**Description:**

Maple Nut™ is a hybrid, two-eared popcorn variety. It has a red pericarp and cob, and has a unique nutty flavour.

**Advantages:**

- Hybrid line for high yield
- Requires only 2800 CHU to reach maturity
- Appealing and decorative red pericarp colour
- Unique 'nutty' flavour
- Pops very well

**Potential Markets:**

- Gourmet popcorn market

**Status:**

- Available for licensing to popcorn growers and to gourmet popcorn distributors
