Help us give back.

about us.

One Bench One Tree is a grassroots project dedicated to expressing gratitude to front-line workers and other healthcare staff during and after the COVID-19 pandemic. Our objective is to add at least one bench and one tree to the landscape of hospitals across Canada to thank the workers who put their lives at risk to keep our communities safe during the pandemic.

One Bench
One Tree

Communities across the globe are still grappling with the effects of the COVID-19 Pandemic.

Frontline workers and other hospital staff work diligently every day to keep all of us safe.

We aim to give back to frontline heroes by offering a moment of rest in nature. With the support of Canadian organizations and companies, our goal is to add at least one bench and one tree to the landscape of hospitals across Canada.

Our partners and sponsors are the driving force behind every bench and every tree.

Healthcare workers are doing everything they can to keep us safe. Let’s create spaces where they can rest. Because heroes need healing too.

You can help say thank you.
