Description

NSERC is hitting the road for its fourth round of [community engagement visits](#) to provide researchers, students and other stakeholders an opportunity to connect with them to learn more about some recent program and policy developments. These visits also serve as a platform for the community to ask questions and seek more information from some of NSERC's grants, partnerships and scholarships staff.

- Some of the topics that will be discussed include:
- Highlights from Federal Budget 2016;
- Updates on progress of the five goals of NSERC 2020;
- Program updates on Strategic Partnerships, Discovery Grants and scholarships.

Have a look at the [presentation](#) they'll be using to foster discussion and dialogue.

In addition to the Engagement visit, NSERC is hosting webinars to assist the research community on "How to complete an application" using the Research Portal and the NSERC Canadian Common CV (CCV). You can visit our [Connect Page](#) for more details.
