Description

New Mitacs Accelerate Application Research Security Requirements

Following the Government of Canada's January 2024 updates to the [Policy on Sensitive Technology Research and Affiliations of Concern](#) [9](STRAC Policy) Mitacs released an updated [Research Security Plan](#) [1] in August 2024, that includes updates to all Accelerate program application forms, as described below:

- Updates to existing project-level declarations to include updated links and closer alignment with the [National Security Guidelines for Research Partnerships](#) [10].
- Inclusion of declarations at both the project and individual levels for all academic supervisors and interns regarding the [STRAC policy](#) [9].

The previous version of the Accelerate application form was accepted until September 30, 2024. To request a copy of the updated Accelerate application form, please connect with Emily Gordon (egordon@mitacs.ca [11]).

Published on Research Alerts (<https://www.uoguelph.ca/research/alerts>)

Internally, the University of Guelph has developed guidelines for researchers in assessing these questions in the context of their research project(s), and development of risk mitigation language, if required. Please see the University of Guelph [Guide for Completing the National Security Guidelines for Research Partnerships' Risk Assessment Form](#) [12].

For any outstanding questions pertaining to assessing the additional questions within the Mitacs Accelerate form in the context of your application, please contact research.security@uoguelph.ca [13] or researchsecurity-securedelarecherche@mitacs.ca [14].
