**GUEST LECTURE BY:
Emily McCoy**

The Landscape Architecture Programs at the School of Environmental Design and Rural Development at the University of Guelph announce the annual Evidence Based Landscape Architecture lecture for 2015.

Emily McCoy is a registered Landscape Architect and member of the American Society of Landscape Architects. She is an Associate and Director of Integrative Research at Andropogon Associates, Ltd., in Raleigh, North Carolina.

Andropogon Associates is a landscape architecture, ecological planning and design firm with an impressive track record for using evidence as a basis in practice.

This lecture is made possible by a generous gift from Dr. Robert D. Brown, Professor of Landscape Architecture.
