

U of G ... we're listening.

STREET TEAMS ON CAMPUS MONDAY, MARCH 6TH

The University of Guelph is starting a community engagement process to better understand students' experience and wellness needs.

On Monday, March 6th you may see some new faces on campus. They will be wearing Gryphon gear and asking to chat with you. They're interested in learning about your experience being a student here at U of G.

They'll only take about 5 minutes of your time. We hope you'll chat with them because **your experience matters!**
