

CAN YOU SPOT THE HAZARDS?

WHEN YOU THINK ABOUT SAFETY, A PICTURE IS WORTH A THOUSAND WORDS. IN FACT, A PHOTO CAN SPEAK VOLUMES ABOUT HOW TO WORK SAFELY— OR UNSAFELY.

How observant are you? Do you have what it takes to spot the hazards in these photos?

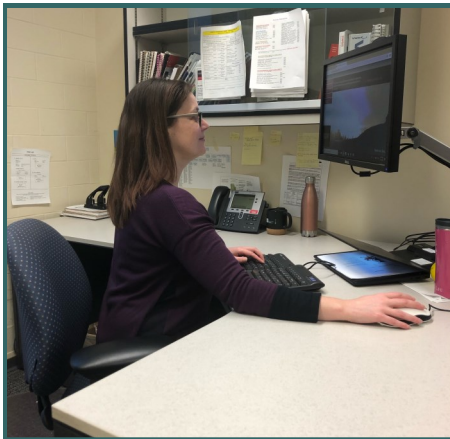

Photo 1: What do you think are the ergonomic hazards in this photo?

What's wrong with the photos?

The photos above have been deliberately staged to display unsafe work habits. You are invited to tell us the hazards you spot. Give it your best shot and you could WIN! (UC Gift Card \$25)

We'll publish the top three responses and provide our own answers with the list of winners.

We hope this exercise reminds you to use the same sharp focus in creating your own injury-free work areas.

To enter the contest:

Those wishing to enter are asked to identify 3 hazards within each photo and also submit a "safety idea" relevant to the photo.

Submit your answers to wellnessatwork@uoguelph.ca or deliver in-person to Sarah Joesse in Human Resources. Please include your contact information below.
