program of study at the partner exchange university (b) two faculty references of one-page each, and (c) consistent high performance in the course work completed, as documented by a transcript of program grades to date, submitted by the home university.

Donor(s): **Students, staff, faculty and friends of Dr. Leonard Conolly**

Qualification(s): Full-time visiting exchange student, registered at Guelph for at least one semester, from any country in the South (a list of eligible countries and exchange partner universities is available in the Centre for International Programs).

Amount: 1 award of \$1,000

Lloyd Dorr Memorial Hockey Scholarship [I0708]

Established in memory of Lloyd Dorr to recognize his belief in the value of education and his love of sports. Preference given to a former OHL Guelph Storm player. The recipient will be selected based on extraordinary athletic and leadership qualities. Coaches will nominate students to the Athletic Awards Committee. No application is necessary.

Donor(s): **Family and Friends of the late Lloyd Dorr**

Qualification(s): Current member of the men's varsity hockey team, who is enrolled in an undergraduate program and who has achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete.

Amount: 1 award of \$1,000

Mac '69 Memorial Scholarship [I0082]

Established in 1976, by the class of Mac '69, in memory of classmate Patricia Cosgrove. Preference will be given to students showing general proficiency in both curricular and extracurricular work. Apply to Department of Family Relations and Applied Nutrition Undergraduate Awards Committee by May 15, including the Department Application Form and CV with a comprehensive listing of extracurricular involvement and leadership roles.

Donor(s): **Class of Mac '69**

Amount: 1 award of \$600

Mac 1971 Keith and Rosalind Slater Tribute Scholarship [I0830]

Established in recognition of Dr. Keith Slater, Honourary Class President for Mac '71, and Rosalind Slater. Selection will be based on leadership ability as demonstrated through extracurricular involvement, and/or dedication to volunteerism and community-based service in any of the following areas: family relations, applied nutrition, theatre arts, environment sciences, or children's literacy. Apply to the CSAHS Awards Committee by May 15th with a resume and a one page summary letter outlining extracurricular involvement, leadership experience, volunteerism and community-based service, as well as how funds would be used to support participation in curriculum-embedded experiential learning opportunities in the following academic year. The award can only be held once.

Donor(s): **Class of Mac 1971**

Qualification(s): Full-time student registered in any major within the College of Social and Applied Human Sciences who has completed a minimum of 8.0 credits with a minimum cumulative average of 75% and is participating in curriculum-embedded community-based experiential learning in the following academic year.

Amount: 1 award of \$1,000

Mac-FACS-FRAN Alumni Association Scholarship - Family Relations and Applied Nutrition [I0524]

Awarded to the student with the highest cumulative average. Application is not required.

Donor(s): **Mac-FACS-FRAN Alumni Association**

Qualification(s): Full-time student in the Department of Family Relations and Applied Nutrition who has completed between 5.0 and 10.0 credits with a minimum cumulative average of 80%.

Amount: 1 award of \$1,000

Macdonald Stewart Scholarship in Memory of Walter and May Stewart [I0813]

Selection will be based on significant prior contributions to and experience in community-based service and future participation in curriculum-embedded experiential learning opportunities in the following academic year. Preference will be given to those studying in the areas of applied nutrition, sustainable food systems or environmental governance. Apply to the CSAHS Awards Committee by May 15th with a summary letter outlining prior contributions to and experience in community-based service, and how funds would be used to support participation in curriculum-embedded experiential learning opportunities in the following academic year.

Donor(s): **The Macdonald Stewart Foundation**

Qualification(s): Students registered in any program offered by the College of Social and Applied Human Sciences who are participating in curriculum-embedded experiential learning in the following academic year.

Amount: 1 award of \$3,500

Marie-Pier Lamoureux Memorial Scholarship [I0359]

Established by family and friends in memory of Marie-Pier Lamoureux-Jones, a 1988 graduate of the Applied Human Nutrition major in the BASc. program. Awarded to the student with the highest cumulative average. A student may only receive this scholarship once. Application is not required.

Donor(s): **David Jones and friends**

Qualification(s): Full-time students enrolled in the Applied Human Nutrition major in the BASc. program who have completed between 10.0 and 17.5 credits.

Amount: 1 award of \$2,500

Men's Basketball Scholarships [I0638]

Recipients will be selected based on extraordinary athletic and leadership qualities. Coaches will nominate students to the Athletics Awards Committee. Application is not required.

Donor(s): **Anonymous (Alumnus)**

Qualification(s): In-course student-athlete who is a current member of the Men's Basketball varsity team and has achieved a minimum 70% average in the previous academic year.

Amount: 4 awards of \$2,500

Men's Soccer Alumni Scholarship [I0771]

Made possible by the generous contributions of Men's Soccer Alumni and friends. The recipient(s) will be selected based upon extraordinary athletic and leadership qualities. No application is necessary. Coaches will nominate students to the Athletic Awards Committee.

Donor(s): **Mr. Paul Wombwell (on behalf of the Men's Soccer Alumni Committee)**

Qualification(s): Current member of the Gryphon Men's Soccer team who is registered in any undergraduate program and who has achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete.

Amount: several awards ranging in value from \$1,000 to \$3,500

Morton and Pauline Schmidt Memorial Scholarship [I0429]

Established by the family and friends of Morton G. and Pauline E. Schmidt of Kitchener, Ontario to recognize their appreciation of their daughters' education at the University of Guelph. The recipient will be the student with the highest cumulative average. If two students are equally qualified, the student showing the greatest improvement in semester average will receive the Award. Application is not required.

Donor(s): **Eleanor E. Wein**

Qualification(s): Student registered in the Applied Human Nutrition major of the BASc. program who have completed at least 10.0 credits with a minimum 70% cumulative average.

Amount: 1 award of \$750

Nathan Max Goldman Choir Scholarships [I0774]

Established in honour of Mr. Goldman, an OAC graduate (1945 and 1947) and former President of the Philharmonia Society at the University of Guelph. The scholarships will support two students who demonstrate outstanding leadership and vision in the Symphonic Choir and / or the Chamber Choir. One award will be available to a student in each choir and will be given to the candidate who best combines high vocal achievement and choral leadership. A vocal audition may be required. In the event that there is more than one suitable candidate, the student who is a majoring in Music will be given preference, and thereafter, the student with the highest cumulative average. No application is required as a recommendation by Choir Director will be made to the SOFAM Awards Committee.

Donor(s): **Mrs. Anne Goldman and the family of Nathan Max Goldman**

Qualification(s): Students registered in any degree program who are currently a member of the University of Guelph Symphonic Choir and / or the Chamber Choir and have been a member of the University of Guelph Choirs for at least two years.

Amount: 2 awards of \$1,000

Nelson Women's Institute Scholarship [I0587]

This award will be provided to the student with the highest cumulative average above 75%. Preference will be given to a mature student. Application is not required.

Donor(s): **Nelson Branch of the Halton District Federated Women's Institutes of Ontario**

Qualification(s): Students enrolled in any undergraduate program offered by the Department of Family Relations and Applied Nutrition.

Amount: 1 award of \$1,000

Ontario Women's Institute Scholarship [I0160]

Offered by the Federated Women's Institute of Ontario. Apply to the FRAN Awards Committee, by May 15 with a CV/resume and cover letter outlining involvement in extracurricular activities.

Donor(s): **Federated Women's Institutes of Ontario**

Qualification(s): Residents of Ontario with a minimum cumulative average of 70% who have completed at least 4.00 credits in the BASc. program and who have contributed to extracurricular activities. If other qualifications are equal, preference will be given to students who have participated in the Ontario 4-H program and/or students whose mothers are Women's Institute members.

Amount: 3 awards of \$1,000

Ottawa-Carleton '83 International Ploughing Match (FRAN) Scholarship [I0340]

Amount: Several awards ranging in value from \$100 to \$4,000

University of Guelph Undergraduate In-Course Bursaries (NON OSAP TR) [I3047]

The University of Guelph offers in-course bursaries to students who have demonstrated financial need. Apply to Student Financial Services, with a completed Financial Need Assessment Form (N.A.F.) by October 7.

Donor(s): University of Guelph

Qualification(s): Undergraduate students registered for full-time studies (as defined by OSAP) in a degree program with demonstrated financial need.

Amount: Several awards to a maximum of \$500

University Police Bursaries [I3019]

The University Police have made available a number of bursaries. Apply to Student Financial Services with a completed Financial Need Assessment Form (N.A.F.) by October 7. Students will be considered for this award automatically once a N.A.F. has been submitted by the deadline date.

Donor(s): The University Police

Qualification(s): Full-time undergraduate with demonstrated financial need.

Amount: Several of various amounts

University Student Assistance Program [I3057]

These bursaries have been established and approved by the University of Guelph to assist undergraduate and University of Guelph campus diploma students in financial need. Apply to Student Financial Services with a completed Financial Need Assessment Form (N.A.F.) by October 7.

Donor(s): University of Guelph

Qualification(s): Full-time undergraduate students registered in any degree program with demonstrated financial need. Preference will be given to students who are not eligible for provincial and/or federal assistance programs such as Ontario Student Assistance Program (OSAP) and/or Canada Student Loan Program (CSLP).

Amount: Several awards of various amounts to a maximum of \$1,000

In-course Travel Grants**A.E. Wardlaw Travel Grant [T0665]**

Established by Mrs. Alta E. Wardlaw (nee Chapman), a 1912 student at Macdonald Institute. Selection will be based on the cost of the travel and the benefit it will bring to the student's program of study. Preference will be given to the student attending a professional conference/meeting. Apply by April 1 to the CSAHS Awards Committee by completing the CSAHS Awards Application and attach a letter describing the travel, the benefit it will bring to your program and an overall travel budget. This award can only be held once.

Donor(s): Mrs. Alta Ethelwyn Wardlaw

Qualification(s): Students registered in the College of Social and Applied Human Sciences who have completed up to 15.0 credits and who will be travelling for academic reasons, or to attend an appropriate professional conference/meeting.

Amount: 1 award of \$1,000

Aeroplan International Travel Grant [T0604]

Established to provide students with an airline ticket to international destinations served by Air Canada or its Star Alliance partners. Apply to Student Financial Services by June 30 with a "Travel Grant Need-based Application". Preference will be given to students participating in the semester abroad or academic exchanges. Award is subject to the availability of Aeroplan miles and may not be available every year.

Donor(s): Aeroplan

Qualification(s): Students registered in a degree program who have completed a minimum of 4.0 credits; have a minimum cumulative average of 70%; have demonstrated financial need; and will be participating in official University of Guelph international travel activities related to their academic program.

Amount: 1 or more awards of a plane ticket

Arthur D. Latornell Undergraduate Travel Grants [T0058]

An endowment fund established in memory of Arthur D. Latornell, O.A.C. '50, who had a life-long professional career in resource management and conservation and a special interest in helping young people. The funds are given to provide twenty-five travel grants. These travel grants are offered to assist students in attending conferences, courses, co-op student exchanges or study abroad programs in these areas. Students may receive this grant only once. Apply to Student Financial Services. Deadline dates are June 30 for Fall and Winter travel, October 1 for Winter travel, and February 1 for Summer travel. Up to 80% of estimated travel costs to a maximum of \$1,000.

Donor(s): The Estate of Arthur D. Latornell

Qualification(s): Students travelling as part of their program who have completed a minimum of 4.0 credits with at least a 70% average and whose primary area of interest is related to natural resources management, environmental science, conservation, soil science and/or rural development. Students will be asked to submit a one-page review of their travel experience, including the role the travel grant played, to the University after completion of the travel.

Amount: several up to a maximum of \$1000

Canadian Friends of the Hebrew University in Jerusalem Travel Grant [T4532]

The Canadian Friends of the Hebrew University of Jerusalem, with the assistance of the Ontario government's OSOTF program, have established these travel scholarships to assist students study at the Hebrew University of Jerusalem. Apply with a completed Need-Based Travel Grant Application to Student Financial Services. ACCESS AWARD. Up to three awards totalling \$7500.

Donor(s): Canadian Friends of the Hebrew University in Jerusalem with matching funding through the Ontario Student Opportunities Trust Fund

Qualification(s): Undergraduate degree students in either the second or third year of study. Applicants must provide documentation that they have approval from the Hebrew University of Jerusalem (i) to take courses and (ii) for the period of the visit. Students must also arrange appropriate University of Guelph approvals for a "Letter of Permission" prior to applying. Additionally, students must meet the government-mandated terms for receipt of an OSOTF award (see General Statements on Awards).

Amount: A number of awards to a maximum of \$7,500

Drs. Frederick Kozak and Lorna Hruby Travel Grant [T0784]

Established by the parents of a BAH graduate in 2008 and MA in 2011. Selection will be based on level of commitment to international development and plan for engagement. There are two distinct application deadlines - April 15 for Summer/Fall; and October 1 for Winter/Summer. If a qualified candidate is not selected from the April applicant pool, this award can be awarded the following fall. Application for funding should be for either of the two semesters following application. To apply, forward a letter to the CSAHS Awards Committee by either application deadline with a description of the planned international activity including local engagement, and commitment to international development. The letter should be accompanied by a budget outlining travel expenses and other revenue sources.

Donor(s): Drs. Frederick Kozak and Lorna Hruby

Qualification(s): Full time students registered in any major offered by CSAHS who have completed at least 10.0 credits with a minimum cumulative average of 70%, and who demonstrate the desire and aptitude to help build capacity and address social issues in international communities and are participating in any course-related international travel.

Amount: 1 award of \$5,000

Jeff and Donna Lozon Travel Grant [T0772]

Selection will be based on budgetary considerations and academic standing. There are two distinct application deadlines - April 15 for Summer/Fall; and October 1 for Winter/Summer. If a qualified candidate is not selected from the April applicant pool, this award can be awarded the following fall. Application for funding should be for either of the two semesters following application. To apply, forward a letter to the CSAHS Awards Committee by either application deadline with a description of the international activity. The letter should be accompanied by a budget outlining travel expenses and other revenue sources.

Donor(s): Jeff Lozon (CSS BA '76) and Donna Doherty Lozon

Qualification(s): Full-time students registered in any degree program in CSAHS who are participating in any course-related international travel.

Amount: 2 awards of \$1,000

Kiyoko Miyanishi International Travel Grant [T0742]

Established by Dr. Kiyoko Miyanishi, a retired faculty member from the Department of Geography, and Dr. Edward A Johnson. Selection will be based on budgetary considerations and academic standing. There are two distinct application deadlines - April 1 for Summer/Fall; and October 1 for Winter/Summer. If a qualified candidate is not selected from the April applicant pool, both awards could be awarded the following fall. Application for funding should be for either of the two semesters following application. To apply, forward a letter to the CSAHS Awards Committee by either application deadline with a description of the international activity. The letter should be accompanied by a budget outlining travel expenses and other revenue sources.

Donor(s): Dr. Kiyoko Miyanishi and Dr. Edward A Johnson

Qualification(s): Full-time students registered in any degree program in CSAHS with a minimum 70% cumulative average who are participating in any course-related international travel.

Amount: 2 awards of \$3,500

OURA Innovation Travel Grant [T4393]

Established in recognition of an innovative student fee protocol put forward by the Student Executive Council to reduce energy use by upgrading campus buildings through an energy retrofit program. Apply to Student Financial Services by October 7th with a completed Financial Need Assessment Form and include one-page description of the intended travel. ACCESS AWARD

Donor(s): Ontario University Registrars' Association (OURA) with matching funding through the Ontario Trust for Student Support program

Qualification(s): Students registered in any degree program who have completed a minimum of 4.0 credits with a minimum 75% cumulative average and who are participating in a travel program or initiative (research, conference, seminar, etc.) in support of environmental sustainability. Additionally, students must meet the government-mandated terms for receipt of an OTSS award (see General Statements on Awards).

Amount: 1 award of \$350

Richard and Sophia Hungerford Undergraduate Travel Scholarships [T4508]

The estate of Richard and Sophia Hungerford, with the assistance of the Ontario government's OSOTF program, has established an endowment to provide travel scholarships to undergraduate students with demonstrated financial need who wish to study in developing countries, or attend conferences on development. Apply to Student Financial Services with completed Need-Based Travel Grant Application at least one month prior to departure. Deadline dates are June 30 for Fall and Winter travel, October 1 for Winter travel, and February 1 for Summer travel. Students may not receive this award more than two times during their undergraduate studies. ACCESS AWARD.

Donor(s): The Estate of Richard Hungerford with matching funding through the Ontario Student Opportunities Trust Fund

Qualification(s): Registered undergraduate students with demonstrated financial need who have at least a 70% cumulative average in the last 2 semesters of full-time equivalent study are eligible. Additionally, students must meet the government-mandated terms for receipt of an OSOTF award (see General Statements on Awards).

Amount: Several awards of varying amounts to a maximum of \$1,000

The Jean Rich Foundation Travel Grant [T0730]

Selection will be based on budget considerations, and participation in community development projects. There are two distinct application deadlines - April 1 for Summer/Fall and October 1 for Winter/Summer. If a qualified candidate is not selected from the April applicant pool, both awards could be awarded the following fall. Application for funding should be for either of the two semesters following application. To apply, forward a letter to the CSAHS Awards Committee by either application deadline with a description of the international activity, including involvement in community development projects, and the financial need. The letter should be accompanied by a budget outlining travel expenses and other revenue sources.

Donor(s): The Jean Rich Foundation

Qualification(s): Full-time students registered in the College of Social and Applied Human Sciences who are participating in international travel activities in developing countries as part of a course of study.

Amount: 2 awards of \$2,500

University of Guelph Travel Scholarships [T0421]

The University of Guelph, through the sale of Guelph London House, has established an endowment to provide travel scholarships to students who wish to study outside of Canada but need financial support to do so. Preference will be given to students participating in the London Semester. Students may only receive this travel grant once per degree. The scholarship can cover additional costs of travelling outside of Canada including: airfare, administrative costs, and differential costs of accommodation. Apply to Student Financial Services with a completed Need-based Travel Grant Application at least one month prior to departure. Deadline dates are June 30 for Fall and Winter travel, October 1 for Winter travel, and February 1 for Summer travel.

Donor(s): University of Guelph

Qualification(s): Students that have completed a minimum of 5.0 credits with demonstrated financial need who have a minimum 70% cumulative average in the last two semesters of full-time equivalent study.

Amount: Several awards up to \$1,500

Bachelor of Arts

Made possible by the generous contributions of members of the 1961-1964 Redmen Football teams. The recipients(s) will be selected based upon extraordinary athletic and leadership qualities. No application is necessary. Coaches will nominate students to the Athletic Awards Committee.	
<i>Donor(s):</i>	Dr. Robert Keith (c/o 1961-1964 Football Committee)
<i>Qualification(s):</i>	Entering student-athlete who is a member of the Gryphon Football team with a minimum 80% admission average.
<i>Amount:</i>	several scholarships ranging from \$1500 to \$3500
2003-2009 Men's Cross Country and Track and Field Legacy Scholarship [E0769]	
Made possible by the generous contributions of Gryphon Cross Country and Track and Field alumni from 2003-2009. The recipient(s) will be selected based upon extraordinary athletic and leadership qualities. No application is necessary. Coaches will nominate students to the Athletic Awards Committee.	
<i>Donor(s):</i>	Mr. Christopher Moulton (on behalf of the 2003-2009 Gryphon Men's Cross Country team)
<i>Qualification(s):</i>	Entering student athlete who is a member of the Gryphon Men's Cross Country or Track and Field team who is registered in any undergraduate program and who has achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete
<i>Amount:</i>	1 award of \$1,500
Al Singleton Hockey Scholarships [E0687]	
The recipients will be selected based on extraordinary athletic and leadership qualities. Coaches will nominate students to the Athletic Awards Committee. No application is necessary.	
<i>Donor(s):</i>	1957-58 OA-VC Redmen Championship Hockey Team
<i>Qualification(s):</i>	Entering student-athlete who is a member of the Men's Hockey team and registered in an undergraduate program and who has achieved a minimum 80% admission average.
<i>Amount:</i>	Numerous awards ranging in value from \$750 to \$3,500
Allen Keele Track and Field Scholarship [E0663]	
Recipients will be selected based on demonstrated athletic and leadership qualities. Coaches will nominate students to the Athletics Awards Committee. Application is not required.	
<i>Donor(s):</i>	Allen Keele
<i>Qualification(s):</i>	Entering student-athlete who is a member of the Varsity track and field team and who has achieved a minimum 80% admission average.
<i>Amount:</i>	1 award of \$1,350
Alumni Entrance Merit Scholarship, College of Arts [E0477]	
Established the College of Arts and the Development and Public Affairs Office. Application is not required.	
<i>Donor(s):</i>	Development and Public Affairs Office
<i>Qualification(s):</i>	Student entering the B.A. program in the College of Arts in the Fall semester with the highest admission average.
<i>Amount:</i>	1 award of \$1,000
Amos & William Lowe Memorial Scholarship [E0158]	
Endowed by the late William B. Lowe of Fort Francis, Ontario. Preference will be given first to eligible students from the district of Rainy River, then from the district of Kenora or Thunder Bay, and finally from the remaining districts of Northern Ontario. Application is not required.	
<i>Donor(s):</i>	William B. Lowe and Amos Edgar Lowe
<i>Qualification(s):</i>	Student entering any of the undergraduate degree programs of the Ontario Agricultural College.
<i>Amount:</i>	1 award of \$1,250

Angelo and Frank Agro Undergraduate Scholarship [E0520]	
These scholarships are provided by the Agro Scholarship Fund. Apply, by April 15, to Student Financial Services, with a one to two-page, point-form listing of 4-H activities. This list should describe current or past activities within 4H and the position titles/names, if applicable. Attach a reference letter from a 4H club official. These scholarships will be awarded to the students demonstrating the most active involvement with 4H clubs. The committee will consider any appropriate elements, such as the length of membership in 4H, leadership role(s) in support of 4H, creativity in 4H outreach, and coordination with other rural and academic activities. Credit will be given to those who have achieved in county, provincial and national 4H competitions. Recipients must maintain full-time studies and at least a 70% program average each year for continuation of the award.	
<i>Donor(s):</i>	The Frank Agro Estate
<i>Qualification(s):</i>	Full-time students entering semester 1 who have attained a minimum 75% admission average and completion of a minimum of 10 - 4H projects.
<i>Amount:</i>	9 awards of \$7,000 (payable over 4 years of study)
Barry Lee Scholarship for Agricultural Excellence [E0797]	
Established to recognize Barry Lee's 19 years of service as Councilor and his strong support of rural and agricultural activities in the region. Preference will be given first to students from the Regional Municipality of Halton. Selection will be based on highest admission average. No application is required.	
<i>Donor(s):</i>	The Regional Municipality of Halton
<i>Qualification(s):</i>	Students entering any undergraduate program offered by OAC.
<i>Amount:</i>	1 award of \$1,000
Board of Governors' Scholarships [E0317]	
The scholarship will be paid in eight equal installments with the first and second payments payable shortly after registration in semesters 1 and 2. The 3rd to 8th payments are contingent upon obtaining a minimum average of 80% over the previous two semesters of full-time study. Students who fail to qualify for a payment may re-qualify by subsequently obtaining an 80% or better average over the previous two semesters of full-time study. This award cannot be held with the President's or Chancellors' Scholarships. Application is not required.	
<i>Donor(s):</i>	Board of Governors
<i>Qualification(s):</i>	Academically outstanding students entering semester 1 with the highest admission averages of the entering cohort.
<i>Amount:</i>	25 award of \$8,000 (payable over 4 years of study)
Bob & Joyce Brooks Football Scholarships [E0691]	
The recipients will be selected based on extraordinary athletic and leadership qualities. Coaches will nominate students to the Athletic Awards Committee. No application is necessary.	
<i>Donor(s):</i>	Mrs. Joyce Brooks
<i>Qualification(s):</i>	Entering student-athlete who is a member of the football team and registered in an undergraduate program and who has achieved a minimum 80% admission average.
<i>Amount:</i>	Numerous awards ranging in value from \$750 to \$3,500
Centaur Sports Athletic Scholarship [E0819]	
The recipients will be selected based on demonstrated leadership abilities and contributions to the team. No application is necessary. Coaches will nominate students to the Athletic Awards Committee.	
<i>Donor(s):</i>	Centaur Sports Contracting
<i>Qualification(s):</i>	Entering student-athlete who is a member of a University of Guelph Gryphon Varsity team with a minimum 80% admission average.
<i>Amount:</i>	2 awards of \$3,500
Coach Rudy Florio Football Scholarship [E0737]	
Established by Rudy Florio. Selection will be based on demonstrated leadership qualities and contributions to the team. Head Coaches will nominate students to the Athletic Awards Committee. Application is not required.	
<i>Donor(s):</i>	Mr. Rudy Florio
<i>Qualification(s):</i>	Entering student-athlete who is a member of a varsity football team and registered in an undergraduate program and who has achieved a minimum 80% admission average.
<i>Amount:</i>	1 award of \$3,500

David Mirvish Chancellor's Scholarship [E0822]

Established in 2012 in honour of David Mirvish, chancellor of the University of Guelph and considered one of the most prestigious entrance awards at the University of Guelph. Selection will be made on demonstrated superior leadership ability and potential as evidenced through positions held, extra-curricular activities, involvements in high school and communities and reference support. Students apply by January 25 by completing the online application. Short-listed candidates will be invited to campus for an interview. This scholarship cannot be held with the President's Scholarships, the Lincoln Alexander Scholarships, the Pamela Wallin Scholarships or the Board of Governors' Scholarships.

Donor(s): University of Guelph

Qualification(s): Students entering a degree program with a minimum 90% admission average who have taken a leadership role in activities relating to arts and culture and demonstrate the potential to become a leader in society.

Amount: 1 award of \$32,000 (\$6,500 annually for 4 years of study plus one \$6,000 stipend for summer research assistantship)

December 6th Memorial Scholarship [E0005]

This scholarship, established by the Faculty Association, is awarded in memory of the fourteen women murdered in December 1989 at Ecole Polytechnique and is intended to attract women to a profession that is largely comprised of men. The recipient will be selected on the basis of academic performance. For continued eligibility beyond semester 1, the student must maintain a minimum of 70% cumulative average. Demonstrated financial need may also be considered. Application is not required.

Donor(s): University of Guelph Faculty Association

Qualification(s): Female student who is a Canadian Citizen or Permanent resident of Canada enrolled in the College of Physical and Engineering Science.

Amount: 1 award of \$2,250 (\$750 in each of semesters 1, 3 and 5).

Dick Brown Football Scholarship [E0820]

Established In honour of Dick Brown, former Gryphon Football Head Coach from 1970-1978 and made possible by the generous contributions of Dr. Patrick Lett Ph.D., LL.D., a Gryphon Football Letterman and All-Star. The recipients will be selected based upon extraordinary athletic and leadership qualities. No application is necessary. Coaches will nominate students to the Athletic Awards Committee.

Donor(s): Dr. Patrick Lett

Qualification(s): Entering student-athlete who is a member of the Gryphon Football team, has achieved a minimum 80% admission average and is registered in an undergraduate program.

Amount: several awards of up to \$4,000

Dr. C. John Small Commonwealth Scholarship [I0611]

Established in honour of Dr. C. John Small, OAC BSA '42, Hon D. Law '75, and his lifelong dedication to foreign service. Selection will be based on the assessment of : (a) a one-page submission describing the significance for the student visiting Guelph to the program of study at the partner exchange University, (b) two faculty references of no more than one-page each, and (c) consistent high performance in course work completed, as documented by a transcript of program grades to date. Apply to the Centre for International Programs by May 1 for visiting during the subsequent Fall or Winter semesters with the above mentioned documents.

Donor(s): Mrs. Jean K. Small

Qualification(s): Full-time visiting exchange students registered for at least one semester from a Commonwealth developing country who are pursuing studies or conducting research in the area of agriculture and rural development.

Amount: 1 award of \$1,500

Dr. Frederick and Mrs. Mabel Hung Memorial Scholarships [E0320]

The colleagues and family of the late Prof. Frederick Hung make available this scholarship to encourage students to major in Geography. The award will be given to the student who has achieved the highest admission average. The scholarship is not tenable with other University of Guelph entrance awards greater than \$5000. Application is not required.

Donor(s): The family and friends of Dr. Frederick Hung

Qualification(s): Student entering the Bachelor of Arts program with a major in Geography.

Amount: 1 award of \$700

Dr. Jack Britney Scholarship [E0034]

Established in memory of Dr. Jack Britney, a graduate of '57A and O.A.C. '60 and former faculty member in the former School of Food Agriculture and Resource Economics and Extension Education. Preference will be given to Graduates of the Diploma in Agriculture program. Apply by April 15 with a letter to the O.A.C. Awards Office on the Guelph campus.

Donor(s): Friends and Associates

Qualification(s): Graduate students from a University of Guelph Diploma program with high academic achievement and entering a degree program at the University of Guelph.

Amount: 1 award of \$1,000

Dr. John Scott-Thomas Cross / Country and Track and Field Scholarship [E0695]

Coaches will nominate student recipients to the Athletics Awards Committee. The recipient will be selected based on demonstrated leadership abilities and contributions to the team. No application is necessary.

Donor(s): Various Donors

Qualification(s): Entering student-athlete who is a member of the Varsity Cross / Country or Track and Field Team and who has achieved a minimum 80% admission average.

Amount: 1 award of \$1,350

Earl B. MacNaughton Entrance Scholarships [E0172]

Established by friends, faculty, staff, alumni and students of the University to honour Earl B. MacNaughton, former head of the Department of Physics and founding Dean of the College of Physical Science. Emphasis during selection will be given to academic achievement in high school science and mathematics. Application is not required.

Donor(s): Earl B. MacNaughton

Qualification(s): Students with high academic standing, entering an honours program in the College of Physical and Engineering Science.

Amount: 4 awards of \$1,000

Elaine Scott-Thomas Track and Field Scholarship [E0706]

The recipient will be selected based on demonstrated leadership qualities and contributions to the team. Head Coach will nominate students to the Athletic Awards Committee. No application is necessary.

Donor(s): Dave Scott-Thomas CBS BS '88

Qualification(s): Entering student-athlete who is a member of the varsity cross-country or track and field team and who has achieved a minimum 80% admission average.

Amount: 1 award of \$1,500

Embry Family Scholarship [E0736]

Established by John Embry, a former varsity athlete. Selection will be based on demonstrated leadership qualities and contributions to the team. Head Coaches will nominate students to the Athletic Awards Committee. Application is not required.

Donor(s): Mr. John Embry

Qualification(s): Entering student-athlete who is a member of a varsity team and registered in an undergraduate program and who has achieved a minimum 80% admission average.

Amount: 1 award of \$3,500

Ernest Kendall and Grace (Jowett) Kendall Varsity Swim Team Scholarship [E0627]

Established by Ernest Kendall, O.A.C. BSA 1932, this scholarship recognizes students who are members of the varsity swim team and excel both academically and in a rigorous athletic environment. The recipient will exhibit strong academics and extraordinary athletic qualities. Coaches will nominate students to the Athletics Awards Committee. Application is not required.

Donor(s): Ernest Kendall

Qualification(s): Entering student-athlete who is a member of the varsity swim team and who has achieved a minimum 80% admission average.

Amount: 2 awards of \$1,350

Football Endowment Fund (FEF) Scholarship [E0644]

Established in honour of the retirement of Dr. G.T. Bloomfield, former faculty member and Chair of the department of Geography from 1977 to 1982. Apply to the Chair of the Geography department by May 15 with a one-page essay outlining the benefits and expectations of the field course to their career as a geographer and one letter of reference from a geography professor.

Donor(s): Alumni, Colleagues, and Friends of Dr. G.T. Bloomfield

Qualification(s): Full-time students enrolled in one of the honours program (B.A.H; B.Sc.(ESS); B.Sc.(Env)) offered by the Department of Geography who have completed a minimum of 12.5 credits and have a cumulative average of at least 70% at the time of registration for GEOG*4690.

Amount: 1 award of \$400

H.C. Mason Travel Scholarships [T0598]

In memory of the late H.C. Mason, a travel fund, within the O.A.C. Teaching Trust, for O.A.C. students has been established by F.W. Bray of Hamilton. Apply to the O.A.C. Awards Office by May 15, no more than two semesters prior to the commencement of the travel program, with the submission of a letter of no more than two pages outlining the intended study program/conference/or other type of learning opportunity, reasons for choosing the program and the anticipated benefits of participation. A letter of recommendation will be considered as part of the application package. This grant is not tenable with other University of Guelph travel grants.

Donor(s): Mr. F.W. Bray

Qualification(s): Student who are currently registered in an Ontario Agricultural College undergraduate program with a minimum of 70% cumulative average who intend to participate in travel related to course study

Amount: various awards up to \$1,500

J. Ross Cavers Study Abroad Scholarship [T0051]

O.A.C. '53 provides these scholarships in memory of J. Ross Cavers, their honorary year member, professor emeritus, and respected poultry scientist. Apply by letter outlining the intended semester abroad program, the reasons for choosing the program and the perceived value of participation along with a brief summary of related and extracurricular activities to the O.A.C. Awards Office by May 15. A letter of recommendation will also be considered as part of the application package. Application should be made a maximum of two semesters prior to participation in the intended travel program.

Donor(s): Class of O.A.C. '53

Qualification(s): Undergraduate student in O.A.C. planning to participate in a semester abroad program with a minimum 75% cumulative average. Preference will be given to a candidate who has exhibited qualities of leadership.

Amount: 2 awards of \$2,000

J.D. Cunningham Travel Grant [T0605]

Established on honour of the J.D. Cunningham, a professor of microbiology at the University of Guelph. Apply by May 15 to the O.A.C. Awards Office with a letter of no more than two pages outlining the intended study program, conference, or other type of learning opportunity. Include the reason for choosing the program and describe the anticipated benefits of participation. Letters of recommendation will be considered as part of the application package. Upon return from the travel opportunity, the student must be willing to present a report to classmates and/or faculty and/or the Ontario Food Protection Association.

Donor(s): Ontario Food Protection Association

Qualification(s): Students currently enrolled in any O.A.C. program with a minimum cumulative average of 75%. Preference will be given to students in Food Science specializing in Microbiology.

Amount: 1 award of \$2,000

Jeff and Donna Lozon Travel Grant [T0772]

Selection will be based on budgetary considerations and academic standing. There are two distinct application deadlines - April 15 for Summer/Fall; and October 1 for Winter/Summer. If a qualified candidate is not selected from the April applicant pool, this award can be awarded the following fall. Application for funding should be for either of the two semesters following application. To apply, forward a letter to the CSAHS Awards Committee by either application deadline with a description of the international activity. The letter should be accompanied by a budget outlining travel expenses and other revenue sources.

Donor(s): Jeff Lozon (CSS BA '76) and Donna Doherty Lozon

Qualification(s): Full-time students registered in any degree program in CSAHS who are participating in any course-related international travel.

Amount: 2 awards of \$1,000

Kenneth W. Knox Undergraduate Leadership Travel Grant [T4403]

Established to honour and recognize Kenneth Knox, Kemptville '67, OAC '72, for his passionate and innovative career. Selection will be based on relevance of intended travel and benefits to program of study, demonstrated leadership contributions and financial need. Apply by October 7 to Student Financial Services with a letter outlining planned travel, reasons for travel, dates of travel, estimated costs, expected benefits, demonstrated leadership as evidenced by participation in extracurricular activities or volunteer services, along with a completed University of Guelph Financial Need Assessment Form. A reference letter from a faculty member providing criteria for relevance of intended travel and benefits to program of study would be considered. ACCESS AWARD

Donor(s): Friends and Family of Kenneth Knox with matching funding through the Ontario Trust for Student Support program

Qualification(s): Students registered in any program offered by OAC who have demonstrated leadership contributions, have completed a minimum of 10.0 credits with a minimum 70% cumulative average and plan to participate in an experiential learning opportunity related to their field of study, such as: semester abroad, exchange program, etc. and have demonstrated financial need. Additionally, students must meet the government-mandated terms for receipt of an OTSS award (see General Statements on Awards).

Amount: 1 award of \$2,000

Kincardine Shippers Association Travel Grant [T0676]

Established by the members of the Kincardine Shippers Association to assist students in pursuit of their educational goals. Selection will be based on the stated travel benefits, leadership potential and financial need considered. Preference will be given to students from the Municipality of Kincardine and the Township of Huron-Kinloss. Apply with a letter of no more than two pages outlining the intended study program or type of learning opportunity, reasons for choosing the program and the anticipated benefits of participation, along with a Need-Based Travel grant application by October 7 to Student Financial Services. A letter of recommendation will be considered as part of the application.

Donor(s): Kincardine Shippers Association

Qualification(s): Students registered in any program offered by O.A.C. with a minimum 70% cumulative average who plan to participate in travel related to course study.

Amount: 1 award of \$1,000

Kiyoko Miyanishi International Travel Grant [T0742]

Established by Dr. Kiyoko Miyanishi, a retired faculty member from the Department of Geography, and Dr. Edward A Johnson. Selection will be based on budgetary considerations and academic standing. There are two distinct application deadlines - April 1 for Summer/Fall; and October 1 for Winter/Summer. If a qualified candidate is not selected from the April applicant pool, both awards could be awarded the following fall. Application for funding should be for either of the two semesters following application. To apply, forward a letter to the CSAHS Awards Committee by either application deadline with a description of the international activity. The letter should be accompanied by a budget outlining travel expenses and other revenue sources.

Donor(s): Dr. Kiyoko Miyanishi and Dr. Edward A Johnson

Qualification(s): Full-time students registered in any degree program in CSAHS with a minimum 70% cumulative average who are participating in any course-related international travel.

Amount: 2 awards of \$3,500

Massey Fund Travel Scholarships [T0417]

Travel scholarships available from the Massey Fund. Not tenable with other awards that support travel costs. Apply by letter outlining the study abroad/exchange program and travel costs to the O.A.C. Dean's Office by May 15.

Donor(s): O.A.C. Awards Committee

Qualification(s): O.A.C. undergraduate students who are participating in an approved study abroad or exchange program outside Canada. Academic standing in the last two full-time semesters or equivalent will be used to determine recipients.

Amount: 6 awards of up to \$2,000 each

Mathematics & Statistics Fourth Year Travel Grants [T0624]

Apply by submitting a letter with a brief description of the conference and a detailed budget to the Mathematics and Statistics Undergraduate Awards Committee at least one month prior to the conference. Preference will be given to students presenting a paper or poster or returning to pursue graduate studies in the department. A student may be considered for this grant once only.

Donor(s): The Department of Mathematics and Statistics

Qualification(s): Registered students in year 4 (i.e. who have completed a minimum of 15.0 credits) with a cumulative average of at least 75%, enrolled in any major offered by the Depart. of Math and Stats, and who are planning to attend a conference related to program of study.

Amount: Several grants of up to \$250

Michael Chepesuk International Travel Grant [T0373]

Offered in memory of the late Michael W. Chepesuk, O.A.C.'30. Application by letter should be made to the O.A.C. Dean's Office by May 15, and include a description of the study program. Travel grant (or grants). Up to 80% of the actual travel costs associated with the study outside of Canada program will be covered up to a maximum of \$1,000 per student.

Donor(s): Mr. Michael W. Chepesuk

<i>Donor(s):</i>	Allen Keele
<i>Qualification(s):</i>	Entering student-athlete who is a member of the Varsity track and field team and who has achieved a minimum 80% admission average.
<i>Amount:</i>	1 award of \$1,350
Angelo and Frank Agro Undergraduate Scholarship [E0520]	
These scholarships are provided by the Agro Scholarship Fund. Apply, by April 15, to Student Financial Services, with a one to two-page, point-form listing of 4-H activities. This list should describe current or past activities within 4H and the position titles/names, if applicable. Attach a reference letter from a 4H club official. These scholarships will be awarded to the students demonstrating the most active involvement with 4H clubs. The committee will consider any appropriate elements, such as the length of membership in 4H, leadership role(s) in support of 4H, creativity in 4H outreach, and coordination with other rural and academic activities. Credit will be given to those who have achieved in county, provincial and national 4H competitions. Recipients must maintain full-time studies and at least a 70% program average each year for continuation of the award.	
<i>Donor(s):</i>	The Frank Agro Estate
<i>Qualification(s):</i>	Full-time students entering semester 1 who have attained a minimum 75% admission average and completion of a minimum of 10 - 4H projects.
<i>Amount:</i>	9 awards of \$7,000 (payable over 4 years of study)

Barry Lee Scholarship for Agricultural Excellence [E0797]	
Established to recognize Barry Lee's 19 years of service as Councilor and his strong support of rural and agricultural activities in the region. Preference will be given first to students from the Regional Municipality of Halton. Selection will be based on highest admission average. No application is required.	
<i>Donor(s):</i>	The Regional Municipality of Halton
<i>Qualification(s):</i>	Students entering any undergraduate program offered by OAC.
<i>Amount:</i>	1 award of \$1,000
Board of Governors' Scholarships [E0317]	
The scholarship will be paid in eight equal installments with the first and second payments payable shortly after registration in semesters 1 and 2. The 3rd to 8th payments are contingent upon obtaining a minimum average of 80% over the previous two semesters of full-time study. Students who fail to qualify for a payment may re-qualify by subsequently obtaining an 80% or better average over the previous two semesters of full-time study. This award cannot be held with the President's or Chancellors' Scholarships. Application is not required.	
<i>Donor(s):</i>	Board of Governors
<i>Qualification(s):</i>	Academically outstanding students entering semester 1 with the highest admission averages of the entering cohort.
<i>Amount:</i>	25 award of \$8,000 (payable over 4 years of study)
Bob & Joyce Brooks Football Scholarships [E0691]	
The recipients will be selected based on extraordinary athletic and leadership qualities. Coaches will nominate students to the Athletic Awards Committee. No application is necessary.	
<i>Donor(s):</i>	Mrs. Joyce Brooks
<i>Qualification(s):</i>	Entering student-athlete who is a member of the football team and registered in an undergraduate program and who has achieved a minimum 80% admission average.
<i>Amount:</i>	Numerous awards ranging in value from \$750 to \$3,500
Centaur Sports Athletic Scholarship [E0819]	
The recipients will be selected based on demonstrated leadership abilities and contributions to the team. No application is necessary. Coaches will nominate students to the Athletic Awards Committee.	
<i>Donor(s):</i>	Centaur Sports Contracting
<i>Qualification(s):</i>	Entering student-athlete who is a member of a University of Guelph Gryphon Varsity team with a minimum 80% admission average.
<i>Amount:</i>	2 awards of \$3,500
Coach Rudy Florio Football Scholarship [E0737]	
Established by Rudy Florio. Selection will be based on demonstrated leadership qualities and contributions to the team. Head Coaches will nominate students to the Athletic Awards Committee. Application is not required.	
<i>Donor(s):</i>	Mr. Rudy Florio
<i>Qualification(s):</i>	Entering student-athlete who is a member of a varsity football team and registered in an undergraduate program and who has achieved a minimum 80% admission average.
<i>Amount:</i>	1 award of \$3,500
David Mirvish Chancellor's Scholarship [E0822]

Established in honour of the many contributions of Dr. J.W. Skinner, a former Dean of the College of Social Sciences. Application is not required.	
<i>Donor(s):</i>	Faculty, staff, alumni and students, of the former College of Social Science
<i>Qualification(s):</i>	Presented to the C.S.A.H.S. Winegard Medal nominee.
<i>Amount:</i>	1 award of a Medal

Jack and Lillian MacDonald Scholarship [E0379]	
Family, friends, and colleagues of Lillian MacDonald and Dr. Jack MacDonald, Vice-President, Academic, of the University of Guelph from 1986 to 1995, have established a scholarship that recognizes their commitment to increasing the accessibility of post-secondary education to aboriginal persons. In the first instance, the award will be given to an entering student coming from the Six Nations Polytechnic (SNP) and who has received the highest cumulative average in the Native University Program. If there is no entering student in any one year, the scholarship will be awarded to the in-course student who is a graduate of the SNP (or previously, the Grand River Polytechnical Institute) who has the highest cumulative average at the University.	
<i>Donor(s):</i>	Family, friends, and colleagues of Lillian MacDonald and Dr. Jack MacDonald
<i>Qualification(s):</i>	Entering students coming from the Six Nations Polytechnic (SNP).
<i>Amount:</i>	1 award of \$900

John Eccles Scholarship [I0093]	
Apply to Student Financial Services, by May 15, with a letter highlighting leadership abilities through participation on residence life. Providing a reference letter would be an asset.	
<i>Donor(s):</i>	Student Housing Services
<i>Qualification(s):</i>	Full-time student registered in semester 2, 3, 4, 5 or 6 and living in residence in the Winter semester who has a cumulative 80% average or who is in the top 10% of his/her program. The recipient must have demonstrated responsibility and leadership qualities through participation in residence related activities. Residence Life Staff and paid members of Interhall Council and Hall Councils are not eligible.
<i>Amount:</i>	1 award of \$600

Kelly Bertrand Cross Country Scholarship [I0684]	
The recipient will be selected based on demonstrated leadership abilities, including commitment, dedication, perseverance and contributions to the team. Preference is given to current members of the Varsity Cross Country Team. Head Coach will nominate students to the Athletic Awards Committee. No application is necessary.	
<i>Donor(s):</i>	Kelly Bertrand
<i>Qualification(s):</i>	Current members of the Varsity Cross Country Team who have achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete.
<i>Amount:</i>	1 award of \$2,000

Kenneth W. Hammond Prize [I0045]	
The evaluation of the student will be based on the final essay in the "Environmental Perspectives and Human Choice: 5000 Days" course. The selection committee will be comprised of 4 persons: the donor, the Director of the Arboretum, the Dean of Physical and Engineering Science and the Dean of Biological Science. Application is not required.	
<i>Donor(s):</i>	Kenneth W. Hammond
<i>Qualification(s):</i>	Student who has best demonstrated an understanding of the world's resource situation and its proper use by humankind.
<i>Amount:</i>	1 award of \$1,000

Kevin Durie Memorial Scholarship [I0653]	
Established in memory of Kevin Durie, BA '93, by his family and friends. Selection will be based on demonstration of outstanding service as a Residence Life staff member and volunteer . Apply by October 31st to the Director, Student Housing Services with a letter of reference from a member of the Residence Life management team and a personal statement of up to 500 words that outlines time commitment and types of volunteer activities undertaken as well as an indication of how their volunteer activities and participation as a Residence Life staff member are valuable and rewarding experiences.	
<i>Donor(s):</i>	Christine Blake-Durie
<i>Qualification(s):</i>	Students who are registered in any degree program on the University of Guelph campus, are a member of Residence Life staff and are academically eligible to continue as a Residence Assistant or as part of Residence Life staff.
<i>Amount:</i>	1 award of \$1,000

Kip Hunter Prize [I0139]	
For the best essay, written by an undergraduate in a philosophy course. The essay may be either a required assignment for a course (in which case either the student or the instructor may submit it) or it may be specially prepared for the competition. Submission of essays is to the Chair, Department of Philosophy, by May 1	
<i>Donor(s):</i>	Faculty, students and staff of the Philosophy Department
<i>Qualification(s):</i>	Any undergraduate who has registered for a philosophy course during the academic year in which the prize is awarded.
<i>Amount:</i>	1 Book prize

Lambda Foundation Scholarship in LGBT Studies [I0591]	
This award is provided to encourage research on the subject of lesbian, bisexual, gay and transgendered (LGBT) peoples. The scholarship is based upon areas of research pertaining to the history, contributions, and issues by or about LGBT peoples. Preference will be given to an applicant who is involved in the LGBT community as demonstrated by a record of volunteer activities, active civil society memberships, or as attested by a letter of recommendation from a community group, or evidenced by related previous academic pursuits. This scholarship may be awarded to a given student only once. Projects must have been completed or research proposals accepted within the past calendar year. Apply to the Dean of Arts by December 15th including the research proposal or completed project, curriculum vitae, and any supporting letters referencing involvement in the LGBT community and/or faculty support.	
<i>Donor(s):</i>	Lambda Foundation and other donors
<i>Qualification(s):</i>	Students enrolled in a program with a thesis, a research essay, independent research project or course work programs pertaining to lesbian, bisexual, gay and transgendered (LGBT) studies, as broadly defined by the applicant.
<i>Amount:</i>	1 award of \$1,000
Larry Pearson Men's Volleyball Athletic Scholarships [I0618]	
Established by Larry Pearson, a former varsity volleyball athlete and University of Guelph graduate, this scholarship recognizes students who are members of the men's varsity volleyball team and excel both academically and in a rigorous athletic environment. The recipient will exhibit strong academics and extraordinary athletic qualities. Coaches will nominate students to the Athletics Awards Committee. Application is not required.	
<i>Donor(s):</i>	Larry Pearson
<i>Qualification(s):</i>	In-course student-athlete who is a current member of the men's varsity volleyball team and has achieved a minimum 70% average in the previous academic year.
<i>Amount:</i>	several awards up to \$3,500
Latifpoor-Keparoutis Family Varsity Swim Team Scholarship [I0732]	
Selection will be based on demonstrated leadership qualities and contributions to the team with preference given to a C.B.S. or C.P.E.S. student athlete. Head Coaches will nominate students to the Athletic Awards Committee. Application is not required.	
<i>Donor(s):</i>	Maryam Latifpoor-Keparoutis
<i>Qualification(s):</i>	Current member of the varsity swim team, who has achieved a minimum 70% cumulative average or equivalent during the previous academic year as a student-athlete.
<i>Amount:</i>	1 award of \$1,200
Leonard Conolly Exchange Student Scholarship [I0446]	
Established by students, faculty, staff and friends to honour Prof. Leonard Conolly, professor of drama, Chair of the Department of Drama, 1981-88, and Associate Vice-President Academic, 1988-1992. Apply to the Centre for International Programs by April 5, for visiting during the subsequent Fall or Winter semesters. Selection, by the Centre for International Programs, will be based on assessment of (a) a one-page submission describing the significance of the student visiting Guelph to the program of study at the partner exchange university (b) two faculty references of one-page each, and (c) consistent high performance in the course work completed, as documented by a transcript of program grades to date, submitted by the home university.	
<i>Donor(s):</i>	Students, staff, faculty and friends of Dr. Leonard Connolly
<i>Qualification(s):</i>	Full-time visiting exchange student, registered at Guelph for at least one semester, from any country in the South (a list of eligible countries and exchange partner universities is available in the Centre for International Programs).
<i>Amount:</i>	1 award of \$1,000
Lloyd Dorr Memorial Hockey Scholarship [I0708]	
Established in memory of Lloyd Dorr to recognize his belief in the value of education and his love of sports. Preference given to a former OHL Guelph Storm player. The recipient will be selected based on extraordinary athletic and leadership qualities. Coaches will nominate students to the Athletic Awards Committee. No application is necessary.	
<i>Donor(s):</i>	Family and Friends of the late Lloyd Dorr
<i>Qualification(s):</i>	Current member of the men's varsity hockey team, who is enrolled in an undergraduate program and who has achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete.
<i>Amount:</i>	1 award of \$1,000

Marion McKenzie Scholarships for Outstanding Achievement in History [I0470]	
These prizes have been established in memory of Marion McKenzie (1905-1994), a teacher who had a love of learning and a continuing curiosity about the world both past and present. These are awarded to the top student in each of the required core courses in the History program (HIST*1010, HIST*2450, HIST*2602). Application is not required.	
<i>Donor(s):</i>	TBA
<i>Qualification(s):</i>	The recipient for HIST*1010 must have completed no more than 5.0 credits; the recipient for HIST*2450, no more than 10.0 credits and be in the history program; and the recipient for HIST*2602, no more than 10.0 credits.
<i>Amount:</i>	4 awards of \$500
Men's Basketball Scholarships [I0638]	
Recipients will be selected based on extraordinary athletic and leadership qualities. Coaches will nominate students to the Athletics Awards Committee. Application is not required.	
<i>Donor(s):</i>	Anonymous (Alumnus)
<i>Qualification(s):</i>	In-course student-athlete who is a current member of the Men's Basketball varsity team and has achieved a minimum 70% average in the previous academic year.
<i>Amount:</i>	4 awards of \$2,500
Men's Soccer Alumni Scholarship [I0771]	
Made possible by the generous contributions of Men's Soccer Alumni and friends. The recipient(s) will be selected based upon extraordinary athletic and leadership qualities. No application is necessary. Coaches will nominate students to the Athletic Awards Committee.	
<i>Donor(s):</i>	Mr. Paul Wombwell (on behalf of the Men's Soccer Alumni Committee)
<i>Qualification(s):</i>	Current member of the Gryphon Men's Soccer team who is registered in any undergraduate program and who has achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete.
<i>Amount:</i>	several awards ranging in value from \$1,000 to \$3,500
Nathan Max Goldman Choir Scholarships [I0774]	
Established in honour of Mr. Goldman, an OAC graduate (1945 and 1947) and former President of the Philharmonia Society at the University of Guelph. The scholarships will support two students who demonstrate outstanding leadership and vision in the Symphonic Choir and / or the Chamber Choir. One award will be available to a student in each choir and will be given to the candidate who best combines high vocal achievement and choral leadership. A vocal audition may be required. In the event that there is more than one suitable candidate, the student who is a majoring in Music will be given preference, and thereafter, the student with the highest cumulative average. No application is required as a recommendation by Choir Director will be made to the SOFAM Awards Committee.	
<i>Donor(s):</i>	Mrs. Anne Goldman and the family of Nathan Max Goldman
<i>Qualification(s):</i>	Students registered in any degree program who are currently a member of the University of Guelph Symphonic Choir and / or the Chamber Choir and have been a member of the University of Guelph Choirs for at least two years.
<i>Amount:</i>	2 awards of \$1,000

John Embry Family Scholarship [I4549]

Established by John Embry, a former varsity athlete, and created with matching funding through the Ontario Trust for Student Support program, these endowed scholarship(s) recognize students who are members of a varsity team and excellence in both academics and rigorous athletic environment. Coaches will nominate student recipients to the Athletics Awards Committee. Students must submit a Financial Need Assessment Form (N.A.F.) to Student Financial Services by October 7. ACCESS AWARD

Donor(s): Mr. John Embry with matching funding through the Ontario Trust for Student Support program

Qualification(s): Student-athletes who are members of an OUA varsity team with a minimum 70% average in the previous academic year and demonstrated financial need. Additionally, students must meet the government-mandated terms for receipt of an OTSS award (see General Statements on Awards).

Amount: 2 awards of \$3,500

Landoni Athletic Scholarship [I4405]

Established by Peter Landoni, former Bursar and Associate Registrar at the University of Guelph who valued the benefits of blending education and athletics, and was supported by friends, family and the Ontario government's OTSS program. Selection will be based on demonstrated athletic and academic leadership. Nominations will be put forward by varsity coaches. Apply with a completed Financial Need Assessment Form (N.A.F.) to Student Financial Services by October 7. Preference given to men's ice hockey, should lacrosse and/or men's rugby obtain CIS status, preference should then be given to athletes from lacrosse and /or rugby. ACCESS AWARD

Donor(s): Peter Landoni with matching funding through the Ontario Trust for Student Support program

Qualification(s): Current member of a University of Guelph varsity team who has achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete with demonstrated financial need. Additionally, students must meet the government-mandated terms for receipt of an OTSS award (see General Statements on Awards).

Amount: 1 award of \$1,000

Residence Life Staff Scholarship [I0697]

Selection will be made on the basis of demonstrated financial need and strong community involvement both inside and outside of residence. Students apply by completing the online Residence Life Staff Scholarship form and submit a letter of support from a Residence Life Staff member or member of Residence Student Government by March 1 to the Director of Student Housing. Recipients must reside in a Guelph main campus residence for the full year in which they hold this award in order to receive the full award, or one full semester to receive \$250 of the award, and are required to submit their residence deposit by the published due date.

Donor(s): Student Housing Services

Qualification(s): Students registered in any degree program with a minimum 70% average who have successfully attained a Residence Life Staff position with Student Housing Services and who are receiving OSAP or financial assistance through their provincial/territorial student loan program.

Amount: 2 awards of \$500

Returning Student Residence Scholarship [I0696]

Selection will be made on the basis of demonstrated financial need and strong community involvement both inside and outside of residence. Students apply by completing the online Returning Student Residence Scholarship form, submit a one-page summary of community involvement, and submit a letter of support from a Residence Life Staff member or member of Residence Student Government by March 1 to the Director of Student Housing. This award is conditional upon the student remaining in a Guelph main campus residence for two full semesters to receive the entire \$500 award, or one full semester to receive \$250 of the award.

Donor(s): Student Housing Services

Qualification(s): Students registered in any degree program who plan to reside in residence in second, third or fourth year who are receiving OSAP or financial assistance through their provincial/territorial student loan program and have a minimum 70% average.

Amount: 3 awards of \$500

Sheryl and David Kerr Women's Varsity Ice Hockey Scholarship [E4515]

Established by Sheryl and David Kerr, with the aid of the Ontario government's OTSS program. Selection will be based on demonstrated leadership qualities, contributions to the team and demonstrated financial need. Apply by April 15 to Student Financial Services with a completed Financial Need Assessment Form for Entrance Awards. ACCESS AWARD.

Donor(s): Sheryl and David Kerr with matching funding through the Ontario Trust for Student Support program

Qualification(s): Entering student athlete who is a member of the varsity women's ice hockey team with a minimum 80% admission average, or equivalent, and demonstrated financial need. Additionally, students must meet the government-mandated terms for receipt of an OTSS award (see General Statements on Awards).

Amount: various awards of up to \$3,500

Amount: Several awards of varying amounts to a maximum of \$1,000

University of Guelph Travel Scholarships [T0421]

The University of Guelph, through the sale of Guelph London House, has established an endowment to provide travel scholarships to students who wish to study outside of Canada but need financial support to do so. Preference will be given to students participating in the London Semester. Students may only receive this travel grant once per degree. The scholarship can cover additional costs of travelling outside of Canada including: airfare, administrative costs, and differential costs of accommodation. Apply to Student Financial Services with a completed Need-based Travel Grant Application at least one month prior to departure. Deadline dates are June 30 for Fall and Winter travel, October 1 for Winter travel, and February 1 for Summer travel.

Donor(s): University of Guelph

Qualification(s): Students that have completed a minimum of 5.0 credits with demonstrated financial need who have a minimum 70% cumulative average in the last two semesters of full-time equivalent study.

Amount: Several awards up to \$1,500

Bachelor of Bio-Resource Management Degree

<i>Amount:</i>	several awards of \$500

President's Scholarship [E0238]

Established in 1987 in honour of their donors or distinguished members of the University and are considered one of the most prestigious entrance awards at the University of Guelph. Selection will be made on demonstrated superior leadership ability and potential as evidenced through positions held, extra-curricular activities, involvements in high school and communities and reference support. Students apply by January 25 by completing the online application. Short-listed candidates will be invited to campus for an interview. This scholarship cannot be held with the Chancellor Scholarships: the Lincoln Alexander; the Pamela Wallin; and the David Mirvish, or the Board of Governors' Scholarships.

Donor(s):	A number of President's Scholarships have been named in honour of the following people and/or donors: Cecil H. Franklin and Ingrid Franklin In honour of Cecil Franklin, former Chair of the Board of Governors and Honorary Fellow of the University, the University of Guelph has named one of these twelve prestigious entrance awards to recognize his financial contributions and volunteer support to the President's Entrance Scholarship program. Charles S. Humphrey In memory of Charles S. Humphrey, a former President of Hart Chemical Company Canada Ltd. and long-time friend, the University has named one of these twelve prestigious entrance awards to recognize his financial contribution through his estate to the President's Entrance Scholarship program. Jack R. Longstaffe The University of Guelph has named one of these twelve prestigious entrance awards in memory of Jack R. Longstaffe to recognize his financial contribution through his estate to the President's Entrance Scholarship program. Burton C. Matthews The University of Guelph has named one of these twelve prestigious entrance awards in honour of Burton C. Matthews to recognize his insight and leadership in establishing the President's Entrance Scholarship program. Kathleen and Frederick Metcalf Mr. and Mrs. F.T. Metcalf of Guelph have endowed this award. After a distinguished career in cable TV, broadcasting and publishing, the late Mr. Metcalf retired as President of Maclean Hunter Ltd. and Chairman of the Board of Maclean Hunter Cable Ltd. He was Honorary Chairman of Maclean Hunter Cable Ltd. and a member of the University of Guelph Heritage Board (1996). Rol-land Farms Limited Two of the scholarships are endowed by the four shareholders of Rol-land Farms Limited of Blenheim, Ontario, Hank, Peter, Arthur and Eric Vander Pol and their families. The Vander Pol families are generous supporters of a number of University projects and programs. Lillian Stewart Usher The University of Guelph has named one of these twelve prestigious entrance awards in honour of Lillian Stewart Usher a friend of the University to recognize her financial contribution through her estate to the President's Entrance Scholarship program.

Amount:	1 award of \$3,500

Ted Morwick Scholarship [E0796]

Established by Ted Morwick, honorary alumni. The student with the highest admission average will be selected. This award is conditional on maintaining a 80% average in the previous year of full time study. If a current award recipient does not meet the renewal criteria for one year, they will be given the opportunity to re-qualify. (i.e. The student recipient does not maintain 80% in their first year. They will not receive the award for their second year of school. If at the end of their second year they have raised their average back up to 80% or higher, they would receive the award for their third year.) If a student doesn't qualify for two years in a row, they would fully lose the award, with no opportunity to re-qualify. This scholarship is not tenable with the Chancellors', President's or Board of Governors' Scholarships. No application is necessary.

Donor(s):	Mr. Edward (Ted) Morwick
Qualification(s):	Students entering any degree program in the College of Arts.
Amount:	1 award of \$8,000 (payable over four years.)

<i>Qualification(s):</i>	Student entering any of the undergraduate degree programs of the Ontario Agricultural College.
<i>Amount:</i>	1 award of \$1,250

Angelo and Frank Agro Undergraduate Scholarship [E0520]	
These scholarships are provided by the Agro Scholarship Fund. Apply, by April 15, to Student Financial Services, with a one to two-page, point-form listing of 4-H activities. This list should describe current or past activities within 4H and the position titles/names, if applicable. Attach a reference letter from a 4H club official. These scholarships will be awarded to the students demonstrating the most active involvement with 4H clubs. The committee will consider any appropriate elements, such as the length of membership in 4H, leadership role(s) in support of 4H, creativity in 4H outreach, and coordination with other rural and academic activities. Credit will be given to those who have achieved in county, provincial and national 4H competitions. Recipients must maintain full-time studies and at least a 70% program average each year for continuation of the award.	
<i>Donor(s):</i>	The Frank Agro Estate
<i>Qualification(s):</i>	Full-time students entering semester 1 who have attained a minimum 75% admission average and completion of a minimum of 10 - 4H projects.
<i>Amount:</i>	9 awards of \$7,000 (payable over 4 years of study)
Barry Lee Scholarship for Agricultural Excellence [E0797]	
Established to recognize Barry Lee's 19 years of service as Councilor and his strong support of rural and agricultural activities in the region. Preference will be given first to students from the Regional Municipality of Halton. Selection will be based on highest admission average. No application is required.	
<i>Donor(s):</i>	The Regional Municipality of Halton
<i>Qualification(s):</i>	Students entering any undergraduate program offered by OAC.
<i>Amount:</i>	1 award of \$1,000
Board of Governors' Scholarships [E0317]	
The scholarship will be paid in eight equal installments with the first and second payments payable shortly after registration in semesters 1 and 2. The 3rd to 8th payments are contingent upon obtaining a minimum average of 80% over the previous two semesters of full-time study. Students who fail to qualify for a payment may re-qualify by subsequently obtaining an 80% or better average over the previous two semesters of full-time study. This award cannot be held with the President's or Chancellors' Scholarships. Application is not required.	
<i>Donor(s):</i>	Board of Governors
<i>Qualification(s):</i>	Academically outstanding students entering semester 1 with the highest admission averages of the entering cohort.
<i>Amount:</i>	25 award of \$8,000 (payable over 4 years of study)

Amount: Several awards of various amounts

Roderick Long International Travel Grant [T0360]	
Offered in memory of the late Roderick Long, O.A.C.'54. Up to eighty percent of the travel costs associate with the study outside of Canada program will be covered up to a maximum of \$1,000 per student. Application by letter should be made to the Dean O.A.C. by May 15, and include a description of the study abroad program.	
<i>Donor(s):</i>	Mr. Roderick W. Long
<i>Qualification(s):</i>	O.A.C. undergraduate student who is studying outside of Canada on an approved program for one or more semesters
<i>Amount:</i>	Several awards of \$1,000
The Jean Rich Foundation Travel Grant [T0730]	
Selection will be based on budget considerations, and participation in community development projects. There are two distinct application deadlines - April 1 for Summer/Fall and October 1 for Winter/Summer. If a qualified candidate is not selected from the April applicant pool, both awards could be awarded the following fall. Application for funding should be for either of the two semesters following application. To apply, forward a letter to the CSAHS Awards Committee by either application deadline with a description of the international activity, including involvement in community development projects, and the financial need. The letter should be accompanied by a budget outlining travel expenses and other revenue sources.	
<i>Donor(s):</i>	The Jean Rich Foundation
<i>Qualification(s):</i>	Full-time students registered in the College of Social and Applied Human Sciences who are participating in international travel activities in developing countries as part of a course of study.
<i>Amount:</i>	2 awards of \$2,500
University of Guelph Travel Scholarships [T0421]	
The University of Guelph, through the sale of Guelph London House, has established an endowment to provide travel scholarships to students who wish to study outside of Canada but need financial support to do so. Preference will be given to students participating in the London Semester. Students may only receive this travel grant once per degree. The scholarship can cover additional costs of travelling outside of Canada including: airfare, administrative costs, and differential costs of accommodation. Apply to Student Financial Services with a completed Need-based Travel Grant Application at least one month prior to departure. Deadline dates are June 30 for Fall and Winter travel, October 1 for Winter travel, and February 1 for Summer travel.	
<i>Donor(s):</i>	University of Guelph
<i>Qualification(s):</i>	Students that have completed a minimum of 5.0 credits with demonstrated financial need who have a minimum 70% cumulative average in the last two semesters of full-time equivalent study.
<i>Amount:</i>	Several awards up to \$1,500
Varley and Lyon Exchange Scholarships [T0298]	
Miss Bertha Manent of New York City has established five or more Mrs. Lillie-Jane Lyon Varley and Clarence D. Lyon Exchange scholarships. Apply to the O.A.C. Awards office by May 15 and include a letter from the Dean or Director approving the proposed program of study.	
<i>Donor(s):</i>	Miss Bertha Manent
<i>Qualification(s):</i>	O.A.C. students who are pursuing a course of study for one or two semesters at another college or faculty of agriculture in Canada or in another country. Such course of study must lead to the degree of B.Sc.(Agr.), B.Comm. in Agricultural Business or the Diploma in Agriculture at the University of Guelph.
<i>Amount:</i>	3 awards of \$750

Bachelor of Computing

<i>Amount:</i>	1 award of \$1,350
Angelo and Frank Agro Undergraduate Scholarship [E0520]	
These scholarships are provided by the Agro Scholarship Fund. Apply, by April 15, to Student Financial Services, with a one to two-page, point-form listing of 4-H activities. This list should describe current or past activities within 4H and the position titles/names, if applicable. Attach a reference letter from a 4H club official. These scholarships will be awarded to the students demonstrating the most active involvement with 4H clubs. The committee will consider any appropriate elements, such as the length of membership in 4H, leadership role(s) in support of 4H, creativity in 4H outreach, and coordination with other rural and academic activities. Credit will be given to those who have achieved in county, provincial and national 4H competitions. Recipients must maintain full-time studies and at least a 70% program average each year for continuation of the award.	
<i>Donor(s):</i>	The Frank Agro Estate
<i>Qualification(s):</i>	Full-time students entering semester 1 who have attained a minimum 75% admission average and completion of a minimum of 10 - 4H projects.
<i>Amount:</i>	9 awards of \$7,000 (payable over 4 years of study)

Barry Lee Scholarship for Agricultural Excellence [E0797]	
Established to recognize Barry Lee's 19 years of service as Councilor and his strong support of rural and agricultural activities in the region. Preference will be given first to students from the Regional Municipality of Halton. Selection will be based on highest admission average. No application is required.	
<i>Donor(s):</i>	The Regional Municipality of Halton
<i>Qualification(s):</i>	Students entering any undergraduate program offered by OAC.
<i>Amount:</i>	1 award of \$1,000
Board of Governors' Scholarships [E0317]	
The scholarship will be paid in eight equal installments with the first and second payments payable shortly after registration in semesters 1 and 2. The 3rd to 8th payments are contingent upon obtaining a minimum average of 80% over the previous two semesters of full-time study. Students who fail to qualify for a payment may re-qualify by subsequently obtaining an 80% or better average over the previous two semesters of full-time study. This award cannot be held with the President's or Chancellors' Scholarships. Application is not required.	
<i>Donor(s):</i>	Board of Governors
<i>Qualification(s):</i>	Academically outstanding students entering semester 1 with the highest admission averages of the entering cohort.
<i>Amount:</i>	25 award of \$8,000 (payable over 4 years of study)

Amount: 1 award of \$3,500

Ted Morwick Scholarship [E0796]

Established by Ted Morwick, honorary alumni. The student with the highest admission average will be selected. This award is conditional on maintaining a 80% average in the previous year of full time study. If a current award recipient does not meet the renewal criteria for one year, they will be given the opportunity to re-qualify. (i.e. The student recipient does not maintain 80% in their first year. They will not receive the award for their second year of school. If at the end of their second year they have raised their average back up to 80% or higher, they would receive the award for their third year.) If a student doesn't qualify for two years in a row, they would fully lose the award, with no opportunity to re-qualify. This scholarship is not tenable with the Chancellors', President's or Board of Governors' Scholarships. No application is necessary.

Donor(s): **Mr. Edward (Ted) Morwick**

Qualification(s): Students entering any degree program in the College of Arts.

Amount: 1 award of \$8,000 (payable over four years.)

Apply by October 31st to the Director, Student Housing Services with a letter of reference from a member of the Residence Life management team and a personal statement of up to 500 words that outlines time commitment and types of volunteer activities undertaken as well as an indication of how their volunteer activities and participation as a Residence Life staff member are valuable and rewarding experiences.

Donor(s): **Christine Blake-Durie**

Qualification(s): Students who are registered in any degree program on the University of Guelph campus, are a member of Residence Life staff and are academically eligible to continue as a Residence Assistant or as part of Residence Life staff.

Amount: 1 award of \$1,000

Kip Hunter Prize [I0139]

For the best essay, written by an undergraduate in a philosophy course. The essay may be either a required assignment for a course (in which case either the student or the instructor may submit it) or it may be specially prepared for the competition. Submission of essays is to the Chair, Department of Philosophy, by May 1

Donor(s): **Faculty, students and staff of the Philosophy Department**

Qualification(s): Any undergraduate who has registered for a philosophy course during the academic year in which the prize is awarded.

Amount: 1 Book prize

Lambda Foundation Scholarship in LBGT Studies [I0591]

This award is provided to encourage research on the subject of lesbian, bisexual, gay and transgendered (LBGT) peoples. The scholarship is based upon areas of research pertaining to the history, contributions, and issues by or about LBGT peoples. Preference will be given to an applicant who is involved in the LBGT community as demonstrated by a record of volunteer activities, active civil society memberships, or as attested by a letter of recommendation from a community group, or evidenced by related previous academic pursuits. This scholarship may be awarded to a given student only once. Projects must have been completed or research proposals accepted within the past calendar year. Apply to the Dean of Arts by December 15th including the research proposal or completed project, curriculum vitae, and any supporting letters referencing involvement in the LBGT community and/or faculty support.

Donor(s): **Lambda Foundation and other donors**

Qualification(s): Students enrolled in a program with a thesis, a research essay, independent research project or course work programs pertaining to lesbian, bisexual, gay and transgendered (LBGT) studies, as broadly defined by the applicant.

Amount: 1 award of \$1,000

Lange and Prokipcak Chemistry Scholarship [I0528]

This scholarship was established by Professor Gordon L. Lange, Professor Joe M. Prokipcak, friends and colleagues. Professors Gordon L. Lange and Joe M. Prokipcak were valued members of the chemistry Faculty who retired in 2001. Their excellence in teaching was recognized within the university and nationwide, winning them a total of eleven teaching awards. This scholarship will be awarded to the student with the highest average grade in CHEM*1040,1050 and 2700. Application is not required.

Donor(s): **Professor Gordon L. Lange, Professor Joe M. Prokipcak and friends and colleagues**

Qualification(s): Student registered in any program offered by C.P.E.S. who has completed CHEM*1040, CHEM*1050, CHEM*2700 and have completed a minimum of 10.0 credits up to a maximum of 14.75 credits.

Amount: 1 award of \$1,000

Larry Pearson Men's Volleyball Athletic Scholarships [I0618]

Established by Larry Pearson, a former varsity volleyball athlete and University of Guelph graduate, this scholarship recognizes students who are members of the men's varsity volleyball team and excel both academically and in a rigorous athletic environment. The recipient will exhibit strong academics and extraordinary athletic qualities. Coaches will nominate students to the Athletics Awards Committee. Application is not required.

Donor(s): **Larry Pearson**

Qualification(s): In-course student-athlete who is a current member of the men's varsity volleyball team and has achieved a minimum 70% average in the previous academic year.

Amount: several awards up to \$3,500

Latifpoor-Keparoutis Family Varsity Swim Team Scholarship [I0732]

Selection will be based on demonstrated leadership qualities and contributions to the team with preference given to a C.B.S. or C.P.E.S. student athlete. Head Coaches will nominate students to the Athletic Awards Committee. Application is not required.

Donor(s): **Maryam Latifpoor-Keparoutis**

Qualification(s): Current member of the varsity swim team, who has achieved a minimum 70% cumulative average or equivalent during the previous academic year as a student-athlete.

Amount: 1 award of \$1,200

Leonard Conolly Exchange Student Scholarship [I0446]

Established by students, faculty, staff and friends to honour Prof. Leonard Conolly, professor of drama, Chair of the Department of Drama, 1981-88, and Associate Vice-President Academic, 1988-1992. Apply to the Centre for International Programs by April 5, for visiting during the subsequent Fall or Winter semesters. Selection, by the Centre for International Programs, will be based on assessment of (a) a one-page submission describing the significance of the student visiting Guelph to the program of study at the partner exchange university (b) two faculty references of one-page each, and (c) consistent high performance in the course work completed, as documented by a transcript of program grades to date, submitted by the home university.

Donor(s): **Students, staff, faculty and friends of Dr. Leonard Conolly**

Qualification(s): Full-time visiting exchange student, registered at Guelph for at least one semester, from any country in the South (a list of eligible countries and exchange partner universities is available in the Centre for International Programs).

Amount: 1 award of \$1,000

Lloyd Dorr Memorial Hockey Scholarship [I0708]

Established in memory of Lloyd Dorr to recognize his belief in the value of education and his love of sports. Preference given to a former OHL Guelph Storm player. The recipient will be selected based on extraordinary athletic and leadership qualities. Coaches will nominate students to the Athletic Awards Committee. No application is necessary.

Donor(s): **Family and Friends of the late Lloyd Dorr**

Qualification(s): Current member of the men's varsity hockey team, who is enrolled in an undergraduate program and who has achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete.

Amount: 1 award of \$1,000

Marion McKenzie Scholarships for Outstanding Achievement in History [I0470]	
These prizes have been established in memory of Marion McKenzie (1905-1994), a teacher who had a love of learning and a continuing curiosity about the world both past and present. These are awarded to the top student in each of the required core courses in the History program (HIST*1010, HIST*2450, HIST*2602). Application is not required.	
<i>Donor(s):</i>	TBA
<i>Qualification(s):</i>	The recipient for HIST*1010 must have completed no more than 5.0 credits; the recipient for HIST*2450, no more than 10.0 credits and be in the history program; and the recipient for HIST*2602, no more than 10.0 credits.
<i>Amount:</i>	4 awards of \$500
Men's Basketball Scholarships [I0638]	
Recipients will be selected based on extraordinary athletic and leadership qualities. Coaches will nominate students to the Athletics Awards Committee. Application is not required.	
<i>Donor(s):</i>	Anonymous (Alumnus)

Students should complete the [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#) application as soon as they receive their Acknowledgment Package from Admission Services (this will come automatically after an application for admissions has been submitted by the student).

Donor(s): Ross and Mary Lou Klopp

Qualification(s): Students from the cities of Kitchener or Waterloo entering a degree program at the University of Guelph with demonstrated involvement in extracurricular activities, a minimum 70% admission average and demonstrated financial need.

Amount: 1 award of \$500

Devine Family Scholarships [E4542]

On behalf of the Devine Family, Mr. Peter J. Devine, a current Board of Governors member, with the assistance of the Ontario government's OTSS program, established these two awards for the purpose of diversifying the ethnicity of the student body of the University of Guelph and fostering the participation of racial minorities and disabled persons in undergraduate programs. These scholarships will be given out once every four years beginning with the first scholarship being awarded in the Fall 2007. The second scholarship will be awarded in the Fall 2008. Recipients will be selected in the Fall of 2012 and 2013, 2016 and 2017, and 2020 and 2021. Recipients of these scholarships must maintain a minimum cumulative average of 70%, a minimum course registration of 2.0 credits and continue to demonstrate financial need to receive their award payments in years 2, 3 and 4. Students should complete the online [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#) application as soon as they receive their Acknowledgment Package from Admission Services (this will come automatically after an application for admissions has been submitted by the student) and complete the "Devine Family Scholarship Application". Deadline to submit the complete application (both parts, the E.N.A.F. and the application) is April 15. Scholarship offers will be made in May. This award is not tenable with the President's Scholarship or the Lincoln Alexander Chancellor's Scholarship, but can be held with all other entrance awards. ACCESS AWARD.

Donor(s): Mr. Peter J. Devine with matching funding through the Ontario Trust for Student Support program

Qualification(s): Students with demonstrated financial need entering any degree program with a minimum 80% admission average, who are Aboriginal, or who have a disability, or who are members of a racial minority are eligible to apply. Preference will be given to students of African-Canadian descent. Additionally, students must meet the government-mandated terms for receipt of an OTSS award (see General Statements on Awards).

Amount: 2 awards of \$30,000 (payable over 4 years of study)

Interhall Council Entrance Scholarship [E0636]

Established by the Interhall Council, the residence student government that programs, advocates and represents residence students to administration and Student Housing Services (www.interhall.ca), to ensure that the residence experience remains accessible to students. To apply, students should complete the online [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#) application as soon as they receive their Acknowledgment Package from Admission Services (this will come automatically after an application for admissions has been submitted by the student) and submit a one-page, point-form summary highlighting extra-curricular activity that demonstrates leadership ability to Student Financial Services by April 15.

Donor(s): Interhall Council

Qualification(s): Students entering a full-time undergraduate degree program with a minimum 85.0% admission average, residing in residence during first year on the Guelph campus with demonstrated financial need and demonstrated strong leadership ability.

Amount: 3 awards of \$1,250

John Embry Family Scholarship [E4549]

Established by John Embry, a former varsity athlete, and created with matching funding through the Ontario Trust for Student Support program, these endowed scholarship(s) recognize students who are members of a varsity team and excellence in both academics and rigorous athletic environment. Coaches will nominate student recipients to the Athletics Awards Committee. Students should complete the online [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#) application as soon as they receive their Acknowledgment Package from Admission Services (this will come automatically after an application for admissions has been submitted by the student) or by April 15. ACCESS AWARD

Donor(s): Mr. John Embry with matching funding through the Ontario Trust for Student Support program

Qualification(s): Entering student-athletes who are members of an OUA varsity team and who have achieved a minimum 80% admission average and demonstrated financial need. Additionally, students must meet the government-mandated terms for receipt of an OTSS award (see General Statements on Awards).

Amount: 2 awards of \$3,500

Kenneth O. Hammill-Blount Canada Scholarship [E4356]

Established in honour of Kenneth Osborne Hammill, a long time friend of the University and retired plant manager of Blount Canada, with the assistance of the Ontario government's OSOTF program. Selection will be based on greatest financial need from the President's, Lincoln Alexander's or Pamela Wallin's Chancellor's Scholarships applicants who were interviewed, but not successful in the competition. Continuation of this scholarship is conditional on maintaining a minimum 77% average over the previous full-time academic year of study and continued demonstration of financial need. Students who submitted an application for the President's, Lincoln Alexander's or Pamela Wallin's Chancellor's Scholarships should complete the online [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#) by April 15. ACCESS AWARD.

Donor(s): The Blount Foundation, Inc. with matching funding through the Ontario Student Opportunities Trust Fund

Qualification(s): Entering students who have applied for the Presidents's, Lincoln Alexander's or Pamela Wallin Chancellor's Scholarships who are interviewed, but not successful in the competition with demonstrated financial need. Additionally, students must meet the government-mandated terms for receipt of an OSOTF award (see General Statements on Awards).

Amount: 1 award of \$9,600 (payable in 8 payments of \$1,200)

Landoni Athletic Scholarship [E4405]

Established by Peter Landoni, former Bursar and Associate Registrar at the University of Guelph who valued the benefits of blending education and athletics, and was supported by friends, family and the Ontario government's OTSS program. Selection will be based on demonstrated athletic and academic leadership. Nominations will be put forward by varsity coaches. Student must complete the online Financial Need Assessment Form for Entrance Awards by April 15. Preference given to men's ice hockey, should lacrosse and/or men's rugby obtain CIS status, preference should then be given to athletes from lacrosse and /or rugby. ACCESS AWARD

Donor(s): Peter Landoni with matching funding through the Ontario Trust for Student Support program

Qualification(s): Current member of a University of Guelph varsity team who has achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete with demonstrated financial need. Additionally, students must meet the government-mandated terms for receipt of an OTSS award (see General Statements on Awards).

Amount: 1 award of \$1,000

Norman L. Gibbins Microbiology Scholarship [E4392]

Established through a generous bequest from Norman L. Gibbins, with the assistance of the Ontario government's OTSS program, in support of training in Microbiology. Preference will be given to students entering the Microbiology Co-op major. Students should complete the online [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#) application as soon as they receive their Acknowledgment Package from Admission Services (this will come automatically after an application for admissions has been submitted by the student) or by April 15. ACCESS AWARD

Donor(s): Family, friends and colleagues of Norman Gibbins with matching funding through the Ontario Trust for Student Support program

Qualification(s): Students entering the Microbiology major in the B.Sc. program with a minimum 80% admission average and demonstrated financial need. Additionally, students must meet the government-mandated terms for receipt of an OSOTF award (see General Statements on Awards).

Amount: 1 award of \$1,000

P.A.J. Clarke Family Scholarship [E0381]

Paul and Aileen Clarke and their family established the endowment for this entrance scholarship in honour of Paul's father, the late Jack Clarke, a Blenheim area farmer. Apply by April 15 to Student Financial Services with a letter outlining extracurricular and/or community activities, and complete the [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#). This award is not tenable with the President's Scholarships or Lincoln Alexander Scholarships. Annual payments are contingent upon full-time enrolment and maintaining a minimum 70% average on the previous Fall and Winter semesters. Students may be contacted to provide special need circumstances if there is a short list of equal candidates.

Donor(s): Paul and Aileen Clarke

Qualification(s): Students with a minimum 80% average with a record of leadership and community participation. Preference will be given to candidates from Blenheim district or Kent County and who were raised, or have worked, on a farm.

Amount: 1 award of \$12,000 (payable over 4 years)

Rol-Land Farms Scholarships [E4519]

Established by Rol-Land Farms, with the assistance of the Ontario government's OSOTF program, to attract entering students who might otherwise not be able to attend university for financial reasons. Students should complete the online [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#) application as soon as they receive their Acknowledgment Package from Admission Services (this will come automatically after an application for admissions has been submitted by the student) or by April 15. ACCESS AWARD

Donor(s): Rol-Land Farms with matching funding through the Ontario Student Opportunities Trust Fund

Qualification(s): Students entering a degree program with demonstrated financial need and a minimum 80% cumulative average. Additionally, students must meet the government-mandated terms for receipt of an OSOTF award (see General Statements on Awards).

Amount: 13 awards of \$2,000

Spitzig Entrance Scholarship in Economics [E4543]

A graduate (1986) of the B.A. Economics program has established these scholarships with the assistance of the Ontario government's OTSS program. Students should complete the online [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#) application as soon as they receive their Acknowledgment Package from Admission Services (this will come automatically after an application for admissions has been submitted by the student). Deadline to submit the application is April 15. ACCESS AWARD

Donor(s): Anonymous with matching funding through the Ontario Trust for Student Support program

Qualification(s): Students entering a Bachelor of Arts program offered by the Department of Economics with a minimum 80.0% admission average. Additionally, students must meet the government-mandated terms for receipt of an OTSS award (see General Statements on Awards).

Amount: 2 awards of \$4,500

W. F. Mitchell Athletic Scholarship [E4550]

Established by the Mitchell Family, with the aid of the Ontario government's OTSS program. Coaches will nominate student recipients to the Athletics Awards Committee. Coaches will nominate student recipients to the Athletics Awards Committee. Students should complete the online [Financial Need Assessment Form for Entrance Awards \(E.N.A.F.\)](#) application as soon as they receive their Acknowledgment Package from Admission Services (this will come automatically after an application for admissions has been submitted by the student) or by April 15. ACCESS AWARD

Donor(s): The Mitchell Family with matching funding through the Ontario Trust for Student Support program

Qualification(s): An entering student athlete who is a member of a varsity team and who has a minimum 80% admission average and demonstrated financial need. Additionally, students must meet the government-mandated terms for receipt of an OTSS award (see General Statements on Awards).

Amount: 1 award of \$1,350

Entrance Bursaries**Elizabeth Maud Hunter (Shier) Bursary [E3575]**

This award was created to assist first year students in obtaining a post secondary education and is in honor of Mr. Hunter's late wife, Elizabeth Maud Hunter (Shier) who did not have the opportunity to attend the University due to the sudden death of her mother resulting in family responsibilities. It was her wish to support a female student facing a similar situation. Preference given to a student from the County of Brock. Apply by April 15 to Student Financial Services by completing the online [Financial Need Assessment Form](#) for Entrance Awards. ACCESS AWARD

Donor(s): The Estate of the Late William Henry "Harry" Hunter with matching funding through the Ontario Trust for Student Support program

Qualification(s): Students entering any degree program at the University of Guelph with demonstrated financial need. Additionally, students must meet the government-mandated terms for receipt of an OTSS award (see General Statements on Awards).

Coaches will nominate students to the Athletics Awards Committee. Preference will be given to members of the varsity football team. Application is not required. Awarded in the fall semester.

Donor(s): **Mrs. George A. Gray**

Qualification(s): In-course student-athlete who is a current member of a varsity team and has achieved a minimum 70% average in the previous academic year.

Amount: 2 awards of \$1,250

George Ames Cross Country Scholarship in Memory of Coach Vic Matthews [I0677]

Recipients will be selected based on demonstrated athletic and leadership qualities. Coaches will nominate students to the Athletics Awards Committee. Application is not required.

Donor(s): **George Ames**

Qualification(s): In-course student-athlete who is a current member of the Varsity Cross Country team and has achieved a minimum 70% average in the previous academic year.

Amount: 1 award of \$3,500

Gerd and Christel Baldauf Men's Basketball Scholarship [I0639]

Established by Christian Baldauf, BSc. '95, in honour of his parents. Recipients will be selected based on extraordinary athletic and leadership qualities. Coaches will nominate students to the Athletics Awards Committee. Application is not required.

Donor(s): **Dr. Christian Baldauf**

Qualification(s): In-course student-athlete registered in the BSc. program who is a current member of the Men's Basketball varsity team and has achieved a minimum 70% average in the previous academic year.

Amount: 1 award of \$3,500

Gordon L. Rimmer Scholarship in Rehabilitation Robotics [I0814]

Established by the family of Gordon L. Rimmer in his memory. Applicants must apply by May 15th to the Engineering Awards Committee with a letter outlining the design project or co-op project completed or in progress which is focused on rehabilitation robotics. The scholarship will be awarded to the eligible student with the highest cumulative average. Preference will be given to students enrolled in the Biomedical Engineering or Engineering Systems and Computing majors.

Donor(s): **Herb & Joanne Shoveller**

Qualification(s): Students registered in any major in the Bachelor of Engineering program who have completed a minimum 4 ENGG credits (including ENGG 2100) and who are working on or who have completed rehabilitation robotics as part of a design project or co-op project.

Amount: 1 award of \$2,000

Governor General's Medal [C0044]

Established by the Office of the Governor General of Canada. Application is not required.

Donor(s): **The Chancellor**

Qualification(s): Restricted to those undergraduate students in any degree program who are graduating in June, or who have graduated in the previous two convocations, with the highest cumulative average.

Amount: 2 awards of a Silver medal each

Gryphon Athletic Scholarships [I0631]

Recipients will be selected based on demonstrated athletic and leadership qualities. Coaches will nominate students to the Athletics Awards Committee. Application is not required.

Donor(s): **University of Guelph**

Qualification(s): In-course student-athlete who is a current member of a varsity team and has achieved a minimum 70% average in the previous academic year.

Amount: various awards of \$750 to \$3,500

Haessler Family Engineering Scholarships [I0818]

Established by the Haessler Family and alumnus Wolf Haessler, B.Sc.(Eng) '66. The scholarships will be awarded to students who demonstrate commitment to the engineering profession through employment and volunteer activities. In the event of a tie, the award will go to the student with the highest cumulative average. Apply to the School of Engineering Awards Committee by May 15 with a CV and a letter highlighting employment and volunteer experience in the field of engineering.

Donor(s): **Haessler Properties Inc.**

Qualification(s): Students enrolled in the B.Eng. program who have successfully completed a minimum of 4.5 but no more than 18 credits.

Amount: 20 awards of \$5,000

Helen Grace Tucker Design Prizes [C0365]

Established by a bequest of Helen Grace Tucker, 65 Engineering, who was co-inventor of a number of patented sensor and control components and co-author of many international publications. Application is not required.

Donor(s): **Estate of Helen Grace Tucker, O.A.C.**

Qualification(s): Graduating student in each of the four engineering programs. The winners will be selected on the basis of best performance (at least 80%) in ENGG*2100, ENGG*3100 and the final design course.

Amount: 4 awards of \$500

International Undergraduate Scholarship [I0577]

Established through a student referendum approved by the undergraduate student body, to recognize international students' academic merit along with involvement/leadership activities during their enrollment at the University of Guelph. Apply to Student Financial Services, by May 15, with a letter indicating involvement/extracurricular activity since entry to the University.. This award can only be held once by the student.

Donor(s): **International Student Organization (ISO)**

Qualification(s): Full-time international undergraduate students (defined as those paying full international student tuition without exemption), who have completed at least 4.0 course credits from the University of Guelph with a minimum cumulative average of 70% and are registered at the time of application.

Amount: 2 awards of \$2,000

Jack and Lillian MacDonald Scholarship [E0379]

Family, friends, and colleagues of Lillian MacDonald and Dr. Jack MacDonald, Vice-President, Academic, of the University of Guelph from 1986 to 1995, have established a scholarship that recognizes their commitment to increasing the accessibility of post-secondary education to aboriginal persons. In the first instance, the award will be given to an entering student coming from the Six Nations Polytechnic (SNP) and who has received the highest cumulative average in the Native University Program. If there is no entering student in any one year, the scholarship will be awarded to the in-course student who is a graduate of the SNP (or previously, the Grand River Polytechnical Institute) who has the highest cumulative average at the University.

Donor(s): Family, friends, and colleagues of Lillian MacDonald and Dr. Jack MacDonald

Qualification(s): Entering students coming from the Six Nations Polytechnic (SNP).

Amount: 1 award of \$900

Jim MacKenzie Scholarship [I0602]

Established to honour of Jim MacKenzie's retirement as President and C.E.O. in 2005. Selection will be based on a combination of academic achievement and creative or innovative thought in the area of energy conservation as demonstrated by one of the following: co-op work experience (documented in work report); class project (documented in written report); involvement in energy-related projects/activities associated with the University of Guelph or the City of Guelph (documented in written report); or 500-word essay on energy conservation. Apply to the Chair, School of Engineering Awards Committee by March 1 with documentation as suggested above.

Donor(s): Guelph Hydro

Qualification(s): Students registered in the Environmental Engineering program who have completed between 15 and 17 credits and at least 2 co-op work terms.

Amount: 1 award of \$1,500

John Eccles Scholarship [I0093]

Apply to Student Financial Services, by May 15, with a letter highlighting leadership abilities through participation on residence life. Providing a reference letter would be an asset.

Donor(s): Student Housing Services

Qualification(s): Full-time student registered in semester 2, 3, 4, 5 or 6 and living in residence in the Winter semester who has a cumulative 80% average or who is in the top 10% of his/her program. The recipient must have demonstrated responsibility and leadership qualities through participation in residence related activities. Residence Life Staff and paid members of Interhall Council and Hall Councils are not eligible.

Amount: 1 award of \$600

Kelly Bertrand Cross Country Scholarship [I0684]

The recipient will be selected based on demonstrated leadership abilities, including commitment, dedication, perseverance and contributions to the team. Preference is given to current members of the Varsity Cross Country Team. Head Coach will nominate students to the Athletic Awards Committee. No application is necessary.

Donor(s): Kelly Bertrand

Qualification(s): Current members of the Varsity Cross Country Team who have achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete.

Amount: 1 award of \$2,000

Kenneth W. Hammond Prize [I0045]

The evaluation of the student will be based on the final essay in the "Environmental Perspectives and Human Choice: 5000 Days" course. The selection committee will be comprised of 4 persons: the donor, the Director of the Arboretum, the Dean of Physical and Engineering Science and the Dean of Biological Science. Application is not required.

Donor(s): Kenneth W. Hammond

Qualification(s): Student who has best demonstrated an understanding of the world's resource situation and its proper use by humankind.

Amount: 1 award of \$1,000

Kevin Durie Memorial Scholarship [I0653]

Established in memory of Kevin Durie, BA '93, by his family and friends. Selection will be based on demonstration of outstanding service as a Residence Life staff member and volunteer. Apply by October 31st to the Director, Student Housing Services with a letter of reference from a member of the Residence Life management team and a personal statement of up to 500 words that outlines time commitment and types of volunteer activities undertaken as well as an indication of how their volunteer activities and participation as a Residence Life staff member are valuable and rewarding experiences.

Donor(s): Christine Blake-Durie

Qualification(s): Students who are registered in any degree program on the University of Guelph campus, are a member of Residence Life staff and are academically eligible to continue as a Residence Assistant or as part of Residence Life staff.

Amount: 1 award of \$1,000

Kip Hunter Prize [I0139]

For the best essay, written by an undergraduate in a philosophy course. The essay may be either a required assignment for a course (in which case either the student or the instructor may submit it) or it may be specially prepared for the competition. Submission of essays is to the Chair, Department of Philosophy, by May 1

Donor(s): Faculty, students and staff of the Philosophy Department

Qualification(s): Any undergraduate who has registered for a philosophy course during the academic year in which the prize is awarded.

Amount: 1 Book prize

Knut Karl Grimstad Memorial Scholarship [I0116]

Application is not required.

Donor(s): Mrs. Anne Grimstad

Qualification(s): Outstanding students majoring in Water Resources Engineering. Scholarships are based on academic proficiency in semesters 5 and 6, and on participation in extracurricular activities associated especially with the profession of engineering.

Amount: 2 awards of \$600

Lambda Foundation Scholarship in LBGT Studies [I0591]

This award is provided to encourage research on the subject of lesbian, bisexual, gay and transgendered (LBGT) peoples. The scholarship is based upon areas of research pertaining to the history, contributions, and issues by or about LBGT peoples. Preference will be given to an applicant who is involved in the LBGT community as demonstrated by a record of volunteer activities, active civil society memberships, or as attested by a letter of recommendation from a community group, or evidenced by related previous academic pursuits. This scholarship may be awarded to a given student only once. Projects must have been completed or research proposals accepted within the past calendar year. Apply to the Dean of Arts by December 15th including the research proposal or completed project, curriculum vitae, and any supporting letters referencing involvement in the LBGT community and/or faculty support.

Donor(s): Lambda Foundation and other donors

Qualification(s): Students enrolled in a program with a thesis, a research essay, independent research project or course work programs pertaining to lesbian, bisexual, gay and transgendered (LBGT) studies, as broadly defined by the applicant.

Amount: 1 award of \$1,000

Lange and Prokipcak Chemistry Scholarship [I0528]

This scholarship was established by Professor Gordon L. Lange, Professor Joe M. Prokipcak, friends and colleagues. Professors Gordon L. Lange and Joe M. Prokipcak were valued members of the chemistry Faculty who retired in 2001. Their excellence in teaching was recognized within the university and nationwide, winning them a total of eleven teaching awards. This scholarship will be awarded to the student with the highest average grade in CHEM*1040, 1050 and 2700. Application is not required.

Donor(s): Professor Gordon L. Lange, Professor Joe M. Prokipcak and friends and colleagues

Qualification(s): Student registered in any program offered by C.P.E.S. who has completed CHEM*1040, CHEM*1050, CHEM*2700 and have completed a minimum of 10.0 credits up to a maximum of 14.75 credits.

Amount: 1 award of \$1,000

Larry Pearson Men's Volleyball Athletic Scholarships [I0618]

Established by Larry Pearson, a former varsity volleyball athlete and University of Guelph graduate, this scholarship recognizes students who are members of the men's varsity volleyball team and excel both academically and in a rigorous athletic environment. The recipient will exhibit strong academics and extraordinary athletic qualities. Coaches will nominate students to the Athletics Awards Committee. Application is not required.

Donor(s): **Larry Pearson**

Qualification(s): In-course student-athlete who is a current member of the men's varsity volleyball team and has achieved a minimum 70% average in the previous academic year.

Amount: several awards up to \$3,500

Latifpoor-Keparoutis Family Varsity Swim Team Scholarship [I0732]

Selection will be based on demonstrated leadership qualities and contributions to the team with preference given to a C.B.S. or C.P.E.S. student athlete. Head Coaches will nominate students to the Athletic Awards Committee. Application is not required.

Donor(s): **Maryam Latifpoor-Keparoutis**

Qualification(s): Current member of the varsity swim team, who has achieved a minimum 70% cumulative average or equivalent during the previous academic year as a student-athlete.

Amount: 1 award of \$1,200

Leonard Conolly Exchange Student Scholarship [I0446]

Established by students, faculty, staff and friends to honour Prof. Leonard Conolly, professor of drama, Chair of the Department of Drama, 1981-88, and Associate Vice-President Academic, 1988-1992. Apply to the Centre for International Programs by April 5, for visiting during the subsequent Fall or Winter semesters. Selection, by the Centre for International Programs, will be based on assessment of (a) a one-page submission describing the significance of the student visiting Guelph to the program of study at the partner exchange university (b) two faculty references of one-page each, and (c) consistent high performance in the course work completed, as documented by a transcript of program grades to date, submitted by the home university.

Donor(s): **Students, staff, faculty and friends of Dr. Leonard Connolly**

Qualification(s): Full-time visiting exchange student, registered at Guelph for at least one semester, from any country in the South (a list of eligible countries and exchange partner universities is available in the Centre for International Programs).

Amount: 1 award of \$1,000

Lloyd Dorr Memorial Hockey Scholarship [I0708]

Established in memory of Lloyd Dorr to recognize his belief in the value of education and his love of sports. Preference given to a former OHL Guelph Storm player. The recipient will be selected based on extraordinary athletic and leadership qualities. Coaches will nominate students to the Athletic Awards Committee. No application is necessary.

Donor(s): **Family and Friends of the late Lloyd Dorr**

Qualification(s): Current member of the men's varsity hockey team, who is enrolled in an undergraduate program and who has achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete.

Amount: 1 award of \$1,000

Men's Basketball Scholarships [I0638]

Recipients will be selected based on extraordinary athletic and leadership qualities. Coaches will nominate students to the Athletics Awards Committee. Application is not required.

Donor(s): **Anonymous (Alumnus)**

Qualification(s): In-course student-athlete who is a current member of the Men's Basketball varsity team and has achieved a minimum 70% average in the previous academic year.

Amount: 4 awards of \$2,500

Men's Soccer Alumni Scholarship [I0771]

Made possible by the generous contributions of Men's Soccer Alumni and friends. The recipient(s) will be selected based upon extraordinary athletic and leadership qualities. No application is necessary. Coaches will nominate students to the Athletic Awards Committee.

Donor(s): **Mr. Paul Wombwell (on behalf of the Men's Soccer Alumni Committee)**

Qualification(s): Current member of the Gryphon Men's Soccer team who is registered in any undergraduate program and who has achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete.

Amount: several awards ranging in value from \$1,000 to \$3,500

Nathan Max Goldman Choir Scholarships [I0774]

Established in honour of Mr. Goldman, an OAC graduate (1945 and 1947) and former President of the Philharmonia Society at the University of Guelph. The scholarships will support two students who demonstrate outstanding leadership and vision in the Symphonic Choir and / or the Chamber Choir. One award will be available to a student in each choir and will be given to the candidate who best combines high vocal achievement and choral leadership. A vocal audition may be required. In the event that there is more than one suitable candidate, the student who is a majoring in Music will be given preference, and thereafter, the student with the highest cumulative average. No application is required as a recommendation by Choir Director will be made to the SOFAM Awards Committee.

Donor(s): **Mrs. Anne Goldman and the family of Nathan Max Goldman**

Qualification(s): Students registered in any degree program who are currently a member of the University of Guelph Symphonic Choir and / or the Chamber Choir and have been a member of the University of Guelph Choirs for at least two years.

Amount: 2 awards of \$1,000

O.A.C. '55 Scholarships [I0064]

Provided by the class of O.A.C. '55. Recipients will have made an outstanding contribution to College life through academic proficiency and participation in extracurricular activities and can be considered to have done the most for the College, for fellow students and in their personal development. Apply by May 15 to the OAC Dean's Office (Awards) with a letter outlining your participation in Class/College/University activities. Awarded in the fall semester.

Donor(s): **O.A.C. '55**

Qualification(s): Students registered in any O.A.C. degree program or students registered in the B.ENG. program that have completed a minimum of 10.0 with at least a 70% cumulative average.

Amount: 1 award of \$2,000

Priscilla and Stanford Reid Trust Prize [I0597]

Established in honour the first chair of the History Department, Stanford Reid, and his wife, Priscilla Reid to acknowledge the best paper written about the history of Presbyterianism and/or the Reformed tradition. Apply, by April 1, with a copy of the paper and a covering letter including contact information to the Department of History Awards Chair.

Donor(s): **Priscilla and Stanford Reid Trust Fund**

Qualification(s): Any student submitting an essay on the history of Presbyterianism and/or Reformed tradition.

Amount: 1 award of \$500

Professional Staff Association Scholarship [I0628]

This scholarship is provided to students with the highest cumulative average. Apply to Student Financial Services by May 15 by sending an email to awards@registrar.uoguelph.ca and include the name of the family member of the Professional/Managerial Group of the University, and/or retired Professional/Managerial Group of the University of Guelph. This award may be held more than once, however, not in consecutive years. Preference will be given to students of current or retired P.S.A. members.

Donor(s): **Professional Staff Association**

Qualification(s): Full-time students who are from the immediate family, part-time or contractual Professional/Managerial Group employees of the University, and/or retired Professional/Managerial Group of the University of Guelph who have completed at least 5.0 credits and have a minimum 70% cumulative average.

Amount: 1 award of \$1,500

Professor Victor Matthews Track and Field Scholarships [I0707]

The recipient will be selected based on demonstrated leadership qualities and contributions to the team. Head Coach will nominate students to the Athletic Awards Committee. No application is necessary.

Donor(s): **Various Donors**

Qualification(s): Current member of the varsity cross-country or track and field team, who has achieved a minimum 70% cumulative average or equivalent during the previous academic year as a student-athlete

Amount: up to 10 awards of \$3,500 each

Rachel Cliff Scholarship [I0790]

The recipient will be selected based on demonstrated leadership abilities and contributions to the team. Preference will be given to a student whose permanent residence is outside of Ontario. No application is necessary. Coaches will nominate students to the Athletic Awards Committee.

Donor(s): **Mr. Ronald & Nancy Cliff**

Qualification(s): Current member of the Women's Middle Distance Team who has achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete.

Amount: 1 award of \$1,500

Roy E. Pearn Redmen Football Scholarship [I0821]

Made possible by the generous contributions of Mr. Roy Pearn, as part of the 1961-1964 Redmen Football scholarship fund. The recipients will be selected based upon extraordinary athletic and leadership qualities. No application is necessary. Coaches will nominate students to the Athletic Awards Committee.

Donor(s): **Mr. Roy E. Pearn**

Qualification(s): Current member of the Gryphon Football team who is registered in any undergraduate program and who has achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete.

Amount: 1 award of \$3,500

Russell Athletic Scholarships [I0722]

The recipients will be selected based on demonstrated leadership qualities and contributions to the team. Coaches will nominate students to the Athletic Awards Committee. No application necessary.

Donor(s): **H.D. Brown Enterprises Ltd.**

Qualification(s): Current members of a University of Guelph Varsity Team who have achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete.

Amount: 4 awards of \$2,500

Scotiabank Scholarships in Leadership [I0834]

In the event of a tie, the award will go to the student with the highest cumulative average. Apply to the College of Management and Economics Awards Committee by May 15 with a 500 word personal statement describing the impact of their 120 hours of leadership practice in a non-profit setting including the benefits both to the student and to the organization and reference letter(s) from the organization(s) in which the leadership practice took place.

Donor(s): **Scotiabank**

Qualification(s): Students who have completed the Foundations of Leadership course (HROB*2010) and the required 120 hours of leadership practice for the undergraduate Certificate in Leadership in a non-profit setting.

Amount: 5 awards of \$1,000

Sony Canada Charitable Foundation Scholarship [I0812]

Apply to the CPES Awards Committee, CPES Dean's Office (SCIE Rm 1313) by May 15th with a brief letter outlining involvement in extra-curricular and outreach activities that promote physical and engineering science. This award may be held only once. Selection will be made on the greatest level of demonstrated involvement with extra-curricular and outreach activities that promote physical and engineering science.

Donor(s): **Sony Canada Charitable Foundation**

Qualification(s): Students registered in any program offered by the College of Physical and Engineering Science who have completed a minimum of 2.0 credits with a cumulative average of 75% or higher, and who have demonstrated involvement with extra-curricular and outreach activities that promote physical and engineering science.

Amount: 3 awards of \$1,000

Sprung Family Men's Basketball Scholarship [I0672]

Established by Timothy Sprung, CSS BA '90. Recipients will be selected based on demonstrated athletic and leadership qualities. Coaches will nominate students to the Athletics Awards Committee. Application is not required.

Donor(s): **Mr. Timothy Sprung**

Qualification(s): In-course student-athlete who is a current member of the Men's basketball team and has achieved a minimum 70% average in the previous academic year.

Amount: 1 award of \$3,500

Stephanie Wilken Volunteer Scholarship [I0449]

Established by the Wilken family in memory of Stephanie Wilken, BA 1995. Apply to Student Financial Services with letter indicating the kind and extent of volunteer activities at the Wellness Centre by October 1. Selection committee is the Senate Committee on Awards on the recommendation of the Student Wellness Educator at the Wellness Centre.

Donor(s): **Bev and Darlene Wilken**

Qualification(s): Student registered in any undergraduate degree program, who has been a volunteer for at least two semesters at the Wellness Centre. The recipient will be selected on the basis of academic performance in all courses to date and volunteer work at the Wellness Centre.

Amount: 1 award of \$1,000

Taggart Scholarship in Biological Engineering [I0278]

Apply by letter and a resume to the Chair of the School of Engineering Awards Committee by October 1.

Donor(s): **Ontario Agriculture College Fund**

Qualification(s): Student who has completed 17.25 credits of the Biological Engineering in the B.Eng. program. Academic standing and demonstration of leadership qualities will be used to select the recipient from eligible candidates.

Amount: 1 award of \$600

Thomas H. Peters Scholarship [I0233]

Application is not required.

Donor(s): **Friends and associates of Thomas H. Peters**

Qualification(s): Student in any academic program of the University who has completed courses in Land Reclamation (e.g. CROP*2280, SOIL*3200), with a minimum 10.0 credits completed. Applicants must have a minimum of 70% cumulative average and have demonstrated an interest and aptitude in the area of crops and land reclamation.

Amount: 1 award of \$250

Tom Mooney Scholarship [I0709]

The recipients will be selected based on extraordinary athletic and leadership qualities. Coaches will nominate students to the Athletic Awards Committee. No application is necessary.

Donor(s): **Various Donors**

Qualification(s): Current member of the varsity men's football team or men's basketball team who is enrolled in an undergraduate program and who has achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete.

Amount: Numerous awards ranging in value from \$1,000 to \$3,500

Toronto District Beekeeper's Association Scholarship [I0285]

A scholarship is offered by the Toronto District Beekeepers Association in memory of the late Hugh McLeod, past chair of the Association. Application is not required.

Donor(s): **Mr. Jack Robinson**

Qualification(s): The recipient will have good academic standing, have participated in extracurricular activities, and demonstrated a keen interest in beekeeping.

Amount: 1 award of \$500

United Steelworkers Local 4120 Scholarship [I0293]

Apply to Student Financial Services by January 31 and provide the name of the USWA member and relationship to the applicant. If there is more than one eligible candidate, the award will go to the one who has attained the highest relative class standing in his or her previous full-time semester.

Donor(s): **United Steelworkers LU4120**

Qualification(s): Student who is a member or former member, or who is from the immediate family of a member of United Steelworkers LU 4120, and who is entering semester 2, 3, or 4 of a degree or diploma program in the Winter semester with a minimum 70% cumulative average.

Amount: 1 award of \$1,000

University of Guelph Alumni Legacy Scholarship [I0735]	
Funded through donations made to the University of Guelph Alumni Memorial Fund in memory of deceased alumni. The recipient will be selected based on academic achievement and volunteer contributions to the University of Guelph community. Qualification(s): Full-time international undergraduate students (defined as those paying full international student tuition without exemption), who have completed at least 4.0 course credits from the University of Guelph with a minimum cumulative average of 70% and are registered at the time of application.

Amount: 2 awards of \$2,000

Jack and Lillian MacDonald Scholarship [E0379]

Family, friends, and colleagues of Lillian MacDonald and Dr. Jack MacDonald, Vice-President, Academic, of the University of Guelph from 1986 to 1995, have established a scholarship that recognizes their commitment to increasing the accessibility of post-secondary education to aboriginal persons. In the first instance, the award will be given to an entering student coming from the Six Nations Polytechnic (SNP) and who has received the highest cumulative average in the Native University Program. If there is no entering student in any one year, the scholarship will be awarded to the in-course student who is a graduate of the SNP (or previously, the Grand River Polytechnical Institute) who has the highest cumulative average at the University.

Donor(s): Family, friends, and colleagues of Lillian MacDonald and Dr. Jack MacDonald

Qualification(s): Entering students coming from the Six Nations Polytechnic (SNP).

Amount: 1 award of \$900

John Burton Scholarship [I0642]

Established by Dr. John Burton, BSA 1962, a former faculty member in the Department of Animal and Poultry Science. Selection will be based on involvement with and contribution to the horse industry, future career aspirations in the horse industry sector and participation in community activities. Preference will be given to student who have demonstrated leadership ability within the student body. Apply by May 15 to the OAC Awards Office with a letter, of no more than two-pages, outlining involvement with and contributions to the horse industry, career aspirations, and extracurricular involvements. Awarded in the fall semester.

Donor(s): Dr. John Burton

Qualification(s): Students registered in any program offered by the OAC who have completed between 10.0 and 12.0 credits with a minimum 70% average

Amount: 1 award of \$1,000

John Eccles Scholarship [I0093]

Apply to Student Financial Services, by May 15, with a letter highlighting leadership abilities through participation on residence life. Providing a reference letter would be an asset.

Donor(s): Student Housing Services

Qualification(s): Full-time student registered in semester 2, 3, 4, 5 or 6 and living in residence in the Winter semester who has a cumulative 80% average or who is in the top 10% of his/her program. The recipient must have demonstrated responsibility and leadership qualities through participation in residence related activities. Residence Life Staff and paid members of Interhall Council and Hall Councils are not eligible.

Amount: 1 award of \$600

Kelly Bertrand Cross Country Scholarship [I0684]	
The recipient will be selected based on demonstrated leadership abilities, including commitment, dedication, perseverance and contributions to the team. Preference is given to current members of the Varsity Cross Country Team. Head Coach will nominate students to the Athletic Awards Committee. No application is necessary.	
<i>Donor(s):</i>	Kelly Bertrand
<i>Qualification(s):</i>	Current members of the Varsity Cross Country Team who have achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete.
<i>Amount:</i>	1 award of \$2,000
Kenneth W. Hammond Prize [I0045]	
The evaluation of the student will be based on the final essay in the "Environmental Perspectives and Human Choice: 5000 Days" course. The selection committee will be comprised of 4 persons: the donor, the Director of the Arboretum, the Dean of Physical and Engineering Science and the Dean of Biological Science. Application is not required.	
<i>Donor(s):</i>	Kenneth W. Hammond
<i>Qualification(s):</i>	Student who has best demonstrated an understanding of the world's resource situation and its proper use by humankind.
<i>Amount:</i>	1 award of \$1,000
Kevin Durie Memorial Scholarship [I0653]	
Established in memory of Kevin Durie, BA '93, by his family and friends. Selection will be based on demonstration of outstanding service as a Residence Life staff member and volunteer. Apply by October 31st to the Director, Student Housing Services with a letter of reference from a member of the Residence Life management team and a personal statement of up to 500 words that outlines time commitment and types of volunteer activities undertaken as well as an indication of how their volunteer activities and participation as a Residence Life staff member are valuable and rewarding experiences.	
<i>Donor(s):</i>	Christine Blake-Durie
<i>Qualification(s):</i>	Students who are registered in any degree program on the University of Guelph campus, are a member of Residence Life staff and are academically eligible to continue as a Residence Assistant or as part of Residence Life staff.
<i>Amount:</i>	1 award of \$1,000
Kip Hunter Prize [I0139]	
For the best essay, written by an undergraduate in a philosophy course. The essay may be either a required assignment for a course (in which case either the student or the instructor may submit it) or it may be specially prepared for the competition. Submission of essays is to the Chair, Department of Philosophy, by May 1	
<i>Donor(s):</i>	Faculty, students and staff of the Philosophy Department
<i>Qualification(s):</i>	Any undergraduate who has registered for a philosophy course during the academic year in which the prize is awarded.
<i>Amount:</i>	1 Book prize
Lambda Foundation Scholarship in LBGT Studies [I0591]	
This award is provided to encourage research on the subject of lesbian, bisexual, gay and transgendered (LBGT) peoples. The scholarship is based upon areas of research pertaining to the history, contributions, and issues by or about LBGT peoples. Preference will be given to an applicant who is involved in the LBGT community as demonstrated by a record of volunteer activities, active civil society memberships, or as attested by a letter of recommendation from a community group, or evidenced by related previous academic pursuits. This scholarship may be awarded to a given student only once. Projects must have been completed or research proposals accepted within the past calendar year. Apply to the Dean of Arts by December 15th including the research proposal or completed project, curriculum vitae, and any supporting letters referencing involvement in the LBGT community and/or faculty support.	
<i>Donor(s):</i>	Lambda Foundation and other donors
<i>Qualification(s):</i>	Students enrolled in a program with a thesis, a research essay, independent research project or course work programs pertaining to lesbian, bisexual, gay and transgendered (LBGT) studies, as broadly defined by the applicant.
<i>Amount:</i>	1 award of \$1,000
Landscape Architecture Alumni Scholarships [I0329]	
Provided by the Alumni of the School of Landscape Architecture. Students, faculty or alumni may nominate eligible students to the School of Landscape Architecture by October 30.	
<i>Donor(s):</i>	Landscape Architecture Alumni
<i>Qualification(s):</i>	Students enrolled in the B.L.A. program who have just completed either semester 2 or 6. The recipient(s) will be selected on the basis of academic performance and participation and leadership in extracurricular activities.
<i>Amount:</i>	1 award of \$1,000

Larry Pearson Men's Volleyball Athletic Scholarships [I0618]	
Established by Larry Pearson, a former varsity volleyball athlete and University of Guelph graduate, this scholarship recognizes students who are members of the men's varsity volleyball team and excel both academically and in a rigorous athletic environment. The recipient will exhibit strong academics and extraordinary athletic qualities. Coaches will nominate students to the Athletics Awards Committee. Application is not required.	
<i>Donor(s):</i>	Larry Pearson
<i>Qualification(s):</i>	In-course student-athlete who is a current member of the men's varsity volleyball team and has achieved a minimum 70% average in the previous academic year.
<i>Amount:</i>	several awards up to \$3,500
Latifpoor-Keparoutis Family Varsity Swim Team Scholarship [I0732]	
Selection will be based on demonstrated leadership qualities and contributions to the team with preference given to a C.B.S. or C.P.E.S. student athlete. Head Coaches will nominate students to the Athletic Awards Committee. Application is not required.	
<i>Donor(s):</i>	Maryam Latifpoor-Keparoutis
<i>Qualification(s):</i>	Current member of the varsity swim team, who has achieved a minimum 70% cumulative average or equivalent during the previous academic year as a student-athlete.
<i>Amount:</i>	1 award of \$1,200
Leonard Conolly Exchange Student Scholarship [I0446]	
Established by students, faculty, staff and friends to honour Prof. Leonard Conolly, professor of drama, Chair of the Department of Drama, 1981-88, and Associate Vice-President Academic, 1988-1992. Apply to the Centre for International Programs by April 5, for visiting during the subsequent Fall or Winter semesters. Selection, by the Centre for International Programs, will be based on assessment of (a) a one-page submission describing the significance of the student visiting Guelph to the program of study at the partner exchange university (b) two faculty references of one-page each, and (c) consistent high performance in the course work completed, as documented by a transcript of program grades to date, submitted by the home university.	
<i>Donor(s):</i>	Students, staff, faculty and friends of Dr. Leonard Connolly
<i>Qualification(s):</i>	Full-time visiting exchange student, registered at Guelph for at least one semester, from any country in the South (a list of eligible countries and exchange partner universities is available in the Centre for International Programs).
<i>Amount:</i>	1 award of \$1,000
Lloyd Dorr Memorial Hockey Scholarship [I0708]	
Established in memory of Lloyd Dorr to recognize his belief in the value of education and his love of sports. Preference given to a former OHL Guelph Storm player. The recipient will be selected based on extraordinary athletic and leadership qualities. Coaches will nominate students to the Athletic Awards Committee. No application is necessary.	
<i>Donor(s):</i>	Family and Friends of the late Lloyd Dorr
<i>Qualification(s):</i>	Current member of the men's varsity hockey team, who is enrolled in an undergraduate program and who has achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete.
<i>Amount:</i>	1 award of \$1,000
Men's Basketball Scholarships [I0638]	
Recipients will be selected based on extraordinary athletic and leadership qualities. Coaches will nominate students to the Athletics Awards Committee. Application is not required.	
<i>Donor(s):</i>	Anonymous (Alumnus)
<i>Qualification(s):</i>	In-course student-athlete who is a current member of the Men's Basketball varsity team and has achieved a minimum 70% average in the previous academic year.
<i>Amount:</i>	4 awards of \$2,500
Men's Soccer Alumni Scholarship [I0771]	
Made possible by the generous contributions of Men's Soccer Alumni and friends. The recipient(s) will be selected based upon extraordinary athletic and leadership qualities. No application is necessary. Coaches will nominate students to the Athletic Awards Committee.	
<i>Donor(s):</i>	Mr. Paul Wombwell (on behalf of the Men's Soccer Alumni Committee)
<i>Qualification(s):</i>	Current member of the Gryphon Men's Soccer team who is registered in any undergraduate program and who has achieved a minimum 70% average or equivalent during the previous academic year as a student-athlete.
<i>Amount:</i>	several awards ranging in value from \$1,000 to \$3,500

Mycogen Seeds Dairy Challenge [I0811]	
Mycogen Seeds provides an annual \$1200 award on behalf of Ontario's Annual CanWest DHI Herd Management Award Winner. In recognizing dairy production excellence, Mycogen Seeds, proud supporter of the OAC B.Sc. (Agr) students provides this prize to students who participated in The Annual North American Intercollegiate Dairy Challenge. No application is required.

<i>Amount:</i>	1 award of \$1,000

Erin Demers Memorial Scholarship [I0406]	
The family and friends of Erin Demers, a first-year student at the University of Guelph who was tragically killed in a car accident in 1996, have established this scholarship in her memory. Apply to Student Financial Services by October 7 with a completed Financial Need Assessment Form (N.A.F.), along with one supporting reference letter from a Residence Assistant, Residence Manager, or Residence Officer.	
<i>Donor(s):</i>	Family and friends of Erin Katrina Demers
<i>Qualification(s):</i>	Students who have resided in an on-campus residence during their first year who have completed a minimum of 5.0 credits and who have a minimum 70% cumulative average. Preference will be given to students with demonstrated financial need and who have participated significantly in extracurricular activities.
<i>Amount:</i>	1 award of \$1,500

Ernest Kendall and Grace (Jowett) Kendall Varsity Basketball Team Scholarship [I4546]	
Established by Ernest Kendall, O.A.C. BSA 1932, with the assistance of the Ontario government's OTSS program. Apply by October 7 to Student Financial Services with a completed Financial Need Assessment Form (N.A.F.). To be considered for this award you must list it on your N.A.F. Selection will be made based on financial need and exhibited athletic and leadership qualities. Awarded in the Winter semester. ACCESS AWARD	
<i>Donor(s):</i>	Ernest Kendall with matching funding through the Ontario Trust for Student Support program
<i>Qualification(s):</i>	Students with demonstrated financial need who are members of the women's varsity basketball team and who have achieved a minimum 70% average in the previous academic year. Additionally, students must meet the government-mandated terms for receipt of an <u>OTSS</u> award (see General Statements on Awards).
<i>Amount:</i>	1 award of \$1,350
