Description

Throughout October, the Digital Research Alliance of Canada is offering a variety of sessions focused on cybersecurity for researchers.

See below for more information and links for registration to a variety of sessions in October.

This week's theme is **Security Awareness & Cybersecurity for Researchers**. Join us on Thursday, October 5 at 12 p.m. EDT for a presentation by Jarno van der Kolk, Senior Scientific Computing Specialist at the University of Ottawa. Learn what you can do to protect yourself, your data and your research online.
