## **2016 Highway Infrastructure Innovation Funding Program**

### **Sponsor**

Ontario Ministry of Transportation

### **Program**

2016 Highway Infrastructure Innovation Funding Program (HIIFP)

### **Description**

The Highway Infrastructure Innovation Funding Program provides funding to Ontario Universities and Colleges to encourage applied research in topics related to transportation infrastructure in Ontario. This program solicits research proposals from institutions to assist the Ministry in meeting our current and future challenges, and to encourage undergraduate and graduate research in transportation and infrastructure related engineering. The HIIFP challenges Ontario's academic community to contribute to transportation infrastructure solutions in a number of areas including traffic operations, intelligent transportation systems, engineering materials, investment planning, highway design, environmental, geomatics, bridges, construction and maintenance.

### **Eligibility**

All Ontario Public Universities and Colleges are eligible for funding under the HIIFP. The Principal Investigator must be a member of the faculty (full or part time) at the sponsoring institution.

### **Funding Availability**

\$1,000,000 will be available starting April 2016 with approx. 28 projects being funded

### **Indirect Costs**

25 % as per section 5.2 of the Guidelines

### **Project Duration**

The Ministry will consider applications that are multiyear where funding is required in each year.
