

ON TOUR @ U of G

Sustainability Series Feedback

UNIVERSITY CENTRE KITCHEN

100% would recommend this tour to a friend.

"This was a humbling experience. It helps me appreciate the hard work that goes into our food services through Hospitality Services."

HONEY BEE RESEARCH CENTRE

100% rated the tour extremely successful at meeting their expectations and felt the speaker was extremely engaging.

"It's great to be reminded of and learn about all the other great things that are going on around campus. Going on these tours or visiting other departments makes me feel like part of the bigger family."

"It was a fun outing, something out of the normal work routine, and a great chance to meet others on campus."

CREATING A SUSTAINABLE U OF G

"I am so impressed with the work that the Sustainability Office is doing and that we have a circular food economy right here on campus, which should be a model for other campuses across the country."

GUELPH CENTRE FOR URBAN ORGANIC FARMING

"It was remarkable, and such a hidden gem on campus. I think it would be fantastic if staff had an opportunity to volunteer there during the workday as a Wellness@Work initiative."
