

Canadian Liver Foundation Research Grant Program

Sponsor

Canadian Liver Foundation (CLF)

Description

The CLF is pleased to announce a call for proposals for the following:
four Operating Grants:

- Two operating grants may be awarded to researchers in Canada whose research projects are related to hepatobiliary research.
- One operating grant may be awarded to a researcher in Canada whose research project is related to liver cancer.
- One operating grant (sponsored by F. Pauline Spence) may be awarded to a researcher in Ontario whose research project is related to hepatobiliary research.

Three Summer Studentships:

- One summer studentship may be awarded to a student in Canada whose research project is related to hepatobiliary research.
- One summer studentship (sponsored by Ontario Association of Gastroenterology) may be awarded to a student in Ontario whose research project is related to hepatobiliary research.
- One summer studentship may be awarded to a student in Canada whose research project is related to hepatic encephalopathy.

Eligibility

Operating Grant: Investigators with primary research interest in liver disease who hold an academic appointment in a Canadian university or affiliated institution are eligible to apply. Clinical investigators and basic scientists will be considered. Applicants for operating grants must be members of the Canadian Association for the Study of the Liver (CASL). Canadian citizens, landed immigrants and permanent residents will receive first consideration.

Summer Studentships: Applicants must be registered at a Canadian Institution in an undergraduate degree program. Canadian citizens, landed immigrants and permanent residents will receive first consideration.

Funding Availability

Operating Grant: up to \$60,000 annually

Summer Studentships: \$3,500 stipend plus \$500 for supplies

Indirect Costs

0%

Project Duration

Operating Grant: two years

Summer Studentships: any three summer months (May - August)
